SIMPLE SOAP

The definition of "Purity" is:—
"Complete freedom from mixture of any kind". This faithfully describes "Simple" Soap which is of natural colour, and guaranteed to contain no Aniline Dyes, Perfumes, or Fillings such as Titanium—not even animal fat—as these, Dermatologists and scientists have established, are often the causes of bad skins, setting up or aggravating Dermatitis. Many Dermatologists and doctors are recommending "Simple" Soap to patients whose skins are allergic to ordinary soaps, and as a non-medicated cleansing agent for troublesome skin conditions.

For Maternity and Professional use. Price 11d. per tablet.

SAMPLES GLADLY SENT ON REQUEST.

THE ALBION SOAP Co. Ltd., 30/2 Thames St., Hampton, Middx.

The Lily—the symbol of Purity.

"Simple" Soap makes no claims to medication—its purity is its only claim to distinction.

Made by the makers of the World famous Albion Milk & Sulphur Toilet Soap.

The relief of NIGHT CRAMPS by QUININE

The painful condition of idiopathic night cramps of the extremities may seriously interfere with sleep. They can, however, be abolished in 9 cases out of 10 by the administration of small oral doses of quinine (3-5 grains) at bedtime.

 When
nourishment
 is the main problem . . .

BRAND'S ESSENCE is a first-class protein of animal origin. Being partly hydrolyzed, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weight-reducing diets is especially appreciated by the patient.

Safely Across!

To those Doctors who must recommend Mothers to feed their children artificially, the choice of the Right Food is of Vital Importance.

Everyone is trying to economise, and there is a danger that health may be made a secondary consideration by the undiscerning.

It has now been decided, at some cost, to make Zebra crossings for the safety of pedestrians—expenditure on safety measures should not be limited to road hazards.

Cow & Gate Milk Foods are not the cheapest on the market, but the cost of building and preserving the healthy body of a child should not be measured in pence.

Sprains, strains and muscle spasms

A new, powerful penetrating agent in the external treatment of rheumatism and allied conditions

THE effectiveness of surface applications in the relief of pain depends partly on the ability of the therapeutic agent to reach quickly the actual tissue affected. 'Algipan' supersedes all external treatments by the use of the potent penetrative agent methyl nicotinate in conjunction with the powerful vaso-dilator histamine. The way is opened up by the methyl nicotinate for the histamine rapidly to reach the deeper tissues, where it promotes a prolonged pain-relieving hyperæmia. A comforting rubefacient action is imparted by glycol salicylate and capsaicin.

'Algipan'

* Trade Mark.

FORMULA:—Methyl Nicotinate 1.0%, Histamine Dihydrochloride 0.1%,
Glycol Salicylate 10.0%, Capsaicin 0.1%

JOHN WYETH & BROTHER, LTD., CLIFTON HOUSE, EUSTON ROAD, LONDON, N.W.1.
* The Trade Mark is the property of Laboratoires Midy, Paris.

For all types of rheumatism and muscular pains, whether acute or arising from strain or injury, 'Algipan' has been found to be very effective. It is in the form of a non-greasy water-soluble cream, which requires only gentle surface friction to effect penetration.

TENSION

Outward signs of nervous stress are frequently encountered in present-day practice, and the value of symptomatic treatment with a sedative dose of barbiturate is now accepted. 'Amytal' and 'Sodium Amytal' can be relied upon to relieve nervous tension without irritability or loss of alertness. In nervous dyspepsia, gastric ulcer, etc., the administration of Tablets 'Amytal' gr. $\frac{1}{2}$ t.d.s. is usually satisfactory.

In neurotics the rather deeper action of the sodium salt is generally preferred. Treatment with 'Pulvules' 'Sodium Amytal' gr. 1 t.d.s. is most beneficial in depressive and anxiety states.

CODIS

REGD.

*soluble aspirin with
codeine phosphate and phenacetin*

Codis presents a familiar grouping of analgesic drugs; aspirin, phenacetin, codeine phosphate; with an important advantage. The "aspirin" in Codis is rendered soluble, as in 'Solprin'.

Placed, uncrushed, in water, a Codis tablet disperses in a matter of seconds to form a solution of calcium aspirin and codeine phosphate with finely suspended phenacetin. The chance of irritation of the gastric mucosa by undissolved particles of aspirin is thus minimised.

Codis is recommended for all those conditions for which Tab. Codein. Co. B.P. would be prescribed. It has the added advantages of greater ease of administration and far less likelihood of aspirin intolerance, while the rapid absorption of the soluble aspirin promotes prompt relief.

COMPOSITION

Each Codis tablet contains:—*Acid. Acetysalicyl. B.P.* 4 grs., *Phenacet. B.P.* 4 grs., *Codein Phosph. B.P.* 0.125 grs., *Calc. Carb. B.P.* 1.2 grs., *Acid. Cit. B.P. (Exsic.)* 0.4 grs., *Excip. ad.* 11.45 grs.

Codis is not advertised to the public

SOLUBILITY 98%

The solubility curve of Urolucosil* reaches a maximum of 98% at pH 7. The product is consequently ideal for treatment of *B. coli* infections of the urinary tract. In such conditions high urinary concentration is essential: during Urolucosil therapy, therefore, only the minimum amount of fluid should be taken. This would appear to be directly contrary to normal practice with sulphonamides, but the high solubility combined with a low percentage of acetyl derivatives in Urolucosil ensures that a dose so small as 0.1G. Urolucosil four-hourly will give a urinary concentration as high as 20 mg. per 100 c.c. — a concentration more than adequate for sterilization of the urine. The smallness of the dose and the low acetylation rate combine with the high solubility to make the risk of side-effects negligible with Urolucosil.

Urolucosil is a P.I., S.I., S.IV poison, not subject to purchase tax, and can only be used on prescription. Urolucosil is supplied to the chemist in bottles containing 25 and 250 tablets, price of the bottle of 250 to the chemist being 21s. 8d. net.

Urolucosil

Each tablet contains 0.1G.
2-sulphanilamido-5-methyl-1-thio-3:4-diazole.

Why MIXOGEN is prescribed for menopausal symptoms

Because it is now established that:—

- combined male and female hormone treatment is the most effective in this condition.
- the correct balance of the two hormones is essential both for efficacy and economy—determined by extensive clinical trial in the U.K. and unique to Mixogen.
- both the hormones in Mixogen are completely effective when swallowed—thus maximum, immediate relief is given in the simplest and most convenient way.

Dosage: Initially 1-2 tablets daily, reducing when possible.

Packs: Perspex tubes of 25 tablets and bottles of 100, 250 and 500.

Riker Laboratories announce the introduction of a potent, reliable and convenient agent for reduction of blood-pressure:

VERILOID *

INTRAMUSCULAR SOLUTION

Containing Veriloid (brand of amorphous alkaloids of Veratrum viride), 1 mg. per cc. with 1% Procaine Hydrochloride in isotonic solution.

Prepared in ampoules of 2 cc., packaged in boxes of 6 ampoules.

A single dose of Veriloid Intramuscular Solution produces a reduction of arterial pressure averaging 25% of the manometric reading, the effect being maximal 60-90 minutes after injection and persisting for 3 to 6 hours. The injections are well-tolerated and virtually painless, so that blood-pressure may be kept continuously depressed by repeated administration.

INDICATIONS FOR USE

- Hypertensive states accompanying cerebral vascular disease
- Malignant hypertension
- Hypertensive crises (encephalopathy)
- Toxaemia of pregnancy
- Pre-eclampsia and eclampsia

Veriloid Intramuscular Solution may be used to maintain the hypotensive response produced by intravenous veratrum, or it may be employed as the primary hypotensive agent. It supplements the Veriloid dosage forms hitherto available, namely:—

Veriloid tablets (plain), Veriloid-VP tablets, Veriloid Intravenous Solution.

Detailed information gladly sent on request.

Now available . . .

‘DISTAVONE’ brand

Procaine Penicillin G Potassium Penicillin G
Dihydrostreptomycin Sulphate

A mixed antibiotic preparation with special applications

Not infrequently, cases of advanced infection or of mixed infection require immediate treatment and to await proper bacteriological examination may be quite impracticable or inadvisable. In such cases, and also in prophylaxis in certain operative procedures, it is often the practice to administer separate injections of penicillin and dihydrostreptomycin. Moreover, where the causative organisms, because they are deep-seated, cannot be readily identified, a mixture of these two antibiotics is often used.

For convenience in such circumstances, ‘Distavone,’ consisting of a balanced mixture of penicillin and dihydrostreptomycin in a highly purified form, has been made available.

Each single-dose injection-type vial contains 300,000 units procaine penicillin G, 100,000 units potassium penicillin G and 500,000 units (equivalent to 0.5 gramme pure base) dihydrostreptomycin sulphate. Boxes of 5 vials.

Paired for effectiveness

IN MENOPAUSAL DISORDERS

The association of methyltestosterone and ethinylestradiol in Mepilin produces a more complete response in the treatment of menopausal disorders than can be obtained by the use of oestrogens alone.

The presence of methyltestosterone enables a reduction in oestrogen dosage to be made; thus undesirable side effects such as breast turgidity and pelvic congestion are avoided and the risk of withdrawal bleeding is reduced.

An increased feeling of confidence and well-being is produced which is both mental and physical.

Dosage: Menopause—2 to 6 tablets daily. Pre-menstrual tension and dysmenorrhoea—2 tablets daily from 10th to 22nd day of menstrual cycle.

Bottles of 25 at 7/- and 100 at 21/-.

Widely useful in everyday practice

'DRINAMYL'

A balanced combination of
'Dexedrine' and amylobarbitone

'Drinamyl' ameliorates mood and relieves inner tension in cases of mental and emotional distress, particularly where anxiety is a factor. It is invaluable in the treatment of mild neuroses, and for the alleviation of somatic symptoms that are without organic basis. 'Drinamyl' relieves the symptoms of depression and anxiety, stimulating mental activity, and restoring optimism and cheerfulness, and an interest in life.

Samples and further information are available on request.
'Drinamyl' is available on prescription only, in bottles of 25 tablets—each tablet contains 'Dexedrine' (dextro-amphetamine sulphate) 5 mg. and amylobarbitone (gr. $\frac{1}{2}$) 32 mg.

Introducing

DORMUPAX

AN IMPROVED BARBITURIC HYPNOTIC OF GOOD
COMPATIBILITY AND WIDE THERAPEUTIC MARGIN

The House of Hommel have now made available for general distribution in this country 'DORMUPAX', a strong hypnotic agent whose high efficacy derives primarily from its inclusion of the *calcium salt of n-butyl-allyl-barbiturate*, presented for the first time in the new product.

FORMULA Each Tablet of 'Dormupax' contains

Calcium n-butyl-allyl-barbiturate	3.75 grains
Carbromalum B.P.C.	1.5 grains

PHARMACOLOGY Comparative experimental studies show that the therapeutic index of *n-butyl-allyl-barbituric acid* is superior to that of the majority of commonly used barbituric acid derivatives, i.e. of butyl, ethyl, isopropyl and phenyl structure. In animal studies the therapeutic index (DE/DL) is as low as 0.27. It has also been shown that the quotient DE/DL is even more favourable for the calcium salt than for the acid.

The molecule of *n-butyl-allyl-barbituric acid* reaches the sleep centre unchanged. After an average sleep duration of 8 hours, it is completely degraded to an indifferent form. The efficacy of 'Dormupax' is reinforced by carbromalum. The latter is a prompt, safe, medium strength hypnotic which is free from after-effects.

CLINICAL DATA 'Dormupax' has been thoroughly investigated in several mental asylums. Because the dosages are often much above the normal standard in these institutions, which comprise senile, disturbed or schizophrenic persons, the two most important factors for a hypnotic — efficacy and compatibility — could be examined in detail. The results were highly satisfactory. In cases of senile, motor-restless patients the efficacy was very good on dosage of half a tablet in the afternoon and one tablet in the evening. Disagreeable after-effects could not be observed.

Excited insane patients tolerate 4 tablets daily in a course of 2 to 4 days without any deleterious after-effects. For hypertonic the concurrent administration of 'Hyperysin'-Hommel proved to be very effective.

INDICATIONS Insomnia due to psychic causes or pain — Insomnia in cases of various diseases, especially circulatory diseases or arteriosclerosis — Spastic vascular states. In these cases the combination of 'Dormupax' and 'Hyperysin'-Hommel is indicated.

DOSAGE Maximum daily single dose: 2 Tablets; maximum daily dose: 5 Tablets. Further information on dosage supplied in literature on request.

PACKS: Standard Tube of 12 Tablets; bottles of 250 (Dispensing). Samples of 'Dormupax' available on personally signed request of physicians only [Sch. IV] from the Medical Dept.

TABNET

BRAND

DIHYDROXY
ALUMINIUM AMINOACETATE

Gastro-Duodenal Ulceration

AMINO ACID AND ANTACID THERAPY

The Medical Management of Gastro-Duodenal Ulceration

Prescribe
TABNET
by
name

presents a positive approach to the medical management of gastro-duodenal ulceration in providing dihydroxy aluminium aminoacetate.

The reaction of this new buffering agent under conditions of gastric hyperacidity is threefold:—

It rapidly neutralises excess acid, bringing quick relief from pain.

A freshly precipitated colloidal gel is formed which protects the exposed gastric submucosa from the action of the digestive ferment.

By slow hydrolysis the amino acid, glycine, is released, which in addition to the free glycine in the formula assists in the promotion of healing.

REF. : *Med. World*, Vol. LXXVII, Sept. 12, 1952.

FORMULA : Dihydroxy aluminium aminoacetate 250 mgms.
Glycine 30 mgms.

Varicose Ulcers

In the cure of varicose ulcers treatment of the general condition, rest and a pressure bandage are usually essential. These measures however must be supported by the application of a dressing that will protect the ulcerated area and promote healing.

OPTULLE is an open mesh gauze evenly impregnated with petroleum jelly containing Balsam of Peru.

OPTULLE protects the ulcerated area—is slightly antiseptic and stimulates healing.

The OPTULLE dressing has the great advantage that drainage of serum and discharge takes place through the wide mesh gauze, making the frequent change of dressing unnecessary. The dressing is easily and painlessly removed without injury to delicate healing tissues.

Recent research has shown that such factors can reduce the time of healing by over 40 per cent.

THE FULL RANGE OF OPTULLE DRESSINGS COMPRIZE:

"You will have to go on a soft Diet"

WHEN YOU SAY THAT, DOCTOR . . .

When you say that, you can remind the patient that a nutritionally balanced and interesting Soft Diet is obtainable to-day.

To-day's shortages can conveniently and economically be overcome by including Heinz Strained Foods in the diet. These provide ample choice, which prevents loss of appetite. Strained Foods are exactly suited to patients requiring a Soft Diet—they include no irritating seasonings or spices, and all coarse fibres are removed, while sufficient bulk is retained.

Moreover, special cooking methods *conserve* the nutritive values of these foods. They are therefore *more* nutritious than similar foods prepared by home cooking methods. Their regular inclusion in the diet makes it easy to provide the patient with protein, vitamins and minerals.

For hospital use, these foods can be obtained in 15½-oz. cans from the usual suppliers, or direct from H. J. Heinz Company Ltd., Harlesden, London, N.W.10.

Strained Beef & Liver Soup
Ground lean beef and tender liver, with fresh vegetables, cereal and tomato purée, thinned with beef broth.

**Strained Beef Broth
with Beef and Barley**
Finely ground lean beef, with added barley and beef broth.

Strained Bone & Vegetable Broth
A blend of lean beef and fresh vegetables with glucose added to a bone broth.

**Strained Chicken Broth
with Vegetables & Cereal**
Young chicken, fresh vegetables, wheat germ, cereal and the chicken broth.

Strained Tomato Soup
Ripe tomatoes, cooked with wheat germ, whey powder, sugar, rice-flour, and then sieved.

Strained Vegetable Soup
Several different fresh vegetables strained to a delicious purée.

Strained Beetroot
Selected young beetroot cooked and sieved.

Strained Carrots
Sweet, juicy carrots, cooked to tenderness and sieved.

Strained Green Beans
Crisp, tender french beans cooked, with all the strings and fibres carefully removed.

Strained Peas
Sweet, garden peas cooked and strained to a fine purée.

Strained Spinach
Best dark green spinach, cooked to retain goodness and sieved.

Strained Apples
A purée of selected cooked apples.

Strained Apple, Prune and Custard
Blended dessert apples and prunes, with riceflour, eggs, milk, corn-flour, and sugar.

Strained Custard Pudding
Riceflour, milk, sugar, eggs, and cornflour make this a delicious, highly nutritious pudding.

Strained Plums with Semolina
Fine, ripe plums, cooked and blended with semolina and sugar.

Strained Prunes with Cereal
A smooth prune purée with added cereal and lemon juice.

Strained Creamed Cereal
A delicious purée of rolled oats, with added milk, sugar, sultanas and butter, fortified by halibut-liver oil.

Advantages of the *Daimler Limousine Ambulance Service*

It is often necessary for patients to travel by road. A normal car is usually too fatiguing, yet in many cases the patient wishes to avoid travelling in a public ambulance.

This need is met by engaging a Private Limousine Ambulance from Daimler Hire Ltd. The Ambulance has the appearance of a large private limousine and does not attract attention from the public.

A fully trained attendant accompanies each driver and both are competent stretcher bearers. Each Limousine Ambulance is specially designed for the purpose and is equipped with a swivelling bed, folding carrying chairs, canvas carrying slings and sick-room cabinet. Air beds are available if required. Two comfortable chair-seats are provided for friends. Adequate heating and ventilating is automatically assured.

* A booklet giving full details of this service is available on request. Please write or telephone:—

JAEGER

Jaeger body-belts are made of pure wool, for these reasons. Wool keeps its wearer cool in summer, warm in winter. Wool disposes quickly of perspiration, retaining body warmth. Wool, being porous, allows both the escape of exhalations from the skin, and the access of pure air to the skin. Jaeger body-belts sit well, stay in position, and give support without pressure. They are available in all sizes.

JAEGER HOUSE, 204-206 REGENT STREET, W.1

A Time-tested Treatment for COLDS and all upper respiratory infections...

**VICK
VAPOUR-RUB**

TIME-TESTED INGREDIENTS

Vick Vapour-Rub contains camphor, menthol, oil of eucalyptus and other volatile ingredients, in a bland petrolatum base. A most effective method of use is to melt Vick in boiling water and inhale the vapours.

Menthol	...	2.82
Camph.	...	5.25
Ol. Tereb.	...	4.77
Ol. Eucalyp.	...	1.35
Ol. Myrist.	...	0.48
Thymol	...	0.10
Ol. Cedri	...	0.45
Basis ad	100.00	

The treatment for children—

its external, combined Rubefacient and Inhalant Action cannot upset delicate stomachs or interfere with any other course of treatment the doctor may prescribe.

Vick Vapour-Rub is a simple treatment, easy to apply. Rubbed on chest, throat and back, it acts in 2 ways to bring relief:—

1. AS AN INHALANT,

its soothing volatile ingredients are released by the body's warmth and inhaled to cold-irritated upper breathing passages.

2. AS A RUBEFACIENT,

it has a mild warming action on the surface of chest and back.

**A FINE RELIEVING AGENT
WITH A FINE RECORD**

We shall be pleased to send free samples and literature on request to:
VICK INTERNATIONAL LIMITED,
Dept. A., 209, Blackfriars Rd., London, S.E.1.

**The NEW
Sharman's
Kymographic
Tubal
Insufflation
Apparatus**

This apparatus for recording a graph of insufflation has now been produced in an improved and simplified form. The whole control is now obtained by means of a single 4-position flow control valve instead of the two infinitely variable valves previously fitted. The two rates of flow available for insufflation are accurately pre-set during manufacture. The improved valve design ensures consistent operation over long periods. The CO₂ storage cylinder capacity is sufficient for a large number of operations without changing. Made with traditional care, finished in black leatherette with glossy grey instrument panels and supplied with a spare carbon dioxide cylinder and charts.

**EPHAZONE
tablets**
*Rational, symptomatic
treatment in
Asthma & Bronchitis*

Each tablet contains Ephedrine, the important anti-spasmodic for bronchial spasm, Theobromine, for its relaxing effect on the bronchial muscle and for stimulation of the coronary circulation, Phenazone, for its soothing effect on the higher centres, and Calcium gluconate, a readily absorbable calcium salt, for diminishing capillary permeability and checking the secretion of mucus.

These active ingredients with complementary effects in bronchial asthma are presented in the following proportions in the 'EPHAZONE' Tablet:

Ephedrine hydrochloride - - - $\frac{1}{4}$ grain
Theobromine - - - $\frac{1}{4}$ grain
Phenazone - - - 1 grain
Calcium gluconate - $\frac{1}{4}$ grain

This preparation is sanctioned for prescription under N.H.S. Please write for samples and descriptive leaflet.

EPHAZONE LTD. 59 BROOK ST., LONDON, W.I. TEL: MAYFAIR 5496

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent **★** testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.
Canvassing in any form will disqualify.

★ SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

Deferment of recruitment for fully registered "R" practitioners (i.e., fully registered practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow a fully registered "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour and National Service as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) if it is secured before the end of his First House Officer post and commences within one month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to any further post.

The position of provisionally registered "R" practitioners has been made clear in a notice sent to them by the University Joint Recruiting Boards.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodgings and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodgings at the time of submitting their applications, where this is not stated in the advertisement.

(29/12/52)

PRACTICES (Executive Councils)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council, Mark envelope "Vacancy."

AUDLEY, Staffordshire

Applications are invited for vacancy due to death. Mainly urban. List at present approximately 3,600. Surgery may be available. Form of application (E.C.16A) may be obtained from the undersigned. Completed forms must be received not later than first post on January 22, 1953.—S. Clews, Staffordshire Executive Council, Market Square, Stafford.

BIRSTALL, near Leeds

Applications are invited for vacancy arising at Birstall, an urban area in the Borough of Batley. List at present approximately 1,890. Residence and surgery available for purchase. Apply, on Form E.C.16A, to the undersigned not later than January 28, 1953.—C. H. Stabler, Clerk, West Riding of Yorkshire Executive Council, 5, St. John's North, Wakefield.

CANNOCK, Staffordshire

Applications are invited for vacancy due to resignation. Mainly urban (designated area). List at present approximately 700. Residence and surgery not available. Form of application (E.C.16A) may be obtained from the undersigned. Completed forms must be received not later than first post on January 22, 1953.—S. Clews, Staffordshire Executive Council, Market Square, Stafford.

LLANRINDOD WELLS, Radnorshire

Applications invited for vacancy, mixed urban and rural. List about 2,320. Residence and surgery not available but it is not anticipated that difficulty would be experienced in obtaining accommodation. Applications, on Form E.C.16A, to reach the undersigned on or before January 31, 1953.—Edmund A. Pearmain, Clerk of the Radnorshire Executive Council, County Hall, Llanrindod Wells.

NETHERFIELD, Notts

Applications are invited from registered medical practitioners to fill a vacancy that will be created by the resignation of Dr. Robert J. C. Hamilton of 42, Victoria Road, Netherfield, Notts. The practice is urban, and the number of persons on the list is approximately 2,880. The house and surgery will be available for purchase by the successor. Applications to be made on Forms E.C.16A, not later than ten days from the date of the publication of this advertisement.—N. F. Baylis, Clerk of the Council, 11, The Ropewalk, Nottingham.

IMPORTANT : All intending applicants should read the revised NOTICE at the top of page 18

PUBLIC HEALTH**(See Important)**

(Notice page 23)

BRISTOL, CITY AND COUNTY OF**Department of Public Health**

Applications invited from registered medical practitioners for appointment of an **ASSISTANT MEDICAL OFFICER OF HEALTH and SCHOOL MEDICAL OFFICER**

Salary £850 by £50 to £1,150 per annum. The person appointed will be required to carry out maternity and child welfare, school health and port health work, and such other duties as may be required by the Medical Officer of Health, and must devote his whole time to these duties and not engage in private practice. The appointment is superannuable and subject to passing a medical examination. Applications, on forms to be obtained from the undersigned, to be returned not later than January 15, 1953. Canvassing, directly or indirectly, will disqualify.—R. H. Parry, Medical Officer of Health, Central Health Clinic, Tower Hill, Bristol, 2. (8460)

BURY, COUNTY BOROUGH OF

Applications are invited for the post of **DEPUTY MEDICAL OFFICER OF HEALTH and DEPUTY SCHOOL MEDICAL OFFICER (Male)** at a salary of £966 13s. 4d., increasing by four annual increments of £50 to £1,166 13s. 4d. per annum. The person appointed will be required to devote the whole of his time to the duties of the office and to act under the direction of the Medical Officer of Health. Applicants must be registered medical practitioners and must hold the Diploma of Public Health or its equivalent. The appointment will be subject to the approval of the Ministry of Health and the Ministry of Education, to the provisions of the Local Government Superannuation Act, 1937, to the passing satisfactorily of a medical examination, and to three months' notice on either side. Applications, stating age, qualifications and experience, and accompanied by copies of not more than three recent testimonials, should be forwarded to me, in an envelope endorsed "Deputy Medical Officer of Health," not later than January 15, 1953. Canvassing in any form is prohibited, and a candidate who is related to a member of or a senior officer under the Council must disclose the fact in his application.—Edward S. Smith, Town Clerk, Town Hall, Bury. (8202)

DERBYSHIRE COUNTY COUNCIL, etc.**ASSISTANT COUNTY MEDICAL OFFICER OF HEALTH** for the Derbyshire County Council, and**MEDICAL OFFICER OF HEALTH**

for the urban districts of Ashbourne, Belper and

Wirksworth, and the rural district of Belper

Applications are invited from male registered medical practitioners holding a Diploma in Public Health or an equivalent qualification, for the above-named permanent "mixed" appointment. The total inclusive salary scale will be £1,355 13s. 7d. per annum, rising by four annual increments of £55 13s. 8d., one of £32 19s. 1d., and a final increment of £32 19s. to a maximum of £1,644 6s. 4d. per annum, plus travelling expenses in accordance with the County Council's scale. The person appointed will be directly responsible to the Councils of the Urban Districts of Ashbourne, Belper, and Wirksworth, and the Rural District of Belper for the proper performance of all the duties of a Medical Officer of Health for those areas respectively. Under Section 111 of the Local Government Act, 1933, Area No. 9 of the approved scheme provides for a whole-time appointment to cover these districts as well as the Ashbourne Rural District. The officer appointed will be required to undertake the duties of M.O.H. of Ashbourne Rural District when the present holder of that post retires, when the salary will be reviewed. As Assistant County Medical Officer he will be concerned, under the direction of the County Medical Officer of Health, with decentralized supervision required under the National Health Service Act, as well as work in connexion with the School Health Service, attendance at clinics, and such other duties as may be required. The person appointed must reside in or near Belper, must not engage in private practice, and must devote his whole time to the duties of the before-mentioned posts. The appointment is subject to the provisions of the Local Government Superannuation Act, 1937, or the National Health Service (Superannuation) Regulations, 1950, whichever is appropriate, and the successful candidate will be required to pass a medical examination. Canvassing, either directly or indirectly, will be a disqualification. Application forms may be obtained from the undersigned, to whom they should be returned so that they are received not later than January 17, 1953.—J. B. S. Morgan, County Medical Officer of Health, County Offices, St. Mary's Gate, Derby. (8203)

LANCASHIRE COUNTY COUNCIL

Registered medical practitioners required as **ASSISTANT DIVISIONAL MEDICAL OFFICERS** in areas adjacent to Burnley, Bury, and Preston. Possession of D.P.H. desirable. He will be responsible to the Medical Officer of Health and School Medical Officer, and will be expected to assume responsibility for the departments in his absence. The post, which is superannuable under the National Health Service (Superannuation) Regulations or the Local Government Superannuation Act, 1937, will be terminable by one month's notice on either side at any time, and the successful candidate will be required to pass a medical examination. Applications, giving age and full particulars of experience and qualifications, and accompanied by three recent testimonials or names and addresses of three referees, should be forwarded to the Medical Officer of Health, Wood Street, Doncaster, not later than January 21, 1953. Candidates must disclose in writing whether to their knowledge they are related to any member of, or the holder of any senior office of, the Council.—H. R. Wormald, Town Clerk, Town Clerk's Office, 1, Priory Place, Doncaster. (8203)

DONCASTER, COUNTY BOROUGH OF

Applications are invited from registered medical practitioners for the post of

ASSISTANT MEDICAL OFFICER OF HEALTH (Male or female)

Preference will be given to candidates possessing the D.P.H. or D.C.H. The person appointed will be required to carry out, under the direction of the Medical Officer of Health, duties concerned mainly with the School Health and Maternity and Child Welfare Services. The salary offered, in accordance with the terms of the Industrial Court Award No. 2285 (Public Health Service), is £850 per annum, rising by annual increments of £50 to £1,150 per annum. The post, which is superannuable under the National Health Service (Superannuation) Regulations or the Local Government Superannuation Act, 1937, will be terminable by one month's notice on either side at any time, and the successful candidate will be required to pass a medical examination. Applications, giving age and full particulars of experience and qualifications, and accompanied by three recent testimonials or names and addresses of three referees, should be forwarded to the Medical Officer of Health, Wood Street, Doncaster, not later than January 21, 1953. Candidates must disclose in writing whether to their knowledge they are related to any member of, or the holder of any senior office of, the Council.—H. R. Wormald, Town Clerk, Town Clerk's Office, 1, Priory Place, Doncaster. (8203)

DUNDEE, CORPORATION OF**Public Health Department****ASSISTANT MEDICAL OFFICERS OF HEALTH (School Health Service)**

Applications are invited from duly qualified medical practitioners under 45 years of age for the above posts. Possession of a D.P.H. or equivalent will be an advantage. The salary will be in accordance with the national scale. The selected candidates will require to pass a medical examination and contribute to the superannuation scheme. The Corporation reserve the right to terminate the appointment of female officers on marriage. Applications, giving age, qualifications and experience, and the names of three referees, should reach the undersigned on or before Friday, January 16, 1953.—Robert Lyle, Town Clerk, City Chambers, Dundee. (8424)

KENT COUNTY COUNCIL**Health Department****PRINCIPAL MEDICAL OFFICER**

Applications are invited for the above appointment on the Central Staff of the Health Department. The successful candidate will be responsible for the section dealing with the care of mothers and young children and will act as Principal Medical Officer to two area sub-committees in mid-Kent. The salary scale is £1,300 by £50 to £1,750 and the commencing salary will be fixed at a point on the scale according to the experience and qualifications of the successful candidate. The appointment is superannuable and the successful candidate will be required to pass a medical examination. Applications, stating age, qualifications and experience, accompanied by the names and addresses of two persons to whom reference may be made as to professional ability and character, should be addressed to the County Medical Officer, County Hall, Maidstone, not later than January 20, 1953.—W. L. Platts, Clerk of the County Council, County Hall, Maidstone. (8425)

NORFOLK COUNTY COUNCIL

Applications are invited from registered medical practitioners holding the Diploma in Public Health for appointment as

SENIOR MEDICAL OFFICER

who will be responsible to the County Medical Officer for the mental health and school health services. Preference will be given to applicants who have had good experience of mental health, mental deficiency and school health service work. Salary scale £1,250 by £50 to £1,650 per annum, the commencing point to be fixed according to qualifications and experience. Application forms, together with further details, can be obtained from the County Medical Officer, 29, Thorpe Road, Norwich, to whom completed application forms should be returned not later than January 26. (8427)

DIRECTOR OF BLOOD TRANSFUSION**in Western Australia**

Salary £1,247 to £2,000 (varying with fluctuations in the basic rate). Administration experience essential. Starting salary according to experience. Appointment will be for three years, commencing March 9, 1953, with renewal by mutual consent. Applications, giving particulars of age, academic qualifications, experience, accompanied by certificate of health, copies of testimonials, and the names and addresses of two referees, should reach the undersigned not later than January 31, 1953. Further details will be supplied on request.—S. N. McKenzie, General Secretary, 12, Howard Street, Perth. (8639)

HER MAJESTY'S COLONIAL SERVICE**Sierra Leone****MEDICAL OFFICERS**

Required for general duties including hospital and district work. The posts offer scope for the practice of many branches of medicine and surgery and carry a considerable measure of independence and personal responsibility. Appointments can be made on a permanent basis with pension (non-contributory) at the age of 45 to 55, or on short-term contract with gratuity on satisfactory completion of service. Candidates in the National Health Service may resign from the National Health Service but retain their superannuation rights during their time in Sierra Leone (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Colonial salary on leaving Sierra Leone at the end of their engagements. Salary scales, including pensionable expatriation pay, and pensionable cost-of-living allowance, range from £976 5s. per annum to £1,725 per annum for pensionable employment, and from £1,155 per annum to £1,845 per annum for contract appointment. An additional (non-pensionable) temporary cost-of-living allowance from £75 to £80 per annum is payable. Starting salary is determined according to age, qualifications and experience. Pension is earned at the rate of 1/600th of the final pensionable emoluments for each completed month of service. The gratuity in respect of contract appointments is payable at the rate of £150 per annum. Quarters are available at low rental. Free passages in both directions are provided for officer, wife and up to two children under the age of ten. Income tax at local rates. Local leave is permissible and generous home leave is granted after each tour of eighteen months' duration. The short tours of service enable frequent visits to be made to children being educated at home. Many officers have their children with them until they reach school age. Candidates must possess medical qualifications registrable in the United Kingdom and have had at least twelve months' postgraduate experience. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference CDE 117/15/02). (8577)

CITY COUNCIL OF NAIROBI

The City Council of Nairobi invites applications from suitably qualified and experienced persons for the appointment of

MEDICAL OFFICER OF HEALTH (Female)**In the Medical Officer of Health Department**

In addition to the usual maternity and child welfare clinics the work will include the training of African Health Visitors and the supervision of African Health Visitors and domiciliary midwives. Particular experience in obstetrics and child health is desirable. The salary scale attached to the post is £720 per annum, rising by annual increments of £35 to £790 and thence by £40 to £1,070, plus special temporary allowance which based on a salary of £720 is at present £213 15s. The successful candidate may be allowed to enter the salary scale at a point commensurate with her experience and qualifications. The appointment is an established post but will be subject to a probationary period of six months' service. The successful candidate will be required to contribute 7½ per cent of her salary to the Staff Superannuation Fund. Employees on the established staff are entitled to six months' overseas leave inclusive of voyage on full pay after a full tour of service, with a passage allowance up to a maximum of three adult passages, and to twenty-one days' local leave per annum. Staff are also entitled to certain medical benefits. Applications, stating age, qualifications and experience, accompanied by a photograph, medical certificate of fitness, and certified copies of testimonials, should be addressed to the Town Clerk, P.O. Box 651, Nairobi, Kenya Colony, and sent by air mail so as to reach him not later than January 30, 1953.—John R.iseborough, Town Clerk, Town Hall, Nairobi. (8429)

Overseas—contd.

ST. ANDREW'S HOSPITAL, NORTHAMPTON

For Nervous and Mental Disorders

President: The Earl Spencer, Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plomberies treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

WYKE HOUSE, ISLEWORTH, MIDDLESEX

A Private Hospital for individual treatment of all forms of Nervous and Mental Illness, including Alcoholism. Voluntary and certified patients of both sexes are admitted, and particular attention is given to the needs of the aged. Apply, Resident Medical Superintendent. Tel.: EALing 7000.

HEIGHAM HALL, NORWICH

Private Mental Hospital. Individual treatment. Special Geriatric Unit. Accommodation Alcoholics, from 6 gns. Apply Dr. J. A. Small, Norwich 20800.

LAVERSTOCK HOUSE, SALISBURY, WILTS

Private Mental Home, old-established. All mental cases and all treatments. Fees moderate.

For Regular Administration

In cases where there may be a suspected deficiency of the B₁ vitamins, a natural source of these vitamins that can be administered regularly in the diet is often thought preferable to synthetic supplements.

Marmite yeast extract, which supplies 1.5 mg. per oz. riboflavin, and 16.5 mg. per oz. nicotinic acid, also contains the less well-known B₂ factors, folic acid, pantothenic acid, pyridoxin, biotin, choline, inositol and p-aminobenzoic acid. Because it provides all these factors together in the natural form, in a palatable foodstuff, Marmite is frequently recommended when additional B₁ vitamins are needed.

MARMITE

yeast extract

KAYLENE-OL

in Influenza

No treatment for influenza is complete unless attention is paid to the bowel, where stasis and toxic absorption may prolong the asthenia that so often remains long after the acute attack subsides.

Kaylene-ol is indicated for Gastric Influenza, also for influenza characterised by inflammation in the nose and throat with the inevitable ingestion of toxins and infected discharges.

Kaylene-ol acts as a gentle laxative, helps in the neutralisation of intestinal toxins and restores to the bowel its dynamic functions. Kaylene-ol also obviates post-influenza depression.

The regular use of Kaylene-ol in the winter months is also one of the most effective methods of preventing colds, catarrhal conditions of the chest and intestinal toxæmia in association with asthma and chilblain circulation.

Formula :
Kaylene (Colloidal Kaolin) 7.5%, Liquid Paraffin 25%.
