BOOTS PENICILLIN PRICES AGAIN REDUCED

As pioneers of the large-scale production of Penicillin in this country, Boots take a particular pride in announcing reduced prices, which have been made possible by more economical methods of manufacture. Since the early days of Penicillin production, our research has been constantly directed towards improving methods of manufacture which have resulted in progressively increased yields at lower cost. Boots penicillin production unit, now re-equipped with the most modern plant, is making a significant contribution to the nation's output of penicillin—to meet the increasing demand both at home and overseas.

Lifting the veil

The distress which accompanies the menopausal years need not be allowed to go unchecked. The physician has an adequate means of relieving the several conditions which veil a woman's outlook during her middle years. The administration of **SEDESTRAN** is a safe and ready method of controlling these symptoms by minimal medication. Menopausal migraine and hypertension respond well to **SEDESTRAN** as also does dysmenorrhoea of neurogenic and psychogenic origin.

EARLY REPORTS on clinical trials in advanced tuberculosis suggest that isonicotinyl hydrazide has considerable activity and specificity.

It has been stressed that there is an urgent need for carefully controlled clinical studies designed to assess the true value of this drug. Its indiscriminate and uncontrolled use at this stage might seriously influence its future usefulness.

**When Veratrum is Indicated
and Tolerance is Low**

Rx Veriloid-VP
VERILOID WITH PHENOBARBITONE

**...simplifies the treatment
of HYPERTENSION**

NOTE

Veriloid, plain, continues to be available in scored tablets of 1 mg. A distinct, biologically assayed fraction of *Veratrum viride*, Veriloid has given outstanding results in hypertension of all degrees. It produces a significant reduction in arterial pressure without compromise of the postural reflexes necessary for normal living.

When side-effects prevent satisfactory adjustment of dosage of Veriloid given alone, Veriloid-VP usually makes possible continuation of therapy. This combination in one tablet of Veriloid, 2 mg., with phenobarbitone, B.P., 15 mg., is of value in all forms of hypertension. Arterial pressure is reduced by the specific hypotensive effect of the Veratrum alkaloids; phenobarbitone given concurrently effectively raises the limit of tolerance to Veriloid, and reduces emotional tension. There is marked relief of subjective symptoms.

The initial dose of Veriloid-VP (subsequently adjusted according to clinical response) is one to one and one-half tablets four times daily, after meals and at bed-time.

Veriloid-VP is available in bottles of 100 and 500 tablets and may be prescribed on Form E.C.10.

Habit Time

REGULAR HABITS are undoubtedly the basis of satisfactory bowel movement in the normal individual. Unfortunately, with changes in the routine, during illness or convalescence, or due to rush of work and social activities, the habit time of bowel movement is often lost and constipation follows.

Once lost this habit time is not easy to regain, but insistence on a regular effort and the provision

of sufficient bulk to stimulate peristalsis will do much to help in its recovery.

'PETROLAGAR' provides soft bulk and achieves a comfortable bowel movement without griping. Gently but surely 'PETROLAGAR' helps the return to habit time. *Issued in two varieties: Plain and with Phenolphthalein.*

a promise kept...

We shall continue with all effort to implement our policy, while maintaining the considerable expenditures on Research and Development essential to progress. It is our hope that the steady extension of our plans will not only enable us to absorb the continuing upward trend in cost of materials, but may ultimately make possible further price reductions.

This was the hope expressed last September in an announcement of price reductions for nineteen Glaxo products.

That hope is now fulfilled: on 28th April the prices of the products listed below will be substantially lowered . . . the *ninth* reduction in Glaxo penicillin prices since 1946, the *third* reduction in Glaxo streptomycin prices since 1949.

CIDAL

THE NEW TOILET SOAP

THAT CONTAINS 2% HEXACHLOROPHENE

CIDAL is a high-grade, triple-milled toilet soap with remarkable germicidal properties that make it of particular interest to the medical profession. The 2 per cent of Hexachlorophene in CIDAL ensure that it purifies the skin more *thoroughly* than any other toilet soap.

Hexachlorophene (2:2'-dihydroxy-3:5:6:3':5':6'-hexachlorodiphenylmethane) is colourless, odourless, non-irritant and non-toxic. It is 125 times more efficient than carbolic acid at 37°C against *Staphylococcus aureus*, and possesses a high dilution coefficient.

The hexachlorophene in CIDAL purifies the skin by attacking the bacteria which settle deep within folds and pores, and forms an anti-bacteria barrier which gives protection until the next washing. That's why CIDAL is *particularly useful to the medical profession* as a protective measure against infection.

CIDAL Soap can be commended in all cases of skin ailments where soap and water form part of the therapy. It assists in the prevention of secondary infection of minor cuts and abrasions. It helps to reduce the

incidence of boils, styes, carbuncles and other forms of folliculitis and cellulitis, and is found beneficial in treating impetigo and barber's rash.

CIDAL is also recommended for personal hygiene, since it destroys the bacteria which ferment perspiration and cause unpleasant body-odours.

Availability of Vitamins in Yeast

Deficiencies of single factors of the Vitamin B Group do not occur. Accordingly, even if a deficiency condition appears to result from the lack of an individual factor of the group and it is considered necessary to give intensive treatment with this factor, *the entire Vitamin B Complex should always be administered concurrently.*

It is, however, extremely important, in view of suggestions in recent publications, that the vehicle selected as a source of the entire B Complex* does not withhold its vitamin content from the patient.

CHLORAMPHENICOL EAR-DROPS FOR TOPICAL APPLICATION

in

**Suppurative, Chronic and Postoperative
Aural Conditions**

Uses

Chloramphenicol B.P. has now assumed an important place in otology. Among its recognized uses is its local application in cases of chronic suppurative middle ear disease, long-standing external otitis and hitherto intractable chronic mastoiditis.

Excellent results are also reported from the use of Chloramphenicol B.P. in the treatment of postoperative fenestration and tympano-mastoid cavities. In these cases application of Chloramphenicol solution by the wick method often proves satisfactory.

Case selection

Chloramphenicol B.P. is active against *Ps. pyocyanea* and many penicillin-resistant strains of *Staphylococcus* and *Streptococcus*. Ideally, sensitivity tests should anticipate its use, but in the absence of laboratory facilities a trial of 'Otophen' is justified when other antibiotics have failed.

Formula

'Otophen' ear-drops are formularized in accordance with the recognized solution now employed by the majority of E.N.T. clinics—Chloramphenicol B.P. 10% w/v in Propylene glycol.

Packing

'Otophen' ear-drops are available in bottles of 15 c.c. ($\frac{1}{2}$ fl. oz.) and 5 c.c. fitted with drop applicator.

How to grow a library

It has been discovered by those who love books, that a library keeps fresh and grows more attractively when cultivated under glass — the silent-sliding, dust-proof plate glass panels that front craftsman-made Minty bookcases. When new volumes make their appearance, the Minty bookcase grows to keep pace with this new demand for living space . . . can be arranged to rise straight towards the ceiling, be stepped up, or run in a low bank along the wall, and turning corners to make the best use of available space and improve the proportions of a room. Whatever style your present or future home may be, Minty bookcases at once enhance and harmonize with it — for their lines are both contemporary and classical in their uncluttered simplicity. APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

Deferment of call-up for "R" practitioners (i.e., practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical War Committee and (in Scotland) the Scottish Central Medical War Committee. The Committees normally allow an "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that he obtains it without delay. Under present arrangements the Committees also normally allow an "R" practitioner to hold a Second House Officer post (£400) and a Senior House Officer post (£670), provided in each case that the higher appointment is secured before the termination of the practitioner's current appointment.

"R" practitioners may not accept Third House Officer posts (£450 per annum) unless they have obtained the special permission of the C.M.W.C. or (in Scotland) the Scottish C.M.W.C.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held, £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

Appointment will be on agreement for three years. Candidates in the National Health Service may resign from the National Health Service but retain their superannuation rights during their time in British Guiana (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Colonial salary on leaving British Guiana at the end of their engagement. The salary scale ranges from \$4,800 to \$5,760 (£1,000 to £1,200) per annum. Private practice is not allowed, but 50 per cent of consultation fees are payable to the officer. Free quarters are provided. Free passages are provided for officer, his wife and children, not exceeding five in all. Income tax at local rates. Generous home leave. Climate is sub-tropical and healthy for Europeans. Candidates should possess qualifications which are registrable in the United Kingdom, and a Diploma in Anaesthetics. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference 27215/167). (3522)

HER MAJESTY'S COLONIAL SERVICE, Malaya

Doctors having medical qualifications registrable by the General Medical Council in the United Kingdom with one or more years' experience after qualification are required for appointment as

MEDICAL OFFICERS AND MEDICAL OFFICERS OF HEALTH

for General Medical and Health duties

Appointment is available (a) on probation for permanent establishment; (b) on employment from the National Health Service; and (c) on short-term contract with gratuity. (a) **Permanent terms.** Subject to three years' probation, appointment is permanent with pension (non-contributory) at age 55. Salary is paid in the scale £952 by £42 to £1,204 to £1,274 by £42 to £1,652 per annum. There are many posts, specialist and administrative, available on promotion carrying higher salaries (up to about £2,400 for the highest post). Promotion is often made before reaching the top (£1,652) of the long scale. There is also a cost-of-living allowance at varying rates, according to family circumstances, subject to maximum of £336 per annum for single men and of £707 per annum for married men with children (both rates higher when stationed in Singapore). **Note.** Doctors with more than one year's approved experience after age 25 (including service in Her Majesty's Forces) enter the salary scale at points above the minimum according to their experience; and four increments of salary are also given to holders of approved higher qualifications (e.g., F.R.C.S., M.R.C.P., D.P.H., D.A., etc.). (b) **National Health Service.** Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malaya salary on leaving Malaya at the end of their engagements. Emoluments as under (a), including incremental credit for experience and higher qualifications as in note under (a). Doctors so appointed may be considered for permanent terms at any time during their colonial employment provided they surrender their rights to the resettlement grant and payment by Malayan Governments of superannuation contributions. (c) **Contract terms.** The contract will be for three years' resident service renewable for a further four of three years by mutual agreement. Salary and cost-of-living allowance as under (a), including incremental credit for experience and higher qualifications as in note under (a). In addition a gratuity earned at the rate of £300 to £450 per annum, according to salary, is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity refer to doctors eligible for expatriate terms under Malayan Regulations (i.e., those whose permanent homes are in the United Kingdom, Ireland, Australia, Canada, etc.). A limited number of practitioners liable for call up under the National Service Act, 1948, may apply, and if appointed will be granted indefinite deferment of call up on completion of a minimum period of one tour of three years in the Malayan Medical Service. The climate is for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and children under the age of ten (not exceeding four persons besides himself) on appointment and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. The social and recreational facilities in Malaya are good. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/242/51). UNIVERSITY OF BRISTOL

Session 1952-53

COURSES IN MEDICAL RADIOLOGY

The diplomas granted by the University are being discontinued but, provided that sufficient applications are received, the following courses of instruction suitable for the Diplomas of the Royal Colleges (D.M.R.D. and D.M.R.T.) will begin in October, 1952, and will last for two academic years (i.e. until June, 1954):

D.M.R.D. COURSE

The course will be half-time and a limited number of half-time registrars in diagnostic radiology will be available in the Bristol Clinical Area for which students accepted for the course may apply.

D.M.R.T. COURSE

Training will be given at the Bristol-Bath joint Centre for Radiotherapy, which deals with 1,700 new cases of malignant disease every year. D.M.R.T. students are eligible to apply for junior posts in the department when these become available.

Enquiries about the examinations for both diplomas should be addressed to the Secretary of the Conjoint Board, Examination Hall, Queen Square, London, W.C.1.

The fee for each course is 50 guineas.

Applications for admission to the courses should be sent to the Director of Medical Postgraduate Studies, the University, Bristol, 8, before June 16, 1952. (3165)

UNIVERSITY OF ST. ANDREWS

Diploma in Public Health

Diploma in Public Dentistry

Courses of instruction for the Diplomas in Public Health and Public Dentistry will be given in the University during the academic year 1952-53, extending from October, 1952, to June, 1953. Full particulars as to the courses, fees, etc., may be obtained either from the Secretary of the University or the Dean of the Faculty of Medicine, but application for admission should be made to the Dean of the Faculty of Medicine, Medical School, Dundee.—David J. B. Ritchie, Secretary. (3526)

UNIVERSITY OF LIVERPOOL

FACULTY OF MEDICINE

Department of Anaesthesia

A course of postgraduate instruction in Anaesthesia, commencing October 1, 1952, will be conducted at Liverpool University. The course is limited to ten students and will extend for one academic year. Instruction in Practical Administration of Anaesthetics will be combined with lectures and demonstrations in Anatomy (including dissection), Physiology, Pathology, Physics, Pharmacology, Medicine and Surgery, and Anaesthesia. For the purposes of gaining practical experience, the students will be found suitable appointments in recognized General Hospitals within the Liverpool area. No student will be eligible to commence the course until twelve months after graduation, and he must hold registrable qualification or be a graduate in Medicine and Surgery of an approved University. He must also have held suitable posts in General Medicine and Surgery to fit him to take a higher qualification in Anaesthesia. The fee for the course is £60. Applications, stating age, qualifications, and experience, together with the names of three persons to whom reference may be made, should be lodged with the Dean of the Faculty of Medicine, The University, Liverpool, 3, not later than May 17, 1952. (3486)

Educational—contd.**UNIVERSITY OF BRISTOL**
Session 1952-53

Provided that there are sufficient applicants the following postgraduate courses will be arranged, beginning in October, 1952:

COURSE IN CHILD HEALTH

This will be whole-time and will last for three months. The fee for the course will be 20 guineas. The course will be under the direction of the Head of the Department of Child Health in co-operation with the Departments of Preventive Medicine, Medicine, Surgery, Pathology, etc. It will include lectures, demonstrations, ward rounds and visits to clinics and ancillary institutions.

The University does not itself grant a Diploma in Child Health.

DIPLOMA IN PSYCHOLOGICAL MEDICINE (D.P.M. BRISTOL)

(a) Part I. This will begin in October, 1952, and will cover a period of two terms. It will include lectures and demonstrations in special anatomy and physiology, pharmacology and applied psychology. The fee for the course will be 20 guineas.

(b) Part II. This will be designed primarily for Part II of the D.P.M. (Bristol) and will be held in the autumn and spring terms and part of the summer term, 1952-53. It will consist of lectures and demonstrations in the clinical aspects of adult and child psychiatry, mental deficiency and associated subjects. The fee for the course will be 25 guineas. The course will be open to a limited number of physicians practising in psychiatry, in addition to those preparing for the D.P.M. (Bristol).

DIPLOMA IN PUBLIC HEALTH (PART II) (D.P.H. BRISTOL)

This part-time course is designed primarily for those who have obtained Part I (C.P.H.) in the University of Bristol, but others who hold the C.P.H. of approved licensing bodies may be considered for admission. The course will last for one academic year (October, 1952 to June, 1953) and the fee will be £31 10s.

Candidates will be permitted to engage in part-time employment of their own choice for which approval of the University must be sought, or, if they wish, they may be considered for appointment to a few selected vacancies within the City of Bristol which have been made available for suitable applicants.

Further information, copies of regulations for the Bristol Diplomas and application forms for the courses may be obtained from the Director of Medical Postgraduate Studies, the University, Bristol, 8. Application should be made before June 16, 1952. (3166)
