**THIN END
OF THE WEDGE
FOR FLAT FEET!**

The largest single cause of foot trouble in childhood—pronation—could easily become the least. 'Inneraze' shoes provide the complete answer: they apply the wedge principle at its most sensible, *built into the shoe itself*. This, together with the buttressed heel, gives a corrective support that lasts the life of the shoe, unaffected by wear or repair. And because the wedge cannot be seen 'Inneraze' is practically indistinguishable in wear from any of the first-class shoes made for normal young feet by Start-rite.

INNERAZE Shoes by

**When
nourishment
is the main problem . . .**

BRAND'S ESSENCE is a first-class protein of animal origin. Being partly hydrolized, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weight-reducing diets is especially appreciated by the patient.

The manufacturers of
DETTOL submit
the following facts to your attention

Wide mention in medical literature has made Dettol a text-book antiseptic. Wide clinical use has attested the efficiency of Dettol in literally millions of cases which range from minor accident to major operation.

Efficiency Dettol is an efficient antiseptic which, moreover, retains a high degree of efficiency in the presence of organic matter.

Toleration Dettol is well tolerated on the skin and tissues in high concentrations. Moreover, its non-toxicity offers a high degree of safety to doctor, nurse and patient.

Strength The fact that Dettol is well tolerated by the tissues permits dilutions to be recommended for clinical purposes which provide a margin of safety even when a reasonable amount of organic material is present.

Activity Dettol is active against both

Gram-positive and Gram-negative micro-organisms. Under standard conditions of test a dilution of 1 in 200 kills *Staph. aureus* in 10 minutes; a one in 500 dilution kills *Strept. pyogenes* in 10 minutes.

Dettol is not incompatible with soap, traces of which need not be removed before application. **Compatibility**

Dettol is non-poisonous, safe, pleasant and economical in use. It has an agreeable smell. **Pleasantness**

Bacteriological data and the literature of Dettol are available on request. Dettol is packed in 2 and 5 gallon, Purchase-Tax-free Dispensing containers. **Data**

Good health for all...

If every child in the world could have the physical advantages of these children, many of the ills that plague juvenile and adult life would disappear. Good health and nutrition go hand-in-hand; but, unfortunately, *well-fed* does not always mean *well-nourished*. Where there is any deficiency of the factors of the B complex, as the result of mal-absorption, deficiency in the diet, or other causes, an ideal supplement and therapeutic aid is . . .

Lederplex TRADE MARK vitamin B complex *Lederle*

Administered in adequate dosage, daily, LEDERPLEX will supply all the deficient vitamins of the B complex which tend to promote normal cellular life and growth.

TABLETS

Each tablet contains:
Thiamine HCl (B₁) 2.0 mg.
Riboflavin (B₂) 2.0 mg.
Niacinamide 10.0 mg.
Pyridoxine HCl (B₆) 0.1 mg.
Calcium Pantothenate 3.0 mg.
FOLVITE Folic Acid 0.2 mg.
Insoluble Liver Fraction 250.0 mg.
Vitamin B₁₂ 1.0 microgram

LIQUID

Each teaspoonful (4 cc.) contains:
Thiamine HCl (B₁) 2.0 mg.
Riboflavin (B₂) 2.0 mg.
Niacinamide 10.0 mg.
FOLVITE Folic Acid 0.2 mg.
Pyridoxine HCl (B₆) 0.2 mg.
Pantothenic Acid 2.0 mg.
Choline 20.0 mg.
Inositol 10.0 mg.
Soluble Liver Fraction 470.0 mg.
Vitamin B₁₂ 5.0 micrograms

Tablets: Bottles of 100 and 1,000
Liquid: Bottles of 4, 8 and 12 fl. oz.

Free to breathe again

Most cases of asthma respond excellently to 'Neo-Epinine'. More effective than adrenaline or ephedrine as a bronchodilator, it has the further advantage that it is relatively free from side-effects. Rapid relief follows the use of 'Neo-Epinine' No. 1 Spray Solution, a plain 1 per cent aqueous

preparation. 'Neo-Epinine' sublingual products, 20 mgm., act within 5-10 minutes. Stubborn cases may need 'Neo-Epinine' No. 2 Compound Spray Solution, which contains 1 per cent of the drug with 2 per cent of papaverine and 0.2 per cent of atropine methonitrate.

THE TREATMENT OF oro-pharyngeal infections

'PONDETS'

*A unique presentation of
penicillin for the treatment
of minor superficial oro-pharyngeal
infections.*

The ingenious and novel method of presenting penicillin in 'Pondets', enables a high therapeutic concentration to be maintained in the immediate vicinity of the oro-pharyngeal mucosa, for a prolonged period.

Each 'Pondet' contains 5,000 units of crystalline penicillin-G in a pleasantly flavoured, hard, fruit-sweet base which dissolves slowly in the mouth.

'Pondets' are indicated for all minor superficial oral infections due to penicillin sensitive organisms.

Individually wrapped in bottles of 20.

**Now an*
antihistaminic
and
antibacterial
cream!

The composition of 'Phenergan' cream has been modified. The result—a more versatile and effective preparation.

The improved cream now contains 2 per cent w/w promethazine base *plus* 0.15 per cent dibromopropamide isethionate—and in a slightly softer water-miscible base which allows it to be spread more easily on moist lesions.

The addition of dibromopropamide to 'Phenergan' cream, already established as a potent antihistaminic and antipruritic preparation, confers marked antibacterial properties useful both in preventing bacterial contamination of lesions and also in dealing with secondary infections should they occur.

The modified cream has, of course, the same general indications as the plain antihistaminic cream, but is more useful in the early treatment of first and second degree burns and scalds where it helps to prevent infection, limits erythema, blistering and oedema, relieves pain, and often shortens the period of treatment.

Supplied in tubes of 1 oz. and containers of 1 lb.

GLAXO LABORATORIES LIMITED, GREENFORD, MIDDLESEX BY Ron 3434

Hommel's

A Selection of Ethical Pharmaceuticals

'DORMUPAX'

— a superior barbiturate
sedative-hypnotic

'Dormupax' Tablets are characterized by their high efficacy and low toxicity, provided by the combination of a new barbiturate of remarkably low therapeutic index (high ratio of toxic to effective dose), and carbromalum.

Clinical trials confirm their reliable action, good compatibility and wide therapeutic margin.

EACH TABLET: Calcium *n*-butyl-allyl-barbiturate 3.75 gr.
Carbromalum B.P.C. 1.50 gr.

PACKS: Tube of 12; Bottle of 250 (dispensing).

'NYXOLAN'

— specific anthelmintic
against thread worm
infestation

'Nyxolan' provides up to 90% cure rate against threadworms. It has none of the disadvantages of dye substances or diphenan. Its active agent, Aluminium 8-hydroxyquinoline sulphate, is confirmed clinically as absolutely non-toxic.

PACKS: Dragées: 60's and 600's (dispensing).
Syrup: Bottle of 8 fl. oz.

Literature on dosage course on request.

'HYPERYSIN'

— containing an improved
papaverine salt in relief of
hypertension

Because of the more gradual and persistent action of its papaverine *nitrite* as compared with the hydrochloride, 'Hyperysin' provides superior anti-hypertensive effect in essential hypertension, angina pectoris and related cardiovascular diseases.

EACH TABLET: Papaverine *nitrite* 0.7 gr.
Hexamethylenetetraminadichloralhyd. 3.0 gr.

Carbromalum B.P.C. 3.0 gr.

PACKS: 15's and 500's (dispensing).

'TRISAN'

— for the symptomatic relief
of bronchial asthma

'Trisan' contains Potassium Iodide B.P. 6.03%, Chloral Hydrate B.P. 7.11%, Barbitone Sodium B.P. 0.24%, Alcohol 4.00%.

This combination effects relief of bronchial spasm, expectoration and mental sedation, being particularly useful in cases of nocturnal asthma. Contra-indicated in hyperthyroidism and allergy to iodine.

PACKS: Standard: 4 fl. oz.; 16 fl. oz. bottle (dispensing).

A perfect source of Vitamin C

RIBENA (*Syrupus Ribis Nigri B.P.C.*)

HIGH CONCENTRATION OF VITAMIN C—REMARKABLE STABILITY

Four characteristics of Ribena make it a perfect source of Vitamin C:

- 1 It contains a high concentration of Vitamin C – and it is very stable.
- 2 The vitamin is in its natural state.*
- 3 Ribena is very well tolerated even by sensitive stomachs. It is completely free from all cellular structure. It is suitable for infants almost from birth, for peptic ulcer cases, and for women suffering from “morning sickness”; they can take it when almost everything else increases discomfort.
- 4 In addition to its therapeutic values, it is delicious in its own right as sweet blackcurrant syrup.

* Following reports of unsatisfactory response to the therapeutic use of synthetic ascorbic acid in peptic ulcer cases, controlled tests using Ribena were instituted at various large British hospitals, with striking results.

Clinical experience has also shown that in ulcerative gingivitis, the routine use of Ribena as an adjunct to local therapy has given more satisfactory results than that of the synthetic vitamin.

The superiority is presumably due to the presence of other factors of the Vitamin-C complex, possibly the Vitamin P, as well as mineral elements.

Therapeutic uses

Ribena is recommended for all conditions requiring Vitamin-C implementation: namely, as a natural and rapid restorative from fatigue; for increasing resistance to local infection and colds; for expectant and nursing mothers; for infants from birth; for children and adolescents; in many dental conditions; in peptic ulcer cases; in fractures and wounds; in blood dyscrasias and hæmorrhagic states; in infections and fevers; and in many skin disorders.

Reports for doctors overseas

The makers of Ribena co-operated extensively with the Ministries of Food and Health during the war, a co-operation which still goes on to some extent even now. The Royal Forest Factory has attached to it a series of very fine laboratories where research into fruit juices and vitamins is conducted to an academic level, under the direction of an expert, lately in charge of the Fruit Products Section of the University of Bristol Agricultural Research Station. Reports of much of the work done are available, on application, to doctors and scientists overseas. These are likely to be of particular interest now that Ribena is being extensively exported.

Send for further information. A booklet entitled “Blackcurrant Juice in Modern Therapy: Natural Vitamin C” will be forwarded to you with pleasure; also details of a number of controlled tests made on the use of Vitamin C, if you will write to:—

Technical Director and Chief Chemist,
H. W. CARTER & CO., LTD.,
The Royal Forest Laboratory,
Coleford,
Gloucestershire, England.

Ribena VITAMIN C

Treatment of FINGER INJURIES with ELASTOPLAST PLASTER

Sprains and reduced dislocations of the fingers, and STABLE fractures of the phalanges and metacarpals, may be treated by the following method:—

The injured finger is strapped to an adjacent uninjured finger by two strips cut from a 1" wide Elastoplast Plaster. The strapping is applied transversely around the two fully extended fingers

so that the interphalangeal joints are not covered.

The above method of strapping prevents lateral movements of the injured joints; allows the fingers to be fully flexed and extended, and prevents stiffness of the joints and permanent limitation of movement often associated with other means of immobilization.

Produced by T. J. Smith & Nephew Ltd., Hull. Outside the British Commonwealth, Elastoplast is known as Tensoplast

Evans Medical Supplies Ltd.

Pharmaceutical Specialities (May & Baker) Ltd.

Not infrequently, cases of advanced infection or of mixed infection require immediate treatment and to await bacteriological examination may be quite impracticable or inadvisable. In such cases, and also in prophylaxis in certain operative procedures, it is often the practice to administer separate injections of penicillin and dihydrostreptomycin. Moreover, where the causative organisms, because they are deep-seated, cannot be readily identified, a mixture of these two antibiotics is often used. For convenience in such circumstances, 'Distavone', consisting of a balanced mixture of penicillin and dihydrostreptomycin in a highly purified form, has been made available.

Each single-dose injection-type vial contains 300,000 units procaine penicillin G, 100,000 units potassium penicillin G and 500,000 units (equivalent to 0.5 gramme pure base) dihydrostreptomycin sulphate. Boxes of 5 vials.

REFRESHER COURSE

FOR

GENERAL PRACTITIONERS

The first collection of refresher course articles, now published as a book, comprises the 55 chapters printed in the *British Medical Journal* between October, 1949, and December, 1950. Each chapter has been specially revised by its author and brought up to date, and there is a full index. Although the volume is primarily for general practitioners, it will also appeal to specialists who wish to be kept informed of work in fields other than their own.

The volume has 512 pages medium 8vo, and is strongly bound in red cloth. An early order is advised.

Price 25s. incl. postage

Orders with remittances, please

TAVISTOCK SQUARE, LONDON, W.C.1.

New peptic ulcer treatment comparable to drip therapy

Whole milk and alkaline constituents
combine to produce
increased buffering action

NULACIN TABLETS have been evolved to meet a very real need in the treatment of gastric and duodenal ulcers.

All the literature on the treatment of peptic ulcers emphasizes the proven value of diminishing the acidity of the gastric juice. Many large and otherwise intractable ulcers can be healed by a continuous, intra-gastric drip of milk or alkali.

Drip therapy, is, however, not always available, nor is it practicable to use it in many instances. Nulacin offers a satisfactory alternative.

CONTINUOUS NEUTRALIZATION

NULACIN TABLETS, allowed to dissolve slowly in the mouth, have been shown clinically to provide a continuous neutralization comparable with that of drip therapy. (B.M.J., 1952, 2, 180.)

NULACIN TABLETS contain nutrient in a most acceptable form to the peptic ulcer patient. Nulacin tablets obviate the necessity of taking frequent feeds, and so lessen the tendency to obesity which must occur in those who are following a dietary regime of food at frequent intervals.

During ulcer activity the suggested dosage is 3 tablets to be sucked each hour, and for follow-up treatment 2 tablets should be sucked between meals, beginning half an hour after a meal.

The tablet is of a suitable size, and of a consistency and hardness so that, when it is sucked, the result is a constant and prolonged neutralization of the gastric juice.

NULACIN TABLETS are extremely palatable and during extensive clinical tests their taste has proved to be particularly acceptable to patients.

The patient should be instructed to place the tablet between the gum of the upper jaw and the cheek. Here it will be comfortable, and slowly dissolve. The efficacy of

the tablet is greatly diminished if it is chewed and swallowed.

NULACIN TABLETS are not advertised to the public. There is no B.P. equivalent to this tablet. The dispensing pack of 25 tablets is free of Purchase Tax. Price to pharmacists 2/-.

GASTRIC ANALYSIS

Superimposed gruel test-meal curves of six patients with duodenal ulcer

GASTRIC ANALYSIS

The same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued

Athletes Foot**ANTIPRURITIC FUNGICIDE**

Epidermophytoses and allied fungoid infections often resist treatment owing to re-infection from scratching and from the poor penetration of the medicament. Factors such as these have been considered in the formulation of CALPED CREAM, which provides the anti-pruritic fungicide parachlorophenylether which is proved to have a very marked inhibitive action on many types of fungi.

Salicylic acid in the formula contributes to the fungicidal properties of the cream by encouraging desquamation of the infected skin and allowing direct contact to be made with the invading fungus.

CALPED is available in cream and powder form. The latter form is presented in a polythene insufflator which facilitates application.

FORMULA:

CALPED CREAM—

Parachlorophenylether ..	0.5%
Phenylmercuric Nitrate ..	0.004%
Acid Salicylic ..	0.01%

in a Bentonite Cream Base.

Available in: 2-oz. jars—3/- each plus P.T.

CALPED POWDER—

Parachlorophenylether ..	1%
Phenylmercuric Nitrate ..	0.002%

in a Talc and Amylum Powder Base.

Available in: Polythene containers—
2/4 each plus P.T.

For Secondary Anaemias

ORAL ORGANIC IRON

Ferrous Gluconate, the organic iron salt first introduced in this country in the form of ELIXIR CEREVON, has proved to be a definite advance in the treatment of iron deficiency anaemias.

Ever increasing clinical evidence and general professional opinion show that ELIXIR CEREVON will rapidly correct a secondary anaemic state, thus shortening the period of treatment usually required when inorganic salts are used, without producing the side effects common to inorganic ferrotherapy, even in patients who are normally intolerant to iron.

The Ferrous Gluconate contained in ELIXIR CEREVON has an extremely low ferric content and is stable and the complete preparation has the added advantage of being extremely palatable.

FORMULA:

Each teaspoonful contains.

Ferrous Gluconate	0.3 gm.
Aneurine Hydrochloride	1 mgm.
Riboflavin	1 mgm.
Nicotinamide	10 mgms.

With trace elements of Copper and Manganese

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

Deferment of recruitment for fully registered "R" practitioners (i.e., fully registered practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow a fully registered "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour and National Service as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) provided that it is secured before the end of his First House Officer post and commences within one month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to any further post.

The position of provisionally registered "R" practitioners has been made clear in a notice sent to them by the University Joint Recruiting Boards.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

PUBLIC HEALTH

(See Important
Notice page 19)

ABERDEEN, CORPORATION OF THE CITY OF**Health and Welfare Department**

Applications are invited for the post of **ASSISTANT MEDICAL OFFICER** in the above department. Candidates must be under 45 years of age and must be registered medical practitioners—possession of the Diploma in Public Health will be regarded as an advantage. The duties of this appointment will be largely connected with maternity and child welfare, and candidates should be experienced in this work. The salary scale for the post is £850 per annum, rising by annual increments of £50 to £1,150. The post is superannuable and the candidates selected for appointment will be required, before appointment, to pass a medical examination. Application forms may be obtained from the Medical Officer of Health, Willowbank House, Willowbank Road, Aberdeen, with whom they should be lodged, together with one copy of each of three recent testimonials, on or before Saturday, May 16, 1953.—J. C. Rennie, Town Clerk, Town House, Aberdeen. (6342)

DEVON COUNTY COUNCIL

Applications are invited from registered medical practitioners for the post of

ASSISTANT COUNTY MEDICAL OFFICER

Whitley salary scale. Superannuation scheme applicable. The work will chiefly concern school health and child welfare services, and the possession of the following qualifications will be advantageous. Diploma in Child Health, Diploma in Public Health, certifying Certificate in Mental Deficiency. Canvassing, either directly or indirectly, will be a disqualification. Other things being equal, preference will be given to registered disabled persons. Forms of application and full particulars of duties can be obtained from the County Medical Officer, 45, St. David's Hill, Exeter, to be returned to him not later than May 23, 1953.—H. G. Godsall, Clerk of the Council. (6277)

ESSEX, COUNTY COUNCIL OF**ASSISTANT COUNTY MEDICAL OFFICER OF
HEALTH**

Applications are invited from registered medical practitioners for the above-mentioned appointment in the Romford Health Area. Preference will be given to candidates with experience in school medical and maternity and child welfare duties, and to those possessing the Diploma in Child Health and/or a Certificate or Diploma in Public Health and/or approved by the Ministry of Education for the purpose of ascertainment of educationally sub-normal children. Salary scale £850 by £50 to £1,150 a year. Appointment subject to medical examination and contributions to superannuation fund. Canvassing forbidden. Application forms obtainable from and returnable to County Medical Officer of Health, County Hall, Chelmsford. (6227)

LANCASHIRE COUNTY COUNCIL

Registered medical practitioners required for appointment of

ASSISTANT DIVISIONAL MEDICAL OFFICERS

in areas adjacent to Blackburn, Bury, Liverpool. Possession of D.P.H. desirable. Salary £850 by £50 to £1,150 per annum. Travelling and subsistence allowances where applicable. Posts superannuable and subject to medical examination. Application forms and further particulars obtainable from the County Medical Officer of Health, East Cliff County Offices, Preston. (6377)

LIVERPOOL, CITY OF**Public Health Department**

Applications are invited for the undermentioned appointments, viz.:

**SENIOR MEDICAL OFFICER (Male or female)
(Maternity and Child Welfare Section)**

Salary £1,250 by £50 to £1,650 per annum. Applicants must be medical practitioners, experienced in administration and in clinical work. Possession of a Diploma in Public Health will be an advantage. The duties will comprise the medical supervision of midwives and the administration of the maternity and child welfare service, under the direction of the Medical Officer of Health. Applications, stating age, qualifications and experience, together with names and addresses of three referees, should be sent to the Medical Officer of Health, Gordon House, Belmont Grove, Liverpool, 6, not later than May 18, 1953.

ASSISTANT MEDICAL OFFICER (Female)**(Maternity and Child Welfare Section)**

Salary £850 by £50 to £1,150 per annum. The work will include attendance at clinics and such other duties as may be assigned by the Medical Officer of Health. Experience of practical midwifery, ante-natal work, and the care of young children will be an advantage. Application forms, obtainable from the Medical Officer of Health, Gordon House, Belmont Grove, Liverpool, 6, should be returned by May 18, 1953.

The appointments are superannuable and subject to the Standing Orders of the City Council. Canvassing disqualifies.—Thomas Alker, Town Clerk, Municipal Buildings, Liverpool, 2 (J.A.3197) (6345)

Public Health—contd.**LINDSEY COUNTY COUNCIL****Health Department**

Applications are invited from fully qualified medical women for post of

ASSISTANT MEDICAL OFFICER

for maternity and child welfare for Scunthorpe area of Lindsey. Salary in accordance with award of Industrial Court regarding salaries of Assistant Medical Officers, i.e. £850 per annum, rising by annual increments of £50 to maximum of £1,150 per annum. Furnished accommodation and board can be made available in Nurses' Home at Scunthorpe if required. Further particulars of appointment and forms of application obtainable from County Medical Officer, County Offices, Lincoln, to whom applications should be sent not later than ten days after appearance of this advertisement.—W. H. S. Campbell, County Medical Officer, County Offices, Lincoln. (6480)

MONMOUTH, ADMINISTRATIVE COUNTY OF**Local Government Act, 1933 (Section 111)
District No. 4 (Ebbw Vale Urban District Council)**

Applications are invited from registered medical practitioners (male or female) for appointment as **WHOLE-TIME DISTRICT MEDICAL OFFICER AND ASSISTANT COUNTY MEDICAL OFFICER**

for the above district, who will be required to take up duties on September 1, 1953. Preference will be given to persons holding the Diploma in Public Health. Candidates should have had experience in Public Health Administration and the School Health Service. The combined salary scale will be from £1,509 1s. 10d. per annum, and will proceed by annual increments to a maximum of £1,872 14s. 6d. Consideration will be given to the payment of increments in respect of any previous service in a similar capacity. Any fees received by virtue of the appointment to be paid into the appropriate Council's fund. The person appointed will be subject to (a) the Sanitary Officers (Outside London) Regulations, 1935; (b) the General Conditions of Service approved by Committee "C" of the Medical Whitley Council and the Scheme of Conditions of Service of the National Joint Council for Local Authorities, etc.; (c) the National Health Service (Superannuation) Regulations, 1947; (d) a restriction from engaging in private practice; and (e) the approval of the Minister of Health. In addition to the duties as Medical Officer of Health for the District the person appointed will also act as Assistant County Medical Officer for such duties of the County Council as may be laid down under their Health Scheme, also such other duties as may be assigned by the County Medical Officer from time to time, and in respect of these duties shall be under the control of the County Medical Officer. The person appointed will attend such meetings of the District Council and the Area Health Subcommittee established by the County Council as he or she may be called upon to do by these Councils and Committee. Clerical assistance will be provided and usual travelling expenses paid. The appointment will be subject to three months' notice on either side, and the successful candidate will be required to pass an examination as to physical fitness. Applications, accompanied by at least two testimonials, to be delivered to the undersigned not later than May 23, 1953. Canvassing of members or officials of the respective Councils directly or indirectly is strictly prohibited and will be considered a disqualification. Diplomas and Certificates to be produced. On behalf of the District Council above-mentioned and the Monmouthshire County Council.—Vernon Lawrence, Clerk of the Monmouthshire County Council, County Hall, Newport, Mon. (6097)

Canvassing of members of the board will disqualify. Applications to be addressed to the President, Sydney Hospital, Sydney, and envelopes marked "Hon. Medical Staff."—A. F. Burrett, Secretary. (6140)

HER MAJESTY'S COLONIAL SERVICE
Malaya

Doctors having medical qualifications registrable by the General Medical Council in the United Kingdom, with one or more years of experience after qualification, are required for the following posts:

(1) MEDICAL OFFICERS AND MEDICAL OFFICERS OF HEALTH

for general and health duties, including training of hospital assistants and nurses and to assist if necessary in teaching clinical work to students.

(2) MEDICAL OFFICERS (Anaesthetists)

to administer anaesthetics in larger hospitals and to instruct junior medical officers. Candidates must have a Diploma in Anaesthetics. Appointments are available (a) on probation for permanent and pensionable establishment, (b) on employment from the National Health Service, and (c) on short-term contract with gratuity: (a) Permanent terms. Subject to three years' probation, appointment is permanent with pension (non-contributory) at age of 55. Basic pensionable salary is paid in the scale £890 by £50 to £1,192 to £1,276 by £50 to £1,680 per annum. In addition, pensionable expatriation pay is payable to all officers at the rate of £266 to £364 per annum. A non-pensionable expatriation allowance is paid to married officers without children at the rate of £91 to £133 per annum, and to married officers with children at the rate of £182 to £259 per annum. There are posts, specialist and administrative, available on promotion carrying higher salaries (up to about £3,080 for the highest post). Promotion is often made before reaching the top (£1,680) of the medical officer's salary scale. A temporary variable non-pensionable cost-of-living allowance is payable, according to salary and to family circumstances. This ranges from £56 to £497 a year. Note: Doctors with more than one year's

approved service after age 25 (including service in Her Majesty's Forces) enter the salary scale at points above the minimum according to their experience, and four increments of salary are also given to holders of approved higher qualifications (e.g., F.R.C.S., M.R.C.P., D.P.M., D.A., etc.). (b) National Health Service. Doctors may resign from the National Health Service but retain their superannuation rights during their time in Malaya (up to six years) and receive a resettlement grant of 20 per cent of the aggregate of their Malayan salary on leaving Malaya at the end of their engagements. Emoluments as under (a) including incremental credit for experience and higher qualifications as in under Note (a). Doctors so appointed may be considered for permanent terms at any time during their employment in Malaya provided they surrender their rights to the resettlement grant: payment by Malayan Governments of National Health Service superannuation contributions ceases from date of permanent service. (c) Contract terms. The contract will be for three years' resident service renewable for a further tour of three years by mutual agreement. Salary and allowances as under (a) including incremental credit for experience and higher qualifications as in Note under (a). In addition a gratuity earned at the rate of £300 to £450 per annum, according to salary, is paid on expiry of contract. Doctors on contract may be considered for appointment to the permanent establishment at any time on their agreeing to surrender their gratuity earning rights. In all three types of appointment the rates of salary and gratuity refer to doctors eligible for "expatriate terms" under Malayan Regulations (i.e., those whose permanent homes are in the United Kingdom, Irish Republic, Australia, Canada, etc.). The climate is, for the tropics, healthy. European children do well up to the age of about 6 and schools are available locally. Income tax is payable at Malayan rates, which are lower than those in the United Kingdom. Government quarters with heavy furniture are provided at a low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife, and children under the age of 10 (not exceeding four persons besides himself) on appointment and once each way during each tour of duty of three to four years. Generous home leave is granted and local leave is permissible. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. CDE.117/60/06). (6380)

CHRISTIAN MEDICAL COLLEGE HOSPITAL
Vellore, South India

ANAESTHETIST

Applicants must have experience of modern methods and should hold the D.A. The hospital is recognized for the English diploma and includes special thoracic and neurosurgical units. Teaching experience an advantage. Sympathy with the work of a Union Christian College necessary. The post carries an allowance of Rs.300 per mensem (approximately £275 a year) for a single person; appointment usually made for five years in first instance. Applications, stating qualifications and experience, to Dr. C. C. Chesterman, 149, Harley Street, London, W.1. (6474)

ST. FRANCIS' MISSION HOSPITAL
Northern Rhodesia
MEDICAL OFFICER

Required September: 100 beds, two European sisters; man or woman, married or single. Mission terms or salary £600 per annum. Practising Churchman.—Box 820, B.M.J.

HER MAJESTY'S COLONIAL SERVICE

Applications are invited from male medical practitioners, preferably under 30 years of age, for appointment as

RESIDENT MEDICAL OFFICERS (Interns)

at hospitals in Northern Rhodesia. Vacancies exist at present in hospitals at Lusaka, Livingstone, and the new hospital at Broken Hill. Applicants must have completed their National Service or be exempt from call up. Appointments will be on agreement for a period of 12 months with salary at £500 per annum. Free furnished single quarters (including fuel, light and water, sanitation, table and bed linen, towels, curtains, crockery, glass, cutlery, cooking and household utensils, and refrigerator) are provided. Married quarters are not available so that candidates, if married, should not be accompanied by their wives. Free passages are provided on appointment and on satisfactory completion of internship. Fourteen days' local leave a year is granted. Selected candidates may apply for appointment to the Colonial Medical Service in Northern Rhodesia at the expiration of their internships. Excellent opportunities are afforded for clinical experience in general medicine, surgery, and tropical medicine. A large measure of personal responsibility is delegated to interns and original work is encouraged. Candidates should apply for forms of application to the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference No. 27215/342). (6379)

Overseas—contd.**TEMA DEVELOPMENT CORPORATION**
Gold Coast

It is hereby notified for general information that a vacancy exists for the post of

MEDICAL OFFICER OF HEALTH

Tema Development Corporation, Gold Coast (established by Ordinance No. 35 of 1952), and applications are invited. The appointment will be on contract for three years in the first instance, and may be renewed for another term of years to be agreed upon. Salary: The salary is at a consolidated, non-incremental rate between £1,350 to £2,310 per annum, depending on previous experience. Gratuity at the rate of £37 10s. for every completed three months of service will be payable at the conclusion of the contract. Qualifications: Candidates must have a medical degree recognized by the General Medical Council in the United Kingdom, and either a Diploma in Public Health or a Diploma in Tropical Medicine and Hygiene and experience in public health work preferably in the tropics. Duties: The Medical Officer of Health will be responsible for the public health aspect of the development of the Tema Township, the Tema Harbour and ancillary constructional projects such as the railways and quarries. Applications on the prescribed form (available on request) to be addressed to the Commissioner for the Gold Coast, Gold Coast Office, Melbourne House, Aldwych, London, W.C.2, to reach him not later than May 31, 1953. The successful candidate will be given free passages for himself, wife and children to and from the United Kingdom on leave, and free medical attention.

(5846)

UNIVERSITY APPOINTMENTS**THE HOSPITAL FOR SICK CHILDREN**

BRISTOL, UNIVERSITY OF

Medical Postgraduate Department of the University of Bristol. Session 1953-54.

Provided that there are sufficient applicants the following postgraduate courses will be arranged, beginning in October, 1953.

COURSE IN CHILD HEALTH

This will be whole-time and will last for three months. Fee £21. The course will be under the direction of the Head of the Department of Child Health in co-operation with the departments of preventive medicine, medicine, surgery, pathology, etc., and will include lectures, demonstrations, ward rounds and visits to clinics and ancillary institutions. The University does not itself grant a Diploma in Child Health.

DIPLOMA IN PSYCHOLOGICAL MEDICINE (D.P.M., BRISTOL)

(a) Part I. This will begin in October, 1953, and will cover a period of two terms. It will include lectures and demonstrations in special anatomy and physiology, pharmacology and applied psychology. Fee (Part I) £21.

(b) Part II. This will be designed primarily for Part II of the D.P.M. (Bristol) and will be held in the autumn and spring terms and part of the summer term, 1953-54. It will consist of lectures and demonstrations in the clinical aspects of adult and child psychiatry, mental deficiency and associated subjects. Fee (Part II) £26 5s. The course will be open to a limited number of physicians practising in psychiatry, in addition to those preparing for the D.P.M. (Bristol).

DIPLOMA IN PUBLIC HEALTH (PART I, C.P.H., BRISTOL)

This is a part-time course extending over one academic year. The course will begin in October, 1953, and the examination for the C.P.H. will be held in June, 1954. Fee (Part I) £21. The course for Part II (D.P.H.) will begin in September or October, 1954, will also be part-time and will last for one academic year. Fee (Part II) £31 10s. Candidates will be permitted to engage in part-time employment of their own choice, for which approval of the University must be sought, or, if they wish, they may be considered for appointment to a few selected vacancies in or near Bristol which have been made available for suitable candidates. All candidates will be required to attend the course for approximately four half-day periods of from 3 to 3½ hours each (9 a.m. to 12.30 p.m., or 2 to 5 p.m.) every week throughout the whole course. The actual number of sessions for any one week will vary according to the programme, but will rarely be less than three and seldom more than five, i.e., 1½ to 2½ days of the working week. In order that the number of sessions may be maintained at a fairly even level each week, it is not intended to confine the course strictly to University terms. Public holidays will be kept and there will be short breaks at Christmas, Easter and Whitsun.

COURSES IN MEDICAL RADIOLOGY

The diplomas granted by the University have been discontinued.

(a) **Radiodiagnosis.** Two-year courses of preparation for the D.M.R.D. of the Conjoint Board will be held every second year beginning in October, 1954. Instruction is given at the United Bristol Hospitals, at Southmead Hospital and at the Cosham-Frenchay Group of hospitals. The fee for the whole two-year course is £52 10s.

(b) **Radiotherapy.** Training for the D.M.R.T. of the Conjoint Board can be arranged at the Bristol-Bath joint centre. This centre deals with 1,700 new cases of malignant disease every year. A course will begin in October, 1953. The fee for the whole two-year course is £52 10s.

Further information, copies of regulations for the Bristol Diplomas and application forms for the courses may be obtained from the Director of Medical Postgraduate Studies, The University, Bristol, 8. Applications for admissions to the courses should be submitted before June 15, 1953. (6349)

LECTURES

UNIVERSITY OF LONDON.—A LECTURE
entitled "Secretion of Saliva" will be given by Dr. N. G. Emmelin (Lund) at 5 p.m. on May 14 at Guy's Hospital Medical School (Physiology Lecture Theatre), London Bridge, S.E.1. Admission free, without ticket.—James Henderson, Academic Registrar. (6426)

WRIGHT-FLEMING INSTITUTE OF MICROBIOLOGY**St. Mary's Hospital Medical School, London, W.2**

Pleasurable relaxation

In addition to the established use of Myanesin Elixir in the treatment of neurological conditions associated with muscular rigidity and tremor it has now been successfully employed in the relief of psychological states characterised by anxiety and tension.

Amer. J. Med. Sci., 1950, 220, 23 describes a group of patients in which anxiety states and obsessional conditions were

present and which following the administration of mephenesin, the active constituent of Myanesin Elixir, obtained complete relaxation.

Best results occurred in anxiety states, however chronic, and 47 out of 50 patients treated for this condition improved.

Dosage of from $\frac{1}{2}$ to 1 tablespoonful, one to six times daily, is suggested.

'MYANESIN' ELIXIR

Containing 1 gramme mephenesin in each tablespoonful. Bottles of 8 fl. oz. 6s. 4d.; 40 fl. oz. 26/1d.

Also available 'Myanesin' Tablets each containing 0.5 gramme mephenesin. Bottles of 50 at 9/8d.

Prices in Great Britain to the Medical Profession.

An Effective Analgesic

WHILE modern chemical research has evolved many and diverse analgesics, the popularity of acetylsalicylic acid and its reputation for effectiveness remain. Nevertheless, some physicians have hesitated to employ it owing to its tendency, in certain conditions, to irritate the stomach.

In 'Alasil', however, the desirable therapeutic effects of acetylsalicylic acid are maintained without the tendency to irritation by combining the acid with 'Alocol' (Colloidal Aluminium Hydroxide)—an effective gastric sedative and antacid. Thus 'Alasil' helps to solve the problem of administering acetylsalicylic acid in an effective form, even to patients with sensitive stomachs.

The advantages of 'Alasil' have been well proved in practice. Experience shows that it can be prescribed with safety to patients of all ages.

Alasil

A supply for clinical trial with full descriptive literature sent on request

A. WANDER LIMITED, 42 Upper Grosvenor St., London W.1.

As 'Alasil' is a purely ethical product and not advertised to the public, it can be prescribed under the N.H.S. on Form E.C.10.
