

The MACKENZIE-LEWIS POLYGRAPH

An improved form of MACKENZIE
POLYGRAPH designed by Sir T. LEWIS.

Among its advantages are:—

- (1) Lag and distortion of wave form are minimised by the construction of the tambours and receiving chambers.
- (2) The glycerine pelotte is used as the receiving chamber.
- (3) The paper passes in a direction which assists the ink to flow.
- (4) The instrument in its case is complete, ready for use, no connecting or disconnecting required.

Dimensions:

9" x 5½" x 5"

Weight: 4½ lbs.

To Physicians and Surgeons

Remember that there is only one

"CURTIS" ABDOMINAL SUPPORT

WE would advise our many Medical friends to carefully note that there is only one "CURTIS" Abdominal Support.

In view of many inferior imitations, the Profession is requested to see that each Support bears the name H. E. Curtis & Son, Ltd. No article is genuine which does not bear this wording.

Sole Manufacturers:

H. E. CURTIS & SON, LTD.,
