

IMPROVED CARRIAGES FOR REMOVING INVALIDS.

The greatest Luxury and Comfort ever introduced to the Public for conveying Invalids to any part of Great Britain or the Continent, being fitted up with the

PATENT NOISELESS WHEELS.

These Carriages may be engaged on moderate terms, for any journey, on application to

H. & J. READING,

Coachbuilders, 14, Riding House St., Cavendish Sq., W.

Also, a good assortment of New and Second-hand Broughams, and other Carriages for Sale or Hire.

PULVIS JACOBI VER., NEWBERRY'S.

To the Medical Profession of Great Britain and Ireland.

GENTLEMEN,—We beg to call your attention to the following extracts from a Paper by the late John Cheyne, M.D., F.R.S.E., M.R.I.A., Physician to the Hardwicke Fever Hospital, Dublin, and Physician-General to His late Majesty's Forces in Ireland, &c., &c., contained in "*The Dublin Hospital Reports*," vol. 1, p. 317.

"Since this case came into my possession, I have been led to make a good many clinical experiments, which have enabled me to verify the reports which I had heard of the efficacy of JAMES'S POWDER, in sometimes removing the APOPLECTIC DIATHESIS in persons advanced in life. It is, moreover, worthy of observation, that JAMES'S POWDER has been of remarkable utility in certain instances of DETERMINATION OF BLOOD TO THE HEAD, which occurred at an early period of life, and threatened to end by effusion. Lastly, in two cases of GENERAL PLETHORA, in which, however, the head was more affected than any other part, JAMES'S POWDER was exhibited by me with perfect success."

Also vol. 1, p. 320.

"The following very simple method of exhibiting JAMES'S POWDER, in cases of undue determination of blood to the head, is that which I have generally pursued. The patient is made to begin with a very moderate dose, not more than two grains at bedtime, and to increase the dose by half-a-grain every night, until some sensible effect is produced upon the stomach, bowels, or skin. Should the stomach be affected with sickness, the dose must be lessened by one grain on the following night. By the addition of a little rhubarb to it a larger quantity of JAMES'S POWDER may be administered than the stomach could otherwise bear. If the skin is loosened, or the bowels affected, the dose should not further be increased, but it must be repeated every night for a considerable length of time: in several instances I have known eighteen or twenty grains taken for a considerable period without any inconvenience."

The following extract (showing the increasing estimation in which the true Dr. James's Powder is held by Medical Practitioners) is taken from "*The Lumleian Lectures*," 1858-59, delivered before the Royal College of Physicians, by A. Tweedie, M.D., Physician to the London Fever Hospital, who is admittedly one of the highest practical authorities on the subject of Fever. He says (*the Lancet*, June 16, 1860, p. 590), as follows:—

"If the febrile excitement be such as to require antimonial preparations, a pill containing 2 or 3 grains of James's Powder (prepared by Newbery) should be taken at intervals according to circumstances."

In writing to Messrs. Newbery, he says:—

"I wish that your preparation was always used."

To secure the dispensing of the original preparation, which, for 114 years, has been sold by the house of Newbery and Sons, in St. Paul's Churchyard, it is necessary to prescribe it as "**PULVIS JACOBI VER., NEWBERRY'S**," otherwise another article (wanting in the best properties, and recommended to be given in a different code of dose, though called by the same name) may be substituted for the original medicine.

This substitution must bring disappointment, and of course deter Practitioners from prescribing Dr. James's Powder, or lead them to regard it as a preparation on which no dependence can be placed.

FRANCIS NEWBERRY AND SONS.

45, St. Paul's Churchyard, London.

Prices for Dispensing quarter oz. Bottle, 3s. 4d.; 1 oz. 9s. Usual Discount to the Profession.

Pepsine.—The Liq. Pepsinæ, as
used and recommended by Dr. NELSON, can be had from
Messrs. W. & C. R. TITTERTON, 6, Snow Hill, Birmingham.

TO SURGEONS, APOTHECARIES, AND DRUGGISTS.
Important Saving, by Prepay-
ment, in the PURCHASE of
NEW WHITE ROUND MOULDED VIALS OF THE BEST
QUALITY.

PELLATT and Co. submit the following PRICES of VIALS, for
PREPAYMENT only:—

1/2 oz., 1 oz., 10 dr., & 1 1/2 oz. per Gross, 6s.	In quantities of not less
14 dr., & 2 oz. " 7s.	than Six Gross, assorted
3 oz. " 8s.	to suit the convenience of
4 oz. " 10s.	the purchaser, delivered
6 oz. " 15s.	to carriers in London.
8 oz. " 18s.	
4 1/2 oz. graduated in 8 doses " 12s. 6d.	No charge for Package.

Breakage at risk of Purchaser.

The above Prices being based upon a calculation which excludes
all charges whatever between the Manufacturer and the Consumer,
no attention can be paid to any order not accompanied by a remit-
tance in full made payable in London.—P. and Co. do not supply
Green Glass.—Orders and remittances to be addressed,

PELLATT & CO.,
FALCON GLASS WORKS, LONDON.

Great Saving in the Purchase

of SIX GROSS of NEW MEDICAL GLASS BOTTLES
and PHIALS, assorted to suit the convenience of Purchasers, at
S. ISAACS and SON, Glass Bottle Manufacturers—London Ware-
house, 24 and 25, Francis Street, Tottenham Court Road.

that in consequence of the great increase in their business, they
have removed to more extensive premises, and hope by adhering to
their usual attention and punctuality to receive a continuance of
their favours at their new London Warehouse, 24 and 25, Francis
Street, Tottenham Court Road. Packages free. Remittance on re-
ceipt of Goods. Post-office Orders payable to S. ISAACS and SON,
at the Post Office, Tottenham Court Road. Bankers—Unity Bank.

JOZEAU'S COPAHINE MÈGE.

Or SACCHARATED CAPSULES.—Copaiba and Cubebs are
doubtless the best remedies, but these drugs are of a repulsive taste
and odour, and occasion colicky pains, nausea, and gastric distur-
bance. M. JozEAU has succeeded in rendering these valuable ther-
apeutic agents perfectly innocuous, by increasing, in his Copahine,
all the curative properties. This preparation has been adopted by
the Paris Academy of Medicine, after more than a thousand trials
in Paris, and the different London Hospitals, viz., St. Thomas's,
Guy's, and St. Bartholomew's, under the care of Messrs. Lloyd,
Poland, and Le Gros Clark. "Lancet" Nov. 6, and Dec. 10, 1862.
The Copahine, which is in form of a pretty pink sugar-plum, effects
a cure in about six days, either in recent or chronic diseases. 100
Capsules, 4s. 6d. at G. JOZEAU'S, French Chemist, 49, Haymar-
ket, London; 22, Rue St. Quentin, Paris; and all the most im-
portant Chemists.

J. & E. BRADSHAW, late

Shoolbred and Bradshaw,
24, JERMYN STREET, beg to call attention to the various

cure of Rheumatism, Lumbago, etc. N.B. Every
description of INDIA-RUBBER BANDAGE, vul-
canized on the newest principle.

Directions for measurement sent by post.—N.B. A
liberal Discount to the Profession.

A female to attend on Ladies.

A CUP OF COFFEE IN ONE MINUTE.

Dunn's Essence of Coffee, War-

ranted to Keep Good in any Climate.

Extract from the Commercial Handbook of Chemical Analysis, by
A. NORMANDY, M.D.:—"Coffee is met with in commerce as a
manufactured article in the state of Essence, or rather Extract of
Coffee. That preparation, providing it be genuine, is peculiarly
adapted to the use of Travellers, who are thus enabled to procure a
cup of good Coffee without trouble or apparatus. Of all the attempts
which have been made to manufacture such an Extract, and of
most of which I have had samples, I have found on examination
that only one kind, that manufactured by DUNN, of Pentonville,
would keep. I think I can confidently assert that DUNN'S
ESSENCE OF COFFEE is the only one which has stood ground; all
other attempts, for some reason or other, have hitherto proved
failures, and eventually have been abandoned."

Sold in bottles from 1s. to 2s. each.

Manufactory, Pentonville, London; and may be had everywhere.

Lichen Islandicus; or, Iceland

MOSS COCOA; manufactured by DUNN and HEWETT,
London.

Strongly recommended by the Faculty in all cases of Debility,
Indigestion, Consumption, and all Pulmonary and Chest Diseases.

The two articles here combined are well known for their nutritive
qualities. The Moss contains a large portion of nitrogen, or flesh-
producing substance; and being prepared by a very careful and
peculiar process, which frees it from all the grittiness and disagree-
able flavour which are always so unpleasant, is rendered perfectly
pure, with nothing but the beneficial parts left.

The Cocoa, containing more nutriment than most articles of food,
being combined with the Moss, forms in this mixture an article of
the greatest importance to the invalid, and at the same time bene-
ficial to the healthy and robust, restoring health where it is de-
clining, and retaining it where already enjoyed.

Testimonial from A. H. HASSALL, Esq., M.D.

"I have carefully examined, both microscopically and chemically,
the preparation of Iceland Moss and Cocoa made by Messrs.
Dunn and Hewett: I find it to be carefully manufactured with
ingredients of the first quality.

The combination of Iceland Moss and Cocoa forms a valuable
article of diet, suited equally for the robust and for invalids,
especially those whose digestion is impaired. It is very nutritious,
of easy digestibility, and it possesses, moreover, tonic properties."

(Signed) A. H. HASSALL, M.D.

Williams & Son's Pure Glycerine

SOAP, analysed by Dr. HOFMANN, F.R.S., and Pro-
fessor RUSWOOD, Ph.D., strongly recommended by many eminent
Members of the Medical Profession, and favourably noticed by the
following Medical Journals.

The British Medical Journal.
The Lancet.
The Medical Times and Gazette.
The Medical Circular.
The Edinburgh Medical Journal.
The Dublin Hospital Gazette.

It is suited to all cases of delicate skin (whether arising from
disease or otherwise), and is admirably adapted for nursery use.
May be had of all respectable Chemists, Perfumers, etc.
