DURABLE ANTISEPSIS

The most effective antiseptics can be vitiated, particularly in obstetric practice, by re-infection with pathogenic organisms. The objective, therefore, must be not merely to destroy the organisms already present, but to make the treated surfaces untenable to any that may reach them later.

The protection afforded by 'Dettol' is prolonged. Unless washed off or grossly contaminated, 30% 'Dettol' painted on the unbroken skin and allowed to dry confers insusceptibility to fresh infection by *streptococcus pyogenes* for at least two hours.

'DETTOL' THE MODERN ANTISEPTIC

'Dettol' is available in 2 gallon and 5 gallon tins free of Purchase Tax for dispensing purposes only. Smaller sizes, including 1 gallon tins for public use are subject to Purchase Tax.

Important to Doctors ordering Surgical Stockings

To obtain the best results for your patients it is not sufficient to order "Elastic Stockings". You will secure for them the recognised additional benefit of two-way stretch hose if you write in full "LASTEX TWO-WAY STRETCH" on your prescriptions.
