The importance of protein during pregnancy and the nursing period

CLINICAL observation shows that the increased protein anabolism during the latter part of pregnancy, and particularly during the nursing period, requires more protein than was at first considered necessary. Adequate protein is, therefore, desirable to ensure the ample supply of breast milk.

The inclusion of high-grade protein foods in the diet of pregnant women is now a standard practice. In cases where there is loss of appetite

or a general feeling of exhaustion, the diet can be effectively supplemented by protein foods in a form which is easy to assimilate.

Brand's Essence is a first-class protein of animal origin. Being partly hydrolysed, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in

restoring a positive nitrogen balance.

**BRAND'S

* For maximum safety it is advised that Gynomin be used in conjunction with a mechanical barrier.

BENGER'S FOOD

Benger's Food is a special farinaceous base to which active pancreatic enzymes have been added. In preparing the food, the enzyme trypsin modifies the protein of added milk so that indigestible curds no longer form in the stomach. At the same time, amylase rapidly converts the wheaten starch base of the food into soluble and easily digestible dextrins, dextri-maltoses and maltose.

Of accepted value in
 * CONVALESCENCE and in the treatment of
 * PEPTIC and DUODENAL ULCERS
 * INFANTILE DIARRHOEA * COELIAC DISEASE

Lifting the veil

The distress which accompanies the menopausal years need not be allowed to go unchecked. The physician has an adequate means of relieving the several conditions which veil a woman's outlook during her middle years. The administration of SEDESTRAN is a safe and ready method of controlling these symptoms by minimal medication. Menopausal migraine and hypertension respond well to SEDESTRAN as also does dysmenorrhoea of neurogenic and psychogenic origin.

Bottles of 25 and 100 tablets. Dispensing pack — 1,000 tablets.

Intradex

BRITISH DEXTRAN

*A plasma substitute developed by
British Scientists in Great Britain*

The sixteen physical, chemical and biological tests, to which each batch of Intradex is subjected, ensure uniformity, sterility and freedom from toxic, pyrogenic, antigenic, anaphylactoid and cutaneous reactions.

It is interesting that each of a group of eight chinchilla rabbits, used to determine the renal excretion index, has received an average of approximately 1,000 ml. of Intradex over a period of one year. This is equivalent to approximately 125 bottles (each 540 ml.) in a human subject. All these rabbits are in excellent condition.

Biological Control

The standard for freedom from pyrogenicity is more stringent than the B.P. standard. Rabbits are injected intravenously with 20 ml. Intradex per kg. of body weight. The batch of Intradex is rejected if any single rabbit in a group of six has a rise in temperature greater than 0.6°C. within four hours of the injection.

Available in M.R.C. transfusion bottles. Intradex (Salt Free) can be supplied for paediatric use and for the treatment of nephrotic cases. Further information and literature on request.

Intradex is the brand of dextran tested by the Medical Research Council and supplied to the Ministry of Health in Gt. Britain.

Effective Protection at all times

Contains 2% Hexachlorophene

Cidal is of twofold interest to the Medical Profession. Firstly, the Hexachlorophene content ensures true germicidal properties, and the regular use of this toilet soap materially assists in the treatment and control of various skin infections as well as destroying bacteria which ferment perspiration

Secondly, as a soap for toilet purposes in surgeries, hospitals, etc., its qualities are admirable. The colourless, odourless, non-irritant and non-toxic properties of Hexachlorophene contained in Cidal, and its unique retention on the skin, ensures an exceptional degree of hygiene and protection for those engaged in medicine.

Please write for a sample of Cidal, and descriptive literature.

A Product of

J. BIBBY & SONS LTD. LIVERPOOL 3

A new formulation of 'Cetavlon'—

the quaternary ammonium compound which is already well known to the medical profession as a bactericide and detergent.

'CETAVLEX' CREAM, containing 0.5% 'Cetavlon' (Cetrimide B.P.) is a most useful antiseptic application for controlling infection in wounds and burns and for treating many skin infections. It may be used with advantage in the preliminary treatment of wounds of all kinds, and is an excellent first-aid dressing for eliminating infective bacteria and thus facilitating healing. As an antiseptic application to the hands prior to surgery or when dressing wounds, etc., the Cream forms an additional safeguard.

'Cetavlex' Cream will be found invaluable in everyday practice in hospitals, in the surgery, factory, or in the patient's home.

A Time-tested Treatment for COLDS and all upper respiratory infections...

**VICK
VAPOUR-RUB**

*The treatment for children—
its external, combined Rubefacient
and Inhalant Action cannot upset
delicate stomachs or interfere
with any other course of treatment
the doctor may prescribe.*

TIME-TESTED INGREDIENTS

Vick Vapour-Rub contains camphor, menthol, oil of eucalyptus and other volatile ingredients, in a bland petrolatum base. A most effective method of use is to melt Vick in boiling water and inhale the vapours.

Menthol	...	2.82
Camph.	...	5.25
Ol. Tereb.	...	4.77
Ol. Eucalypt.	...	1.35
Ol. Myrist.	...	0.48
Thymol	...	0.10
Ol. Cedri	...	0.45
Basis ad	...	100.00

**VICK
VAPOUR-RUB**

*A FINE RELIEVING AGENT
WITH A FINE RECORD*

Vick Vapour-Rub is a simple treatment, easy to apply. Rubbed on chest, throat and back, it acts in 2 ways to bring relief:—

1. AS AN INHALANT,

its soothing volatile ingredients are released by the body's warmth and inhaled to cold-irritated upper breathing passages.

2. AS A RUBEFACIENT,

it has a mild warming action on the surface of chest and back.

We shall be pleased to send free samples and literature on request to:
VICK INTERNATIONAL LIMITED,

**CHEMOTHERAPY OF
TUBERCULOSIS****CALCIUM
Para-AMINOSALICYLATE GRANULATE**

*For
Reliable Therapeutic Performance*

'AMINACYL' CALCIUM P.A.S. GRANULATE, a highly concentrated form, contains about 85% anhydrous Calcium p-aminosalicylate, equivalent to 75% free acid P.A.S. and 9.8% calcium. Its superiority in the chemotherapeutic treatment of tuberculosis is characterized by its reliability to provide—

EFFECTIVE BACTERIOSTASIS. There is authoritative evidence that blood level curves obtained with 'Aminacyl' Granulate compare most favourably with those obtained with other forms.

ENTIRE ACCEPTABILITY. 'Aminacyl' Granulate is completely devoid of unpleasant taste; it is sialoresistant-coated.

HIGH TOLERABILITY. Liability to toxic symptoms is probably lower with 'Aminacyl' Granulate than with sodium salts; in particular, the possibility of serious blood potassium deficiency resulting from sodium P.A.S. is eliminated by employing the calcium salt.

PRESENTATION: Package for one week: 100gm. Package for one month: 400gm. Dispensing Package: 2,000gm.

A dosage measure (capacity 2 gm. approx.) supplied gratis with each package.

'Aminacyl' Calcium P.A.S. is also available in the form of Dragees (0.395 gm.) in bottles of 250 and 1,000; and as bulk powder.

The problem was

to provide soluble aspirin in stable tablet form

Aspirin is acidic, sparingly soluble, and for many subjects a gastric irritant. By contrast, its calcium salt is neutral, soluble and bland. Unfortunately, however, calcium aspirin as ordinarily presented is unstable, and thus sooner or later becomes contaminated with the breakdown products, acetic and salicylic acids. In 'Solprin'

the problem of providing calcium aspirin in a substantially neutral, stable and palatable form has been solved. Extensive clinical trials show that Solprin in large dosage and over prolonged periods, can be tolerated without the development of gastric and systemic disturbances, except in cases of extreme hypersensitivity.

Clinical sample and literature supplied on application. Solprin is not advertised to the public and is available only on prescription. (U.K. and Northern Ireland only.) It is not subject to Purchase Tax, and when prescribed costs actually less than 1d. for three tablets.

'PERNIVIT' FOR CHILBLAINS

Pernivit is an effective preparation for the treatment and subsequent prevention of chilblains. It utilises the vasodilator properties of nicotinic acid and the effect of vitamin K in maintaining normal blood coagulability and vascular permeability.

Itching and inflammation are quickly relieved. Dosage is from two to six tablets daily according to the severity of the case.

'PERNIVIT'

Pernivit tablets, containing Acetomenaphthone B.P. and Nicotinic Acid B.P., are available in bottles of 50 and 500.

Literature and specimen packings are available on request.

In Para-nasal infections **ARGYROL** provides
physiological action
without CNS stimulation
or rebound congestion

● A return to normal function by the decongestive, demulcent and bacteriostatic actions of ARGYROL is achieved without the side effects and rebound so frequent with many vasoconstrictors. In the solution of para-nasal problems, the ultimate advantages of using ARGYROL are readily apparent.

The ARGYROL Technique

1. The nasal meatus . . . by 20 per cent ARGYROL instillations through the nasolacrimal duct.
2. The nasal passages . . . with 10 per cent ARGYROL solution in drops.
3. The nasal cavities . . . with 10 per cent ARGYROL by nasal tamponage.

Its Three-fold Effect

1. Decongests without irritation to the membrane and without ciliary injury.
2. Definitely bacteriostatic, yet non-toxic to tissue.
3. Stimulates secretion and cleanses, thereby enhancing Nature's own first line of defense.

There is no
chemical substitute for

Chewing Gum *simplifies the treatment*

Prolonged local medication against penicillin-sensitive organisms, within the buccal cavity, is attained, easily and effectively, by the use of Chulin (Penicillin Chewing Gum A & H). The penicillin, incorporated in a new, improved and palatable mint-flavoured base, is brought into intimate contact with infected surfaces, providing an effective concentration of penicillin in the mouth for three to four hours.

Chulin is the simplest way of treating Vincent's infection, tonsillitis, pyorrhœa and other oral infections due to penicillin-sensitive organisms.

THE BIOLOGICAL ACTIVITY FACTOR IN DERMAL THERAPY

THE treatment of intractable skin diseases, operational trauma, burns, scalds, and bed sores with unsaturated fatty acids is normal. The physician knows that by no means all unsaturated fatty acids have therapeutic value; some are valueless. The factor to which the closest attention must be paid is the biological activity. The extraordinary history of success which has marked the introduction of F "99" in this country is very largely due to the fact that it possesses maximum biological activity. F "99" consists of a concentration of the biologically active isomer of linoleic and linolenic acids. For the first time is made available a standardized product of a purity and biological activity never before attained.

Composition

The active concentrate used in F "99" Capsules and Ointment is made exclusively from vegetable oils and contains the following proportions of unsaturated fatty acids:

Linoleic Acid	$C_{18}H_{32}O_2$	$\frac{2}{3}$
Linolenic Acid	$C_{18}H_{30}O_2$	$\frac{1}{3}$

Indications

The use of F "99" in capsule and ointment form is indicated in cases of infantile eczema, adult eczema, psoriasis, varicose leg ulcers, acne rosacea, furunculosis, etc. Administered under medical supervision, risk of complication is minimized to the point of extinction. In addition to its therapeutic action in treating skin disorders, F "99" ointment has proved of the highest value in facilitating the clean and rapid healing of trauma. It is also indicated in the treatment of burns and scalds—in fact wherever the restoration of healthy, unbroken skin is desired, F "99" ointment may be applied with complete confidence.

Professional Literature

F "99" has no National Formulary equivalent and is not advertised to the public. Every claim made for F "99" is supported by clinical evidence, and physicians who wish to learn more about F "99" are invited to write to:

What's so different about Trufood?

Humanised Trufood is different. It is not an ordinary dried cow's milk. Cow's milk is certainly the raw material used but the finished product is much more than dried cow's milk: it is a special food, specifically designed to meet the nutritional needs of the growing infant. Moreover Trufood is dried by the spray process, keeping the fat as a fine, well diffused emulsion and ensuring greater solubility.

TRUFOOD

REGD.

If you would like to know more about Trufood—how it is made, and why we think that it is the most satisfactory substitute for breast milk—write to Trufood Ltd., Professional Information Service, Green Bank, London, E.1.

The First Move

**in the treatment of the
influenzal state**

... is to reduce pyrexia and relieve myalgia by the use of salicylate, phenacetin and codeine.

HYPON TABLETS have a powerful analgesic-antipyretic action.

HYPON TABLETS contain caffeine which helps to counteract mental and post-influenzal depression and sufficient phenolphthalein to maintain normal peristalsis.

INDICATIONS: Influenza, Tonsillitis, Rheumatic conditions, Spastic Dysmenorrhoea, Neuralgia.

FORMULA: Acid Acetylsalicyl. 40.22%; Phenacet. 48.00%; Caffein 2.00%; Codein. Phosph. 0.99%; Phenolphthal. 1.04%; Excip. 7.75% (each tablet 8 grains).

ROBINSON'S

Robsoup

**THE NEW WEANING FOOD
FOR BABIES**

ROBSOUP is a concentrated bone and vegetable soup, ready cooked in powder form. The food constituents are different from and complementary to those of milk mixtures and cereals.

Robsoup mixes instantly with water at all temperatures to any consistency from a thin broth, suitable for adding to the baby's bottle, to a thick soup which may be fed from cup and spoon.

Robsoup is simple to use and economical—a 1/6d. tin gives ten helpings for a baby of five months. There is no waste with Robsoup. Only the amount required for the next meal is mixed at any one time. Being a dry powder, what is left in the tin will not go bad.

Therefore, provided the water used for mixing has been boiled and the cup and spoon are clean, Robsoup is safe from the danger of food infection and will not occasion gastro-enteritis.

Robsoup is made by a new process from peas, potatoes, carrots, yeast extract, cabbage, gelatin, edible bone phosphate, salt and onion. It is rich in iron (12 mg. per 100 gms.), calcium (400 mg. per 100 gms.) and vegetable protein (15.5%). Robsoup may therefore be given either as the first addition to milk or as the next step in weaning after the introduction of a cereal. Extensive tests have shown that babies thrive on Robsoup and like its flavour.

Pregnancy and Lactation

During pregnancy Andrews Liver Salt will be found of great service. Its pleasant taste and refreshing qualities make it an acceptable draught, which can be repeated with advantage two or three times a day if necessary. Taken thus, Andrews obviates the tendency to constipation and also relieves hepatic congestion. In the persistent vomiting of pregnancy the

sedative effect of Andrews will be found helpful, and its aperient action is of great value in cases of renal insufficiency. During lactation, Andrews can be used with confidence for the relief of constipation.

Active constituents:

Tartaric Acid	..	24.600%
Sodium Bicarbonate	..	25.142%
Magnesium Sulphate	..	19.000%
(B.P.C. Exsicc.)		
Sugar	..	31.250%
Saccharin	..	0.008%

LIVER SALT

Quiet Contribution.

It's remarkable what a disturbing noise cubicle curtains can make, especially at night. That's because the supporting tube echoes the noise of the curtain rings or runners. To cut this noise, HUNTLAND cubicle rails are *air-insulated* from their supporting tubes. This has the added advantage of allowing two rails to be attached to one tube where curtains lap—making a row of cubicles look far neater. Another HUNTLAND special feature is the 'big roller, little roller' principle which prevents jamming—making curtain-drawing quick and easy as well as quiet. That's why most modern hospitals already have HUNTLAND Cubicle Rails. How about yours?

JAEGER

Jaeger body-belts are made of pure wool, for these reasons. Wool keeps its wearer cool in summer, warm in winter. Wool disposes quickly of perspiration, retaining body warmth. Wool, being porous, allows both the escape of exhalations from the skin, and the access of pure air to the skin. Jaeger body-belts sit well, stay in position, and give support without pressure. They are available in all sizes.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

Deferment of call-up for "R" practitioners (i.e., practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical War Committee and (in Scotland) the Scottish Central Medical War Committee. The Committees normally allow an "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that he obtains it without delay. Under present arrangements the Committees also normally allow an "R" practitioner to hold a Second House Officer post (£400) and a Senior House Officer post (£670), provided in each case that the higher appointment is secured before the termination of the practitioner's current appointment.

"R" practitioners may not accept Third House Officer posts (£450 per annum) unless they have obtained the special permission of the C.M.W.C. or (in Scotland) the Scottish C.M.W.C.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

GOVERNMENT OF INDIA

Required for the Irwin Hospital, New Delhi, under the Colombo Plan for Technical Co-operation in South and South-East Asia, an **ORTHOPAEDIC SURGEON**

with postgraduate qualifications and at least ten years' experience in the practice and teaching of orthopaedics, to act as Consultant and to train postgraduate and undergraduate students. The Irwin Hospital is a general hospital of 300 beds with a large surgical section where all types of general surgery, including orthopaedics, are done. Candidates should be between 30 and 55 years. Two-year appointment in first instance with first-class return passage. Salary £3,250 (taxable in this country) with substantial allowances (tax free) and free board and lodging. Write, giving age, full particulars of experience and qualifications, to the Secretary (Division 5A), Ministry of Health, Savile Row, London, W.1. (7730)

HERTFORD BRITISH HOSPITAL

48, Rue de Villiers, Levallois-Perret (Seine), France

Applications are invited for post of

RESIDENT MEDICAL OFFICER

tenable for six months. Hospital comprises 37 beds, including five in obstetrical unit. Salary £400 per annum plus emoluments. Post will shortly be vacant. Knowledge of French essential. Applications should be addressed to the Secretary. (7908)

**COLONIAL MEDICAL RESEARCH
STUDENTSHIPS**

The Secretary of State for the Colonies proposes to offer in 1952 a limited number of Postgraduate Studentships tenable at a British University or research institute or organization, either in the United Kingdom or overseas, for periods of up to two years in preparation for research appointments in the Colonial territories in the field of medicine and its cognate sciences. It would be a condition of the award that the student undertakes, if so required within the period of six months following the conclusion of the studentship period, to serve in a research appointment in any Colonial territory selected by the Secretary of State for not less than three years. **Qualifications:** Candidates should be under 32 years of age and should hold either (a) a medical qualification registrable in the United Kingdom, or (b) a first or good second-class honours degree. A candidate taking a degree this summer may apply before the result of the degree examination is known. **Allowances:** (a) For students with medical qualifications a maintenance allowance is payable in the scale £565 by £35 to £740 per annum, the starting point being determined by the number of years' experience gained since qualification. The allowance is taxable and marriage and children's allowances are not payable in addition. (b) For non-medically qualified students a maintenance allowance is payable at the rate of £300 per annum (£360 per annum if training is at Oxford, Cambridge, or London) with the addition for a married student of £110 marriage allowance plus children's allowances. These allowances are tax free. Provision is made separately for payment of fees. Application forms are obtainable from Under Secretary of State, Colonial Office (Research Department), Sanctuary Buildings, Great Smith Street, London, S.W.1. Completed applications should reach the Colonial Office not later than March 31, 1952. (7729)

**HIS MAJESTY'S COLONIAL SERVICE, Malaya
PATHOLOGIST**

for the Colonial Medical Service in Malaya

Duties include research work and the administration of the laboratory, diagnostic examination of pathological and bacteriological specimens, post-mortem examinations and some medico-legal work. Appointment is available: (a) on probation for permanent establishment; (b) on employment from the National Health Service, and (c) on short-term contract with gratuity: (a) **Permanent terms.** Subject to three years' probation, appointment is permanent with pension (non-contributory) at age 55. Salary is paid in the scale £952 by £42 to £1,204 to £1,274 by £42 to £1,652 per annum. There is also a cost-of-living allowance at varying rates, according to family circumstances, with minimum of £336 per annum for single men, rising to maximum of £707 per annum for married men with children. **Note.** Doctors with more than one year's approved experience after age 25 (including service in His Majesty's Forces) enter the salary scale at points above the minimum according to their experience, and four increments of salary are also given to holders of approved higher qualifications (e.g., F.R.C.S., M.R.C.P., D.P.M., D.A., etc.). (b) **National Health Service.** Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malaya salary on leaving Malaya at the end of their engagements. Emoluments as under (a) including incremental credit for experience and higher qualifications as in note under (a). Doctors so appointed may be considered for permanent terms at any time during their colonial employment provided they surrender their rights to the resettlement grant and payment by Malayan Governments of superannuation contributions. (c) **Contract terms.** The contract will be for three years' resident service, renewable for a further tour of three years by mutual agreement. Salary and cost-of-living allowance as under (a) including incremental credit for experience and higher qualifications as in note under (a). In addition a gratuity earned at the rate of £300 to £450 per annum, according to salary, is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity granted refer to doctors eligible for "expatriate terms" under Malayan Regulations (e.g. whose permanent homes are in the United

Kingdom, Ireland, Australia, Canada, etc.). A limited number of doctors liable for call up under the National Service Act, 1948, may apply, and if appointed will be granted indefinite deferment of call up on completion of a minimum period of one tour of three years in the Malayan Medical Service. The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and children under the age of ten (not exceeding four persons besides himself) on appointment and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. The social and recreational facilities in Malaya are good. Candidates must have medical qualifications registrable in the United Kingdom and should have at least two years' experience of clinical pathology, general bacteriology, and particularly of morbid histology and give evidence of ability to undertake research. Application forms can be obtained from the Director of Recruitment (Colonial Service) Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/318/51). (7847)

**HIS MAJESTY'S COLONIAL SERVICE, Malaya
RADIOLOGISTS**

for the Colonial Medical Service in Malaya

Duties include those of Medical Officer and hospital radiologist. Candidates must possess medical qualifications registrable in the United Kingdom and should have either a Diploma in Medical Radiology or considerable experience in radiological work. Appointment can be made: (a) on probation for permanent establishment; (b) on employment from the National Health Service; and (c) on short-term contract with gratuity: (a) **Permanent terms.** Subject to three years' probation, appointment is permanent with pension (non-contributory) at age 55. Salary is paid in the scale 1952 by £42 to £1,204 to £1,274 by £42 to £1,652 per annum. There is also a cost-of-living allowance at varying rates, according to family circumstances, with minimum of £336 per annum for single men, rising to maximum of £707 per annum for married men with children (both rates rather higher when stationed in Singapore). **Note.** Doctors with more than one year's approved experience after age 25 (including service in His Majesty's Forces) enter the salary scale at points above the minimum according to their experience, and four increments of salary are also given to holders of approved higher qualifications (e.g., F.R.C.S., M.R.C.P., D.P.M., D.A., etc.). (b) **National Health Service.** Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malaya salary on leaving Malaya at the end of their engagements. Emoluments as under (a) including incremental credit for experience and higher qualifications as in note under (a). Doctors so appointed may be considered for permanent terms at any time during their colonial employment provided they surrender their rights to the resettlement grant and payment by Malayan Governments of superannuation contributions. (c) **Contract terms.** The contract will be for three years' resident service, renewable for a further tour of three years by mutual agreement. Salary and cost-of-living allowance as under (a) including incremental credit for experience and higher qualifications as in note under (a). In addition a gratuity earned at the rate of £300 to £450 per annum, according to salary, is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity granted refer to doctors eligible for expatriate terms under Malayan Regulations (e.g. whose permanent homes are in the United Kingdom, Ireland, Australia, Canada, etc.). A limited number of doctors liable for call up under the National Service Act, 1948, may apply, and if appointed will be granted indefinite deferment of call up on completion of a minimum period of one tour of three years in the Malayan Medical Service. The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife and children under the age of ten (not exceeding four persons besides himself) on appointment and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. The social and recreational facilities in Malaya are good. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/194/51). (7848)

Overseas—contd.**HIS MAJESTY'S COLONIAL SERVICE, Malaya
SENIOR NUTRITION OFFICER**

Required in Malaya to take charge of the Division of Nutrition, Institute for Medical Research. The officer selected will be required to organize and lead all nutrition research based on the Institute, but may have to work in laboratory, hospital or anywhere in the field; to give technical advice to the Government and Medical Services; he may, in due course, be required to organize training courses for doctors and others in the principles of nutrition. Biochemistry, bacteriology and pathology divisions are available to assist with investigations requiring laboratory facilities. Appointment, subject to three years' probation, is available on a permanent basis with pension (non-contributory) at the age of 55, or on short-term agreement for three years in the first instance. Doctors in the National Health Service may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malayan salary on leaving Malaya at the end of their engagement. Doctors so appointed may be considered for permanent terms at any time during their employment. Basic salary is \$1,050 per mensem (£1,470 per annum). In addition, pensionable expatriation pay is payable at \$200 per mensem (£280 per annum). There is also a cost-of-living allowance at \$240 per mensem (£336 per annum) for single officers, \$430 per mensem (£602 per annum) for married officers without dependent children, and \$505 per mensem (£707 per annum) for married officers with one or more dependent children. The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife and children under the age of ten (not exceeding four persons besides himself) on appointment and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. Candidates must possess medical qualifications registrable in the United Kingdom and should have a higher medical qualification, with at least ten years' postgraduate experience, and an expert knowledge of, and research experience in, the science and practice of nutrition. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/344/51). (7745)

**HIS MAJESTY'S COLONIAL SERVICE, Malaya
Blood Transfusion Service
MEDICAL OFFICER**

Required for service in Malaya, to organize and supervise a hospital blood transfusion service for approximately a 1,000-bedded hospital. Appointment is available: (a) on probation for permanent establishment; (b) on employment from the National Health Service; and (c) on short-term contract with gratuity: (a) **Permanent terms.** Subject to three years' probation, appointment is permanent with pension (non-contributory) at age 55. Salary is paid in the scale £952 by £42 to £1,204 to £1,274 by £42 to £1,652 per annum. There is also a cost-of-living allowance at varying rates, according to family circumstances, with minimum of £336 per annum for single men, rising to maximum of £707 per annum for married men with children (both rates higher when stationed in Singapore). **Note.** Doctors with more than one year's approved experience after age 25 (including service in His Majesty's Forces) enter the salary scale at points above the minimum, according to their experience, and four increments of salary are also given to holders of approved higher qualifications (e.g., F.R.C.S., M.R.C.P., D.P.M., D.A., etc.). (b) **National Health Service.** Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malaya salary on leaving Malaya at the end of their engagements. Emoluments as under (a) including incremental credit for experience and higher qualifications as in note under (a). Doctors so appointed may be considered for permanent terms at any time during their colonial employment provided they surrender their rights to the resettlement grant and payment by Malayan Governments of superannuation contributions. (c) **Contract terms.** The contract will be for three years' resident service, renewable for a further tour of three years by mutual agreement. Salary and cost-of-living allowance as under (a) including incremental credit for experience and higher qualifications as in note under (a). In addition a gratuity earned at the rate of £300 to £450 per annum, according to salary, is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity granted refer to doctors eligible for expatriate terms under Malayan Regulations (e.g., whose permanent homes are in the

United Kingdom, Ireland, Australia, Canada, etc.). A limited number of doctors liable for call up under the National Service Act, 1948, may apply, and if appointed will be granted indefinite deferment of call up on completion of a minimum period of one tour of three years in the Malayan Medical Service. The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and children under the age of ten (not exceeding four persons besides himself) on appointment and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. The social and recreational facilities in Malaya are good. Candidates must possess medical qualifications registrable in the United Kingdom, and have had at least two years' postgraduate experience in the latest technique of blood transfusion work. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/162/51). (7849)

HIS MAJESTY'S COLONIAL SERVICE, Malaya

Doctors having medical qualifications registrable by the General Medical Council in the United Kingdom with one or more years' experience after qualification are required for appointment as

**MEDICAL OFFICERS AND MEDICAL OFFICERS
OF HEALTH****for General Medical and Health duties**

Appointment is available (a) on probation for permanent establishment; (b) on employment from the National Health Service; and (c) on short-term contract with gratuity. (a) **Permanent terms.** Subject to three years' probation, appointment is permanent with pension (non-contributory) at age 55. Salary is paid in the scale £952 by £42 to £1,204 to £1,274 by £42 to £1,652 per annum. There are many posts, specialist and administrative, available on promotion carrying higher salaries (up to about £2,400 for the highest post). Promotion is often made before reaching the top (£1,652) of the long scale. There is also a cost-of-living allowance at varying rates, according to family circumstances, subject to maximum of £336 per annum for single men and of £707 per annum for married men with children (both rates higher when stationed in Singapore). **Note.** Doctors with more than one year's approved experience after age 25 (including service in His Majesty's Forces) enter the salary scale at points above the minimum according to their experience; and four increments of salary are also given to holders of approved higher qualifications (e.g., F.R.C.S., M.R.C.P., D.P.M., D.A., etc.). (b) **National Health Service.** Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malaya salary on leaving Malaya at the end of their engagements. Emoluments as under (a), including incremental credit for experience and higher qualifications as in note under (a). Doctors so appointed may be considered for permanent terms at any time during their colonial employment provided they surrender their rights to the resettlement grant and payment by Malayan Governments of superannuation contributions. (c) **Contract terms.** The contract will be for three years' resident service renewable for a further tour of three years by mutual agreement. Salary and cost-of-living allowance as under (a), including incremental credit for experience and higher qualifications as in note under (a). In addition a gratuity earned at the rate of £300 to £450 per annum, according to salary, is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity refer to doctors eligible for expatriate terms under Malayan Regulations (i.e., those whose permanent homes are in the United Kingdom, Ireland, Australia, Canada, etc.). A limited number of practitioners liable for call up under the National Service Act, 1948, may apply, and if appointed will be granted indefinite deferment of call up on completion of a minimum period of one tour of three years in the Malayan Medical Service. The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and children under the age of ten (not exceeding four persons besides himself) on appointment and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. The social and recreational facilities in Malaya are good. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/242/51). (5187)

HIS MAJESTY'S COLONIAL SERVICE, Trinidad**The Medical Department in Trinidad require a
SUPERVISOR OF LABORATORIES, and a
PATHOLOGIST**

Duties of the posts are as follows: (a) **Supervisor of Laboratories.** To administer the central medical laboratory; to supervise and be responsible for the administration and technical direction of other branch laboratories; to carry out the work of a pathologist and bacteriologist and perform such other general duties as may be required. (b) **Pathologist.** To carry out, under the direction of the Supervisor of Laboratories, the supervisory and routine duties in clinical pathology, biochemistry, bacteriology and serology, haematology, morbid anatomy, histology and post-mortem work. Appointments can be made on a permanent basis with pension (non-contributory) at age of 55, or on short term contract with gratuity on completion of satisfactory service. Candidates in the National Health Service may resign from the National Health Service but retain their superannuation rights during their time in Trinidad (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Trinidad salary on leaving Trinidad at the end of their engagement. Salary for Supervisor of Laboratories is \$6,800 (£1,350) per annum. Salary scale for Pathologist ranges from \$5,280 to \$5,760 (£1,000 to £1,200) per annum—ne dollar equals 4s. 2d. Starting point in the scale is determined according to the candidate's qualifications and experience. Quarters are not provided, but an allowance is payable towards the rental of a private house. Free passages provided for officer, wife and children, not exceeding five persons in all on first appointment, and up to three adult fares on leave. Income tax at local rates. Tour of service is three years. Generous home leave. **Qualifications:** Candidates for appointment as Supervisor of Laboratories must have had post-graduate experience in all branches of clinical pathology. Those who have specialized in pathological histology are preferred. Experience in the tropics or the possession of the Diploma in Tropical Medicine is essential. A higher degree in medicine is desirable. Candidates for appointment as Pathologist should have a good knowledge and practical experience of modern clinical and general pathology, medical biochemistry as applied to clinical pathology and routine laboratory bacteriological work. The possession of the Diploma of Clinical Pathology or Diploma in Public Health, though not essential, would be regarded as an additional qualification. All candidates must possess medical qualifications registrable in the United Kingdom. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/329/51). (7850)

UNIVERSITY APPOINTMENTS**NUFFIELD FOUNDATION
MEDICAL FELLOWSHIPS**

As part of its programme for the advancement of health the Nuffield Foundation is prepared to award a number of Fellowships to highly qualified medical men and women of the United Kingdom, usually between the ages of 25 and 35, who wish to train further for teaching and research appointments in any branch of medicine. Between equally qualified applicants preference will be given to those who wish to pursue an academic career in child health, social medicine, industrial health, psychiatry, and chronic rheumatism. Applications for awards in 1952 must be received not later than May 1, 1952. The value of the awards will be variable but will not be less than £900 per annum plus travelling expenses. The conditions of these fellowships and the application forms are obtainable from the Secretary, The Nuffield Foundation, 12 and 13, Mecklenburgh Square, London, W.C.1.—L. Farrer-Brown, Secretary of the Nuffield Foundation. (7796)

UNIVERSITY OF EDINBURGH**Department of Physiology**

Applications are invited for the appointment of

**LECTURER (Higher salary scale) and of a
LECTURER (Lower salary scale)
in the Department of Physiology**

The duties will include lecturing and demonstrating to medical and to science students. A medical qualification is not essential, but candidates should possess a good Honours Degree in Physiology. Salary scales £850 to £1,250 per annum, and £600 to £800 per annum respectively, with placement according to age and experience, and with superannuation benefit and family allowance where applicable. The successful candidates will be expected to take up duty on October 1, 1952. Further particulars may be obtained from the undersigned, with whom applications, giving the names of three referees, should be lodged not later than March 31, 1952.—Charles H. Stewart, Secretary to the University. (7746)

University Appointments—contd.

PINSENT-DARWIN STUDENTSHIP

An election to the Pinsent-Darwin Studentship in mental pathology will be made at Cambridge in March. It is of the annual value of about £250 and is tenable for three years. The student must engage in original research into any problem having a bearing on mental defects, but may carry on educational or other work concurrently. Applications should be sent before March 3 to the Secretary, Pinsent-Darwin Studentship, Psychological Laboratory, Cambridge. Applicants should state their age and qualifications, and the general nature of the research that they wish to undertake. No testimonials are required, but applicants should give the names of not more than three referees. (7907)

TANCRED'S STUDENTSHIPS

Divinity, Medicine, Law

£100 per annum each. For men only

About Whitsuntide next the Governors propose to elect one Student in Physic at Gonville and Caius College, Cambridge, and one Student in Law at Lincoln's Inn. Candidates must have been born in England, Scotland or Wales and be members of the Church of England and unmarried. An examination will be held at Caius College on Wednesday, April 16, 1952, for Physic candidates who must be within the ages of 17 and 22 years. The Law candidates, who must be within the ages of 20 and 23 years, must have passed an approved examination of school certificate standard. The last day for sending in petitions for the Physic and Law Studentships is March 11, 1952.

A Divinity Studentship will be awarded later in the year, on the result of the scholarship examinations conducted in December by the Queen's, Christ's, St. John's, Emmanuel and Sidney Sussex Group of Colleges, in the University of Cambridge. A further announcement relating to the Divinity Studentship will appear in this *Journal* in September.

Apply for further particulars and form of petition, stating kind of Studentship and mentioning this *Journal*, to the Clerk, R. M. C. Howard, Esq., D.S.O., 28, Lincoln's Inn Fields, London, W.C.2. (7788)

Educational—contd.**ROYAL COLLEGE OF PHYSICIANS OF LONDON**

The next Examination for the Membership will commence on Monday, March 24, 1952. Prospective candidates are asked to note that entries accompanied by the certificates and testimonials required by the bye-laws must reach the College not later than first post on Monday, February 25, 1952. Candidates must have been qualified for eighteen months. Candidates who propose to submit published work under the regulations are required to give twenty-eight days' notice, and should apply, in writing, to the Registrar, without delay, for detailed instructions as to the procedure they should follow. Completed entries for published work must also reach the College not later than first post on Monday, February 25.—Harold Boldero, D.M., Registrar, Pall Mall East, London, S.W.1. (7731)

LECTURES

ROYAL COLLEGE OF PHYSICIANS OF LONDON.—Victor Henry Springett, Esq., M.D., will deliver the Milroy Lectures on Tuesday, February 12, and Thursday, February 14, 1952, at 5 p.m. at the College, Pall Mall East, S.W.1. Subject: "An Interpretation of Statistical Trends in Tuberculosis." Any member of the medical profession admitted on presentation of card. By order of the President.—Harold Boldero, Registrar. (7800)

UNIVERSITY OF LONDON. A COURSE OF two lectures on "The Physics and Chemistry of Molecular Interactions at Interfaces, with special reference to haemolysis, lipo-protein associations, fat emulsion systems and the possible mode of action of some biologically active molecules," will be given by Dr. J. H. Schuman (Cambridge), at 5.30 p.m. on February 20 and 21, at the Institute of Education (Assembly Hall), Malet Street, W.C.1. Admission free, without ticket.—James Henderson, Academic Registrar.

Readers frequently desire to refer to advertisements concerning appliances, preparations, etc., which have appeared in earlier issues of the *Journal*.

The Advertisement Manager can supply particulars at any time.

In dealing with written enquiries, especially from overseas, correspondents are, wherever possible, put in direct contact with the advertisers in whose products they are interested.
