The
CURTIS ABDOMINAL SUPPORT PATENTED 21103/10

**IMPORTANT.
 TO PHYSICIANS
 AND SURGEONS.**

Have you yet found an abdominal belt that produces a perfect hypogastric lift with the minimum of discomfort

and the maximum of benefit, that retains its position without the use of perineal straps, and allows absolute freedom of movement? If not, send to us for particulars of the "**Curtis**" Patent Abdominal Support. The only reliable and effective mechanical Support for Entropsis, Gastropsis, Visceropsia, etc., and for supporting scar tissue during consolidation, expediting convalescence and recovery.

PERSONAL ATTENTION GIVEN TO ALL PATIENTS.
