## Why Choose Banks, Insurances, Investment Trusts?

Because banking and insurance are the very life blood of British prosperity. Because the outstanding skill and integrity of British banking and insurance have earned a world-wide respect for their services. Because these services are essential to economic life.

Because the managements of investment trust companies have built up a tradition of successful investment, thus giving their shareholders the benefit of expert knowledge and a wide spread of risks.

Because each of these financial enterprises has a satisfactory blend of stability and growth.

## He sleeps soundly Doctor

Patients sleep naturally and well on Intalok mattresses. The heart of an Intalok mattress is com-

posed of many hundreds of interlinked fine gauge springs—these offer gentle resistance to the 'local' pressure of hips, elbows and shoulders. But over larger areas their combined resilience is firm and even to ensure correct spinal support. The complete rest Intalok brings makes a real contribution to the patient's recovery.

*Here are other good reasons why Intalok is the ideal hospital mattress:*

- |   |   |
|---|---|
| <p>1 All metal parts are rustless—can be sterilized repeatedly.</p> <p>2 The spring centre gains by repeated stoving.</p> <p>3 The special Intalok spring system makes the mattress unusually light and easy to handle.</p> | <p>4 Intalok mattresses can be made to special thicknesses or sizes, or in segments to suit special cases.</p> <p>5 Existing hair mattresses can be converted to Intalok. This cuts costs.</p> <p>6 Every Intalok springing unit is guaranteed for ten years.</p> |

## Offers all the advantages of drip therapy without the inconveniences

Superimposed gruel fractional test-meal curve of five cases of duodenal ulcer.

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

A maintained continuous state of gastric anacidity has heretofore been impossible without hospitalization and discomfort to the patient.

Now, clinical work in progress confirms NULACIN to provide "the nearest approach to the continuous intragastric drip for the ambulatory patient."★ A NULACIN tablet placed in the mouth and allowed to dissolve slowly, releases its contained medicaments at a rate that gives continuous neutralization of the acid gastric juice. NULACIN accomplishes this simply, effectively and without attendant disadvantages.

**Indications:** NULACIN tablets are indicated whenever acid neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

**Dosage:** Beginning half-an-hour after food a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly.

During the stage of ulcer activity up to three tablets an hour may be required. During

quiescent periods, for prophylaxis in peptic ulcer and for the relief of discomfort due to gastric hyperacidity, the dose of NULACIN is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. May be prescribed on E.C.10. The dispensing unit of 25 tablets is free of purchase tax. (Price to pharmacists... 2/-). Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrans and maltose, and incorporate: Magnesium Trisilicate 3.5 grs. Magnesium Oxide 2.0 grs. Calcium Carbonate 2.0 grs. Magnesium Carbonate 0.5 grs. Ol. Menth. Pip. q. s.

## Deficiency of B<sub>2</sub> Vitamins

In general, when one member of the vitamin B<sub>2</sub> complex is deficient in the diet, the other members of the group are also short. For this reason, multiple therapy is usually adopted.

Marmite yeast extract has been found to be particularly useful because it provides several B vitamins together in a palatable form. It supplies riboflavin, nicotinic acid, folic acid, pyridoxin, pantothenic acid, biotin, choline, inositol and p-aminobenzoic acid.

# VERILOID

### ORAL DOSAGE FORMS

Scored tablets of 1 mg. and 2 mg.

Scored tablets of 2 mg. with Phenobarbitone 15 mg. (Veriloid -VP).

### RAUWILOID + VERILOID

Each scored tablet contains 1 mg. of standardized alkaloids of Rauwolfia serpentina with 3 mg. of Veriloid. In this product the sedative, tranquilizing the hypotensive properties of Rauwolfia serpentina are advantageously combined with the veratrum alkaloids. Tolerance to Veriloid is notably increased so that in the majority of cases fully effective doses can be given without troublesome side-effects.

An outstanding feature of the hypotensive action of Veriloid is its central action, which effects vaso-relaxation by impulses transmitted to the arteriolar musculature. Ganglionic function is not disturbed, therefore there is no interference with the postural reflexes essential for normal activity.

Veriloid, a unique preparation of the ester alkaloids of Veratrum viride, is specifically indicated in all grades of essential hypertension. Because it is biologically standardized in dogs, its clinical effect is significant and dependable. If dosage is carefully adjusted, control of blood-pressure throughout the whole day is entirely possible.

# Natural sleep - the best ally

REPARATIVE PROCESSES are most active during the hours of sleep. When patients need natural, recuperative sleep, and when narcotics are contra-indicated, 'Ovaltine' may be safely recommended for this reason: it provides palatable, concentrated nourishment in a form which is easily absorbed without disturbing the patient's tranquillity.

'Ovaltine' contains only the best of natural foods—malt, milk, cocoa, soya and eggs—plus added vitamins in standardized quantities. It is therefore useful in the dietary management of those diseases which are complicated by insomnia. It engenders a warm, soothing feeling which helps to create the conditions most favourable to the best kind of sleep. 'Ovaltine' can be recommended with confidence.

# Elastoplast as a many-tailed bandage

Above: Fig. 1

Below: Fig. 2

Prescribe Elastoplast Bandages  
by name on form E.C.10

SIX PIECES, each about 12 inches in length, are prepared from a 3 inch wide Elastoplast bandage. Tapes are attached and the completed pieces applied to the body from each side (Fig. 1). The tapes are tied over the dressing covering the wound (Fig. 2). The bandage may be applied by one person without disturbing the patient. It is easily made, provides adequate support and will remain firmly in position.

The above method is comfortable in use as the patient does not have to wear perineal stirrups to keep the bandage in place or to lie on a bandage which may become 'rucked-up' — disadvantages associated with the flannelette type of many-tailed bandage.

# 'BENZOLE makes good petrol better'

— say these experienced motorists

*'I put National first, for all that you want from a fuel.'*

Mr. L. Readman—An Engineer

*'Motoring every day, you certainly notice the extra m.p.g.'*

Mr. I. W. Fletcher—A Commercial Traveller

*'I've tried 'em all—but National leaves everything else behind.'*

Mr. S. Joel—A Motor Trader

With plenty of very good petrols to choose from, experienced motorists still prefer National Benzole Mixture. 'National' is more than a petrol. It is a carefully controlled blend of high-grade petrol and *British produced Benzole*. Benzole is a motor fuel in its own right—and a wonderful one. Drop for drop, it is more powerful than any petrol, and it has an exceptionally high anti-knock value. It turns the hammer-blow of the explosion into a long strong steady shove—giving the piston a powerful push instead of a sudden bonk. When Benzole is blended in the right proportions with high grade petrol (as it is in National Benzole Mixture) you get an ideal fuel for your engine—powerful, smooth in action, clean burning, and —best of all—*better for more miles per gallon.*

In this matter of price, "EFFICO" need not fear comparison with any equivalent preparation: the 8 fl. oz. bottle, normally sufficient for ten days' treatment, retails to private patients for 3/- plus 6d. Purchase

Tax or the appropriate Dispensing Fee: the cost of an "EFFICO" prescription on Form E.C.10 averages less than 3/6 and after making allowance for the 1/- paid by the patient the cost to the State is normally under 2/6.

*The well-balanced "EFFICO" formula has proved itself in clinical use and can confidently be prescribed where a good tonic and digestive stimulant is indicated.*

## **THE FILTER TIP CIGARETTE**

The purer the smoke the greater the enjoyment. That's the simple principle behind the du Maurier filter. That is why more and more people are smoking du Maurier cigarettes, because they find — just as you will — that the du Maurier filter *adds* to the pleasure of smoking by allowing nothing to spoil the true flavour of the tobacco. But why not put it to the test? If you will smoke du Maurier and nothing else for two weeks you will discover for yourself the *special* appeal of these fine filter-tipped cigarettes.

## APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose 3 copies (unless otherwise specified) of recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★ *SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.*

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

### SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

#### Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical or dental practitioner and held normally for two years: £775 per annum in the first year; £890 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical or dental practitioner and held normally for four years: £1,000 per annum in the first year; £1,100 per annum in the second year; £1,200 per annum in the third year; £1,300 per annum in any subsequent years.

#### Other Grades, Whole-time

(a) **HOUSE OFFICERS** (including Dental)

(i) *Provisionally registered medical practitioners*: £350 per annum for the first post held; £400 per annum for the second and any subsequent post held.

(ii) *Fully registered practitioners*: £350 per annum for the first post held; £400 per annum for the second post held; £450 per annum for the third and any subsequent post held.

provided that a medical practitioner who has held house posts under (i) above whilst provisionally registered shall be remunerated at the rate of £450 per annum for each post held after obtaining full registration; and provided that in exceptional circumstances, subject to the consent of the Minister (in Scotland of the Secretary of State), the rates under (ii) may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

A deduction at the rate of £100 per annum shall be made from the remuneration of House Officers in respect of board and lodging and other services provided. Each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical or dental practitioner and normally held for one year only: £670 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £700 (for an officer appointed not less than two years after registration as a medical practitioner) by £50 to £1,000 per annum.

### ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.
