THE "SALT AIR"
ARTIFICIAL BREAST

—the obvious solution of the psychological problem which frequently follows breast amputation. It restores the normal figure line, banishes self-consciousness, encourages resumption of normal activities. Can be worn while bathing, as it retains its shape when wet and can be easily dried. Available in the "Salt Air" Brassiere or separately for sewing into patient's own foundation garment. Details to doctors on request.

Appointments at London address: 1, STANLEY HOUSE, 103, Marylebone High Street, London, W.1.
Tel.: Welbeck 3034.

D.D.T +
PYRETHRINS =
THE ANSWER*

Recent tests carried out in co-operation with the clinic doctor of an important Metropolitan borough revealed that the improved formula SULEO rendered head lice moribund within 5 minutes and killed all lice present within 15 minutes.

SULEO HAIR EMULSION is now formulated with D.D.T. and Pyrethrins, giving the preparation greatly increased speed of action yet maintaining its original high residual effect which exceeds the incubation period of the nits by some days. A fortnightly application makes infestation virtually impossible.

NON-IRRITANT — NON-TOXIC — EASILY APPLIED — PLEASANTLY PERFUMED — UNDETECTABLE AFTER USE.

SULEO HAIR EMULSION is the best answer yet to the problem of Pediculosis Capitis among adults and juveniles.
