

## IN THE SERVICE OF SURGERY

FOR USE WITH STANDARD HANDLES

## Gillette Surgical Blades

Two outstanding characteristics in the range of surgical blades recently introduced by Gillette Industries Ltd. are greatly enhanced sharpness and a very high degree of uniformity. On professional recommendation the cutting edges have been redesigned in order to arrive at shapes which are not only correctly contoured for the exacting needs of surgical handicraft, but also permit the application of the most modern sharpening methods.

GILLETTE INDUSTRIES LTD., GREAT WEST RD., ISLEWORTH, MIDDX.

## How big is a pair of shoes?

Clarks Children's Shoes are carefully designed so that the "right size" hugs the instep and ankle tightly while allowing plenty of room for the quickly growing toes. And because the shape of feet varies so much Clarks make each "size" in a variety of widths and girths. Clarks Footgauge informs the expert fitter which of all these sizes and shapes is the child's own particular one. Feet shod with this amount of care should never develop hammer toes or cause trouble later in life.

# Clarks

CHILDREN'S SHOES ARE THE RIGHT SIZE

## THE "SALT AIR" ARTIFICIAL BREAST

—the obvious solution of the psychological problem which frequently follows breast amputation. It restores the normal figure line, banishes self-consciousness, encourages resumption of normal activities. Can be worn while bathing, as it retains its shape when wet and can be easily dried. Available in the "Saltair" Brassiere or separately for sewing into patient's own foundation garment. Details to doctors on request.
