

# IODEX<sup>®</sup> BRAND IODINE OINTMENT

Antiseptic  
Inflammation-reducing  
Entirely Bland

"There is no virtue in Iodex which is not inherent, though often latent, in iodine; and there is no virtue in iodine which is not available—in an enhanced degree—in Iodex."

Iodex presents bland yet active iodine in a neutral emollient base. It is rapidly absorbable, remarkably resolvent, penetrating, inflammation-reducing, decongestive, and antiseptic. In complete contrast to the Tincture, Iodex does not irritate, harden or stain the skin, or lead to desquamation. It is bland even on mucous or other extremely sensitive external surfaces. Iodex is indicated in enlarged glands, goitre, parotitis, tuberculous joints, hæmorrhoids, pruritus ani, ovaritis, open wounds, parasitic skin diseases (e.g., ringworm), and inflammatory conditions generally.

## Powerful Antitussive—

### "DICODID"

TRADE MARK BRAND

dihydrocodeinone

The value of "Dicodid" as a palliative of cough finds its explanation in its prompt and lasting action; its effect, even on obstinate cough irritation, surpasses that of codeine.

Oral Tablets

Ampoules

### "CARDIAZOL DICODID"

TRADE MARK BRAND

pentamethylenetetrazol with dihydrocodeinone

The combination unites the vasotonic, respiration-stimulating and broncho-spasmodic effects of "Cardiazol" with the antitussive, sedative and anodyne action of "Dicodid."

### "DILAUDID"

TRADE MARK BRAND

dihydromorphinone

In every indication for morphine the substitution of "DILAUDID" is of advantage. "DILAUDID" thus relieves pain and cough.

Oral Tablets

Ampoules

Hypodermic Tablets

Suppositories

Further information and samples upon request.
