

MORYL

TRADE MARK BRAND

CARBACHOL**Parasympathetic Stimulant**

A powerful stimulant of the parasympathetic nervous system, chemically related to acetylcholine, but more active and more stable.

Indicated more especially in post-operative intestinal stasis and urinary retention, "Moryl" is also useful in eclampsia and pre-eclamptic conditions, hypertonia, paroxysmal tachycardia, anxiety neurosis, ozaena and glaucoma.

Available in ampoules, oral tablets and special solutions for glaucoma and ozaena.

TETRONOX

TRADE MARK TABLETS BRAND

Hypnotic—Sedative

Enhanced power of barbitone through careful combination with other drugs—reduced toxicity; no cumulative action or injurious effects on circulation, respiration or gastro-intestinal tract. "Tetronox" has a wide field of indications in psychiatry and is furthermore of value in menstrual discomforts, post-operative and post-partum sedation, occupational insomnia, premature waking, delirium tremens, etc.

THE IDEAL LAXATIVE FOR PROLONGED USE

Certain characteristics have won for ENO'S "FRUIT SALT" a very high place in professional regard. Few simple medicines are presented in so attractive a form, and for patients obliged to maintain prolonged use of a laxative ENO'S "FRUIT SALT" provides a highly satisfactory answer.

By the natural process of osmotic diffusion ENO'S "FRUIT SALT" creates healthy intestinal conditions, from which follow gentle regular and complete bowel evacuations.

The morning dose of ENO'S "FRUIT SALT" is universally regarded in a singularly favourable light. It is refreshing, exceedingly pleasant to drink. It is non-irritating, non-toxic, non-habit forming, and free from sweetening agent. Diabetic patients may take it in perfect safety, and, owing to the absence of sulphates, ENO'S "FRUIT SALT" may be confidently prescribed for patients receiving sulphonamide treatment.

ENO'S "Fruit Salt" is prepared by a special process and contains approximately: Sod. Bicarb. 53.25%, Acid. Tart. 43.50%, Sod. Bitart. 1.50%, Sod. Tart. 1.75%.

The HECSON^{REGD.} SUPER ELASTIC TRUSS

for the Treatment of Hernia

Strap is fixed to Pad at A. Therefore greater pressure is exerted at B, when the strap is pulled tightly.

Where treatment of Hernia by surgical methods is undesirable for any reasons, the HECSON super elastic truss can be confidently recommended. The Special Feature of the HECSON Truss is that the perineal or under strap is attached to the top of the pad instead of the lower margin as in the ordinary elastic or old spring truss. Thus it becomes part of the leverage mechanism for increasing the pressure of the pad at its base.

Price: Single 37/6; Double 50/-

SCALPEL BLADES

Still no increase in price

No scarcity... high quality maintained

With output increased we are still able to supply Scalpel Blades at pre-war prices.

In peace-time, the Swann Morton Scalpel Blade had already established itself in the face of the keenest foreign competition, because of its high quality. As a result, in May 1939 we were able to drastically reduce our price from 6/6 to 3/- per dozen. Today, when foreign competition is withdrawn, our policy remains unchanged — the highest quality possible... the lowest price possible.

SWANN MORTON

SCALPEL BLADES

3/- PER DOZEN 1-gross lots 33/- per gross. 5-gross lots 31/6 per gross. 10-gross lots and over 30/- per gross. Handles 3/- each (Nos. 3 and 4). Through all Surgical Instrument Manufacturers.
