With 10 Plates and 25 Woodcuts, 8vo, 7s. 6d.

### Stricture, and other Urinary DISORDERS.

By REGINALD HARRISON, F.R.C.S., Surgeon to the Liverpool Royal Infirmary.

"These lectures contain an able record of an extensive experience. The cases chosen to illustrate his views are well selected, and in themselves form a collection of clinical observations of no small merit."—*Med. Times & Gaz.*  
"We have seldom read a book with greater enjoyment than this. The charm of it depends upon the manner in which the subject is handled quite as much as, if not more than, on the intrinsic attractiveness of its theme."—*Indian Medical Gazette.*

"We have space only for this brief notice of some of the principal features of these admirable lectures. .... It is calculated to be of great value to practitioners as well as students."—*New York Medical Journal.*

"Ce petit livre élémentaire est un résumé clinique concis, clair, bien lisible, intéressant, écrit sur la partie la plus importante de la pathologie des voies génito-urinaires, sur leur traitement. Toutes les discussions, les longues descriptions plus ou moins utiles, sont écartées avec grand soin, pour laisser toute la place au précepte important que l'auteur met bien en vue. Il rappelle les leçons cliniques de Thompson. C'est la même simplicité, le même esprit pratique. On y trouve de plus, à côté des préceptes généraux, une partie de la pratique d'un chirurgien placé dans un milieu riche en cas intéressants."—*Gazette Hebdomadaire.*

Liverpool: HOLDEN. London: CHURCHILL.

Now ready, Second Edition, with 106 Engravings and 6 Lithographic Plates, 8vo, 15s.

### Clubfoot; its Causes, Pathology, and Treatment.

Being the Jacksonian Prize Essay. By WILLIAM ADAMS, F.R.C.S., Surgeon to the Great Northern Hospital and to the National Hospital for the Paralyzed and Epileptic, Consulting Surgeon to the National Orthopaedic Hospital, etc.

J. & A. CHURCHILL, New Burlington Street.

### MALCOLM MORRIS ON SKIN DISEASES.

Now ready, with Illustrations, crown 8vo, 7s. 6d.

### Skin Diseases: including their

Definitions, Symptoms, Diagnosis, Prognosis, Morbid Anatomy, and Treatment; a Manual for Students and Practitioners.

By MALCOLM MORRIS, Joint Lecturer on Dermatology, St. Mary's Hospital Medical School; formerly Clinical Assistant, Hospital for Diseases of the Skin, Blackfriars.

"The book is clearly and concisely written, and the subject handled in a way calculated to be readily intelligible to students."—*The Lancet.*

"On the entire, as a book for the busy practitioner to read, or as a handy treatise for students, we can conscientiously recommend Mr. Morris's manual as giving in the shortest possible space a large amount of useful and practical information."—Professor MACNAUGHTON Jones in the *Dublin Medical Journal.*

"It is an extremely skilful and intelligent condensation of the essentials of dermatology; and it shows throughout the marks of careful observation, as well as well grounded scientific study. The arrangement is systematic, the style clear, and the matter accurate. The Manual possesses, therefore, all the essentials of sound instruction, and is likely to lead to satisfactory practice on the part of those who rely on it for their guidance."—*British Medical Journal.*

London: SMITH, ELDER, & Co., 15, Waterloo Place.

Now ready, Third Edition, Enlarged, price 3s. 6d.

### A Guide to the Examinations

at the COLLEGE of SURGEONS of ENGLAND for the DIPLOMAS of MEMBER and FELLOW. By FREDERICK J. GANT, F.R.C.S., President of the Medical Society of London; Author of A TEXT-BOOK OF THE SCIENCE AND PRACTICE OF SURGERY. Two vols., Second Edition, 31s. 6d.
