

## Why ANDREWS is the Ideal Form of Laxative

Andrews is a pleasant tasting, effervescent aperient with tonic properties, and is a valuable aid to Inner Cleanliness.

Andrews is beneficial in most digestive disorders, feverish conditions, the ailments of children, and in pregnancy and lactation.

Andrews justifies the description of "The Ideal Form of Laxative" because:—

**FIRST** . . Patients like taking Andrews. It is pleasant-tasting. Its brisk effervescence is immediately refreshing and stimulating. It sweetens the mouth and helps to clean the tongue.

**NEXT** . . Andrews allays gastric discomfort, heartburn and nausea by diminishing the stomach's acidity and relieving flatulence.

**THEN** . . Andrews increases bile flow, relieves hepatic congestion and improves digestion. It is partly absorbed from the intestine as alkali, and therefore helps to correct acidity in the blood and to stimulate kidney function.

**FINALLY** . . Acting by osmosis, Andrews clears the bowels gently yet entirely without irritation.

### Approx. active constituents:

Acid. Tart. — —	32% to 36%
Acid. Cit. — —	3% to 6%
Sod. Bicarb. — —	40% to 44%

IF A CHILD  
MUST HAVE AN  
HYPNOTIC THE  
DRUG OF CHOICE IS

## 'ISOBROM'

She is physically well, but still she does not sleep. The "sleep habit" is lost.

The answer is not the slow-acting barbiturates with the risk of drowsiness the next day, or bromides with the danger of skin rashes.

The answer is "ISOBROM." It acts quickly, and the sleep habit is soon restored. Its action is all over by the morning, leaving the child bright and alert after a good night's sleep.

"ISOBROM"—a combination of bromisovalerylurea and carbromal—is a reliable sedative and mild hypnotic. It can be used for long periods without hepatic or renal impairment, damage to the central nervous system, or risk of skin rashes, and will not produce any after-effects.

### THERE ARE NO KNOWN CONTRAINDICATIONS

**ACTION:** "ISOBROM" induces sleep usually in less than half an hour. The effect lasts 4-5 hours and is usually followed by natural sleep.

In bottles containing 25, 100, 250 and 500 tablets.

This preparation is not advertised to the public.

## Vegetables for infants

—ready-sieved in glass jars

These ready-sieved vegetables, made by the makers of Brand's Essence, are a welcome time-saver for busy young mothers.

Brand's Baby Foods are specially grown vegetables, picked at their prime and steam-cooked in vacuum. This, combined with vacuum-packing in glass jars, conserves their natural goodness. A special fine-sieving process ensures that not a particle of irritant fibre is left behind.

A well-known child specialist recommends Brand's Baby Foods. You can tell mothers about them with every confidence. They cost 7½d. a jar.
