

CELLANBAND

A ventilated dressing of the Unna's

Paste type, which will allow the escape of free exudation and thus prevent development of troublesome dermatitis. Indicated in Varicose Ulcers, Phlebitis, Lymphangitis and in certain orthopaedic cases.

REPUTATION BASED UPON EFFICIENCY...

Salts' Registered Colostomy Belt has won high regard by virtue of its undoubted efficiency. It embodies improvements which are the outcome of much experiment and lengthy experience, and it is an appliance greatly in advance of the old style of belt for this particular condition.

SALTS' REGISTERED COLOSTOMY BELT

The sterilizable cup is made of moulded rubber in one piece, so that it has no corners or crevices and therefore does not retain odour. The receiver can be sterilized by boiling—a process which can be repeated again and again for an almost indefinite period. We shall be pleased to supply further information and Measure/Order forms to any Doctor who is interested, upon request.

LONDON ADDRESS: 1, Stanley House, Marylebone High Street, LONDON, W.1. Tel.: WELbeck 3034.
Female Fitters in attendance Mondays to Fridays. Orthopaedic Mechanician alternate Wednesdays only by appointment.
