

Education is to hold a meeting on 3 April at the Hospital Centre, London, on the educational potential of the problem oriented medical record. The meeting will include a brief introduction to the record, a review of its educational aspects, and case studies of its use at undergraduate, hospital junior doctor, and general practitioner levels. Further information from ASME office, 150b Perth Road, Dundee DD1 4EA.

### Patterns of Illness

Dr. James McEwen, head of the medical sociology unit of the department of social and occupational medicine in the University of Dundee, has been awarded a grant of £5,089 by the Scottish Home and Health Department for a study of patterns of illness among different groups in a community.
