Corrections

Consultant participation in hospital management

We regret that a printing error occurred in the letter from Dr T Manners (8 May, p 1150). In the third paragraph the third sentence should read: "Many psychiatrists and some general hospital consultants find that they have no direct representation on any area or district management team nor on the area health authority, and they influence management entirely through administrative officers."

Oestrogens as a cause of endometrial carcinoma

We regret that an error occurred in one of the references in the letter from Dr J W Studd (8 May, p 1144). Reference 3 should read "*Guardian*, 24 March, 1976, p 11."

Normotensive primary aldosteronism

In the Short Report under this title by M H Snow *et al* (8 May, p 1125) the units of plasma renin activity in lines 14, 15, and 16 of the case report should have been pmol per litre per minute instead of μ mol per litre per minute.

Notice to authors

When original articles and letters for publication are not submitted exclusively to the *British Medical Journal* this must be stated. For detailed instructions to authors see page 6 of the issue dated 3 January 1976.

Correspondence on editorial business should be addressed to the Editor, *British Medical Journal*, BMA House, Tavistock Square, London WC1H 9JR. Telephone: 01-387 4499. Telegrams: *Aitiology, London WC1*. Communications will not be acknowledged unless a stamped addressed postcard or an international reply coupon is enclosed.

Authors wanting reprints of their articles should notify the Publishing Manager, BMA House, Tavistock Square, WC1H 9JR, on receipt of proofs.
