

## *Prevent Discomfort*

### IN HAY FEVER AND SUMMER COLDS

To the hay-fever victim the use of 'Benzedrine' Inhaler may make all the difference between weeks of acute misery and weeks of comparative comfort. Its vapour diffuses throughout the entire nasal cavity and is strikingly effective in reducing the intense congestion which makes allergic rhinitis so distressing.

Head colds are particularly annoying during the summer. 'Benzedrine' Inhaler helps to cut them short and provides welcome symptomatic relief.

Each tube is packed with Amphetamine (B.P.) 325 mgm., Oil of Lavender 97 mgm., Menthol 32 mgm.

## ELECTRO-SURGERY

### IN GENERAL PRACTICE

MANY busy G.P.s consider the Therator Major Diathermy the ideal portable electro-surgical unit. It is equally capable of performing the minor surgery of the consulting room or the major operative requirements of hospital and nursing home. Electrically its output is so flexible that treatments ranging from, for instance, the removal of verucca to under-water cutting and coagulation in trans-urethral surgery, can be made with equal facility.

This Diathermy, Type MME.10, has seen prolonged service in mobile field hospitals throughout the war and has proved itself dependable under conditions demanding the utmost mechanical robustness and durability.

We shall be pleased to provide the fullest details on application.

## *In Dietary Dyspepsias*

EVERY physician is familiar with the patient complaining of sour stomach, flatulence, epigastric pain, etc., yet in whom no cause can be found other than a history of dietary indiscretion often aggravated by the indiscriminate use of Sodium Bicarbonate, Magnesia, Bismuth or similar remedies.

'Alocol' is the logical method of treatment in these cases, and physicians constantly confirm its exceptional value. Its use gives effective and lasting relief of symptoms and, in conjunction with dietary discipline, assists in restoring normal digestive balance.

'Alocol' neutralizes excess gastric acidity to the most favourable degree without provoking the danger of alkalosis, thus producing a markedly soothing effect on the gastric mucosa, with the prompt relief of pain and discomfort.
