Why ANDREWS is the Ideal Tonic Laxative

Andrews is a pleasant tasting, effervescent aperient with tonic properties, and is a valuable aid to Inner Cleanliness.

Andrews is beneficial in most digestive disorders, feverish conditions, the ailments of children, and in pregnancy and lactation. Its use may be discontinued without reaction when the need for it ceases.

Andrews justifies the description of "Ideal Tonic Laxative" because :—

FIRST . . Patients like taking Andrews, because its brisk effervescence is immediately refreshing and stimulating, it sweetens the mouth and helps to clean the tongue.

NEXT . . Andrews allays gastric discomfort, heartburn and nausea by diminishing the stomach's acidity and relieving flatulence.

THEN . . Andrews increases bile flow, relieves hepatic congestion, and improves digestion. It is partly absorbed from the intestine as alkali, and therefore helps to correct acidity in the blood and to stimulate kidney function.

FINALLY . . Acting by osmosis, Andrews clears the bowels gently and entirely without irritation.

Approx. active constituents :

Acid. Tart.	32% to 36%
Acid. Cit.	3% to 6%
Sod. Bicarb.	40% to 44%
Mag. Sulph.	17% to 21%

They suffer alarm-clocks gladly

who have
natural
restful
sleep

DRINK a cup of Bourn-vita last thing at night . . . It contains malt, milk, eggs and chocolate and its Vitamin B, phosphorus and calcium are valuable for the nerves. It induces healthy, *natural* sleep. (It is light and easily digestible too, and a perfect nightcap for convalescents.) Good sleep is an important commodity in these days of war-strain. This is a simple way to get the most out of it,
