Lemon Juice	38.0% w/v
Sucrose	23.7% w/v
Liquid Glucose B.P.	28% w/v (equivalent to Dextrose (Monohydrate) 10.5% w/v)
Barley (Sol. Extract) from 7.4% w/v	

Plus flavouring and permitted preservative.

MADE BY RAYNER AND COMPANY LIMITED LONDON, N.18

Emergency measure..

The anticipated effects of glucose as an energiser and restorer are to some extent lost if the patient shows a degree of unwillingness to accept it.

But the common aversion to the sickly, sometimes nauseating, taste of glucose in many of its ordinary forms is strikingly absent whenever LUCOZADE is offered.

LUCOZADE is so palatable, so refreshing, that neither children nor adults ever need urging to take it as prescribed.

(Containing Dextrose, Maltose and Dextrin in solution equivalent to 23% w/v Liquid Glucose B.P.)

LUCOZADE

*An improved form of
glucose therapy*

Protein in Gastric Disturbances

PATHOLOGICAL lesions of the gastro-intestinal tract create special problems of management from the nutritional aspect. The problem is by no means eased by the fact that the body's protein requirements are increased rather than lessened by reason of the need for amino acids, which are required in the process of tissue repair. Failure to provide protein supplement in the diet can only mean that the body will have to obtain the required amino acids by raiding tissue proteins, which of course can only result in loss of weight.

The physician frequently has recourse to a non-residue diet in the management of gastric or duodenal ulcer and also in the re-establishment of a normal diet after infective enteritis or amebic dysentery.

Difficulties of digestion, accompanied by pain, poor

absorption and indifferent appetite, create a vicious circle which demands a special effort to break. This effort is sometimes provided by a protein supplement which can be easily broken down by the digestive processes and completely absorbed.

The particular advantages of Brand's Essence under such conditions are:—

1. It is soluble animal protein of high biological value.
2. Being partly hydrolysed, it is capable of easy ingestion, digestion and absorption.
3. It promotes gastric secretion.
4. It is extremely palatable.
5. It may be taken as a jelly or a liquid.

★ (CHECKED TEMPERATURE RECORDING)

Smiths HYLOTHERMS are no ordinary thermometers. They tell you if the temperature is right when you are not there to see, recording with certainty the maximum and minimum temperature over any period. Accurate balancing and positive locking of pointers ensure absolute reliability and press button makes resetting instantaneous. Strong rust and weatherproof cases. Gimbals bracket supplied for wall-fixing. Obtainable from Smiths recognised Stockists.
