TO CORRESPONDENTS.

. All letters and communications for the JOURNAL, to be addressed to the EDITOR, 37, Great Queen St., Lincoln's Inn Fields, W.C.

COMMUNICATIONS.—To prevent a not uncommon misconception, we beg to inform our correspondents that, as a rule, all communications which are not returned to their authors, are retained for publication.

CORRESPONDENTS, who wish notice to be taken of their communications, should authenticate them with their names—of course, not necessarily for publication.

POOR-LAW MEDICAL REFORM.—SIR: Since the last publication of the list of subscribers to the Association, I have received the following sums of money:—Codd, G. (Watford), 5s.; Worth, E. J. (St. Germans), 5s.; Irving, W. B. (Newark) 10s.; Hair, Jas. (Sudbury), 5s.; Hall, E. (Ulverstone), 10s.; Fenn, E. (Uckfield), 5s.; Griffin, R. (Weymouth), 21s.

As the year 1865 has now passed, I think it due to the subscribers to lay before them a short statement of the accounts. In January 1865, there was a debt of £8:7:1, and during the year I have received from twenty-nine of the three thousand and odd Poor-law Medical Officers £14:3:1; but as the expenditure during that time has been £10:13:1, for printing seven hundred and fifty pamphlets for members of the House of Commons and the subscribers, with postage and sundry small expenses, it follows that there is £4:17:3 still due from the Association.

I am unwilling to say one word by way of reflection on my brethren; but it must be obvious to them that, without adequate funds, meetings cannot be held, or the necessary steps taken, to impel the Poor-law Board to improve the system of Poor-law medical relief.

I am, etc., RICHARD GRIFFIN.

The objects of this Society are—

1st. To provide a safe and efficient medium by which the Medical Profession may secure more certain and regular payment for their services; with every consideration for the convenience of those who are willing, but unable directly to discharge their liabilities; with rigour from those who are able but have not the disposition to remunerate medical men.

These ends are to be accomplished without interfering with the valuable time of the Members of the Profession, or exposing them to the unpleasantness which necessarily attends applications for money, or to the uncertainty and risk of employing private collectors.

2nd. To assist Members with information and advice in the purchase and sale of Practices.

3rd. To raise a Benevolent Fund by devoting to that object the profits arising from the general operations of the Society.

The Society consists of qualified Medical Practitioners only. Annual Subscription, One Guinea; a Firm, consisting of two Partners, a Guinea and a half; a Firm of three Partners, Two Guineas. Fixed rates of Commission are also charged on business transacted. The general business is carried on by a staff of officers at the Central Office, 43, Lincoln's Inn Fields, together with trustworthy employés appointed in town and country, the whole of whom are under the direction and superintendence of the Committee.

The Metropolitan Members of the Committee, with the Trustees, are responsible for all moneys received by the staff.
