when time is vital...

In any thrombo-embolic emergency, the oral administration of Tromexan can be relied upon to produce a prompt lowering of the prothrombin level with minimum risk. It is readily soluble, easily absorbed, absolutely non-toxic in therapeutic dosage and only slightly cumulative. While the maximal effect of Tromexan is exhibited in as little as 18 to 24 hours, elimination is rapid and a normal prothrombin level can usually be re-established within 24-48 hours by the simple cessation of treatment. Thus a remarkably close measure of control is assured*.

Bis - 3, 3' - (4-oxycoumarinyl) - ethyl acetate (B.O.E.A.)

... for greater safety and control
in anti-coagulant therapy

In tablets of 300 mg. and 50 mg. each.

* For routine prothrombin estimations, standardised THROMBOKINASE GEIGY is available in convenient, stable, time-saving tablets—closed tubes of 10 x 10 mg. tablets.

For Secondary Anaemias

ORAL ORGANIC IRON Ferrous Gluconate

Ferrous Gluconate, the organic iron salt first introduced in this country in the form of ELIXIR CEREVON, has proved a great advance in the treatment of iron deficiency anaemias.

Ever increasing clinical evidence and general professional opinion shows that ELIXIR CEREVON will rapidly correct the secondary anaemic states, thus shortening the period of treatment usually required when inorganic salts are used, without producing the side effects common to inorganic ferro-therapy, even in patients who are normally intolerant to iron.

The Ferrous Gluconate contained in ELIXIR CEREVON has an extremely low ferric content and is stable. The complete preparation has the added advantage of being very palatable.

FORMULA:

Each teaspoonful contains:

Ferrous Gluconate 0.3 gm.
Aneurine Hydrochloride 1 mgm.
Riboflavin 1 mgm.
Nicotinamide 10 mgms.

With trace elements of
Copper and Manganese

PACKS:

4-oz. bottle 5/- each
20-oz. bottle 24/- each
40-oz. bottle 48/- each
80-oz. bottle 90/- each

ELIXIR CEREVON

In Seborrhoeic Dermatitis . . .

involving the scalp, face, sternal, interscapular regions, or the areas behind the ears, 'Pragmatar' is widely used and recommended.

'Pragmatar' incorporates in a superior oil-in-water emulsion base carefully balanced proportions of tar, sulphur, and salicylic acid — three of the drugs that are fundamental in dermatological practice.

'Pragmatar' is miscible with serous exudate: it is not gummy, and is easy to apply and to remove. In the general care and hygiene of the seborrhoeic scalp, 'Pragmatar' may be left in the hair as a light dressing.

'Pragmatar'

Formula: Cetyl-alcohol-coal-tar-distillate, 4%; Sulphur, 3%; Salicylic acid, 3%, in a water-miscible base.

NULACIN

for the control of gastric acidity

*The key to successful-
Peptic Ulcer Therapy*

THE composition and unique manner of use account for the successful clinical behaviour of NULACIN.

NULACIN TABLETS are indicated whenever continuous acid neutralization of the gastric contents is required:— in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

DOSAGE

Beginning half-an-hour after food a NULACIN TABLET should be placed in the mouth between the cheek and the gum and allowed to dissolve.

During the stage of ulcer activity up to three tablets an hour may be required. For follow-up treatment the suggested dosage is one or two tablets between meals.

NULACIN TABLETS are not advertised to the public and there is no B.P. equivalent. NULACIN is supplied in tubes of 25 and 12 tablets. The dispensing pack of 25 tablets is free of Purchase Tax.

Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer.

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

In Every Case

An exceptionally powerful bactericidal and cleansing agent, 'Cetavlex' Cream has a wide range of uses in general practice. It provides a highly efficient antiseptic dressing for wounds, abrasions and burns, and is a useful application in many skin conditions, to prevent the spread of infection.

A versatile addition to the doctor's case, 'Cetavlex' Cream possesses these valuable features :—

- exerts a prolonged antiseptic effect.
- has no toxic or irritant action, even on extensive raw areas.
- does not delay the process of healing.
- is non-greasy, and easily removed by rinsing.
- is convenient, and ready for immediate use.

In non-specific and recurrent Vaginitis.

to restore and maintain normal acidity

Aci-jel

HIGHLY BUFFERED (pH 4.0) ACID VAGINAL JELLY

Aci-jel combats vaginitis by providing a persistent acid medium

- hostile to most vaginal pathogens
- hospitable to normal vaginal flora
- effective in controlling symptoms

The establishment of normal acidity is a most important factor in preventing recurrence of vaginal infection. Recurrence, characteristic of the vaginitides, is especially marked in trichomoniasis; it is also often a problem in many cases of moniliasis. Highly buffered Aci-jel — unexcelled for restoring normal acidity — helps prevent recurrences. It is simply applied, prolonged in action and non-irritating.

DOSAGE: One applicatorful intravaginally twice daily.

On original prescriptions specify "Aci-jel with applicator."

FOR
· mothers and infants
hæmorrhoid sufferers
patients with tender skin

THE prevention and treatment of hæmorrhoids and allied complaints are often retarded by the use of coarse, crisp toilet paper. Andrex Two-ply Toilet Tissue offers close approximation to the softness of cotton wool, and is a source of comfort and an aid to treatment in such cases. Completely different from any other toilet tissue it neither irritates nor chafes, is thoroughly absorbent and is so soluble that complete disposal on flushing is always ensured. Andrex is both inexpensive and economical.

Would you like a sample?

A full size roll of ANDREX Toilet Tissue will be forwarded free to medical practitioners on request. Your name and address on a post card will be sufficient.

“AH! ANDREX!
—and what
a difference”

Good health for all...

If every child in the world could have the physical advantages of these children, many of the ills that plague juvenile and adult life would disappear. Good health and nutrition go hand-in-hand; but, unfortunately, *well-fed* does not always mean *well-nourished*. Where there is any deficiency of the factors of the B complex, as the result of mal-absorption, deficiency in the diet, or other causes, an ideal supplement and therapeutic aid is . . .

Lederplex TRADE MARK vitamin B complex *Lederle*

Administered in adequate dosage, daily, LEDERPLEX will supply all the deficient vitamins of the B complex which tend to promote normal cellular life and growth.

'HISTANTIN'

BRAND

Chlorcyclizine Hydrochloride

Designed for fewer side effects, 'Histantin' is of proven value in the symptomatic management of hay fever. A single daily dose of this antihistamine is sufficient to keep most patients free from symptoms. 'Histantin' is available as 50 mgm. compressed products in bottles of 25, 100 and 500.

BURROUGHS WELLCOME & CO. (The Wellcome Foundation Ltd.) LONDON

ULCER CHARACTERISTICS — *Deep Naso-Labial Groove*

Clinicians have repeatedly noted a similarity of facies in patients suffering from peptic ulcer, the outward signs of an inward worrying character part cause and part effect of the ulcer. The deep naso-labial groove or furrow is an example of one of the features commonly seen in these cases. While by itself of no diagnostic significance it is nevertheless an interesting little link in the chain of evidence that leads from suspicion to certainty. A more reliable characteristic of the ulcer patient is amenability to 'ALUDROX' therapy.

'ALUDROX' FOR PEPTIC ULCER

For the treatment of peptic ulcer 'ALUDROX' has advantages now fully appreciated by the medical profession.

- * Buffers gastric acid.
- * Inactivates pepsin.
- * No acid rebound.
- * No fear of alkalosis.
- * Allows normal digestion to proceed.

'ALUDROX' is available in two forms: as an amphoteric gel (consisting of Aluminium Hydroxide Gel B.P.C. suitably flavoured and preserved) in 6 oz. and 12 oz. bottles and as tablets (each tablet containing dried Aluminium Hydroxide Gel. B.P.C. 13 gr.) in boxes of 60.

For the 'bilious' or 'liverish' patient

DEHYDROCHOLIN B.D.H. is the most active and least toxic of the bile acids. Since it is highly effective in promoting the secretion of bile and therefore aids the digestion and absorption of foodstuffs, particularly fats, it is indicated particularly for the treatment of 'bilious' or 'liverish' conditions.

Dehydrocholin B.D.H. is also useful in establishing normal bowel action in patients with a deficiency of bile and in patients needing mild peristaltic stimulation. Dosage of three tablets three times a day is recommended.

DEHYDROCHOLIN B.D.H.

Tablets for oral administration, each containing 0.25 gramme in bottles of 20 at 4/1 and 100 at 17/7. Solution for injection—ampoules containing 2 gramme of sodium dehydrocholate in 10 ml. Box of 6 ampoules 18/11; box of 25 at 74/3. Prices in Great Britain to the Medical Profession.

New porous Elastoplast

**THIS IMPROVED ELASTOPLAST IS NOW
BEING SUPPLIED TO HOSPITALS**

T. J. Smith & Nephew announce that they have now completed two years of extensive clinical trials of their new Porous Adhesive Elastoplast bandages and extension plasters. Results confirm that this new porous adhesive largely overcomes skin reaction to occlusion, which some patients experience beneath fully spread adhesive bandages, by permitting free evaporation of sweat and minimizing epidermal keratinisation produced by the stimulating effect of the adhesive.

Porous Elastoplast bandages and extension plasters are now being supplied to hospitals and, as production increases, will be available to the medical profession as a whole. Prices are the same as the normal spread Elastoplast bandages.

Points about Porous Elastoplast

- 1 Porous throughout whole surface of the bandage, allowing free evaporation of sweat and minimizing blockage of sweat-duct ostia.
- 2 The ideal compression and grip of Elastoplast is wholly maintained because there is no loss of stretch, regain or adhesive qualities.
- 3 Adhesive not spread to edges of bandage—minimizes rucking and soiling of clothes.
- 4 Fluffy edges eliminate localised 'hard' compression—preventing trauma to devitalized skin.
- 5 The name of the improved Elastoplast is 'Porous Adhesive Elastoplast'.

For further details write to the Medical Division of T. J. Smith & Nephew Ltd., Hull

*New!
for Babies*

Carter's of Coleford, makers of Ribena Blackcurrant Juice, announce a new Vitamin C syrup—ROSENA—which has been especially prepared for children from two weeks to ten years old. Rosena is a balanced blend of pure orange juice and rose hip extract. The soft, pleasant flavour of the rose hip has been used to stabilise the orange juice at an acidity which makes it most pleasant and acceptable to children of all ages. It does not cause stomach or bowel trouble. By reason of its high vitamin content (not less than 56 mgms. of Vitamin C per fluid oz.) Rosena is equal in Vitamin C activity to Ministry of Food Orange Juice and National Rose Hip Syrup. It also contains three natural sugars, which are nutritionally valuable.

These comprise glucose, fruit sugar and cane sugar. In addition, a further ten per cent of pure glucose has been added. It costs only 2/10d. a bottle and lasts baby a whole month. From Chemists only.

The replaceable barrel means great economies in the long run

The glass barrel is protected by a metal casing and breakage risk is thereby reduced to a minimum. If the glass barrel is broken only the glass barrel and piston need be renewed.

Spare barrels are supplied complete with individually fitted pistons. Users however are advised to order a spare barrel when they buy the syringe; this permits *instant* replacement.

All components can be taken apart or assembled in a few seconds.

No cement or solder is used and sterilization can be done at temperatures up to 200° C. The metal piston must be withdrawn during sterilization but there is no need to dismantle the rest of the syringe.

SIZES: 1, 2, 5, 10 and 20 c.c.

INTERCHANGEABLE NEEDLE FITTINGS: Record, Luer and all other types. Side and central.

Cutting the coat to suit the cloth

With insurance policies as with clothes—it's the well-fitting ones that give the greatest satisfaction. The many ready-made policies often do not meet the needs of the individual. We have always borne this in mind when planning our policies. To keep them flexible rather than rigid; and to plan them personally to fit both the needs—and the pocket—of the prospective policyholder. If you are concerned for your future or for the future of your dependants, see how simple it is to guarantee now what you need. For example, at the age of 25 by setting aside the modest sum of £5 a month we could provide:

FOR YOU

In 20 years a cash sum of £1,000 plus profits. Should you become disabled, your premiums cease during disability and an income of £10 monthly is paid to you.

FOR DEPENDANTS

Benefits up to a maximum of £3,400. Immediate cash payment of profits plus Pension of £10 monthly for balance of 20 years .. £2,400
 Plus cash at end of Pension period .. £1,000

£3,400

This type of plan is bringing **PEACE OF MIND** to many men in your calling. Send for full particulars to-day.

Infantile Scurvy and Sub-Scurvy

THE INFLUENCE OF VITAMIN C DEFICIENCY

In the case of a baby which is pale and fretful; not feeding or thriving well; showing low resistance to infection and slow healing in the event of wounds, it is often advisable to examine the possibility of a lack of Vitamin C as the basic cause.

If the child is *BREAST FED* it is probable that the mother is not eating a sufficiency of fresh fruit and vegetables or is in poor health with anorexia, anaemia and fatigue. She may indeed be suffering from sub-scurvy herself, yet wishes to continue breast feeding.

If the child is *BOTTLE FED*, the mother may have omitted to give some fresh fruit juice, possibly because the baby may be sick on such additions. It is well to remember also that cow's milk has less than one third of the Vitamin C

content of human milk and that this is further reduced by pasteurisation.

In order to remedy Vitamin C deficiency and so restore the devitalised health which may otherwise end in symptoms of scurvy with its painful muscular haemorrhages and rapid heart failure, the use of Delrosa Rose Hip Syrup is confidently recommended. Delrosa is the richest natural source of Vitamin C, is very palatable and quickly absorbed. It provides all the Vitamin C necessary for positive health, the development of new tissue (such as red blood cells, new bone and teeth cells) and for cementing the walls of blood vessels and other tissues. Because of its high Vitamin C content (57 mgms. per fluid oz.), Delrosa plays a part in helping to increase resistance to bacterial infections.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

Deferment of recruitment for fully registered "R" practitioners (i.e., fully registered practitioners liable for call-up under the National Service Acts) is granted at the discretion of the Central Medical Recruitment Committee and (in Scotland) the Scottish Central Medical Recruitment Committee. The Committees normally allow a fully registered "R" practitioner to hold a First House Officer post (N.H.S. salary £350 per annum) provided that it commences within three months of the end of his deferment by the Ministry of Labour and National Service as a whole-time medical student; and a Second House Officer post (N.H.S. salary £400 per annum) provided that it is secured before the end of his First House Officer post and commences within one month thereafter.

An "R" practitioner requires the special written permission of the C.M.R.C. or (in Scotland) the Scottish C.M.R.C. to proceed to any further post.

The position of provisionally registered "R" practitioners has been made clear in a notice sent to them by the University Joint Recruiting Boards.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for three years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

Other Grades, Whole-time

(a) **HOUSE OFFICER**: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held; with, in each case, a deduction at the rate of £100 per annum in respect of board and lodging and other services provided. Each post shall be tenable for six months.

The Minister will be prepared to authorize, in exceptional circumstances, salaries up to £50 per annum higher than the standard rates specified above where a post cannot be filled otherwise.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

PUBLIC HEALTH

(See Important Notice page 21)

EDINBURGH, CITY OF

Public Health Department

Applications are invited from duly qualified medical practitioners (male) for the post of

SENIOR DEPUTE MEDICAL OFFICER OF HEALTH

Candidates must possess the Diploma in Public Health and have had wide experience in public health administration. The person appointed will require to devote the whole of his time to the duties of the office, which will include certain teaching duties at Edinburgh University. The appointment is subject to the provisions of the Edinburgh Corporation Superannuation Scheme, to the passing of a medical examination, and to termination by three months' written notice on either side. The general conditions of service are in accordance with Industrial Court awards 2285 and 2321 and subsequent agreements for medical officers employed by local authorities. The salary scale is £1,800 by £100 to £2,100, including remuneration for teaching at Edinburgh University. Applications, stating age, experience and qualifications, accompanied by the names of three referees, are to be submitted to the Medical Officer of Health, Johnston Terrace, Edinburgh, 1, by June 15. (7254)

KINGSTON-UPON-HULL CORPORATION

Health Department

Applications are invited from registered medical practitioners for the post of

ASSISTANT MEDICAL OFFICER
(Male or female)

Under the Corporation's scheme for the inter-availability of medical officers, the post involves duties in the school health service, maternity and child welfare section, and other Local Health Authority services and, in the event of the appointment of a male officer, duties under the Hull and Goole Port Health Authority. The salary is £850 per annum, rising by annual increments of £50 to £1,150 per annum, and regard will be had to previous service in the grade in fixing the commencing salary. The possession of a qualification in public health or the D.C.H. will be an advantage, and preference will be given to candidates who are approved by the Ministry of Education for the purpose of ascertainment of educationally sub-normal pupils. Forms of application and schedules of conditions relating to the appointment may be obtained from the Medical Officer of Health, Guildhall, Kingston-upon-Hull. (7108)

LANCASHIRE COUNTY COUNCIL

Registered medical practitioners required for appointment of

ASSISTANT DIVISIONAL MEDICAL OFFICERS
in areas adjacent to Blackburn, Bury, Southport/Ormskirk. Possession of D.P.H. desirable. Salary £850 by £50 to £1,150 per annum. Travelling and subsistence allowances where applicable. Posts superannuable and subject to medical examination. Application forms and further particulars obtainable from the County Medical Officer of Health, East Cliff County Offices, Preston. (6377)

MIDDLESBROUGH, COUNTY BOROUGH OF

ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER

Required for the central office establishment of the Health Department. Applicants, who must hold the D.P.H. or its equivalent, will be required to work under the direction of the Medical Officer of Health and undertake duties in all sections of the department including school health and port health work. Salary according to qualifications and experience, i.e. £850 by £50 to £1,150 per annum. Applications, with names of three referees, to the Town Clerk, Municipal Buildings, Middlesbrough, by June 8, 1953. (7249)

WEST BROMWICH, COUNTY BOROUGH OF

Applications are invited from registered medical practitioners for the post of

ASSISTANT MEDICAL OFFICER OF HEALTH AND SCHOOL MEDICAL OFFICER

This post affords an excellent opportunity of acquiring extensive experience in maternity and child welfare, school medical work and other general duties of a public health department. Possession of the D.P.H. or D.C.H., though not essential would be an advantage. Salary £850 by £50 to £1,150. The post is superannuable and subject to a medical examination and two months' notice on either side. Applications, with full particulars of experience, should be made to the undersigned not later than June 6, 1953, and should give the names of three persons to whom reference can be made.—J. M. Day, Town Clerk, Town Hall, West Bromwich. (7157)

ADMINISTRATIVE

NORTHERN IRELAND HOSPITALS AUTHORITY

Belfast Hospital Management Committee

Applications are invited from suitably qualified persons for the post of

SUPERINTENDENT
of the Royal Victoria Hospital, Belfast
Applicants should have proved administrative ability and experience in a teaching hospital. Preference will be given to a suitable medical practitioner who has had adequate administrative training and experience and wishes to undertake a career of administration. The post is whole-time. The Superintendent will be responsible to the Hospital Committee for the day-to-day running of the Royal Victoria Hospital Group. The commencing salary will be £1,250 per annum, rising by annual increments of £50 to a maximum of £1,500 per annum. Preference will be given to candidates who served in H.M. Forces in war-time. Canvassing will disqualify. Applications, giving date and place of birth, full particulars of education and experience (including present post and salary), together with the names of two referees to whom application may be made for confidential testimonials, should be sent to the Secretary, Belfast Hospital Management Committee, Royal Victoria Hospital, Belfast, Northern Ireland, to arrive not later than June 13. to undertake the routine examination of students and to assist in the treatment of students. The officer may also be required to undertake part-time teaching or research work. Salary £1,000 to £1,200, according to qualifications and experience. Applications, should reach the undersigned, from whom further particulars may be obtained, not later than June 15, 1953.—H. G. Butterfield, Registrar and Secretary. (7318)

**UNIVERSITY OF BRISTOL AND UNITED
BRISTOL HOSPITALS**

Applications are invited from registered medical practitioners for a joint appointment of

**LECTURER IN ANAESTHETICS and
CONSULTANT ANAESTHETIST**

The candidate appointed will be required to undertake seven sessions in the hospital, for which the remuneration will be upon the terms negotiated between the Minister and the profession. The appointment will be whole-time, the balance being made up by service to the University as Lecturer in Anaesthetics, for which the remuneration will be upon the University scale for Clinical Lecturers. Candidates should hold a higher qualification in anaesthetics and have experience in research. They should send details of their qualifications and experience, with the names of two referees, to the Secretary to the Board of Governors at the Bristol Royal Infirmary, Bristol, 2, not later than Monday, June 1, 1953. Further particulars may be obtained from the Secretary to the Board and the Registrar of the University of Bristol, Bristol, 8. (7342)

UNIVERSITY OF EDINBURGH**Biophysics Unit**

Applications are invited for the post of

LECTURER IN BIOPHYSICS

The Lecturer appointed will be a member of the Biophysics Unit at present being established in the Department of Natural Philosophy. His main research interest should be in the applications of radioactive tracers in biological and medical investigations, and his duties will involve acting as consultant to research workers engaged in such investigations in the various departments of the Faculty of Medicine. He will in addition be encouraged to pursue his own line of research. His teaching duties will be light. The appointment will be made initially within the salary range £600 to £850 per annum, according to qualifications and experience. Salary scale £600 by £50 to £800 per annum: £850 by £50 to £1,100 per annum, with superannuation benefit and family allowance where applicable. The successful candidate will be expected to take up duty on October 1, 1953, or as soon thereafter as convenient. Further particulars may be obtained from the undersigned, with whom applications, giving the names of three referees, should be lodged not later than June 30, 1953.—Charles H. Stewart, Secretary to the University. (7343)

UNIVERSITY OF LONDON**King's College**

Will require on October 1, 1953, a

LECTURER

in the Faculty of Medical Sciences to teach Histology. The salary will be on the scale £800 by £100 to £1,100, according to qualifications and experience, together with family allowances and F.S.S.U. benefits. Particulars and application forms should be obtained from the Registrar, King's College, Strand, W.C.2, whom completed applications should reach by June 18. (7320)

UNIVERSITY OF LONDON**King's College**

Will require on October 1, 1953, a

LECTURER

in the Department of Physiology, Biochemistry, and Pharmacology, to teach Medical Organic Chemistry. The salary will be on the scale £600 by £50 to £750, £800 by £100 to £1,100, according to qualifications and experience, together with family allowances and F.S.S.U. benefits. Particulars and application forms should be obtained from the Registrar, King's College, Strand, W.C.2, whom completed applications should reach by June 18. (7321)

THE AMERICAN MEDICAL SOCIETY

in co-operation with the

"VIENNA ACADEMY OF MEDICINE"

announces

COURSES OF SPECIALIST POSTGRADUATE INSTRUCTION at the "UNIVERSITY OF VIENNA"

SHORT-TERM FULL-TIME COURSES:

One Month "ACADEMY" CERTIFICATE COURSES. Three Month UNIVERSITY "ZEUGNIS" COURSES

UNIVERSITY "DIPLOMA" COURSES—10 TO 12 MONTH FULL-TIME COURSES:

Anaesthetics, Bacteriology, Dermatology and Venereology, Hygiene, Specialized Medicine, Neurology and Psychiatry, Obstetrics and Gynaecology, Ophthalmology, Laryngology and Otology, Orthopaedic Surgery, Clinical Pathology, Paediatrics, Radiology, Specialized Surgery and Tuberculous Diseases.

TWO YEAR "ACADEMY" MEMBERSHIP COURSES

COURSES leading to "FELLOWSHIP OF THE VIENNA ACADEMY OF MEDICINE" (Details on request)

The Medical Faculty of the University of Vienna nominally controls 52 major hospitals in Vienna with over 35,000 beds. This co-ordinated medical unity, unique only to Vienna, offers the postgraduate a tremendous pool for clinical (bed-side) and practical experience.

Exceptional opportunities are available for personal instruction and practical work in all medical specialties. Special personal courses under Academy surgeons in cadaver surgery and allied subjects.

Over 20,000 English-speaking physicians and surgeons have attended postgraduate courses in Vienna from 1879-1940.

For information address: THE AMERICAN MEDICAL SOCIETY, c/o VIENNA ACADEMY OF MEDICINE, Allgemeines Krankenhaus, Vienna IX, Austria

LECTURES

INSTITUTE OF UROLOGY

In association with ST. PETER'S, ST. PAUL'S and ST. PHILIP'S HOSPITALS

POST-GRADUATE COURSE IN VENEREOLOGY

JUNE 8-JULY 31, 1953

Arranged by the Institute of Urology in co-operation with the Members of the Medical Society for the Study of Venereal Diseases. All lectures will be given at St. Paul's Hospital, Endell Street, W.C.2, at 11 a.m.

FERGON

Trade Mark

Medical literature on request

For IRON DEFICIENCY ANAEMIAS

A New Bayer Product

In hypochromic anaemia of pregnancy 'Fergon'—a specially prepared tablet form of ferrous gluconate—is an advance on current iron therapy. Ordinary iron preparations produce digestive disturbances; the patient may 'skip' doses and so recovery is delayed. 'Fergon', on the other hand, does not interfere with gastro-intestinal function so that there is no vomiting, constipation or diarrhoea. Maximum therapeutic effect is assured because absorption and haemoglobin response are not reduced by gastro-intestinal upsets. Apart from anaemia of pregnancy, 'Fergon' is well suited for the treatment of anaemia in children and other iron deficiency anaemias.

The basic N.H.S. price of one week's treatment is 1/2d.

Packings: tablets, gr. 5, in bottles of 100 and 1,000.

Manufactured in England by

BAYER PRODUCTS LIMITED

Africa House, Kingsway, W.C.2

Associated Export Company: WINTHROP PRODUCTS LTD., LONDON

Dublin Office: 1-2 South Frederick Street, Dublin

energy and well-being

A new pleasantly flavoured tonic and stimulant for the relief of mild depression and lethargy.

Depressive conditions are commonly associated with persistent pain, chronic organic disease, the climacteric, and old age. 'Adetate' relieves the symptoms, giving a feeling of well-being and

increased energy. It is also of value as an adjunct in the control of obesity.

Initial dosage should be small, and increased gradually until the desired effect is reached. For adults, 1 to 3 teaspoonfuls daily in divided dosage is suggested, given before meals, the last dose of the day before 4 p.m. to avoid interference with sleep.

'Adetate' Additive Elixir is supplied in bottles of 4 and 16 fluid ounces.

Literature and clinical package gladly sent on request.

Each fluid ounce contains:

Dexamphetamine sulphate	30 mg.
Aneurine (thiamine) hydrochloride	30 mg.
Sodium glycerophosphate	240 mg.
Potassium glycerophosphate	60 mg.

Elixir **'ADETATE'**

Poroplast

The New POROUS ELASTIC ADHESIVE BANDAGE

Recent Developments in plaster manufacture have resulted in notable improvements over the old type of elastic adhesive bandage.

Poroplast contains no rubber and it is entirely free from the irritating solvents and resins usually embodied in elastic adhesive bandages. Poroplast is porous over its whole surface, giving ventilation even where two layers overlap. It offers greatly increased plaster toleration even on the most sensitive skins. Samples on application.

N.H.S.

Poroplast conforms to the Specification for Flexible Adhesive Bandages Porous of the Drug Tariff (April 1953 Amendment), and is freely prescribable in widths 2½ in. and 3 in. on E.C. 10 from July 1, 1953, under the name "Poroplast."
