

WHEN THE NEED IS FOR GLUCOSE

When the patient is weak and needs glucose LUCOZADE will quickly provide strength and refreshment. This sparkling glucose drink, so energising and sustaining, is delightfully refreshing to the invalid palate. LUCOZADE represents an improved form of glucose therapy entirely free from the objectionable features which used to make the administration of glucose such a problem.

— Lucozade —

AN IMPROVED FORM OF

GLUCOSE

THERAPY

The replaceable barrel means great economies in the long run

The glass barrel is protected by a metal casing and breakage risk is thereby reduced to a minimum. If the glass barrel is broken only the glass barrel and piston need be renewed.

Spare barrels are supplied complete with individually fitted pistons. Users however are advised to order a spare barrel when they buy the syringe; this permits *instant* replacement.

All components can be taken apart or assembled in a few seconds.

No cement or solder is used and sterilization can be done at temperatures up to 200° C. The metal piston must be withdrawn during sterilization but there is no need to dismantle the rest of the syringe.

SIZES: 1, 2, 5, 10 and 20 c.c.

INTERCHANGEABLE NEEDLE FITTINGS: Record, Luer and all other types. Side and central.

Back View (Uncovered)

BRASSIERES are also available for use in mastitis. Particulars of all styles available on application.

BIRMINGHAM, 2

For the 'bilious' or 'liverish' patient

DEHYDROCHOLIN B.D.H. is the most active and least toxic of the bile acids. Since it is highly effective in promoting the secretion of bile and therefore aids the digestion and absorption of foodstuffs, particularly fats, it is indicated particularly for the treatment of 'bilious' or 'liverish' conditions.

Dehydrocholin B.D.H. is also useful in establishing normal bowel action in patients with a deficiency of bile and in patients needing mild peristaltic stimulation. Dosage of three tablets three times a day is recommended.

DEHYDROCHOLIN B.D.H.

Tablets for oral administration, each containing 0.25 gramme in bottles of 20 at 4/1 and 100 at 17/7. Solution for injection—ampoules containing 2 gramme of sodium dehydrocholate in 10 ml. Box of 3 ampoules 18/11; box of 25 at 74/3. Prices in Great Britain to the Medical Profession.

Literature and samples are available to physicians on request to the Medical Department

CIDAL

THE TOILET SOAP THAT CONTAINS 2% HEXACHLOROPHENE

CIDAL is a high-grade, triple-milled toilet soap with remarkable germicidal properties, that make it of particular interest to the medical profession. The 2 per cent of Hexachlorophene in CIDAL ensures that it purifies the skin more *thoroughly* than any ordinary toilet soap.

Hexachlorophene (2:2'-dihydroxy-3:5:6:3':5':6'-hexachlorodiphenylmethane) is colourless, odourless, non-irritant and non-toxic. It is 125 times more efficient than carbolic acid at 37°C against *Staphylococcus aureus*, and is very effective in extreme dilution.

Hexachlorophene purifies the skin by killing the bacteria which settle deep within folds and pores, and forms an anti-bacteria barrier which gives protection until the next washing.

CIDAL Soap can be commended in all cases of skin ailments where soap and water form part of the therapy. It assists in the prevention of secondary infections of minor cuts and abrasions. It helps to reduce the incidence of boils, styes, carbuncles and other forms of folliculitis and cellulitis, and is found beneficial in treating impetigo and barber's rash.

CIDAL is also recommended for personal hygiene, since it destroys the bacteria which ferment perspiration, thus eliminating the root cause of unpleasant body odours.

Cidal shampoo also contains Hexachlorophene and has the same germicidal powers as CIDAL soap. It protects the hair follicles against infection by staphylococci and gives excellent results in the treatment of dandruff.

1/- at all good chemists

Members of the Medical Profession are invited to write for experimental samples of CIDAL Soap to the Technical Sales Department (Antiseptic Division), J. BIBBY & SONS LIMITED, KING EDWARD STREET, LIVERPOOL 3

'Thiomerin'

Trade Mark

SODIUM

(MERCAPTOMERIN SODIUM)

THE NEW MERCURIAL DIURETIC FOR SUBCUTANEOUS INJECTION

'Thiomerin' differs from other mercurial diuretics in that the mercury is in combination with an organic group plus another compound—sodium thio-glycollate, which has a marked detoxicating action on the mercury. The volume of urine excreted is mainly determined by the size and frequency of the injections. Intravenous injections merely speed up the process by a few hours but have no effect on the final weight loss. 'Thiomerin' diuresis induced by subcutaneous injection (0.5 to 2 cc) is

gentle, slower in onset but equal in output to that of any other mercurial, however administered. The patient benefits, both from a painless injection and because less frequent bladder emptying, especially at night, permits much-needed rest and imposes less strain.

'Thiomerin' is indicated in
Cardiac Oedema (peripheral or pulmonary)
Nephritic Oedema *Ascites of Liver Disease*
Carefully selected cases of Subacute and Chronic Nephritis.

PACKING—'Thiomerin' is supplied in vials of 1.4 G., to which the addition of 10 cc. Water for Injection, B.P. will provide a solution containing the equivalent of 40 mg. Mercury per cc.

Leadership

When climbing mountains the leader is the most vital factor in the expedition. Where he leads, others follow—he knows the pitfalls and the footholds. Similarly in industry. The 'leader' in a particular field acts on his own initiative and the others follow.

Leading Paediatricians have advised Cow & Gate Food for fourteen Royal Babies — only the best was good enough for them and only the best is good enough for your youngest patients.

Cow & Gate have been making Infant Milk Foods for more than fifty years.

Children fed on Cow & Gate are our best advertisement.

COW & GATE MILK FOODS

For suppression of severe cough

'Physeptone' depresses the cough reflex in a manner comparable with that of diamorphine. It may therefore be prescribed with advantage for those cases of persistent cough which would normally be given diamorphine.

For this purpose, 'Physeptone' Linctus is issued containing 2 mgm. of Amidone Hydrochloride in each fluid drachm. The average adult dose is one teaspoonful (2 mgm.) every three or four hours, and this will control nearly every cough.

For children 'Physeptone' Linctus should be diluted with simple syrup in the proportion of one part linctus and seven parts syrup. One to two teaspoonfuls (0.25 - 0.5 mgm.) of this *diluted* linctus to be given according to the age of the child.

REDUCING THE PRESSURE...

THE SUPERIORITY of papaverine nitrite over the generally used hydrochloride is becoming more and more recognized. The lower toxicity of the nitrite is of obvious importance in such long-term treatment as hypertensive syndromes usually demand.

'**HYPERYSIN**' Tablets are formularized to provide the anti-hypertensive effects of a superior nitrite together with the sedative influence of papaverine and two other agents of acknowledged synergistic action.

Composition (each Tablet approx.)—

Papaverine Nitrite 0.7 gr.
Hexamethylenetetraminodichloralhydrate . . . 3.0 gr.
Carbromalum B.P.C. 3.0 gr.

Advantages—

Low toxicity: Papaverine nitrite is less toxic than papaverine.
Synergism: The papaverine nitrite is synergistically potentiated by two other reputable sedatives.
General effect: 'Hyperysin' does not act so abruptly as the majority of nitrites.

Indications—

Hypertension, arterial spasm, angiospastic crises, angina pectoris.

Presentation—

Containers of 15 and 500 Tablets.

HYPERYSIN

A perfect source of Vitamin C

RIBENA (*Syrupus Ribis Nigri B.P.C.*)

HIGH CONCENTRATION OF VITAMIN C—REMARKABLE STABILITY

Four characteristics of Ribena make it a perfect source of Vitamin C:

- 1 It contains a high concentration of Vitamin C—and it is very stable.
- 2 The vitamin is in its natural state.*
- 3 Ribena is very well tolerated even by sensitive stomachs. It is completely free from all cellular structure. It is suitable for infants almost from birth, for peptic ulcer cases, and for women suffering from "morning sickness"; they can take it when almost everything else increases discomfort.
- 4 In addition to its therapeutic values, it is delicious in its own right as sweet blackcurrant syrup.

* Following reports of unsatisfactory response to the therapeutic use of synthetic ascorbic acid in peptic ulcer cases, controlled tests using Ribena were instituted at various large British hospitals, with striking results. Clinical experience has also shown that in ulcerative gingivitis, the routine use of Ribena as an adjunct to local therapy has given more satisfactory results than that of the synthetic vitamin. The superiority is presumably due to the presence of other factors of the Vitamin-C complex, possibly the Vitamin P, as well as mineral elements.

Therapeutic uses

Ribena is recommended for all conditions requiring Vitamin-C implementation: namely, as a natural and rapid restorative from fatigue; for increasing resistance to local infection and colds; for expectant and nursing mothers; for infants from birth; for children and adolescents; in many dental conditions; in peptic ulcer cases; in fractures and wounds; in blood dyscrasias and hæmorrhagic states; in infections and fevers; and in many skin disorders.

Reports for doctors overseas

The makers of Ribena co-operated extensively with the Ministries of Food and Health during the war, a co-operation which still goes on to some extent even now. The Royal Forest Factory has attached to it a series of very fine laboratories where research into fruit juices and vitamins is conducted to an academic level, under the direction of an expert, lately in charge of the Fruit Products Section of the University of Bristol Agricultural Research Station. Reports of much of the work done are available, on application, to doctors and scientists overseas. These are likely to be of particular interest now that Ribena is being extensively exported.

Send for further information. A booklet entitled "Blackcurrant Juice in Modern Therapy: Natural Vitamin C" will be forwarded to you with pleasure; also details of a number of controlled tests made on the use of Vitamin C, if you will write to:—

SPENCER SUPPORTS
for women, men and
children are each indi-
vidually designed for each
patient.

Safe Support for this Hernial Patient

The Spencer Abdominal Support for this hernial patient was *individually designed, cut and made*—after a description of the patient's body and posture had been recorded and detailed measurements taken.

The pull of supporting the abdomen is placed on the pelvis, not on the spine at or above the lumbar region. Abdominal support is from below, upward and backward, paralleling the natural pull of muscles. Made of non-elastic materials, the support will not yield or slip under strain, assuring maximum *safety*.

Following application of her Spencer Support, the patient obtained relief of symptoms and was able to return to her work.

BRITISH PHARMACOPŒIA 1953

This new edition of the Pharmacopœia supersedes, as from September 1, 1953, the British Pharmacopœia 1948 as amended by the Addendum 1951. The book has been completely revised, and more than 60 of the 750 monographs deal with substances new to the Pharmacopœia. The main titles are now given in English in place of Latin, and the order of the monographs has been changed to bring together the monographs on a substance and its preparations.

The 25 Appendices include descriptions of chemical, physical and biological assay procedures, with a new section on the design and accuracy of biological assays.

Publication Date : March 2, 1953.

Official from : September 1, 1953

New peptic ulcer treatment comparable to drip therapy

Whole milk and alkaline constituents
combine to produce
increased buffering action

NULACIN TABLETS have been evolved to meet a very real need in the treatment of gastric and duodenal ulcers.

All the literature on the treatment of peptic ulcers emphasizes the proven value of diminishing the acidity of the gastric juice. Many large and otherwise intractable ulcers can be healed by a continuous, intra-gastric drip of milk or alkali.

Drip therapy, is, however, not always available, nor is it practicable to use it in many instances. Nulacin offers a satisfactory alternative.

CONTINUOUS NEUTRALIZATION

NULACIN TABLETS, allowed to dissolve slowly in the mouth, have been shown clinically to provide a continuous neutralization comparable with that of drip therapy. (B.M.J., 1952, 2, 180.)

NULACIN TABLETS contain nutrient in a most acceptable form to the peptic ulcer patient. Nulacin tablets obviate the necessity of taking frequent feeds, and so lessen the tendency to obesity which must occur in those who are following a dietary regime of food at frequent intervals.

During ulcer activity the suggested dosage is 3 tablets to be sucked each hour, and for follow-up treatment 2 tablets should be sucked between meals, beginning half an hour after a meal.

The tablet is of a suitable size, and of a consistency and hardness so that, when it is sucked, the result is a constant and prolonged neutralization of the gastric juice.

NULACIN TABLETS are extremely palatable and during extensive clinical tests their taste has proved to be particularly acceptable to patients.

The patient should be instructed to place the tablet between the gum of the upper jaw and the cheek. Here it will be comfortable, and slowly dissolve. The efficacy of

the tablet is greatly diminished if it is chewed and swallowed.

NULACIN TABLETS are not advertised to the public. There is no B.P. equivalent to this tablet. The dispensing pack of 25 tablets is free of Purchase Tax and now costs 3/-.

GASTRIC ANALYSIS

Superimposed gruel test-meal curves of six patients with duodenal ulcer

GASTRIC ANALYSIS

The same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued

comfort AT DEPTH in joints and muscles

Hot baths may have their virtue but the modern answer to pain in joints and muscles is histamine-induced vasodilation. Hitherto, the value of topically applied histamine has been limited by the poor absorption of the substance through the skin. Now, however, a new deep penetration histamine balm, NALGIN, overcomes this difficulty. In NALGIN, the histamine is combined with methyl nicotinate—a therapeutic agent with exceptional skin-penetrative properties which permits of a deeper penetration of the histamine into skin tissues. Light massage over the affected area with NALGIN results in hyperaemia followed by a pleasant sensation of warmth, leading to a marked reduction of pain and to *comfort at depth*.

NALGIN HISTAMINE BALM

Contains in 100 parts :

Histamine acid phos.	. 0.1	Glycol salicylate	: . 5.0
Methyl nicotinate	. 1.0	Capsicin	. . 0.1

THROMBIN (MAW) *in Tonsillectomy*

THROMBIN is now being widely used in tonsillectomy operations for the control of excessive bleeding. It acts efficiently, quickly and is extremely simple to apply. The wound surface should first be swabbed clean of blood, then syringed with a concentrated solution of THROMBIN.

THROMBIN can be successfully used in any operation which involves excessive bleeding, and may often be applied in conjunction with absorbable haemostatic dressings such as fibrin foam, gelatin foam and alginates.

SOME FACTS ABOUT THROMBIN

STABILITY:—THROMBIN keeps indefinitely in the dry state, and therefore may be kept in stock against an emergency.

STERILITY:—THROMBIN is sterilised by filtration, and needs no re-sterilisation.

ADSORPTION:—THROMBIN is easily adsorbed by solids, and should therefore be applied by syringe or spray.

APPLICATION:—THROMBIN is supplied in a dry ampoule, together with an ampoule of diluent. Solution is very rapid.

QUANTITY:—THROMBIN is available for surgical purposes in ampoules of 50, 200 and 5,000 N.I.H. UNITS, and for oral use in packages of 5,000 N.I.H. UNITS.

Good results for THROMBIN are being reported in many varied surgical applications, and we shall be glad to supply further information. Inquiries should be addressed to:
The Medical Research Department, S. Maw Son and Sons Ltd., Barnet, Herts. Phone: BARNET 5555

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

Deferment of recruitment for fully registered "R" practitioners (i.e., fully registered practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow a fully registered "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour and National Service as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) provided that it is secured before the end of his First House Officer post and commences within one month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to any further post.

The position of provisionally registered "R" practitioners has been made clear in a notice sent to them by the University Joint Recruiting Boards.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years; £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER:** £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER:** Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

Applications are invited from medical practitioners holding the D.P.H. or similar qualification for the appointment of **ASSISTANT COUNTY AND SCHOOL MEDICAL OFFICER AND MEDICAL OFFICER OF HEALTH**

for the Borough of Beaumaris, the Urban Districts of Llangefni and Menai Bridge, and the Rural District of Aethwy. Salary in accordance with the National Award for a mixed appointment—£1,306 5s., rising to £1,593 15s. Starting point according to experience. The national conditions of service, travelling allowance, etc., apply. Application forms, to be returned to the undersigned by March 14, 1953, may be obtained from the County Medical Officer of Health, Shire Hall, Llangefni.—William Jones, Clerk of the County Council, Shire Hall, Llangefni, Anglesey. (2392)

DUNDEE, CORPORATION OF

Applications are invited from registered medical practitioners possessing a Diploma in Public Health or equivalent qualification for the appointment of **MEDICAL OFFICER OF HEALTH**

Applicants should have had considerable clinical and administrative experience in public health work embracing School Health Services, Maternity and Child Welfare Services, and Port Sanitary Services. Applicants should be under 45 years of age unless already holding a superannuable appointment for which a transfer value will be payable, but in any event should not exceed 50 years of age. The salary will be in accordance with the terms of the Industrial Court Award, being £1,950 annually, rising by two increments of £100 each and one of £50 to a maximum of £2,200 annually. Copies of the conditions of service may be obtained from the subscriber to whom applications, together with copies of three recent testimonials should be submitted not later than March 14, 1953. Canvassing either directly or indirectly will disqualify.—Robert Lytle, Town Clerk. (2627)

BIRMINGHAM, CITY OF**Public Health Department****MEDICAL OFFICERS
(Holiday Locum)**

Applications are invited for the temporary appointment of three whole-time medical officers in the Maternity and Child Welfare Department to take holiday duty during the summer months, commencing on April 20, 1953. The appointments are non-resident, and the salary offered is at the rate of £16 10s. per week. Successful applicants expected to remain, if required, for a period of six months. Application forms obtainable from the Medical Officer of Health, Council House, Birmingham. 3. Completed forms to be returned to him, with copies of three testimonials, not later than March 14. (2628)

ESSEX, COUNTY COUNCIL OF**SENIOR MEDICAL OFFICER
Mental Health Service**

Applications invited from male registered medical practitioners for above appointment on central staff of the Council's Health Department. Applicants should have had experience in the administration and medical direction of all branches of the Mental Health Service, and preference will be given to candidates possessing the Diploma in Psychological Medicine. Salary will be on the scale of £1,250 by £50 to £1,650, according to experience. Appointment subject to medical examination and contributions to superannuation fund. Application forms and further particulars may be obtained from County Medical Officer of Health, County Hall, Chelmsford. Completed forms should be returned to him as soon as practicable. Canvassing forbidden. (2520)

GATESHEAD, COUNTY BOROUGH OF

Applications are invited from duly qualified men in possession of the D.P.H., C.P.H., or D.C.H., for the post of

**ASSISTANT MEDICAL OFFICER OF HEALTH
AND ASSISTANT SCHOOL MEDICAL
OFFICER**

in the Public Health Department. Salary will be within the scale commencing £850 and rising to £1,150 per annum by annual increments of £50, having regard to the experience of the candidate in similar posts. The appointment is superannuable, subject to medical examination, and is terminable by one month's notice from either side. A list of the duties of the office may be obtained from the Medical Officer of Health, Greensfield House, Mulgrave Terrace, Gateshead, to whom applications, stating age and experience, and accompanied by not more than three recent testimonials, should be sent in envelopes endorsed "Assistant Medical Officer" not later than March 9, 1953. Candidates are requested to state whether they are related to any member of the Council or senior officer employed by this Corporation.—J. W. Porter, Town Clerk. (2703)

NORFOLK COUNTY COUNCIL

Applications are invited from registered medical practitioners holding the Diploma in Public Health for appointment as

SENIOR MEDICAL OFFICER

who will be responsible to the County Medical Officer for the mental health and school health services. Preference will be given to applicants who have had good experience of mental health, mental deficiency, and school health service work. Salary scale £1,250 by £50 to £1,650 per annum, the commencing point to be fixed according to qualifications and experience. Application forms, together with further details, can be obtained from the County Medical Officer, 29, Thorpe Road, Norwich, to whom completed application forms should be returned not later than March 9. (2629)

**NOTTINGHAMSHIRE COUNTY COUNCIL
HUCKNALL URBAN DISTRICT COUNCIL**

Applications are invited from registered medical practitioners for the mixed whole-time appointment of

**ASSISTANT COUNTY MEDICAL OFFICER and
MEDICAL OFFICER OF HEALTH
to the Hucknall Urban District**

Applicants must have had at least three years' professional experience since qualifying, be experienced in the duties of medical officer of health, school medical officer, and the care of mothers and young children, and possess a Diploma in Public Health. The salaries are in accordance with awards 2285 and 2321 of the Industrial Court for Public Health Medical Officers holding mixed appointments, namely: Assistant County Medical Officer, £795 9s. per annum by £39 15s. 6d. per annum to £914 15s. 6d. per annum. Medical Officer of Health, £436 7s. 3d. per annum by £13 12s. 9d. per annum to £490 18s. 3d. per annum. Application forms and conditions of appointment are obtainable from my office, and applications should reach me by March 21, 1953. Canvassing disqualifies.—K. Tweedale Meaby, Clerk of the County Council, Shire Hall, Nottingham. (2547)

Public Health—contd.**MONMOUTH, ADMINISTRATIVE COUNTY OF****Local Government Act, 1933 (Section 111)****District No. 4 (Ebbw Vale Urban District Council)**

Applications are invited from registered medical practitioners, male or female, for appointment as

WHOLE-TIME MEDICAL OFFICER OF HEALTH AND ASSISTANT COUNTY MEDICAL OFFICER

for the above district, who will be required to take up duties on August 1, 1953. Preference will be given to persons holding the Diploma in Public Health. Candidates should have had experience in public health administration and the school health service. The combined salary scale will be from £1,509 ls. 10d. per annum, and will proceed by annual increments to a maximum of £1,872 lbs. 6d. Consideration will be given to the payment of increments in respect of any previous service in a similar capacity. Any fees received by virtue of the appointment to be paid into the appropriate Council's fund. The person appointed will be subject to (a) the Sanitary Officers (Outside London) Regulations, 1935; (b) the scheme of conditions of service of the National Joint Council for Local Authorities, etc.; (c) the National Health Service (Superannuation) Regulations, 1947; (d) a restriction from engaging in private practice; and (e) the approval of the Minister of Health. In addition to the duties as Medical Officer of Health for the district the person appointed will also act as Assistant County Medical Officer for such duties of the County Council as may be laid down under their health scheme, also such other duties as may be assigned by the County Medical Officer from time to time, and in respect of these duties shall be under the control of the County Medical Officer. The person appointed will attend such meetings of the District Council and the Area Health Sub-Committee established by the County Council as he or she may be called upon to do by these Councils and Committee. Clerical assistance will be provided and usual travelling expenses paid. The appointment will be subject to three months' notice on either side, and the successful candidate will be required to pass an examination as to physical fitness and to give an assurance that he or she will reside in the district. Applications, accompanied by at least two testimonials, to be delivered to the undersigned not later than March 31, 1953. Canvassing of members or officials of the respective Councils, directly or indirectly, is strictly prohibited, and will be considered a disqualification. Diplomas and certificates to be produced. On behalf of the District Council above-mentioned and the Monmouthshire County Council.—Vernon Lawrence, Clerk of the Monmouthshire County Council, County Hall, Newport, Mon. (2235)

SALFORD EDUCATION COMMITTEE

Applications are invited from registered medical practitioners for the post of

ASSISTANT MEDICAL OFFICER OF HEALTH AND ASSISTANT SCHOOL MEDICAL OFFICER (Full or part-time)

Preference will be given to candidates with the D.C.H. or D.P.H. The duties will consist mainly of medical inspection of schoolchildren, maternity and child welfare, and such other public health work as the Medical Officer of Health and School Medical Officer may direct. Salary £850 by £50 to £1,150 per annum. In fixing the commencing salary consideration will be given to experience and qualification. The appointment will be subject to the usual conditions of local government service. Forms of application may be obtained from the Director of Education, Education Office, Chapel Street, Salford, 3, to whom they should be returned not later than March 7, 1953.—H. H. Tomson, Town Clerk. (2393)

HER MAJESTY'S COLONIAL SERVICE, MALAYA**SPECIALIST ORTHOPAEDIC SURGEON**

Required on short-term engagement to take charge of an Orthopaedic Department in the Federation of Malaya; to assist in teaching orthopaedic work, etc., and the teaching of intern House Surgeons. Candidates must have medical qualifications registrable in the United Kingdom, and the F.R.C.S. with orthopaedic experience, and should have an interest in the fitting of artificial limbs and orthopaedic appliances. Appointment is on short-term contract for three years' resident service, renewable for a further tour of three years by mutual agreement. A gratuity earned at the rate of £450 per annum is paid on expiry of contract. Alternatively, doctors in the National Health Service may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malayan salary on leaving Malaya at the end of their engagements. Basic salary is £1,764 per annum. In addition, expatriation pay is payable at the rate of £364 per annum. An expatriation allowance is paid to married officers without children at the rate of £133 per annum, and to married officers with children at the rate of £259 per annum. A temporary cost-of-living allowance is payable at the rate of £42 per annum for single officers, £308 per annum for married officers, and £413 per annum for married officers with children. The rate of salary and gratuity refers to doctors eligible for expatriate terms under Malayan Regulations (i.e. those whose permanent homes are in the United Kingdom, Irish Republic, Australia, Canada, etc.). The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the surgeon, his wife and children under the age of ten (not exceeding four persons besides himself) on appointment, and once each way during each tour of duty of three years. Generous home leave is granted and local leave is permissible. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting ref. No. CDE.117/60/09). (2593)

Overseas—contd.**GERMANY**

Required by a leading pharmaceutical concern in Germany **Medically Trained Gentleman** for the scientific literature department. Adequate knowledge of German necessary. Please forward full particulars to Box SF5111, Wefra Werbegesellschaft, Untermainkai, 12, Frankfurt/Main, Germany.

COMMONWEALTH OF AUSTRALIA**Department of Health**

Applications are invited for the position of
SURGEON SPECIALIST

at **Darwin Hospital, Northern Territory, Australia**
Darwin Hospital is a large well-equipped hospital of 143 beds (at the present time). It provides all modern conveniences and facilities. A house, partly furnished, is provided if required, at public service rates. Salary: £2,406 per annum (Australian currency). Income tax zone allowance deduction of £(Aust.)120 may be allowable. District allowance is £A.150 for married men and £A.125 for single men. This is additional to salary. Leave: 36 days' annual recreational leave. Permanency: The position is a permanent one entitling the successful applicant to superannuation rights. Qualifications: Applicants must have a medical degree registrable in the Northern Territory and a postgraduate degree or diploma in surgery (M.S., F.R.C.S., F.R.A.C.S., or similar degree). Applications, stating age, marital status, experience, and qualifications, should be addressed to the Chief Medical Officer, Australia House, Strand, London, by March 14, 1953. (2782)

HER MAJESTY'S COLONIAL SERVICE, Malaya

A doctor is required for the Malayan Medical Department for appointment as

DEPUTY MEDICAL SUPERINTENDENT
Woodbridge (Mental) Hospital, Singapore

to carry out such duties in the hospital and at out-patient clinics as may be required, and to assist in the teaching of medical staff. Candidates must possess medical qualifications registrable in the United Kingdom and a higher qualification in psychiatry, and should be of the rank of at least Senior Registrar in the United Kingdom Health Service. Appointment to the above post is available (a) on probation for permanent and pensionable establishment, (b) on employment from the National Health Service, (c) on short-term contract with gratuity. (a) Permanent terms: Subject to three years' probation appointment is permanent with pension (non-contributory) at age of 55. Basic salary is £1,764 per annum. In addition, pensionable expatriation pay is payable at the rate of £364 per annum. A non-pensionable expatriation allowance is paid to married officers without children at the rate of £133 per annum, and to married officers with children at the rate of £259 per annum. A temporary variable, non-pensionable cost-of-living allowance is payable at the rate of £42 per annum for single men, £308 for married men, and £413 for married men with children. (b) National Health Service terms: Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malayan salary on leaving Malaya at the end of their engagements. Salary and allowances as under (a). Doctors so appointed may be considered for permanent terms at any time during their employment in Malaya provided they surrender their rights to the resettlement grant: payment by Malayan Governments of superannuation contributions ceases from date of permanent service. (c) Contract terms: The contract will be for three years' resident service, renewable for a further tour of three years by mutual agreement. Salary and allowances as under (a). In addition a gratuity earned at the rate of £300 to £450 per annum, according to salary, is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rate of salary and gratuity refers to doctors eligible for expatriate terms under Malayan Regulations (i.e. those whose permanent homes are in the United Kingdom, Irish Republic, Australia, Canada, etc.). The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and children under the age of ten (not exceeding four persons besides himself) on appointment, and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. CDE.117/60/013). (2594)

HER MAJESTY'S COLONIAL SERVICE
Tanganyika**MEDICAL OFFICERS**

Required for general medical duties in Tanganyika. Appointments can be made on a permanent basis with pension (non-contributory) at the age of 45 to 55, or on short-term contracts with gratuity on satisfactory completion of service. Candidates in the National Health Service may resign from the National Health Service but retain their superannuation rights during their time in Tanganyika (up to six years), and receive a resettlement grant of 20 per cent of the aggregate of their Tanganyika salary on leaving Tanganyika at the end of their engagements. Salary scale ranges from £865 to £1,590 per annum. A temporary allowance at the rate of 25 per cent of salary is also payable, subject to a maximum of £250 per annum. Starting salary will be determined according to age, qualifications and experience. Special increments are given for approved higher qualifications. Quarters provided at low rental. Free passages provided in both directions for officer, wife and children up to the cost of three adult fares. Income tax at local rates. Tour of service is from 24 to 36 months. Local leave is permissible and generous home leave is granted. Educational facilities are available in East Africa. Candidates must possess medical qualifications registrable in the United Kingdom and have had one year's postgraduate experience. They must be prepared to go on tour and to train medical and health staff. Medical Officers in Tanganyika are eligible for promotion to Administrative super-scale posts and also, on acquiring specialist qualifications and experience, for numerous specialist appointments in Tanganyika or other colonial territories. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. CDE.117/8/02). (2781)

HER MAJESTY'S COLONIAL SERVICE, Aden**ASSISTANT MEDICAL OFFICER OF HEALTH**

Required in Aden. Duties will include some port health work. Appointment can be made on a permanent basis with pension (non-contributory) at age of 45 to 55, or on short-term contract with gratuity on satisfactory completion of service. Candidates in the National Health Service may resign from the National Health Service but retain their superannuation rights during their time in Aden (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Aden salary on leaving Aden at the end of their engagements. Salary scale ranges from £660 by £30 to £810 by £30 to £870 : £900 by £30 to £960 : £1,000 by £25 to £1,150 per annum. In addition pensionable expatriation pay is payable at varying rates according to salary, from £250 per annum on salary of £660 to £450 per annum on salary of £1,150. Starting point in the scale is determined according to qualifications and experience, e.g., a medical officer possessing a Diploma in Public Health would enter the scale at £810, plus expatriation pay of £300 per annum, and would be eligible for further increments for experience. A cost-of-living allowance (non-pensionable) is payable at varying rates in accordance with family circumstances. Pension is earned at the rate of 1/600th of the final pensionable emoluments for each completed month of service. The gratuity in respect of contract appointments is at the rate of £100 to £150 per annum. Furnished quarters are provided at low rental. Income tax at local rates. Free passages are provided for officer and wife, and up to four children under the age of eighteen. Local leave is permissible and generous home leave is granted after each tour of from 18 to 24 months. Candidates must possess medical qualifications registrable in the United Kingdom. A Diploma in Public Health is desirable. Pensionable officers are eligible for transfer, with or without promotion, to other Colonial territories after a reasonable period of service in Aden. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. CDE.117/2/02). (2655)

HER MAJESTY'S COLONIAL SERVICE, Kenya**MEDICAL OFFICER**
(Police Surgeon and Pathologist)

Required in Kenya for medico-legal work primarily in Nairobi, but elsewhere in Kenya if required. The work includes all the medical examinations and post-mortem examinations required by the police, and assistance in such pathological duties as might be required at the Medical Research Laboratory, Nairobi. Appointment can be made on a permanent basis with pension (non-contributory) at age of 55, or on four-year contract with gratuity on satisfactory completion of service. Salary is paid in the scale £865 to £935 by £35 to £1,005 by £45 to £1,140 by £45 to £1,320 by £45 to £1,590 per annum, starting point is determined by experience and war service. Temporary cost-of-living allowance of 30 per cent of salary, subject to maximum of £300 per annum, also payable. Quarters provided at rental of 10 per cent of salary. Free passages in both directions for officer and wife and up to cost of one adult fare for

children. Taxation at local rates. Annual local leave permissible and generous home leave granted after each tour of from 40 to 48 months. Educational facilities are available. Candidates must possess medical qualifications registrable in the United Kingdom and have had medico-legal experience. Application forms from Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting ref. No. CDE.117/17/02). (2654)

UNIVERSITY APPOINTMENTS**GUY'S HOSPITAL MEDICAL SCHOOL, S.E.1**

Applications are invited for the
ASTLEY COOPER STUDENTSHIP
tenable at Guy's Hospital Medical School. The student, who is the Astley Cooper Assistant to the Curator of the Gordon Museum, will be elected for a period of three years, the salary being £135 per annum. Applications should be sent to the Dean, Guy's Hospital Medical School, S.E.1, not later than March 7, 1953. (2624)

MEDICAL COLLEGE OF ST. BARTHOLOMEW'S HOSPITAL
in the City of London, West Smithfield, E.C.1

Applications are invited for the post of
LECTURER IN PHYSIOLOGY
tenable as from either April 1 or July 1, 1953. Preference may be given to applicants with medical qualifications and with histological interests. The salary is on a scale of £800 by £100 to £1,100 per annum, together with children's allowance and membership of the F.S.S.U. The commencing point on the scale will depend upon candidate's experience in teaching and research. Applications, which should be received by March 25, 1953, should be addressed to the Dean of the Medical College, from whom further particulars may be obtained. (2656)

ROYAL FREE HOSPITAL SCHOOL OF MEDICINE (University of London)
Hunter Street, W.C.1

Applications are invited from men and women holding degrees in medicine or pharmacology for the post of
ASSISTANT LECTURER IN PHARMACOLOGY
from October 1, 1953, at an initial salary of not less than £600 per annum, rising by annual increments of £50 to £750 per annum, with superannuation benefits and family allowances. Further particulars may be obtained from the Warden and Secretary, to whom applications should be sent not later than March 21. (2595)

UNIVERSITY OF EDINBURGH

Applications are invited for the post of
ASSISTANT
Department of Public Health and Social Medicine
from graduates in medicine, biology, psychology, sociology or any other social science. Among the duties of the successful applicant will be participation in the research programme of the Senior Lecturer in Social Biology on the Social Biology and Social Medicine of the Aged Population. Salary scale £450 by £50 to £550 per annum, with superannuation benefit and family allowance where applicable. Applications, with testimonials, and including the names of two referees, should be lodged with the undersigned, from whom further particulars may be obtained.—Charles H. Stewart, Secretary to the University. (2783)

UNIVERSITY OF OXFORD**Radcliffe Infirmary, Oxford**

Applications are invited for the post of
NUFFIELD GRADUATE ASSISTANT IN PATHOLOGY
The successful applicant will have opportunities for special training or research in the various aspects of clinical pathology. Previous experience in pathology, although desirable, is not essential. The salary will be on a range from £600 to £1,300, according to qualifications and experience. Applications, together with the names of three referees, should be submitted to Dr. A. H. T. Robb-Smith, Department of Pathology, Radcliffe Infirmary, Oxford, not later than Saturday, March 7. (2625)

The surest—the safest FOR Nasal Decongestion

Only 'Neophryn' combines powerful action—(equal 1 to 3% ephedrine)—with low toxicity.

In animals and in man 'Neophryn' is the least toxic common vaso-constrictor drug. It will effectively relieve nasal congestion without producing tachycardia, central nervous stimulation, or secondary congestion. Because 'Neophryn' is so safe it is very suitable for infants and children.

'Neophryn' is intended solely as a decongestant and for this reason has no antiseptic or other medicament added to it.

The basic N.H.S. price is 2/4d. per bottle.

Literature will gladly be sent upon request.

'Neophryn' nasal drops 0.25%:
bottles of 15ml. with dropper.
'Neophryn' 1% solution for special-
ist practice: bottles of 4 ounces.

Soothing the cough that causes insomnia

IN TRACHEITIS and bronchitis the sleeplessness caused by a persistent, unproductive cough can be very exhausting. Tusana Cocillana Cough Linctus is very valuable in such cases. It provides a blend of expectorants to loosen the tenacious mucus in the upper air passages and the central sedative, codeine, to depress the cough reflex.

By breaking the vicious circle of coughing

and irritation, Tusana allows the patient to sleep and gather strength for recovery. The tendency of codeine to cause constipation is offset by the inclusion of a little extract of senna in the formula.

Supplied in bottles of 4 fl. oz. - 2/10½d.
and 20 fl. oz. - 10/7½d.

Net prices in Gr. Britain to the
Medical Profession.
