

**DEPENDABLE**  **ACCURACY**

Legend has it that in Father William's skill with a bow, Junior Tell had great confidence—a confidence in accuracy that could have been no greater than that of Victor Electrocardiograph owners in the routine accuracy of the Model "B" Portable. For this precision instrument's exclusive, scientifically correct design assures exact records of the heart's action.

It records accurately the minute changes in the heart waves, including their higher frequency components. Its adequate response to all frequencies present in the wave assures accurate measurement of R-wave amplitude. And deflection time is constant because variations in patient's resistance do not require adjustment of the galvanometer. Thus there is a welcome absence of intricate adjustments and compensatory manipulations . . . hence it is simple to operate.

Important, too, are such features as the Victor Electrocardiograph's sturdy, all-steel construction for durability and self-contained power supply to allow real portability. Thus, physically, there is present every element of a wise clinical investment, and at a price which makes it as sound from an economic standpoint. For full particulars which will prove this to your satisfaction, or for an equally convincing demonstration in your rooms—address Dept. K/JY 10.

## SWANN MORTON SCALPEL BLADES

THE STANDARD  
BRITISH PRODUCT  
AND . . .

## The Choice of British Surgeons

THROUGHOUT GREAT BRITAIN, Swann Morton Scalpel Blades have become the choice of leading surgeons and hospitals. In their manufacture the great technical knowledge acquired in producing the keenest Sheffield razor steel has been employed to the full. Their characteristics have been determined by a searching enquiry into the requirements of surgery. As a result they are unsurpassed in the essentials of efficiency: *Keeness, Uniformity, Rigidity.*

Moreover, their value is unequalled, the enormous demand having made possible the maintenance of pre-war prices.

**3/- PER DOZEN.** 1-gross lots, 33/- per gross. 5-gross lots, 31/6 per gross. 10-gross lots and over 30/- per gross. Handles 3/- each. (Nos. 3 and 4). *Through all Surgical Instrument Manufacturers.*
