THE THERAPY OF ASTHMA

The treatment of asthma resolves itself into a consideration of underlying factors and causes. Often in ASTHMA the underlying cause is not

discoverable or changes from time to time—now irritant dusts, now bacterial infection, etc. The underlying factor is fortunately always the same—bronchospasm.

Thus sometimes causative agents can be removed or mitigated but always the underlying factor—bronchospasm—can be treated, successfully, with FELSOL.

Most cases of Asthma are chronic and demand patience in treatment—persistence with FELSOL will yield the highest possible percentage of successes.

NO MORPHIA NO NARCOTICS

Phenazone 0.47 Iodopyrine 0.03

SURGICALLY KEEN

SURGICALLY CLEAN

SWANN-MORTON Scalpel Blades are made from the finest surgical steel; they are tested individually for sharpness and flawlessness. To ensure that they reach the surgeon's hands in perfect condition, they are sterilized in spirit and coated with pure 'Vaseline' to avoid rusting.

BLADES 3/- PER DOZEN; 1 gross lots, 33/- per gross; 5 gross lots, 31/6 per gross; 10 gross lots & over, 30/- per gross. HANDLES 3/- EACH (Nos. 3 & 4).

Through all Surgical Instrument Houses

SWANN-MORTON

SCALPEL BLADES

W. R. SWANN & CO. LTD. • PENN WORKS • SHEFFIELD. 4.

The light-beam test to which every Swann-Morton scalpel blade is subjected cannot fail to expose any flaw in the cutting edge.
