

TO DOCTORS who have to advise mothers on baby feeding

Seventeen different strained foods are prepared by Heinz for infants from three months onwards. There are soups, meat broths, vegetables, sweets, fruits and a creamed cereal.

These foods are *more valuable*, from the nutritional standpoint, than such foods are when prepared at home. Literature explaining this, together with samples, will be sent on request.

There are 17 varieties of Heinz Strained Foods.

Pregnancy and Lactation

During pregnancy Andrews Liver Salt will be found of great service. Its pleasant taste and refreshing qualities make it an acceptable draught, which can be repeated with advantage two or three times a day if necessary. Taken thus, Andrews obviates the tendency to constipation and also relieves hepatic congestion. In the persistent vomiting of pregnancy the

sedative effect of Andrews will be found helpful, and its aperient action is of great value in cases of renal insufficiency. During lactation, Andrews can be used with confidence for the relief of constipation.

Active constituents:

| | |
|-----------------------|---------|
| Tartaric Acid .. | 24.600% |
| Sodium Bicarbonate .. | 25.142% |
| Magnesium Sulphate .. | 19.000% |
| (B.P.C. Exsicc.) | |
| Sugar | 31.250% |
| Saccharin | 0.008% |

Analgesic therapy

aspirin?
or calcium aspirin?
or Solprin?

It is well known that both aspirin and calcium aspirin as generally prepared have physical and chemical defects which restrict their clinical use. Aspirin is acid and sparingly soluble: calcium aspirin is neutral, but unstable, and therefore unpredictable and unpalatable.

'Solprin' overcomes these defects, and combines the advantages of both these

valuable analgesics. In contrast with aspirin, 'Solprin' is soluble and substantially neutral: in contrast with calcium aspirin, 'Solprin' is stable and palatable.

Except in cases of extreme hypersensitivity, aspirin, in the form of 'Solprin' can be given in large doses over prolonged periods, without causing gastric or systemic disturbances.

S O L P R I N REGD.

Stable, soluble, palatable calcium aspirin

Clinical sample and literature supplied on application. Solprin is not advertised to the public and is available only on prescription (U.K. and Northern Ireland only). Dispensing pack, price 7/6 (Purchase Tax Free) contains 300 tablets in foil.

Gastro-Duodenal Ulceration

AMINO ACID AND ANTACID THERAPY

Rapid disintegration ensures prompt relief from epigastric pain due to hyperacidity and gastroduodenal ulceration. A prolonged "buffering action" for over three hours is established causing no "acid rebound." The liberation of the amino acid glycine stimulates the granulation of the ulcer bed and the normal enzyme activity is ensured whilst the mucosa is protected by the freely formed colloidal gel.

FORMULA : *Dihydroxy aluminium aminoacetate* 250 mgms ;
Glycine—30 mgms.
In bottles of 100 tablets (84/- per doz.)
Bottles of 1,000 tablets (62/- each). (Prices plus P. Tax)

IM-HOTEP

Physician, Politician and Pyramid-builder

Engineer and statesman, the great Im-Hotep was also revered as a magician and scientist, and his apotheosis marks the esteem in which the priest-physicians of ancient Egypt were held. The priests of the Nile, as well as those of Babylon, brought science to their service, and their jealously-guarded learning earned for them a reputation for magic that raised them to the level of the gods. Their favours to ordinary mortals, however, were few! In direct contrast, the benefits of science today, in the form of new and potent chemotherapeutic drugs, are available to all.

IMPERIAL CHEMICAL (PHARMACEUTICALS) LTD.

A subsidiary company of Imperial Chemical Industries Ltd.

Wilmslow, Manchester

For Seborrhoeic Dermatitis of the Scalp

Fewer treatments

Better control

EFFECTIVE in many cases that fail to respond to other forms of treatment, SELSUN SUSPENSION clears the scalp of scales and encrustations, restores it to a normal, healthy condition. After the initial period of treatment, a single application of SELSUN controls symptoms for one to four weeks in most patients. Itching and burning are usually relieved after the first two or three applications.

In clinical studies, SELSUN effectively controlled seborrhoeic dermatitis of the scalp in 81 to 87 per cent of all cases. With common dandruff, complete control was reported in 92 to 95 per cent of cases. Only 1.1 per cent of the cases studied in one investigation showed no improvement.

Especially convenient to use, SELSUN is applied as a part of the patient's regular hair-washing routine and quickly reaches all areas of the scalp. Easily rinsed out, leaving no unpleasant odour or discolouration in the hair, no greasy stains on clothing or linens, SELSUN is available in 4 fluid ounce bottles. Treatment should be under the control of a physician, may we send you a sample and literature?

“I dread the rustling of the grass”

WILLIAM WORDSWORTH

No sooner has the blossom languished
and spring shed her coat of many
colours than the tall grasses ripen. The air is
again pollen-laden. To those who love the countryside
these richly clothed meadows are a joy: to
sufferers from hay-fever they are
merely the signal for a fresh period of acute discomfort.
Yet there is a solution—BENADRYL,
probably one of the most potent of all histamine antagonists,
may be taken just before and during the
pollen seasons and, in the majority of cases,
provides effective relief.

BENADRYL

a successful anti-histamine

*Capsules (25 or 50 mg.) in bottles of 50 & 500;

H o m m e l ' s

A Selection of Ethical Pharmaceuticals.

'DORMUPAX'

— a superior barbiturate sedative-hypnotic

'Dormupax' Tablets are characterized by their high efficacy and low toxicity, provided by the combination of a new barbiturate of remarkably low therapeutic index (high ratio of toxic to effective dose), and carbromalum.

Clinical trials confirm their reliable action, good compatibility and wide therapeutic margin.

EACH TABLET: Calcium *n*-butyl-allyl-barbiturate 3.75 gr.
Carbromalum B.P.C. 1.50 gr.

PACKS: Tube of 12; Bottle of 250 (dispensing).

'HYPERYSIN'

— containing an improved papaverine salt in relief of hypertension

Because of the more gradual and persistent action of its papaverine *nitrite* as compared with the hydrochloride, 'Hyperysin' provides superior anti-hypertensive effect in essential hypertension, angina pectoris and related cardiovascular diseases.

EACH TABLET: Papaverine nitrite 0.7 gr.
Hexamethylenetetraminadichloralhyd. 3.0 gr.

Carbromalum B.P.C. 3.0 gr.

PACKS: 15's and 500's (dispensing).

'NYXOLAN'

— specific anthelmintic against threadworm infestation

'Nyxolan' provides up to 90% cure rate against threadworms. It has none of the disadvantages of dye substances or diphenan. Its active agent, Aluminium 8-hydroxyquinoline sulphate, is confirmed clinically as absolutely non-toxic.

PACKS: Dragées: 60's and 600's (dispensing).
Syrup: Bottle of 8 fl. oz.

Literature on dosage course on request.

'TRISAN'

— for the symptomatic relief of bronchial asthma

'Trisan' contains Potassium Iodide B.P. 6.03%, Chloral Hydrate B.P. 7.11%, Barbitone Sodium B.P. 0.24%, Alcohol 4.00%.

This combination effects relief of bronchial spasm, expectoration and mental sedation, being particularly useful in cases of nocturnal asthma. Contra-indicated in hyperthyroidism and allergy to iodine.

PACKS: Standard: 4 fl. oz.; 16 fl. oz. bottle (dispensing).

The Local Anaesthetic Specialists

The Hypertension Syndrome

RESPONDS

A potent alkaloidal fraction of Veratrum viride — biologically standardised for hypotensive activity in mammals — a new active principle not heretofore available, for the treatment of hypertension.

Veriloid therapy produces not only gratifying objective results — significant and sustained control of elevated arterial tension — but also leads to marked subjective benefit readily detectable by the patient. As the drug takes effect, the so-called hypertension headache is relieved, impaired renal function improves, vision becomes more clear, and the associated muscular weakness is overcome.

These beneficial changes are directly attributable to the peripheral vasodilatation induced by Veriloid and the resultant improved tissue nutrition.

While individualisation of dosage is essential for maximum therapeutic benefit, in the majority of patients a response to Veriloid is usually obtained from the average daily intake of 9 to 15 mg. given in divided dosage 3 times daily. Dosage adjustment to suit the responsiveness of the individual patient can be accomplished in a week or two. Tolerance to Veriloid is not likely to develop, and treatment can be continued indefinitely without deleterious effect.

Veriloid is available on prescription only through all pharmacies in 1 mg. and 2 mg. tablets in bottles of 100 and 500. Literature available on request.

**RIKER LABORATORIES LTD.,
29, KIRKEWHITE STREET, NOTTINGHAM.**

Veriloid is also available as Veriloid-VP, containing Veriloid, 2 mg., and Phenobarbitone B.P. 15 mg., for administration to patients who find it difficult to tolerate Veriloid alone. Veriloid Intramuscular and Veriloid Intravenous Solutions are available for parenteral use in acute episodes of hypertension, e.g., malignant hypertension, encephalopathy, eclampsia and pre-eclampsia.

**THERE'S STRENGTH IN
COMBINED ACTION**

The answer to many a problem lies in combined action. Witness the higher blood levels and the greater clinical efficacy that have been reported from the oral administration of penicillin and the sulphonamides simultaneously in cases when the oral administration of the antibiotic or chemotherapeutic agent alone has been ineffective. A convenient means of applying this combined antibacterial therapy is Sulpenin. Containing penicillin, sulphadiazine and sulphamerazine in balanced dosage, it provides a valuable treatment for many infections due to susceptible micro-organisms. By utilising the synergistic action between penicillin and the sulphonamides the antibacterial range is increased, the likelihood of kidney damage is lessened and the tendency for the bacteria to develop mutant strains resistant to one or other of the component drugs is reduced.

PROTEIN....

a reminder

In the general appreciation of the great value of Bemax as a source of the B vitamins it is sometimes forgotten that Bemax is also a valuable protein supplement.

In these times treatments requiring a high protein diet can present a real problem and patients are inclined to be perturbed about the shortage and high prices of meat and other protein foods.

It may, therefore, be of interest to doctors if we refresh their memories by publishing here complete details of the nutritional factors of Bemax. Note the unusually high biological value of the protein content.

How often do you

scrub up?

Often enough—for hard water, soaps and detergents roughen and impoverish the skin. Make a regular after-the-wash habit of NIVEA for easy maintenance of a smooth, supple hand condition.

NIVEA: unsaturated water-in-oil emulsion containing Eucerite—rich in cholesterol isolated from lanoline.

HERTS PHARMACEUTICALS LTD.

G.N. 147

'TERCIN'

FOR MILD FORMS OF PAIN

"Aspirin and phenacetin are effective and useful, and a sedative effect is obtainable if a barbiturate is combined with them. . . . The reputation of codeine as a pharmacologically useful drug is at present waning, for the analgesic effect of the compound tablet of codeine B.P. is probably due more to its content of aspirin and phenacetin than to the $\frac{1}{2}$ gr. (8 mg.) of codeine present. It is a weak analgesic even when given in full doses." (Brit. Med. J. 1952 (Oct. 25th) ii, p.928)

Tercin combines aspirin and phenacetin with a barbiturate. It is intended for the relief of all those mild forms of pain for which tablets of Aspirin, Phenacetin and Codeine have hitherto been prescribed.

Its cost to the National Health Service is no greater than that of

Tab. Codein. Co. B.P.

Tercin is available in tablets containing aspirin 5 grains, phenacetin 3 grains and butobarbitone $\frac{1}{2}$ grain.

For dispensing only, in bottles of 200 at 4/10, and 1000 at 24/- (Prices to pharmacists in Great Britain).

DOSAGE: One or two tablets as required. A total dose of eight tablets daily should generally not be exceeded.

Literature and samples are available on request to the Medical Department

Notes on Clinical uses of Ribena

No. 1 In Wound and Fracture Repair

Since Vitamin C is necessary for the integrity of the inter-cellular ground substance, the essential matrix of connective tissue, it is logical to employ the vitamin therapeutically to accelerate the healing of wounds and fractures.

In practice, Ribena—which is pure blackcurrant juice and a rich source of the natural Vitamin C—is widely prescribed in these indications, as well as before and after abdominal operations and in ulcerative conditions generally.

Contains not less than 20 mgms.
of natural Vitamin C per fluid oz.

IN THOSE CASES WHERE BREAD IS PERMITTED, THE

Procea Diabetic Loaf

IS INDICATED BECAUSE . . . it is attractive and palatable, while at the same time it conforms to medical requirements, as a study of the Average Analysis will show. This acceptable and nutritious Diabetic Loaf is in fact useful in any diet designed to reduce starch intake or to increase dietary protein.

AVERAGE ANALYSIS

* One ounce of this bread at 30% moisture content contains:—

| | |
|--------------------------------|-------------------|
| Protein | 6.5 grams |
| Mineral matter | 0.5 grams |
| Fat | 2.5 grams |
| Carbohydrates | 10.5 grams |
| Protein-Carbohydrate ratio | 1 to 1.6 approx. |
| Carbohydrate content per slice | 2.5 grams approx. |

DESIGNED FOR EASY MEASUREMENT

An interesting feature of this Procea loaf is that its exterior is ribbed. This allows the amount of bread to be pre-determined with some degree of accuracy.

The Procea Diabetic Loaf is baked to the formula prescribed by medical authorities for the attainment of a suitably low starch content for the diabetic subject, and is obtainable from authorised bakers, chemists, health stores, etc. For further particulars, please write to the address below—giving, if possible, the names and addresses of your local bakers or other stockists.

PROCEA PRODUCTS LIMITED, Procea House, 47, Dean Street, London, W.1

* One ounce of average National bread at 36% moisture content contains:—Protein 2.4 grams, Mineral matter 0.6 grams, Fat 0.3 grams, Carbohydrates 14.7 grams. Protein/Carbohydrate ratio—1 to 6.1.

REFRESHER COURSE FOR GENERAL PRACTITIONERS

The first collection of refresher course articles, now published as a book, comprises the 55 chapters printed in the *British Medical Journal* between October, 1949, and December, 1950. Each chapter has been specially revised by its author and brought up to date, and there is a full index. Although the volume is primarily for general practitioners, it will also appeal to specialists who wish to be kept informed of work in fields other than their own.

The volume has 512 pages medium 8vo, and is strongly bound in red cloth. An early order is advised.

Price 25s. incl. postage

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

Deferment of recruitment for fully registered "R" practitioners (i.e., fully registered practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow a fully registered "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour and National Service as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) provided that is secured before the end of his First House Officer post and commences within one month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to any further post.

The position of provisionally registered "R" practitioners has been made clear in a notice sent to them by the University Joint Recruiting Boards.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years; £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year: £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

PUBLIC HEALTH(See Important
Notice page 19)**DURHAM, ADMINISTRATIVE COUNTY OF; CITY OF DURHAM; URBAN DISTRICT OF BRANDON AND BYSHOTTS AND RURAL DISTRICT OF DURHAM****MEDICAL OFFICER OF HEALTH AND ASSISTANT COUNTY MEDICAL OFFICER**

Applications are invited from duly qualified medical practitioners holding a degree or diploma in sanitary science, public health, or State medicine for the separate appointments of Assistant County Medical Officer for the No. 7 (Durham) Area and Medical Officer of Health for the City of Durham, the urban district of Brandon and Byshottles, and the rural district of Durham. The total salary payable will be £1,362, rising by increments of £56 (four) and £22 (two) to £1,630 per annum, and the apportionment of services will be Assistant County Medical Officer 6/11ths (2/11ths administration and 4/11ths clinical) and 5/11ths Medical Officer of Health. The officer appointed will be required to devote the whole of his time to the duties of the appointment and will be restricted from engaging in private practice. As Assistant County Medical Officer in connexion with the services of the Local Health Authority he will act under the direction of the County Medical Officer of Health. As District Medical Officer of Health he will be responsible to the County District Councils. The appointments will be superannuable, and so far as they are made by the County District Councils will be subject to the Sanitary Officers (Outside London) Regulations, 1935 and 1951, and Section 110 of the Local Government Act, 1933. The appointment of Assistant County Medical Officer will be subject to the regulations for the time being in force of the County Council relative to the payment of salary in the case of sickness. Subject, so far as they are applicable, to the provisions of the said Section 110, the four appointments will be terminable by three calendar months' notice on either side, and the successful applicant will be required to pass a medical examination. A car allowance will be payable. Canvassing, directly or indirectly, will disqualify, and applicants must disclose in writing whether they are related to any member or senior officer of the employing authorities. Applications, stating age, qualifications, and experience, and giving the names of three persons to whom reference may be made, should be sent to the undersigned not later than June 1, 1953.—J. K. Hope, Clerk of the County Council, Shire Hall, Durham. (6878)

HER MAJESTY'S COLONIAL SERVICE

South Pacific

MEDICAL OFFICER

Required with an interest in anaesthetics and experience in modern methods of anaesthesia, for general medical duties in the South Pacific Health Service, which includes Fiji, the Gilbert and Ellice Islands, and the British Solomon Islands Protectorate. Appointment can be on a permanent basis with pension (non-contributory) at the age of 55, or on short-term contract with gratuity on satisfactory completion of service. Salary scale ranges from £F.840 per annum to £F.1,550 per annum (£F.111 equals £100 sterling). A temporary cost-of-living allowance at 10 per cent of salary, subject to a maximum of £F.130 per annum, is also payable. Starting point in the salary scale is determined according to qualifications and experience. Pension is earned at the rate of 1/60th of the final pensionable emoluments for each completed month of service. Quarters, if available, are provided at low rental. Free passages, on appointment, are provided for officer and family up to the cost of four adult fares, and on leave up to the cost of three adult fares. Income tax at local rates. Generous home leave is granted after each tour of from two to three years. It will not be necessary for candidates to possess a Diploma in Anaesthetics, but they must possess medical qualifications registrable in the United Kingdom. Application forms can be obtained from the Director of Recruitment (Colonial Service), Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting ref. No. CDE.117/162/01). (6898)

Overseas—contd.**WESTERN NORTH CAROLINA SANATORIUM**

A registered hospital for MENTAL DISEASES, and its Seaside Branch, GLAN-Y-DON, Colwyn Bay, N. Wales. The object of this hospital is to provide the most efficient means for treatment and care of Patients of both Sexes suffering from MENTAL and NERVOUS DISEASES. The Hospital is governed by a Committee appointed by Trustees. Deep and Modified Insulin Coma; E.C.T. and psychotherapeutic treatment given. VOLUNTARY, TEMPORARY, and CERTIFIED PATIENTS RECEIVED. For terms and further information apply to the Medical Superintendent. Telephone: Gatley 2231.

LAVERSTOCK HOUSE, SALISBURY, WILTS

Private Mental Hospital, old-established. All mental cases and all treatments. Fees moderate.

ST. ANDREW'S HOSPITAL, NORTHAMPTON
For Nervous and Mental Disorders

President: The Earl Spencer, Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens and orchards of Moulton Park. Occupational therapy is a feature of this branch, and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases: It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plomberies treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-Ray Room, an Ultra-Violet Apparatus, and a Department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park. At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling greens. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc. For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

CHARGES FOR CLASSIFIED ADVERTISEMENTS

(Revised JULY 1, 1951.) CIRCULATION, 78,000.

To economize in paper, bookkeeping entries, and avoid delay, please send payment with the advertisement addressed:

Advertisement Manager,
"British Medical Journal."

B.M.A. House, Tavistock Square, London, W.C.1.

The text of the advertisement itself should, where applicable, be clearly marked "MEMBER."

Every effort will be made to include "Hospital" and "Small" advertisements in the forthcoming issue provided they reach this office by not later than 10 a.m. on the FRIDAY of the week preceding date of issue.

Cancellation of advertisements cannot be accepted if received after 4 p.m. on the Monday prior to date of issue (issues affected by public holidays excepted).

DO PLEASE WRITE ADVERTISEMENTS AND NAME AND ADDRESS CLEARLY IN BLOCK LETTERS

Optimum Nutrition

Although severe malnutrition is now seldom seen in this country there are undoubtedly certain groups whose nutritional standard is low and whose general health could be improved with a better diet.

The protective foods are more often neglected than the other foods by those whose diet is not based on sound principles. Marmite, a protective food supplying the B₂ vitamins, is a concentrated yeast extract which is economical as a dietary source of these vitamins. A special pack is available for distribution at welfare centres, where advice on nutrition is often given.

MARMITE yeast extract

contains

RIBOFLAVIN (vitamin B₂) 1.5 mg. per oz. NIACIN (nicotinic acid) 16.5 mg. per oz.

Obtainable from chemists and grocers

Special terms for packs for hospitals, welfare centres and schools
