## ADVERTISEMENTS.

ESTABLISHED 1848.

**Mr. J. Baxter Langley, M.R.C.S.**

Eng., F.L.S. (late of King's College, London), PROFESSIONAL AGENCY, 50, Lincoln's Inn Fields, W.C.

**London, S.W. — A small but**

respectable Practice for transfer, affording an excellent introduction. The present income amounts to about £250 a year, but the practice has not been actively pushed, the vendor having other resources. Appointments yield about £90 per annum. Midwifery fees £1:1 and upwards. Commodious corner house in a main road. To an immediate purchaser very liberal terms would be conceded.—Address "T., 913," Mr. Langley, as above.

**In a Cathedral Town for immediate**

transfer, a first class Practice, principally non-dispensing, realising about £600 a year. Valuable appointments which would afford good introductions are associated with the practice. The incumbent being compelled at an early date to go abroad would accept a very small sum for a personal introduction to the patients, the large majority of whom, it is believed, would accept the services of any gentleman recommended by the vendor.—Address "T., 909," Mr. Langley, as above.

**In a large agricultural town,**

an old established Practice for transfer. Average income about £950 a year. Appointments £105. Population 1700. No doubly qualified opponent. House modern and well furnished, with stables, gardens, etc.—Address "T., 869," Mr. Langley, as above.

**Cheshire.—In a good town, a**

Family Practice for transfer. Income £700 a year. Appointments £150. Partnership introduction. The fullest investigation permitted.—Address "T., 967," Mr. Langley, as above.

**Sussex.—£1000 a year. For**

transfer, a good Family Practice in a pleasant town within easy access of London and the sea-side. Commodious and convenient house; rent £50. Opposition quite unimportant. Patients of the upper class. Appointments bring in about £140. A complete introduction would be given, and the connexion is peculiarly easy of transfer.—Address "T., 822," Mr. Langley, as above.

**University of London.—Notice**

IS HEREBY GIVEN, That the next Half-yearly Examination for MATRICULATION in this University will commence on MONDAY, the 25th of JUNE, 1866. In addition to the Metropolitan Examination, Provincial Examinations will be held at St. Cuthbert's College, Ushaw; Stonyhurst College; St. Patrick's College, Carrow; Owens College, Manchester; and Queen's College, Liverpool.

Every Candidate is required to transmit his certificate of age to the Registrar (Burlington House, London, W.) at least fourteen days before the commencement of the Examination.

Candidates who pass the Matriculation Examination are entitled to proceed to the Degrees conferred by the University in Arts, Laws, Science, and Medicine. This Examination is accepted (1) by the Council of Military Education in lieu of the Entrance Examination otherwise imposed on Candidates for admission to the Royal Military College at Sandhurst; and (2) by the College of Surgeons in lieu of the Preliminary Examination otherwise imposed on Candidates for its Fellowship. It is also among those Examinations of which some one must be passed (1) by every Medical Student on commencing his professional studies; and (2) by every person entering upon Articles of Clerkship to an Attorney—any such person matriculating in the First Division being entitled to exemption from one year's service.

WILLIAM B. CARPENTER, M.D., Registrar.
