

## PAIN IS INTENSELY PERSONAL

Sympathetic understanding may assuage mental anguish, but surcease from physical distress can come only from the relief of symptomatic pain.

Veganin is particularly well adapted for the relief of menstrual distress, since it is a synergistic association of codeine, acetylsalicylic acid, and phenacetin, producing rapid and prolonged relief without ill-effects.

When it is necessary to relieve pain without incapacitating the patient, try Veganin.

**RESTRICTED SUPPLIES:** Owing to the shortage of certain supplies and the consequent limitation of output, chemists have been asked to give priority to doctors' prescriptions. Veganin is not advertised to the public.

*What is  
the use  
of  
pain?*

Pain is Nature's warning. It is also a useful guide to the doctor in his diagnosis. This done, pain has no further use, and its continuation merely causes unnecessary shock and suffering to the patient. And so, time out of mind, men have used narcotics to dull the bite of pain. Many of them such as myrrh, hashish and the poppy, had unfortunate after-effects. Not so the scientifically calculated mixture of Nitrous Oxide gas and air, which can be given by the modern gas-air apparatus. This device is so simple that it can be operated by the patient, leaving the doctor both hands free. Extensive surgical dressings, manipulations, and, of course, child-birth, lose their terror when a gas-air apparatus such as the "Minnitt" is employed. The industry that supplies compressed gases for all the needs and uses of the nation can take pride in playing its proper part in the conquest of pain.

"GAS-AIR ANALGESIA IN MIDWIFERY"  
This is the title of our new informative and instructive film which we can arrange to be shown for your benefit on application.
