

A Register of Dental Students is kept by the Registrar of the General Medical Council, 299, Oxford Street, London.

Preliminary Education.—Dental students are subject to the same regulations as regards preliminary examination as medical students, but professional study may commence by pupillage with a registered dental practitioner.

DIPLOMAS.

The Royal College of Surgeons of England, the Royal College of Surgeons of Edinburgh, and the Faculty of Physicians and Surgeons of Glasgow, each grant a licence in Dental Surgery, and the Royal College of Surgeons in Ireland grants a licence in Dentistry, in all cases after the student has produced evidence of passing through the stated curriculum and prescribed examinations. Particulars can be obtained upon application to the Secretary of the Conjoint Board in England, Examination Hall, Victoria Embankment, London, W.C.; to Mr. James Robertson, Clerk to the Royal College of Surgeons, Edinburgh, 48, George Square, Edinburgh; to the Secretary of the Royal College of Surgeons in Ireland, Dublin; and as to the Faculty of Physicians and Surgeons, to Mr. Alexander Duncan, B.A., 242, St. Vincent Street, Glasgow.

EDUCATION.

A candidate for the Diploma in Dentistry can obtain the necessary instruction in special dental subjects (the general subjects being attended at some general hospital) at the Dental Hospital of London (apply to the Dean at the Hospital, Leicester Square, W.); or at the National Dental Hospital and College, London (apply to the Dean, the National Dental Hospital, Great Portland Street, London, W.); at the Dental School of Guy's Hospital (apply to the Dean at the Medical School, Guy's Hospital, S.E.); at the University of Birmingham (apply to the Dean of the Medical Faculty, University of Birmingham); at Owens College, Manchester (apply to the Registrar, Owens College, Manchester); at the Liverpool Dental Hospital and School of Dental Surgery (apply to the Dean of the Medical Faculty, University College, Liverpool); and at the Devon and Exeter Dental Hospital (apply to the Honorary Secretary of the Hospital). The Scottish Schools of Dentistry are the Incorporated Edinburgh Dental Hospital and School (apply to the Dean, 31, Chambers Street, Edinburgh); the Glasgow Royal Infirmary, Dental Department (apply to the Dean of the Faculty of Medicine, Mr. R. T. Kent, St. Mungo's College, Glasgow); and Anderson's College Medical School, Glasgow (apply to the Secretary, Mr. D. M. Alexander, 97, West Regent Street, Glasgow).

UNIVERSITY OF BIRMINGHAM.

Degrees in Dentistry—namely, Bachelor and Master of Dental Surgery (B.D.S. and M.D.S.)—are granted by the University of Birmingham. All candidates for these degrees must pass the same Matriculation Examination as that required from candidates for medical degrees. The Degree of Bachelor of Dental Surgery is not conferred upon any candidate who has not obtained a Licence in Dental Surgery from some body legally entitled to confer such qualification. The candidate is not eligible for the degree until a period of twelve months has elapsed from the passing of his examination for the Licence in Dental Surgery. Of this period at least six months must be spent in the dental department of a general hospital approved by the University. *A.* In addition to the Licence in Dental Surgery the candidate must produce evidence that he has attended the courses required by medical students of the University in the following subjects, and passed the examinations held in the same for medical and surgical degrees: (*a*) Chemistry and Practical Chemistry, (*b*) Physics and Practical Physics, (*c*) Biology, (*d*) Anatomy and Practical Anatomy, (*e*) Physiology and Practical Physiology. *B.* That he has attended the following courses: (*f*) One Course of Lectures on Medicine, (*g*) One Course of Lectures on Surgery, (*h*) Special Courses of Lectures on the Surgery and Medicine of the Mouth, (*i*) Pathology and Bacteriology. And has passed the examinations for candidates for Dental degrees held in each of these subjects. *C.* That he has attended courses in: (*k*) Dental Histology and Patho-Histology; (*l*) Comparative Dental Anatomy; (*m*) Dental Surgery and Prosthetic Dentistry. *D.* That he has received instruction in the Clinical Examination of living cases at the

dental department of a general hospital for a period of not less than six months. The Final Examination will deal with the subjects in Classes *C* and *D*. On the expiration of twelve months from the date of passing the examination for the Degree of Bachelor of Dental Surgery, the candidate will be eligible for that of Master of Dental Surgery. For this degree candidates will be required to submit a Thesis containing original work and investigations in some subject connected with Dentistry, which thesis shall be submitted to examiners to be nominated by the Board of Dental Studies. The degree will be awarded or withheld according to the report of these examiners.

CORRESPONDENCE.

THE MEDICAL DEFENCE UNION.

SIR,—In reference to the letter which appeared anonymously in the BRITISH MEDICAL JOURNAL of August 18th, I am directed to reply as follows: It is difficult to understand that the writer could possibly be a member of the Union, or if so that he has ever taken the trouble to read the annual reports, as he has made such inaccurate statements in reference to the financial progress of the Union.

For instance, the balance at the end of last year was £602 11s., and in the preceding year, as detailed in the audited accounts, was £581 16s. 11d., showing an increase of £21 4s. 1d., whereas your correspondent states that there was a decrease of £447 9s. There has been a steady increase of income ever since the reconstruction some years back, as a careful perusal of the reports show. It is the practice of the Union to spend its income as far as is required for the legitimate purpose of defending its members, and not to refuse to take up cases requiring defence for the mere purpose of forming a reserve.

It is a matter of regret that a member should seek to criticise the Union without first verifying his statements. Such verification or the reverse could easily have been accomplished either by reference to the reports or by seeing the Treasurer or Secretary at the offices. The question of payment for valuable services rendered to the Union has been decided by the Council and confirmed by the members in general meeting assembled.—I am, etc.,

A. G. BATEMAN, General Secretary.

Medical Defence Union, 4, Trafalgar Square, W.C.,

MEDICAL NEWS.

OPEN-AIR TREATMENT FOR CONSUMPTIVE PAUPERS.—Acting on the suggestion of the Local Government Board, the managers of the Poplar and Stepney Sick Asylum have convened a conference of representatives of all metropolitan unions to consider the question of providing for the treatment of pauper consumptives by the new open-air method.

LIVINGSTONE COLLEGE.—Livingstone College, which has been established for the past seven years for the purpose of training foreign Missionaries in the elements of Medicine and Surgery, has recently become an incorporated society under the title of "Livingstone College (Incorporated 1900)." As has already been announced, new premises have been acquired for the college at Knott's Green, Leyton, and it is intended that this building should be a permanent memorial in London to the work of Dr. Livingstone. The sum of £2,000 has already been contributed to the Livingstone Memorial Fund by two friends who have been connected with the work since its foundation, and £1,000 has been given by the Atchison Trust. Mr. Robert Barclay has given £500, and other sums have been subscribed, amounting in all to about £4,000. It is believed that another £4,000 will be required to complete the work. The Principal of the College, Dr. Harford-Battersby, is particularly anxious to obtain the names of all the late Dr. Livingstone's friends and associates, in order that an invitation may be sent to them to the opening ceremony of the new premises. He may be addressed at 133, Salisbury Square, E.C.
