

GONOCOCCAL INFECTIONS

*treated with
marked success*

Two forms of the new detoxicated sulphonamide—'Albucid' and 'Albucid' Soluble are being used with marked success in the treatment of gonococcal infections.

Peroral administration of 'Albucid' tablets may be suitably supplemented in obstinate cases with 'Albucid' Soluble 30% solution injected intravenously.

In Ophthalmia Neonatorum 'Albucid' Soluble 10% solution is being increasingly used as a routine measure. It penetrates rapidly into the ocular tissue and is non-irritating.

ORALLY. 'Albucid' Tablets gr. 7½ (tubes of 20)

PARENTERALLY. 'Albucid' Soluble Ampoules 30% (boxes of 5 × 5 cc.)

LOCALLY. 'Albucid' Soluble Eye Drops 10% (½-oz. bottles with pipette)

'ALBUCID'

Samples and fuller particulars gladly sent on application.

'Albucid' is the registered name which distinguishes sulphacetamide of British Schering manufacture.

Chemotherapy in the Intestinal Tract 'THALISTATIN'

Trade Mark

Brand

PHTHALYLSULPHATHIAZOLE

Phthalylsulphathiazole is a new chemotherapeutic agent with specific bacteriostatic action in the intestinal tract. Remarkably non-toxic due to its being very poorly absorbed from the small intestine and the consequent low concentration in the blood, high local concentrations can be maintained without local irritation.

Phthalylsulphathiazole has about twice the bacteriostatic activity of succinylsulphathiazole, and is therefore effective in a smaller dose.

'Thalistan' is indicated in the treatment of the following conditions:

Bacillary dysentery.

Chronic amoebic dysentery (to clear up secondary infection of the ulcers).

Ulcerative and other types of colitis.

Infantile gastro-enteritis.

Available in tablets of 0.5g. In bottles of 50, 100 and 250 tablets.

Medical literature on request.

The PORTANÆST

A Portable
Gas-Oxygen and
Gas-Air Apparatus

For the General Practitioner, it is an ideal apparatus for domiciliary midwifery and minor surgery.

In dentistry it may be regarded as the "Walton" in portable form and meets the needs of the visiting practitioner.

A Demonstration will be gladly arranged.
