

"BACK TO ACTIVITY" By E. R. DESOUTTER

THIS illustration shows only one of many remarkable achievements described in Mr. Desoutter's book.

Here is a complete survey of all the problems of artificial limbs, together with brief records of outstanding cases, admirably illustrated by photographs.

The technique of Stump preparation, physical re-education, and limb-fitting—Special Desoutter features—Some suggestions to help wearers of Desoutter Light Metal Limbs—The treatment of children and other special features. All are fully described and annotated. A COPY WILL GLADLY BE SENT ON REQUEST.

DESOUTTER *For the design and construction of Light Metal Artificial Limbs.*
