The objects of this Society are—

1st. To provide a safe and efficient medium by which the Medical Profession may secure more certain and regular payment for their services; with every consideration for the convenience of those who are willing, but unable directly to discharge their liabilities; with rigour from those who are able but have not the disposition to remunerate medical men.

These ends are to be accomplished without interfering with the valuable time of the Members of the Profession, or exposing them to the unpleasantness which necessarily attends applications for money, or to the uncertainty and risk of employing private collectors.

2nd. To assist Members with information and advice in the purchase and sale of Practices.

3rd. To raise a Benevolent Fund by devoting to that object the profits arising from the general operations of the Society.

The Society consists of qualified Medical Practitioners *only*. Annual Subscription, One Guinea; a Firm, consisting of two Partners, a Guinea and a half; a Firm of three Partners, Two Guineas. Fixed rates of Commission are also charged on business transacted.

The general business is carried on by a staff of officers at the Central Office, 43, Lincoln's Inn Fields, together with trustworthy employés appointed in town and country, the whole of whom are under the direction and superintendence of the Committee.

The Metropolitan Members of the Committee, with the Trustees, are responsible for all moneys received by the staff.

By the peculiarly equitable manner of dividing the profits, the Policies issued by this Association *become payable during the lifetime of the person Assured without extra Premium.* After having been in force a period of five years, all Policies are absolutely Indefeasible and Indisputable.

Attention is directed to the facility afforded by this Institution for the Assurance of Declined or Diseased Lives. The experience of the large staff of Medical Officers connected with this Association has enabled the Directors to prepare a set of Tables which they believe place such lives on an equitable footing in relation to other assured Members of the Company.

Qualified Medical Attendants who are named by Proposers to this Association are consulted as the Medical Advisers of the Directors, by whom all Medical Fees are discharged.

Every description of Life Assurance transacted; terms for which, with detailed Prospectuses and every information, may be had on application to
JOHN MESSENT, F.R.S., Manager and Secretary.

Applications for Agencies are invited.
