

### Scottish Information Service for the Disabled

This service opened formally at 18 Claremont Crescent, Edinburgh, on 26 January. It will record and provide information on equipment, services, and facilities available to mentally and physically handicapped of all ages to hospitals, local authorities, and voluntary organizations who subscribe to it. Annual subscriptions are based on bed state and population for hospitals and local authorities respectively; all others pay £5. Up-to-date lists of information will be circulated together with a news letter to subscribers every two months.

### M.R.C.'s Common Cold Unit

Volunteers between 18 and 50 years of age prepared to spend 10 days at the unit are invited to co-operate in investigating the protective effect of an amantidine derivative on A2 Hong Kong Influenza virus, or receive inoculation of live influenza vaccine strains for comparative study of immunization and vaccine acceptability. Travel and board are free and 35p pocket money daily is given. Full particulars may be obtained from the Medical Superintendent, Harvard Hospital, Coombe Road, Salisbury, Wiltshire (Telephone: 0722 22485).

### Free Vasectomy

The borough of Islington (population approximately 201,000) has announced a free male sterilization service. Residents can apply for advice and vasectomy at any of the borough's eight welfare centres or the F.P.A. at Finsbury Health Centre, London N.1.

### People in the News

Dr. Geoffrey Dean is to organize a survey, financed by the Tobacco Research Council, of the personal, social, and environmental factors affecting health in the United Kingdom.

## Corrections

### Dr. R. Jarman

We regret that in the obituary of Dr. R. Jarman (20 January, p. 179) an error occurred in the first sentence of the appreciation written by A.L.A. This should have read: "Ronald Jarman and I were colleagues at several London hospitals and in private practice for nearly 45 years," not "15 years" as printed.
