VARICOSE ULCER of 27 YEARS DURATION HEALED IN 5 MONTHS

The area of this ulcer on a 72-year-old woman was 56 sq. cms.

TREATMENT : Elastoplast applied as follows: no dressing to ulcer. Stirrup from head of fibula along lateral side of leg, under sole and up medial aspect of leg to level of tibial tubercle. Long strip from tibial tubercle along anterior surface to base of toes. Elastoplast applied as continuous circular turns from base of toes to tibial tubercle enclosing heel, each turn overlapping the preceding one by $\frac{2}{3}$ of its width. Two bandages were required and were applied as tightly as possible by hand. Patient instructed to perform normal household duties.

The ulcer was re-dressed at fortnightly intervals, its area steadily reducing until it disappeared after twenty-two weeks.

Elastoplast TRADE MARK elastic · adhesive BANDAGES

Elastoplast Elastic Adhesive Bandages are widely used not only in this country but throughout the world, because they have been found to give the precise degree of compression and grip required for successful treatment of varicose conditions. Elastoplast is an approved dressing for all chronic conditions of the leg. It is also invaluable as a post-operative dressing, as a strapping for compression and support and for many purposes when a comfortable, occlusive dressing or elastic support is required. Full information from the Medical Division, T. J. Smith & Nephew Ltd., Hull.

Elastoplast elastic adhesive bandages are available in widths of 2", 2½", 3", 4" x 5 yards minimum stretched length.

Outside the British Commonwealth, Elastoplast is known as Tensoplast.

... a new achievement in the control
of HYPERTENSIVE CRISES

A SAFE AND POWERFUL HYPOTENSIVE AGENT CAPABLE OF
 REDUCING BLOOD PRESSURE TO NORMAL LEVELS WITHIN
 MINUTES IN A GREAT MAJORITY OF PATIENTS.

Veriloid Intravenous Solution is an important new emergency drug. By its use, immediate control of arterial tension is possible in those conditions in which a continued hypertensive state could readily lead to disaster. It therefore finds valuable application in the emergency treatment of malignant hypertension, encephalopathy, eclampsia and hypertensive states accompanying cerebral vascular disease. After tension has been controlled by Veriloid Intravenous Solution, oral treatment with Veriloid tablets can be instituted and continued indefinitely.

Veriloid Intravenous Solution contains 0.4 mg. of Veriloid brand alkaloids of *Veratrum viride* in each c.c. and is biologically assayed to ensure uniform hypotensive potency. It is a very potent agent, and should not be used before the instructions for use have been carefully studied.

*In boxes of 6 ampoules
 of 5 cc.*

**FOR YOUR
PREGNANT PATIENTS
WITH NAUSEA AND VOMITING**

Nidoxital

is available in bottles of 20 and 100 capsules. Original prescriptions should specify no more than 20 capsules since this quantity is usually sufficient for complete control. Dosage: one capsule 30 to 45 minutes before meals in the usual case; may be increased to 2 to 3 capsules in exceptionally severe cases.

Ortho Pharmaceutical Limited

HIGH WYCOMBE • BUCKINGHAMSHIRE • ENGLAND

Makers of Gynaecic Pharmaceuticals

For the 50% of pregnant women who suffer gastric distress, NIDOXITAL provides rapid relief. In almost all patients treated with NIDOXITAL, symptoms disappear within one to three days.*

Nidoxital

is rational therapy

Since the problem is complex, NIDOXITAL provides five effective agents for a full range of therapeutic and prophylactic action:

Benzocaine — to diminish gastric excitability
Nicotinamide — to reduce excessive peristalsis
Pentobarbital sodium — to depress central excitability
dl-Methionine — to support normal liver function
Pyridoxine — for fatty acid and protein metabolism, maintenance of nerve function and erythropoiesis. Pyridoxine is reported by many clinicians to have a favourable effect in nausea and vomiting of pregnancy and is a firmly established agent in treatment of this condition.

LABORATORY PROOF

EXTRA KNOT STRENGTH

*** ETHICON CATGUT**

Each batch of Ethicon suture material is tested for knot-pull strength on the Incline-Plane Tester in the laboratory. Visual evidence of strength at the knot is shown on the Tensilegram chart. To the surgeon, suture strength is most essential when the knot is being tied. This is the time of the greatest strain. New exclusive processes developed by Ethicon have resulted in three new contributions to surgical techniques. (1) Knot breakage is reduced to minimum. (2) Smaller suture sizes are found adequate and foreign body reaction is reduced. (3) Because of greater strength, minimum sizes can now be used where catgut is indicated.

RELATIVE VOLUME CONTENT

	SIZE 2
	SIZE 1 27% less volume than Size 2
	SIZE 0 29% less volume than Size 1
	SIZE 2-0 36% less volume than Size 0
	SIZE 3-0 40% less volume than Size 2-0
	SIZE 4-0 44% less volume than Size 3-0

**QUICKER HEALING, LESS SCAR TISSUE
WHEN FINER-GAUGED SUTURES ARE USED**

The diagram on the left shows possible reductions in amounts of suture materials embedded in tissue when smaller sizes are used. Better results are achieved from the use of smaller sizes in sutures. It is now generally recognised that the greater the amount of suture embedded in the tissue, the more pronounced is the inflammatory reaction, the slower the onset of healing, and the larger the amount of scar tissue

formed. Smaller gauges of catgut, paradoxically, maintain their integrity longer than larger sizes. The smaller sizes arouse decidedly less foreign body reaction. The increased strength of Ethicon Catgut Sutures permits the surgeon to use smaller sizes and secure all the advantages inherent in the decreased volume of suture used. Quicker healing, decrease in scar formation and better surgical results are attained.

NYDRAZID

SQUIBB

A NEW ANTI-TUBERCULOUS DRUG

During intensive screening tests on several thousand compounds, carried out in the Squibb Institute of Medical Research in the last few years, NYDRAZID (iso-Nicotinic Acid Hydrazide) showed considerable activity against tubercle bacilli.

NYDRAZID has been subjected to extensive pharmacological investigation and later to clinical trials which indicated that the drug had real promise in the treatment of tuberculosis.

Initial supplies of NYDRAZID have been handed through the Ministry of Health to the Medical Research Council who have begun clinical trials in this country so that a thorough scientific evaluation of the drug can be made as early as possible. Other trials are already in progress under leading clinicians in British hospitals.

Plans for producing NYDRAZID commercially have been completed and supplies will be made available to the medical profession as soon as the early therapeutic expectations of the drug have been confirmed. It will then be made available to sanatoria and hospitals where the greatest need exists.

*Preliminary information on NYDRAZID
will be sent gladly on request:*

NOW MANUFACTURING AT SPEKE, LIVERPOOL

Fundamentals

PEPSIN AND ACID, although not the ultimate cause of peptic ulcer, create the corrosive medium which prevents the healing of the ulcer and jointly make possible its continuance and recurrence. The fundamental factor is, therefore, to control the action of pepsin in a highly acid medium and create an environment which permits the ulcer to heal.

Gastric corrosion can be stopped instantly by 'ALUDROX' therapy, which neutralises excess acid and partially inactivates pepsin but leaves the stomach in a sufficiently acid condition to allow normal protein digestion. 'ALUDROX' promptly relieves pain and in conjunction with a bland diet and rest ensures rapid healing of the ulcer.

ALUDROX is available in two forms: as an amphoteric gel (consisting of Aluminium Hydroxide Gel B.P.C. suitably flavoured and preserved) in 6 oz. and 12 oz. bottles and as tablets (each tablet containing dried Aluminium Hydroxide Gel B.P.C. 13 gr.) in boxes of 60.

The complete answer for macrocytic anæmias

Clinical experience over a decade has established that the administration of Anahæmin constitutes the most effective form of treatment for pernicious anæmia.

Anahæmin produces, with small and comparatively infrequent doses, a prompt and satisfactory erythropoiesis in patients in relapse, it ensures the maintenance of a normal erythrocyte level in patients in remission and is effective in preventing the onset of subacute combined degeneration of the cord.

Anahæmin has also been found to be of value in the treatment of herpes zoster and post-herpetic neuralgia. The recommended dosage is 2 ml. followed by 1 ml. on subsequent days until relief is obtained.

When anxiety makes life a burden...

To the patient suffering from emotional imbalance, the ordinary problems of everyday life can appear insuperable, and physical symptoms may also develop. The elimination of possible causes — economic, social, or domestic

— is not always practicable; tactful reassurance must often be enhanced by active therapy. In cases of depression associated with anxiety 'Drinamyl' induces a sense of tranquillity and relieves mental and emotional distress.

' DRINAMYL '

is remarkably helpful

Samples and further information are available on request

'DRINAMYL' TABLETS

Available, on prescription only, in bottles of 25 tablets. Each tablet contains 5 mg. dextro-amphetamine sulphate ('Dexadrine') and 32 mg. (gr. $\frac{1}{2}$) amylobarbitone.

An outstanding advance in FIRST-AID DRESSINGS

Dalmas waterproof dressings accelerate healing

UNLIKE many other first-aid dressings, Dalmas are now impregnated with 5-aminoacridine hydrochloride.

This most effective antiseptic accelerates healing. Doctors and nurses recognize the place held in wound therapy by 5-aminoacridine hydrochloride, despite the advent of the sulphonamides and penicillin. Unlike these, 5-aminoacridine has a bactericidal action against *B. Proteus* and other Gram-negative organisms.

The use of this antiseptic adds another advantage to those which have made Dalmas dressings so outstanding. They are waterproof and grease-proof and can be worn while washing. They stretch in every direction, yet the edges stick tight, so cannot fray or catch in clothes. They are skin-coloured and hardly show.

NOTE: They should be applied to dry skin.

DALMAS LIMITED
LEICESTER (Phone: Leicester 65261)

Dalmas Special Doctor's Cabinet

This enamelled metal cabinet contains 180 first-aid dressings in seven sizes and shapes, with a spool of Dalmas strapping. Price 16/8, refills 14/10. Invaluable for consulting room and home.

Dalmas Vaccination Dressings

A new waterproof vaccination dressing of patented design, available in two sizes, the smaller being specially for babies and small children. Retail price 1/- for carton of two dressings, or, in the children's size, 1/- for four dressings.

Dalmas Strapping

A new waterproof adhesive tape in 1-yd. spools (1 inch wide). Retail price 1/- . Also in 3-yd. lengths and in 2-inch and 3-inch widths. Dalmas strapping is ideal where a bandage would be awkward.

The above products can be obtained direct from Dalmas Limited, Leicester, or through your usual supplier.

TO DOCTORS

who have to advise
mothers on baby feeding

The meat broths, vegetables and fruits prepared by Heinz for infants of 3 months and onwards are *more valuable*, from the nutritional standpoint, than such foods are when prepared at home.

The facts about Glucose

Glucose, a term used to include a substance resulting from the partial hydrolysis of starch, is in practice a general description rather than a precise one. It is applied to medical preparations which contain additives that may not always be wanted and to commercial products of varying degrees of refinement. To identify Glucose in its purest form, and *only in this form*, the term Dextrose is used.

Dextrose, as found in the blood and tissues, is the sugar into which the body converts all carbohydrates. Requiring neither digestion nor chemical alteration, Dextrose is used by the body as a source of immediate energy.

The Dextrose (pure medicinal Glucose) produced by the Pharmaceutical Division of Corn Products Company Limited is prepared in two convenient forms:—

Dextrosol Powdered Glucose

This contains no additives of any kind. It can be taken in large quantities without causing nausea, and should be prescribed in all cases where a patient needs a source of heat and energy with the least demand on the digestion. Packed in 1 lb. & $\frac{1}{2}$ lb. cartons.

Dextrosol Karo Glucose Syrup

for Infants and Children

An appetising blend of pure Glucose and selected carbohydrates, carefully balanced to provide the ideal sugar addition to the milk diet of artificially-fed infants. Of special value in cases of nutritional disorder. Spread on rusks, bread, etc., it offers an excellent supplementary source of energy for growing children. Packed in 1 lb. tins. A Karo Baby Book is available for the guidance of mothers.

Professional samples of both Dextrosol products will be gladly provided. For further information, doctors are invited to write to the Dextrosol Information Bureau, Wellington House, 125/130 Strand, London, W.C.2.

BURSON^{'LASTEX'}

Surgical Stockings

Specify "Burson" for
Two-Way Stretch

- ★ Uniform tension, easily adjustable
- ★ Strength at points of greatest strain
- ★ Lightness and coolness for comfort
- ★ Expert fashioning for exact fitting

Burson Elastic Stockings are made from the finest 'Lastex' yarn to give them a special two-way stretch. And the complete size range of Burson Hosiery ensures a perfect fitting in every case.

Marked decrease of pyogenic infections follows the use of DERL containing HEXACHLOROPHENE

The use of "Derl", containing Hexachlorophene, has proved effective in causing a marked decrease in the incidence of pyogenic infections such as Whitlows, Sycosis, Impetigo, Furuncles, Carbuncles and Cellulitis, and can be prescribed with confidence to patients liable to these conditions.

The introduction of "Derl" has secured the interest of the Medical Profession and Health Authorities. A report recently received from a large British hospital states: "The incidence of septic skin conditions is increasing at the hospitals which we are using as a 'control' but it has not increased at the hospital where we are using DERL."

A wash with Derl lasting from one to three minutes will reduce the bacterial flora of the skin to a level unheard of by the use of ordinary soap, or by the combination of ordinary soap with other chemicals.

The high germicidal activity of this remarkable new soap is known to be due to the absorption of Hexachlorophene by the skin in sufficient quantity to exert a continuous bacteriostatic effect. No cases of sensitization have been reported.

We gladly send testing samples to members of the medical profession.

Prescribing a Laxative

When the Physician is called upon to prescribe a laxative for prolonged or occasional use, Andrews merits special consideration. Andrews is pleasant tasting. Its effervescence has a refreshing quality that makes it an acceptable draught. Andrews causes no griping or discomfort. Its laxative action is due to the presence of magnesium sulphate and other salts in balanced proportion, which, acting by osmosis, induce easy, painless evacuation.

Andrews is particularly suitable for patients liable to digestive upsets. It allays gastric discomfort and nausea. It also improves the flow of bile, and helps to check biliousness and sick headaches. No costive reaction results when Andrews is discontinued.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★*SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

Deferment of call-up for "R" practitioners (i.e., practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical War Committee and (in Scotland) the Scottish Central Medical War Committee. The Committees normally allow an "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that he obtains it without delay. Under present arrangements the Committees also normally allow an "R" practitioner to hold a Second House Officer post (£400) and a Senior House Officer post (£670), provided in each case that the higher appointment is secured before the termination of the practitioner's current appointment.

"R" practitioners may not accept Third House Officer posts (£450 per annum) unless they have obtained the special permission of the C.M.W.C. or (in Scotland) the Scottish C.M.W.C.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held, £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

"BRITISH MEDICAL JOURNAL" ASSISTANT EDITOR

The Council of the British Medical Association invites applications from registered practitioners for the appointment of a Medical Assistant Editor to the *British Medical Journal*. In the first instance the appointment will be for six months on a probationary basis at a salary of £1,500 a year, rising by annual increments of £100 to £2,200 a year. In exceptional circumstances the initial salary may be above the minimum of the scale. The Association superannuation scheme will apply on substantive appointment. Candidates must present evidence of literary ability and/or journalistic experience. A knowledge of one or more foreign languages is desirable. Applicants should send full particulars of qualifications, experience, age, etc., together with the names and addresses of three persons to whom reference may be made, to the Editor of the *British Medical Journal*, B.M.A. House, Tavistock Square, London, W.C.1, not later than May 10, 1952. Envelopes should be marked "*British Medical Journal*—Assistant Editor." (2960A)

PRACTICES (Executive Councils)

Public Health—contd.**DENBIGH, ADMINISTRATIVE COUNTY OF**
Applications are invited from registered medical practitioners (male or female) for appointment as **ASSISTANT COUNTY MEDICAL OFFICER AND SCHOOL MEDICAL OFFICER**

The commencing salary will be £850 per annum, rising by annual increments of £50 to a maximum of £1,150 per annum. The appointment is a whole-time one and the person appointed will not be allowed to engage in private practice. A knowledge of Welsh will be considered an additional qualification. The person appointed will be required to perform such duties as may be assigned from time to time by the County Medical Officer of Health. The successful candidate will be required to pass a medical examination. The appointment will be terminable by three months' written notice on either side and will be subject to the Local Government Superannuation Act, 1937, and to the conditions of service attaching to the post as varied from time to time. Canvassing, directly or indirectly, will be a disqualification. Particulars of duties and other conditions of appointment and forms of application to be obtained from the County Medical Officer of Health, 16, Grosvenor Road, Wrexham. Applications should be received by me at the address below not later than April 30, 1952.—W. E. Bufton, Clerk to the County Council, County Offices, Ruthin. (2915)

FIFE COUNTY COUNCIL
Health and Welfare Department

Applications are invited from registered medical practitioners for the following appointment:

SENIOR MEDICAL OFFICER (Male)
(Chief Executive School Medical Officer)

Applicants must possess a degree or diploma in State Medicine or Public Health, have had experience in School Medical Work, and in classification and disposal of educationally handicapped and maladjusted children. The post will carry duties in connexion with the organization and administration of the School Medical Service and such other duties as may be allocated from time to time by the County Medical Officer, who is the Chief School Medical Officer for the County, including the large burghs therein. Commencing salary £1,250 per annum, rising by annual increments of £50 to £1,650 per annum. The successful candidate will require to undergo a medical examination for superannuation purposes. Applications, with names of two referees, and furnishing particulars of age, experience, etc., to be lodged with the County Medical Officer, County Buildings, Cupar, Fife, within a period of seven days from the date of the appearance of this advertisement. No canvassing.—J. M. Mitchell, County Clerk, County Buildings, Cupar, Fife. (2960)

LUTON, BOROUGH OF
ASSISTANT MEDICAL OFFICER AND
ASSISTANT SCHOOLS MEDICAL OFFICER

Applications are invited from registered medical practitioners possessing a Certificate or Diploma in Public Health or a Diploma in Child Health for the above-mentioned appointment. Salary, £950 to £1,150. Car allowance. Full particulars and conditions of appointment may be obtained from the undersigned, to whom applications should be delivered not later than April 28, 1952.—W. H. Robinson, Town Clerk, Town Hall, Luton. (2460)

GOVERNMENTAL**CIVILIAN SPECIALISTS FOR THE ARMY**
OVERSEAS

Immediate applications are invited for a limited number of appointments as

CIVILIAN SPECIALISTS IN SURGERY

for service with the R.A.M.C. overseas, in Hong Kong, Singapore, Malaya, Egypt, North, East, and West Africa and garrisons in Europe. There are vacancies for men and women. Full particulars and application forms can be obtained from the Under-Secretary of State, The War Office (AMD.1), Lansdowne House, Berkeley Square, London, W.1 (telephone inquiries GROVESNOR 8040 Ext. 548). Salary will be at the rate of £1,800 or £2,200 per annum. To qualify for the salary of £2,200 per annum, an applicant must be experienced in the practice of his speciality, and must be a Fellow of one of the Royal Colleges of Surgeons. In addition, except in Germany and Austria, where different arrangements apply, a tax-free foreign service allowance will be paid to meet the extra cost of living at the duty station. Foreign-service allowance varies, according to the station at which employed and the status of the applicant, between £20 and £225 for single men and women and £90 and £390 for married men. An initial outfit allowance of up to £30 will also be paid, except for stations in Western Europe. Leave of 36 days a year may be granted subject to the exigencies of the service. Engagements will be for eighteen months, the whole of which time will be spent overseas. An extension of a further six months is possible. Superannuation payments under the National Health Service can be continued, if so desired, with the War Department paying employer's contributions. Pension rights under the National Health Service would thus be retained. Service with the War Department will also count for incremental purposes on re-employment under the National Health Service. Free accommodation, and, in some areas, free rations, will be provided for single individuals, but official accommodation will not be available for the families of married individuals. Rent of private family accommodation, and payment of passages for families, are the responsibility of the employee. (9630)

ment under the National Health Service. Free accommodation, and, in some areas, free rations, will be provided for single individuals, but official accommodation will not be available for the families of married individuals. Rent of private family accommodation, and payment of passages for families, are the responsibility of the employee. (9630)

INDUSTRIAL APPOINTMENTS

PRINCESS TSAHAI MEMORIAL HOSPITAL
AND SCHOOL**P.O. Box No. 1377, Addis Ababa, Ethiopia**

Applications are invited from British-born medical practitioners for the following appointment:

RADIOLOGIST (D.M.R.)

Three years' contract with the Ethiopian Government, at a salary of Ethiopian dollars 15,000 per annum (£E.7=£1 sterling). Return air passage provided for self and wife. Half month's salary as travelling allowance, and two cubic metres baggage by sea route. Partially furnished quarters free. Successful candidate will be expected to serve other hospitals in Addis Ababa, the necessary transport being provided. Leave one month per annum accumulative, and two weeks per annum local leave. Schooling is adequate for young children. Climate temperate at 8,500 feet. Applications, stating age and experience, together with copies of three recent testimonials, and health certificate, should be sent immediately by airmail to Colonel W. Byam, O.B.E., Director. (2917)

HER MAJESTY'S COLONIAL SERVICE
Trinidad

Two Medical Officers are required for duty in the Health Department (one in a mental hospital and one for institutional work) in Trinidad. Appointments can be made on a permanent basis with pension (non-contributory) at the age of 55, or on short-term agreements. Candidates in the National Health Service may resign from the National Health Service but retain their superannuation rights during their time in Trinidad (up to six years), and receive resettlement grants of 20 per cent of the aggregate of their Trinidad salaries on leaving Trinidad at the end of their engagements. Salary scale ranges from B.W.I. \$5,280 to B.W.I. \$5,760 (£1,100 to £1,200) per annum (one B.W.I. dollar equals 4s. 2d.). Starting salary is determined in accordance with the candidate's age, qualifications and experience. Pension is earned at the rate of 1/600th of the final pensionable emoluments for each completed month of service. Quarters are not provided. Free passages on first appointment are provided for Officer and family not exceeding five persons in all, also free passages on leave, subject to a maximum of three adult fares. Income tax at local rates. Local leave is permissible and generous home leave is granted after each tour. Tour of service is three years. Educational facilities are available. Candidates for employment at the mental hospital should possess the Diploma in Psychological Medicine and have had at least three years' postgraduate experience in the practice of psychological medicine, two of which should have been spent in working in a mental hospital. Candidates for institutional work should preferably possess a diploma in tropical medicine and hygiene, but must have good experience. All candidates must possess qualifications registrable in the United Kingdom. Preference will be given to candidates having higher qualifications (M.R.C.P., etc.). Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/93/52). (2827)

Overseas—contd.

NORTHERN RHODESIA

Assistant Medical Officer required by Nchanga Consolidated Copper Mines, Limited, in Northern Rhodesia, to do general practice under the direction of the Company's Chief Medical Officer. Experience in general practice is necessary. The Company has two modern and well-equipped hospitals (European 40 beds and African 180 beds) which serve a population of about 2,500 Europeans and 20,000 Africans. Six Medical Officers are employed. The basic starting salary offered is £1,250 per annum, part of which is deemed to be in lieu of private practice. In addition, a variable cost-of-living allowance (at present £9 2s. per month) is paid, and fluctuating copper bonus at present about 61 per cent of basic salary. Contributory pension scheme and free life assurance scheme. Outward passages for the Medical Officer and his family are provided and married accommodation partly furnished is available at a small rental. Transport is provided and leave is at the rate of 51 days per annum cumulative up to a maximum of 153 days. Application forms may be obtained from Anglo-American Corporation of South Africa, Ltd., 11, Old Jewry, London, E.C.2, which must be returned, accompanied by at least three testimonials and the names of two medical referees. (2916)

HER MAJESTY'S COLONIAL SERVICE, Malaya

Doctors having medical qualifications registrable by the General Medical Council in the United Kingdom with one or more years' experience after qualification are required for appointment as

MEDICAL OFFICERS AND MEDICAL OFFICERS

OF HEALTH

for General Medical and Health duties

Appointment is available (a) on probation for permanent establishment; (b) on employment from the National Health Service; and (c) on short-term contract with gratuity. (a) **Permanent terms.** Subject to three years' probation, appointment is permanent with pension (non-contributory) at age 55. Salary is paid in the scale £952 by £42 to £1,204 to £1,274 by £42 to £1,652 per annum. There are many posts specialist and administrative, available on promotion carrying higher salaries (up to about £2,400 for the highest post). Promotion is often made before reaching the top (£1,652) of the long scale. There is also a cost-of-living allowance at varying rates, according to family circumstances, subject to maximum of £336 per annum for single men and of £707 per annum for married men with children (both rates higher when stationed in Singapore). Note. Doctors with more than one year's approved experience after age 25 (including service in Her Majesty's Forces) enter the salary scale at points above the minimum according to their experience; and four increments of salary are also given to holders of approved higher qualifications (e.g., F.R.C.S., M.R.C.P., D.P.H., D.A. etc.). (b) **National Health Service.** Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malaya salary on leaving Malaya at the end of their engagements. Emoluments as under (a), including incremental credit for experience and higher qualifications as in note under (a). Doctors so appointed may be considered for permanent terms at any time during their colonial employment provided they surrender their rights to the resettlement grant and payment by Malayan Governments of superannuation contributions. (c) **Contract terms.** The contract will be for three years' resident service renewable for a further four of three years by mutual agreement. Salary and cost-of-living allowance as under (a), including incremental credit for experience and higher qualifications as in note under (a). In addition a gratuity earned at the rate of £300 to £450 per annum, according to salary, is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity refer to doctors eligible for expatriate terms under Malayan Regulations (i.e., those whose permanent homes are in the United Kingdom, Ireland, Australia, Canada, etc.). A limited number of practitioners liable for call up under the National Service Act, 1948, may apply, and if appointed will be granted indefinite deferment of call up on completion of a minimum period of one tour of three years in the Malayan Medical Service. The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and children under the age of ten (not exceeding four persons besides himself) on appointment and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. The social and recreational facilities in Malaya are good. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/242/51). (5187)

HER MAJESTY'S COLONIAL SERVICE
Northern Rhodesia

Medical Officers are required for duty in the Silicosis Medical Bureau of the Health Department, Northern Rhodesia. Duties include the clinical and radiological examination of miners (European and African). The Officers selected will be stationed at Kitwe and will work under the supervision of the Chairman (a Medical Specialist) of the Silicosis Medical Bureau. Travelling in the Territory may be necessary. Appointments may be on a permanent basis with pension (non-contributory) on retirement at the age of 55, or on short-term contract with gratuity on satisfactory completion of engagement. Doctors in the National Health Service may resign from the National Health Service but retain their superannuation rights (up to a limit of six years) during their time in Northern Rhodesia, and receive resettlement grants of 20 per cent of the aggregate of their Northern Rhodesia salary on leaving Northern Rhodesia at the end of their engagements. Salary scale ranges from £865 to £1,590 per annum. Starting point in the scale is determined according to age, experience, and qualifications. A temporary (non-pensionable) cost-of-living allowance at the rate of 16 per cent of basic salary is payable, subject to a maximum of £211 4s. per annum. Pension is earned at the rate of 1/600th of the final pensionable emoluments for each complete month of service. The gratuity for contract service is payable on completion of the contract at the rate of £100 to £150 per annum. Free passages are provided in both directions for officer and wife, and assisted passages for children. Annual local leave is permissible and generous home leave is granted after each tour of three years. Quarters are provided at rental of 10 per cent of salary. Income tax at local rates. Educational facilities are available. Candidates (male only) should be between 25 and 35 years of age. They should possess medical qualifications registrable in the United Kingdom and have had at least twelve months' postgraduate experience. Application forms can be obtained from the Director of Recruitment, Colonial Service, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/177/52). (2826)

UNIVERSITY APPOINTMENTS

GUY'S HOSPITAL

Applications are invited for the appointment of
RESEARCH FELLOW

in the Ear and Throat Department

The appointment is full-time and the successful candidate will be expected to conduct investigations under the direction of the heads of the department. UNIVERSITY OF LONDON

The Senate invite applications for the
READERSHIP IN PHYSICS

tenable at Charing Cross Hospital Medical School. Salary £1,050, £1,250, £1,450 a year. Applications (ten copies) must be received not later than May 6, 1952, by the Academic Registrar, University of London, Senate House, W.C.1, from whom further particulars may be obtained. (2846)

UNIVERSITY OF EDINBURGH

Applications are invited from medical graduates holding a higher medical qualification for the post of

FULL-TIME LECTURER

Department of Child Life and Health

The duties will be those of teaching, care of patients and prosecution of research under the Professor of Child Life and Health. The appointment will carry the clinical status of Associate Senior Registrar. The salary will be £1,100 per annum, rising by annual increments of £100 to £1,500 per annum. The Lecturer will be required to join the Federated Superannuation Scheme for Universities. At present, a family allowance of £50 annually for each child is payable from birth until the end of the child's period of full-time education. Applications, including the names and addresses of two referees, should reach the undersigned not later than May 15, 1952.—Charles H. Stewart, Secretary to the University. (2849)

NATIONAL INSTITUTE FOR THE BLIND

Applications invited before April 28 for post of
EDUCATIONAL PSYCHOLOGIST (Half-time)
from women with an honours degree (psychology), teaching experience and child guidance training. Candidates should have special interest in young children; experience with blind not essential, as person appointed would work initially with Psychologist with this. Salary to be based on Grade 2 of the L.E.A. scale. For further information and forms apply to the Secretary-General, National Institute for the Blind, 224, Great Portland Street, London, W.1. (2914)

WELSH NATIONAL SCHOOL OF MEDICINE
University of Wales

Applications are invited for the appointment of
ASSISTANT CLINICAL PATHOLOGIST
in the Department of Pathology and Bacteriology. (Previous experience in pathology is not essential.) The appointment is a full-time one for a period of two years. The salary of the appointment is on the scale £650 by £100 to £950 per annum, with participation in the family allowance and superannuation schemes. The point of entry on scale will depend on qualifications and experience. The person appointed will be required to commence duty on May 1, 1952, or as soon as possible thereafter. Applications should be made as soon as possible to the undersigned, from whom further particulars of the appointment may be obtained.—F. Dodsworth, Secretary, 34, Newport Road, Cardiff. (2913)

Suppliers of
Domecq's Sherry
to the late
King George VI.

**A crowning
achievement...**

Domecq's
**DOUBLE
CENTURY**

"Double Century" is the
sherry of all sherries. Some
are too dry; some too sweet.
"Double Century" is a sherry
to suit all tastes, selected
specially to celebrate the
200th birthday of the famous
house of Pedro Domecq.

Try a bottle or a glass today
and see if you ever tasted
such a lovely wine.

*the best of
all Sherries*

*The finest of Sherries obtainable through your usual channels of supply.
Sole Importers (Wholesale only) Luis Gordon & Sons Ltd., 48 Mark Lane, London, E.C.3*

**IF YOUR TASTE IS FOR A DRY WINE
- ASK FOR DOMEQC'S *Fino La Ina***

Desiderata in
