TO CORRESPONDENTS.

Communications have been received from Dr. Hall, Mr. Wood, Mr. Solomon, Mr. Gabb, Mr. Walker, Mr. Sands Cox.

We have received several private letters on Mr. Pascoe's case, all condemning the verdict and suggesting applications to the Secretary of State. We believe that the case is now undergoing a searching investigation. This we hope will result in a reversal of the sentence, which to us certainly appears totally unsupported by any evidence worthy of credit.

It is requested that all letters and communications connected with the *Editorial department* be sent to J. H. Walsh, Esq., Foregate Street, Worcester. Parcels and books for review may be addressed to the care of Mr. Churchill, Princes Street, Soho.
