**THE VIRUS
LIFE'S ENEMY**By **KENNETH SMITH.**

20 illustrations. 7s. 6d. net

This, the third volume in The Cambridge Library of Modern Science, deals with a subject of which little was known or imagined until very recent times, but which may yet prove to be of paramount biological, economic and philosophical importance. A proper understanding of virus diseases and viruses is essential for the future well-being of mankind.

**Two Books from the CAMBRIDGE
UNIVERSITY PRESS****SHELL SHOCK
IN FRANCE 1914-18**Based on a War Diary kept
by **CHARLES S. MYERS.**

4s. 6d. net

The author was consulting psychologist to the British Armies in France. This book explains the work done by the author in connection with shell-shock and shell-concussion cases.
