

The British Council International Medical Courses

PAEDIATRIC NURSING

7-19 July 1985 in London

The purpose of this course, which is based at the Charles West School of Nursing, Hospitals for Sick Children, Great Ormond Street, London is to provide an up-to-date review of special areas of paediatric nursing and of the changing pattern of care.

The course will be under the direction of **Miss B M Barchard**, Chief Nursing Officer and **Miss S Barlow**, Director of Nurse Education. The course is open to senior nurses involved in the clinical, managerial and teaching aspects of paediatric nursing.

There are vacancies for 30 participants.

Fee: £615 (Residential), £395 (non-residential).

Residential participants will be accommodated at a hotel near the course venue.

SPINAL CORD INJURIES: MANAGEMENT AND RECENT DEVELOPMENTS

8-18 September 1985 at Stoke Mandeville, Buckinghamshire

The aim of this course is to review the present state of knowledge and current clinical practices in the management of spinal cord injuries. Advances in therapy and future research trends will also be considered.

The Director of Studies will be **Dr H L Frankel**, Consultant in Spinal Injuries at the National Spinal Injuries Centre, Stoke Mandeville Hospital, Aylesbury and **Mr A G Hardy MBE**, formerly Consultant in charge of the Spinal Injuries Unit, Lodge Moor Hospital, Sheffield.

The course is intended primarily for physicians, surgeons and scientists involved in the management of spinal cord injuries.

There are vacancies for 35 participants.

Fee: £595 (Residential only).

The course will take place at the Postgraduate Centre, Stoke Mandeville Hospital and participants will be accommodated either in hospital accommodation at Stoke Mandeville itself or nearby.

ADVANCED CARDIOLOGY

15-23 October 1985 in Edinburgh

This course is planned to provide cardiologists, academic physicians and physicians with a major interest in cardiology with an opportunity to review recent developments and current problems, including the practicable management of many aspects of cardiology.

The course sessions will take place at the Royal College of Surgeons of Edinburgh. The Director of Studies will be **Professor M F Oliver**, The Duke of Edinburgh Professor of Cardiology in the University of Edinburgh.

The course is intended for consultant cardiologists with at least five years' experience, heads and senior members of academic departments and general physicians engaged in active cardiology.

There are vacancies for 35 members.

Fee: £625 (Residential), £405 (Non-residential).

The course will be based in the city of Edinburgh. Residential participants will be accommodated at a hotel.

INFERTILITY

20 October-1 November 1985 in Bristol/London

The aim of this course is to cover modern approaches to the epidemiology, diagnosis, treatment and overall management of human infertility.

The Director of Studies will be **Mr M G R Hull**, Senior Lecturer in Obstetrics and Gynaecology at the University of Bristol and **Professor S L Jeffcoate**, Department of Clinical Endocrinology, Chelsea Hospital for Women.

The course is designed for experienced clinicians concerned with the management of infertility.

There are vacancies for 30 participants.

Fee: £745 (Residential only).

The course will take place at Bristol Maternity Hospital and Chelsea Hospital for Women. Participants will be accommodated at Rodney Lodge, University of Bristol and at a hotel in London.

FURTHER INFORMATION AND APPLICATION FORMS CAN BE OBTAINED FROM YOUR LOCAL OVERSEAS REPRESENTATIVE OF THE BRITISH COUNCIL OR FROM COURSES DEPARTMENT, THE BRITISH COUNCIL, 65 DAVIES STREET, LONDON W1Y 2AA.
