

The "Allenburys" (TRADE MARK)

(MEDICATED) Throat Pastilles

Efficient

Palatable

The basis of the "Allenburys" Throat Pastilles is a special pâte de jujube. The pastilles are demulcent, soluble and palatable, and contain accurate amounts of pure active drugs. They dissolve slowly and uniformly, so ensuring the thorough suffusion of the mucous membrane, and the prolonged continuous direct effect of the active ingredients.

The following pastilles are largely used, and have been found from long practical experience to be very efficacious.

- No. 9. **Menthol, Cocaine and Red Gum**
Menthol, gr. 1/20th; Cocaine, gr. 1/40th; Red Gum, gr. 2
- No. 23. **Eucalyptus and Red Gum**
Eucalyptus, 4 minims of the Oil; Red Gum, gr. 1
- No. 28. **Compound Guaiacum**
Guaiacum, gr. 1; Chlorate of Potash, gr. 2; Red Gum, gr. 2
- No. 29. **Compound Rhatany**
Extract of Rhatany, gr. 2; Cocaine Hydrochlor., gr. 1/40th
- No. 38. **Chlorate of Potash, Borax and Cocaine**
Chlorate of Potash, gr. 2; Borax, gr. 1; Cocaine, gr. 1/40th
- No. 75. **Formaldehyde and Menthol**
Formaldehyde, min. 1; Menthol, gr. 1/40th
- No. 77. **Formaldehyde and Cinnamon Oil**
Formaldehyde, min. 1; Oil Cinnamon, min. 1/2

A detailed list of the varieties made will be sent on application.

IMPORTANT.—To ensure the supply of these active and reliable medicinal products, medical men should designate the "ALLENBURYS" Pastilles in their prescriptions.
