INTERMEDIATE SCIENCE AND PRELIMINARY SCIENTIFIC (M.B.) CONJOINTLY.—Examinations for Honours:

*Inorganic Chemistry.*—First Class: E. J. Russell, Int. Sc. (Exhibition), University College, Aberystwith; F. H. Painter, Int. Sc., private study; A. C. Wright, Int. Sc., Magdalen College, Oxford; \*W. H. Sodeau, Prel. Sci., King's College. Second Class: R. E. Barnett, Int. Sc., Royal College of Science and private study; R. H. Pickard, Int. Sc., Mason College; A. L. White, Int. Sc., Yorkshire College and private study; \*O. F. F. Grünbaum, Prel. Sci., Trinity College, Cambridge; \*C. Nathan, Prel. Sci., private study and University Tutorial and Finsbury Technical Colleges. Third Class: W. Cammack, Int. Sc., University College, Aberystwith; W. Cormack, Int. Sc., private study; \*T. A. Mayo, Prel. Sci., Epsom College; E. Stenhouse, Int. Sc., Royal College of Science; \*A. S. Barnes, Prel. Sci., Mason College; J. G. Wells, Int. Sc., private study; T. J. Thomas, Int. Sc., University College, Aberystwith; E. A. Tyler, Int. Sc., Mansfield Gr. School and University College, Nottingham.

*Experimental Physics.*—First Class: J. W. Pickles, Int. Sc. (Neil Arnott Exhibition and Medal), Royal College of Science, Owens College, and private study; \*W. H. Sodeau, Prel. Sci. (Neil Arnott Medal), King's College; B. Hopkinson, Int. Sc., Trinity College, Cambridge; E. A. Tyler, Int. Sc., Mansfield Gr. School and University College, Nottingham. Second Class: \*T. O. F. George, Int. Sc., University College, Cardiff. Third Class: \*H. T. F. Grünbaum, Prel. Sci., Trinity College, Cambridge; A. G. Haynes, B.A., Int. Sc., Birkbeck Institution and University Tutorial and Carlyon Colleges; A. M. Stewart, Int. Sc., University College, Bangor; G. Finch, Int. Sc., University College.

*Botany.*—First Class: J. Belling, Prel. Sci., Mason College. Second Class: J. G. Wells, Int. Sc., private study; F. Douglass, Int. Sc., private study. Third Class: Elinor A. N. Twigg, Int. Sc., Mason and University Tutorial Colleges; G. W. Roome, Int. Sc., University College, Bangor, and private study; F. Escombe, Int. Sc., King's College; F. J. A. Beringer, Int. Sc., private study and University Tutorial College.

*Zoology.*—First Class: J. Belling, Prel. Sci. (disqualified by age for the Exhibition), Mason College; A. Edmunds, Int. Sc. (Exhibition), Birkbeck Institution and Islington High School. Second Class: H. A. Colwell, Prel. Sci., St. Bartholomew's Hospital. Third Class: Elinor A. N. Twigg, Int. Sc., Mason and University Tutorial Colleges; G. P. Taylor, Prel. Sci., St. Bartholomew's Hospital; S. A. Millen, Prel. Sci., St. Bartholomew's Hospital.

\* These candidates have also passed in the Mathematics of the Intermediate Examination in Science, and have thus become admissible to the B.Sc. Examination.

OBITUARY.

ARTHUR ELLIS DURHAM, M.B., B.C., M.A. CANTAB.  
 We much regret to announce the death of Arthur Ellis Durham, which occurred at the London Fever Hospital on August 6th, from a virulent attack of pharyngeal diphtheria, contracted while carrying on his duties as assistant medical officer. He was the eldest son of Mr. Arthur Durham, Senior Surgeon to Guy's Hospital. His early education was received at University College School, from which he matriculated with honours at the London University. Passing on to University College he obtained the gold medal in zoology, and subsequently went to Cambridge, where he was elected to a scholarship at Christ's College. There he devoted himself to natural science, graduating with first-class honours in Physiology in Part II, and second-class honours in Part I of the Natural Sciences Tripos. He also helped his college on the river. His medical education was completed at Guy's Hospital, where, besides the ordinary appointments, he held the post of House Physician, and won in 1890 the Treasurer's Gold Medal in Medicine. He then proceeded to Paris, and studied under M. Roux, and on his return home became clinical assistant at the Bethlem Hospital. Finally he was appointed assistant resident medical officer to the London Fever Hospital, Islington, and it was in the performance of his duties there that he met his sad and untimely end. He was first troubled with sore throat on Wednesday, August 2nd; on Friday, the 4th, the disease was recognised as diphtheria, and on Sunday, the 6th, he died. He had a brightness and originality of thought seldom met with. He was beloved by everyone, and his death will be mourned by all who knew him.

THE Rev. George Henry, Medical Missionary at the Free Church Mission, Livingstonia, whose death is reported, was a native of Newburgh, and was educated at the Newburgh Public School and the Aberdeen Grammar School, where he was both silver and gold medallist. He afterwards graduated M.A. at Aberdeen University, where he also took his medical degree. In 1887 he went out to Africa in connection with the Livingstonia Free Church Mission. Dr. Henry was an accomplished linguist, and constructed a grammar of the Chinyanja language, which proved of great service to planters and traders. He also translated a hymn book into the same language, as well as the Book of Genesis, and he hoped to translate the entire Bible. His translation of the *Pilgrim's Progress* was in the press at the time of his death.

DR. ALEXANDER WATTIE, who died recently at Bridge of Alford, Aberdeenshire, was educated in the University of Aberdeen, where he gained a bursary at the age of 14, afterwards graduating with honours in Mathematics and carrying off the Boxill Mathematical Prize. He studied medicine at Aberdeen, and afterwards at Edinburgh, where he took his degree in 1879. He was assistant medical officer at Crumpsall Hospital, Manchester, for three years and a-half, and afterwards practised with much acceptance at Echt, but after a time he had to retire from practice owing to ill health. He died at the early age of 38, leaving a widow and one son.

MR. FRANCIS CARR BEARD, of Welbeck Street, who died on August 11th, at the age of 78, was a medical practitioner well known in literary circles. CONJOINT EXAMINATIONS BY THE ROYAL COLLEGES OF PHYSICIANS AND SURGEONS OF IRELAND.

FINAL EXAMINATION, JULY, 1893.—The following candidates, having passed this examination, are entitled, if of age, to admission to the licences:

## MEDICAL NEWS.

DURING the present year the New York Board of Health has destroyed 4,000,000 pounds of bad meat, fish, fruit, and vegetables.

A LOCAL committee has been formed for the promotion of a scheme to found a medical faculty at Linz in Upper Austria.

PRINCE FERDINAND, of Bulgaria, has decided to form a Medical Faculty in conformity with the spirit of modern science at Sofia.

NEW HOSPITAL AT STOURBRIDGE.—The Corbett Hospital at Stourbridge recently opened by Lady Cobham is the gift of Mr. Corbett, who purchased the Hill Estate at Amblecote, and had the mansion altered and adapted for a hospital. Besides the gift of the estate Mr. Corbett contributed £2,500 for altering and fitting up the mansion as a hospital, and £500 towards the furnishing expenses. The hospital provides five wards, and in the outset there will be eighteen beds.

THE ST. GILES'S CHRISTIAN MISSION.—We have received an account of the work done by the St. Giles's Christian Mission in such districts as Drury Lane and Seven Dials, showing Sunday school work, help for discharged prisoners, Bands of Hope, boys' home, women's refuge, all in full work. Such missions are full of usefulness, especially when worked locally with knowledge of the district, and very worthy of support.

DEATHS IN THE PROFESSION ABROAD.—Among the members of the medical profession in foreign countries who have recently passed away are Dr. Amédée Poitevin, professor of descriptive anatomy in the University of Montreal; Dr. Benjamin A. Fordyce, of Union Springs, some time President of the New York State Medical Association, and for several years a High Priest of the Masonic Chapter, aged 70; Dr. James M'Cann, who organised the first medical college in Western Pennsylvania, in which he held the professorship of the Principles and Practice of Surgery until a few months before his death, aged 57; Dr. Friedrich Fischel, of Franzensbad, a well-known bacteriologist and author of numerous contributions to medical literature, the most recent of which was a monograph published this year, on the morphology and biology of the organisms which are the exciting causes of tuberculosis; Dr. Angelo Monteverdi, Director of the Ospedale Maggiore of Cremona, and founder of the *Bolletino Medico*, aged 66; and Dr. Justus Carrière, Professor of Zoology in the University of Strasburg, aged 39.
