SCALPEL BLADES

Still no increase in price

No scarcity... high quality maintained

With output increased we are still able
to supply Scalpel Blades at pre-war
prices.

In peace-time, the Swann Morton Scal-
pel Blade had already established itself
in the face of the keenest foreign
competition, because of its high
quality. As a result, in May 1939
we were able to drastically reduce
our price from 6/6 to 3/- per dozen.
Today, when foreign competition
is withdrawn, our policy remains
unchanged — *the highest quality
possible... the lowest price possible.*
