

A medical history on **VISIBLE RECORDS** for every patient

Patients' Records on Shannon Visible Cards are quickly entered up and give the busy Doctor all the information he requires at a glance. Instead of bulky ledgers, with past and present records inextricably and inseparably mixed, the Shannon System, in either cabinet or book form, need contain only current records and can be expanded quickly, easily and neatly. Send for leaflet explaining how Shannon Visible Records can help you.

"There is a time for every purpose," and Nature has appointed the hours of night as the time for rest and recuperation. Making these hours coincide with the taking of an evacuant has sound psychologic as well as therapeutic justification if the medication does not interfere with the salutary effect of unbroken sleep. In the case of Agarol, the patient is hardly conscious of having taken an evacuant. There is no unpleasant after-taste, no griping; and there need be no fear of an untoward premature result, for Agarol acts with almost clock-like regularity, allowing eight hours from the time of taking to the time of evacuation. Agarol is a mineral oil emulsion with a small dose of phenolphthalein.

COMPOSITION: Mineral Oil, Glycerine and Phenolphthalein:
a perfectly homogenized emulsion.

LESLIES

ZOPLA STRAPPING

A first-class product for surgical use. Very strong cloths, the mass is powerfully adhesive. White and flesh cloths, also on elastic cloth. A great favourite.

ZOPLA ON WHITE FELT

Very popular for padding and protective purposes.
Does not get hard in use.

ZOPLA - BAND

Elastic Adhesive Bandage.

Ideal where elasticity is essential.

Manufactured by:
