SECOND EDITION.

Demy 8vo, 5s.

## SPINAL CARIES.

With 89 Illustrations.

By NOBLE SMITH,

Senior Surgeon to the City Orthopaedic Hospital; Surgeon to All Saints' Children's Hospital.

"This monograph records in a practical manner the result of the author's experiences.....A special feature in the work is the accuracy and care with which the illustrations have been produced, by means of which different forms of spinal caries and the etiology of the disease are well demonstrated. The author's directions regarding the treatment of inflammatory disease of the spinal column are given with much clearness."—*The Lancet*.

London:

SMITH, ELDER & Co., 15, Waterloo Place, S.W.

By FREDERICK TREVES, F.R.C.S., Surgeon to the London Hospital; Surgeon in ordinary to H.R.H. the Duke of York.

# A Solution of Pepsin

THE  
MOST POWERFUL  
ON THE MARKET.

This preparation is free from all additions other than the best distilled glycerine, somewhat diluted, and is therefore miscible with all liquids compatible with Pepsin in solution.

SAMPLES AND LITERARY MATTER  
FORWARDED ON REQUEST TO  
PHYSICIANS.

10 minims = 1 Grain

ARMOUR'S  
STANDARD PEPSIN  
(1:3000 strength).

Many possible combinations of Glycerole Pepsin with other therapeutic agents, such as Bismuth, Quinine, Euonymin, &c.; and its great economy and convenience in dispensing are shown in

“**ARMOUR'S  
FORMULARY**”  
(7th Edition).

A COPY OF WHICH WILL BE  
MAILED FREE TO PHYSICIANS  
INTERESTED.

*It is specially requested that when prescribing "Armour's" may be indicated.*

**ARMOUR & COMPANY, LONDON, S.E.**
