for
normal bowel

WITH good reason, ENO'S "Fruit Salt" might be regarded as the ideal laxative. It is free from undesirable side-actions. By its purity, by its palatable, refreshing taste it has established itself all the world over as an ideal send-off for the day.

ENO'S "Fruit Salt" is prepared by a special process and contains approximately: Sod. Bicarb. 53.25%, Acid. Tart. 43.50%, Sod. Bitart. 1.50%, Sod. Tart. 1.75%.

SCALPEL BLADES

Still no increase in price

No scarcity... high quality maintained

With output increased we are still able to supply Scalpel Blades at pre-war prices.

In peace-time, the Swann Morton Scalpel Blade had already established itself in the face of the keenest foreign competition, because of its high quality. As a result, in May 1939 we were able to drastically reduce our price from 6/6 to 3/- per dozen. Today, when foreign competition is withdrawn, our policy remains unchanged — *the highest quality possible... the lowest price possible.*
