Why ANDREWS is the Ideal Form of Laxative

Andrews is a pleasant tasting, effervescent aperient with tonic properties, and is a valuable aid to Inner Cleanliness.

Andrews is beneficial in most digestive disorders, feverish conditions, the ailments of children, and in pregnancy and lactation.

Andrews justifies the description of "The Ideal Form of Laxative" because:—

FIRST . . Patients like taking Andrews. It is pleasant-tasting. Its brisk effervescence is immediately refreshing and stimulating. It sweetens the mouth and helps to clean the tongue.

NEXT . . Andrews allays gastric discomfort, heartburn and nausea by diminishing the stomach's acidity and relieving flatulence.

THEN . . Andrews increases bile flow, relieves hepatic congestion and improves digestion. It is partly absorbed from the intestine as alkali, and therefore helps to correct acidity in the blood and to stimulate kidney function.

FINALLY . . Acting by osmosis, Andrews clears the bowels gently yet entirely without irritation.

Delicious Vitamin Food For Infants, Children & Adults

— at all Seasons

TO the physician requiring a product which incorporates important vitamins in a form entirely pleasant and acceptable to every patient, 'Vimaltol' presents special advantages.

'Vimaltol' is a concentrated and economical vitamin food. The vitamins are supplied from specially prepared malt extract and yeast, which is one of the richest natural sources of Vitamin B₁, and Halibut Liver Oil fortified with additional vitamins and minerals. It is deliciously flavoured with orange juice.

'Vimaltol' is standardised to contain in each fluid ounce: 648 International units of Vitamin A and 1,390 of Vitamin D; also 0.36 milligrammes of Vitamin B₁, 4 of Niacin, 4.8 of Iron, and 48 of Phosphorus.

'Vimaltol' is thus an important aid in the treatment of the many abnormal conditions resulting from the deficiency of one or more of the essential vitamins in the average every-day dietary.

The routine use of 'Vimaltol' helps normal development of the growing organism and the maintenance of the correct metabolism, while raising the general resistance against infection.

'Vimaltol' has thus a very wide application in general practice for patients of all ages. It can be prescribed with advantage at all seasons.

SUPPORT without CONSTRICTION WEAR THE LINIA BELT

designed under medical supervision to correct
PTOSIS, OBESITY, FAULTY POSTURE,
INTESTINAL STASIS and ENTEROPTOSIS.
Invaluable, too, for POST-OPERATION WEAR

Arrow No. 1. Shows how the Linia Belt acts on parts that are usually protuberant, in harmony with the over-all pressure.

Arrow No. 2. Shows how the Linia Belt lifts and holds in place the lower abdominal parts that have sagged and dilated.

Arrow No. 3. Shows uplifting support on the groin, a protection against rupture and strain.

It avoids the danger of exercising direct restricting pressure on the abdomen. Besides affording support and restoring displaced organs to their correct position, the patented Linia Belt exerts a gentle massaging action, dispersing adipose tissue and bracing and toning the muscles. It is invaluable, too, for post-operation wear, and to prevent strain when older men, unused to violent physical effort, take exercise.

**PRICES from £4 4s. 0d.
not subject to purchase tax
— 3 coupons.**

**Linia Belt, including a
Linia Jock Strap.**

Linia Belts can only be made to special requirements and measurements if a certificate, stating the nature of the disability or deformity, is given to the patient.
