

TRADE  
MARK**'STABILARSAN'**

BRAND

Dioxydiaminoarsenobenzol-Glucose

BRITISH  
PATENT  
No. 177283.**BOOTS**BRITISH  
PATENT  
No. 177283.

APPROVED BY THE MINISTRY OF HEALTH.

**S**TABILARSAN—BOOTS possesses an extremely good Therapeutic Index—the curative power is high and the toxicity very low.

The solution is constant in composition and not readily oxidised on exposure to air.

The low toxicity of the preparation is reflected in the remarkable freedom from untoward reactions following its use in clinical practice.

After being carefully tested in our own chemical and biological laboratories, every batch is finally tested and passed for issue by the Government Director of Biological Standards.

STABILARSAN is supplied in solution form ready for use—no filtration is required.

*Special literature on application.*
