SUPPORT without CONSTRICTION WEAR THE LINIA BELT

designed under medical supervision to correct PTOSIS, OBESITY, FAULTY POSTURE, INTESTINAL STASIS and ENTEROPTOSIS. Invaluable, too, for POST-OPERATION WEAR.

Arrow No. 1. Shows how the Linia Belt acts on parts that are usually protuberant, in harmony with the over-all pressure.

Arrow No. 2. Shows how the Linia Belt lifts and holds in place the lower abdominal parts that have sagged and dilated.

Arrow No. 3. Shows uplifting support on the groin, a protection against rupture and strain.

It avoids the danger of exercising direct restricting pressure on the abdomen. Besides affording support and restoring displaced organs to their correct position, the patented Linia Belt exerts a gentle massaging action, dispersing adipose tissue and bracing and toning the muscles. It is invaluable, too, for post-operation wear, and to prevent strain when older men, unused to violent physical effort, take exercise.

PRICES from £4. 13. 4.

Why ANDREWS is the Ideal Tonic Laxative

Andrews is a pleasant tasting, effervescent aperient with tonic properties, and is a valuable aid to Inner Cleanliness.

Andrews is beneficial in most digestive disorders, feverish conditions, the ailments of children, and in pregnancy and lactation. Its use may be discontinued without reaction when the need for it ceases.

Andrews justifies the description of "Ideal Tonic Laxative" because:—

FIRST . . Patients like taking Andrews, because its brisk effervescence is immediately refreshing and stimulating, it sweetens the mouth and helps to clean the tongue.

NEXT . . Andrews allays gastric discomfort, heartburn and nausea by diminishing the stomach's acidity and relieving flatulence.

THEN . . Andrews increases bile flow, relieves hepatic congestion, and improves digestion. It is partly absorbed from the intestine as alkali, and therefore helps to correct acidity in the blood and to stimulate kidney function.

FINALLY . . Acting by osmosis, Andrews clears the bowels gently and entirely without irritation.

After personal use of the Karsodrine Inhaler by one medical man there came the statement: "It is a modern 'talisman' against nasal infection." We invite you to investigate this enthusiastic statement by accepting, with our compliments, a Karsodrine Inhaler for your personal use. Reports have reached us of dramatic results achieved by Karsodrine in relieving congestive conditions of the nasal mucosa and sinuses. But your own experience of this modern volatile vasoconstrictor will be the best basis on which to form your opinion.
