When
nourishment
is the main problem . . .

BRAND'S ESSENCE is a first-class protein of animal origin. Being partly hydrolized, it is capable of easy ingestion, digestion and absorption. It is extremely palatable, and may be taken either as a jelly or as a liquid. It helps to support convalescence and assists in restoring a positive nitrogen balance.

The major indications for the administration of Brand's Essence are loss of appetite during fatigue, acute infections, and dysphagia or digestive disturbances due to organic or bacterial lesions of the mouth, oesophagus and alimentary tract, and after surgical procedures.

The addition of Brand's Essence to low residue and weight-reducing diets is especially appreciated by the patient.

Brand's Essence

(BEEF OR CHICKEN)

THREE ESSENTIALS TO EVERY DOCTOR'S OFFICE

Details Free on Request

The average doctor doesn't want elaborate correspondence cabinets.

But every doctor needs somewhere to keep his correspondence and records.

There is a Shannon unit which fits neatly on to any desk, side-table, or other convenient place. It is inexpensive and handy. Complete with all the necessary triply-strong suspended (on metal) folders, it costs very little. Yet it controls the doctor's correspondence safely and will last for many years.

Most doctors would find this Shannon unit invaluable in

simplifying routine.

Then there are the ready-printed visible Case-History and Accounts records which control the history of every patient, give visible indication of impending visits, warnings of confinements, indications of cases to watch. . . . These, too, cut down the time spent on routine and help the doctor to control his practice as rigidly as any business or professional man.

Hundreds of doctors rely on these Shannon systems to keep close control of their multifarious activities. Why not you?

Just write "Send Details" on your card or letter heading and post it to **The Shannon Ltd., of 75 Shannon Corner, New Malden, Surrey.** You will receive full details of all the above by return free and without any obligation.

*Highest peak concentrations and sustained
therapeutic effect with 'ESKACILLIN'*
the palatable liquid oral penicillin

Some authorities stress the value of high, if intermittent, peak penicillin serum concentrations; others favour lower, but sustained, plateau levels. With 'Eskacillin' the advantages of both patterns are available. A very high peak concentration is achieved within about one hour of the first dose, succeeded by a more than adequate therapeutic level sustained for several hours.

Transvasin

brings the esters of **NICOTINIC ACID**
SALICYLIC ACID
p-AMINO BENZOIC ACID

to the focal point of
 soft-tissue rheumatism

The esters in Transvasin, a new preparation developed by Hamol S.A., our Swiss associates, readily pass the skin barrier in therapeutic quantities and enable an effective concentration of the drugs to be built up where they are needed. Transvasin not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant, and can be safely used on delicate skins.

It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

<i>Salicylic acid tetrahydrofurfuryl-ester</i>	14%
<i>Nicotinic acid ethyl-ester</i>	2%
<i>Nicotinic acid n-hexyl-ester</i>	2%
<i>p-Aminobenzoic acid ethyl-ester</i>	2%
<i>Water-miscible cream base ad</i>	100%

Transvasin is available in 1 oz. tubes, basic price 2/6 plus 7½d P.T., and is not advertised to the public. Samples and literature will be gladly sent on application.

LLOYD-HAMOL LTD., 11 Waterloo Place, London, S.W.1 WHITEhall 8654/5/6

induction of sleep . . .

. . . one of the 44 uses for
short-acting

Nembutal
RECD.

What yardstick do you use to determine the drug you write on your prescription? If the drug is a barbiturate—such as short-acting NEMBUTAL—you can measure it, compare it, and sum it up in these four short sentences:—NEMBUTAL can produce any desired degree of cerebral depression—from mild sedation to deep hypnosis.

The dosage required is small—only about half that of many other barbiturates.

Hence, there's less drug to be inactivated, shorter duration of effect, wider margin of safety and little tendency towards morning-after hangover.

In equal oral doses, no other barbiturate combines quicker, briefer, more profound effect.

Perhaps that's why, after nearly 25 years, more and more prescriptions call for NEMBUTAL (Pentobarbitone Sodium B.P.)

MILK-ALKALI DRIP THERAPY WITHOUT DISCOMFORT

GASTRIC ACIDITY can now be controlled effectively, and without the inconvenience of intragastric milk-alkali drip therapy. This is made possible with the help of NULACIN.

Before NULACIN was evolved, a continuous antacid effect could only be achieved under hospital conditions, and with discomfort to the patient.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. May be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrans and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

A new cough specific

(Sodium 2:6 ditertiarybutylnaphthalene Monosulphonate)

suppresses cough with no undesirable side-effects

SODIUM 2:6 ditertiarybutylnaphthalene Monosulphonate (Becantyl), a product of original research, is a new agent that is specific in suppressing cough. It is unrelated to morphine and guaiacol.

BECANTYL does not cause constipation, anorexia, drowsiness or any undesirable side-effects; being devoid of side-effects BECANTYL may be prescribed for infants, children, and the aged.

Clinical experience supports the value of BECANTYL in suppressing all types of cough, and shows that it does not suppress expectoration.

BECANTYL may be used in the treatment of all types of cough. There are no contra-indications to its use.

BECANTYL is presented in 4 fluid ounce, 40 fluid ounce, and 80 fluid ounce bottles.

Canned Strained Foods and Early Mixed Feeding

HOW OFTEN a mother looks questioningly when you recommend a varied diet for her baby. And no wonder! She is frequently wondering how to fit this new task into her already busy day.

Happily you can recommend with perfect confidence, the range of strained foods all ready prepared by Heinz. And when she asks, as mothers often do, whether Heinz Strained Foods are as nutritious as foods cooked at home, you can fully assure her there, too.

Heinz make meat broths, soups, vegetables, fruits and cereal—foods that expense, time or season often make it so difficult to prepare at home.

These foods come fresh to the Heinz factory and are prepared, cooked, strained and canned within a few hours by perfected modern methods. Inspections and tests take place at every stage.

Together, Heinz Strained Foods are a balanced team providing vital proteins, vitamins and minerals.

For a FREE booklet giving the exact nutrient values of Heinz Strained Foods please write to Dept. I.M., H.J. Heinz Company Ltd., Harlesden, London, N.W.10.

HEINZ Strained Foods

17 varieties

THE REMORA OR SUCKING FISH keeps on such close terms with its neighbours that it will actually attach itself, by means of an adhesive disc on the flat surface of its head, to a barracouta or whale and so enjoy effortless transport and the protection of its host. Theirs is a strange bond . . . a remarkable affinity.

But no less remarkable is the affinity of Estopen for lung tissues. Estopen *concentrates* in the lung; it floods the inflamed tissues with high sustained levels of penicillin—levels that *consistently* reach the site of infection. No other form of penicillin reaches the lung in such strength . . . none gives such prompt clinical results in pulmonary infections. Indeed, *all* penicillin-sensitive infections of the lung, pleura and bronchi are clear-cut indications for Estopen. And in hospitals it is winning growing acceptance as a *routine* prophylactic before and after thoracic surgery.

CHEMOTHERAPY OF TUBERCULOSIS

The concurrent use of PAS salts
and Isoniazid is now fully recognized as a major therapeutic measure
against all forms of tuberculosis.

'Aminacyl' PAS Salts

BRAND

'Aminacyl' PAS products, with the exception of the Granulate (Ca PAS only), are available as either Sodium PAS B.P. or as the Calcium Salt.

They include whatever commonly used forms may be prescribed in terms of physicians' choice and patients' preference—

PACKS: Cachets	1.5 g.	100's	500's
	2.0 g.	80's	400's
Dragées	0.5 g. (plain).....	250's	1,000's
	0.75 g. (enteric-coated)	250's	1,000's
Bulk Powder	1 kg.	5 kg.	
Granulate (Ca PAS) ..	400 g.	2,000 g.	

'Aminacyl' B-PAS ^(Calcium 4-Benzoyl PAS)

BRAND

This new modification of PAS has the advantage of providing therapeutic effect comparable with that of Na and Ca PAS, but with smaller dosage. Furthermore, it is completely non-toxic, and is almost completely tasteless.

PACKS: 'Aminacyl' Ca B-PAS Powder: Tins of 150 and 500 envelopes each 3.5 g.
'Aminacyl' Ca B-PAS Cachets: Tins of 80 and 400 × 1 g.
'Aminacyl' Sodium B-PAS Cachets are also available in tins of 80 and 400 × 1.5 g.

'Pasinah' combined PAS/INAH Cachets

BRAND

for convenient prescription of PAS and Isoniazid concurrently

'PASINAH' Cachets each contain 1.5 g. Na PAS (Sodium *p*-Aminosalicylate B.P.) and 17 mg. Isonicotinic Hydrazide.

PACKS: Standard Tins of 100 and 500. Details of institutional quantities on request.

PARENTROVITE

*... the culmination of investigations
which have been carried on for
over 15 years in many countries.*

From initial clinical trials less than a year ago, the use of PARENTROVITE has increased rapidly. It is now being employed with outstanding success in teaching hospitals in London, many provincial hospitals and some of the bigger mental hospitals.

PARENTROVITE consists of highly concentrated injectable solutions of the vitamin B-complex and vitamin C, and the rationale of its use depends on the known interactions between these vitamins and the enzyme systems concerned in intracellular glucose oxidation in the brain. When these are disturbed or inhibited, as for example in toxic states resulting from severe infection, alcoholism or overdosage with drugs (especially of the barbiturate class), massive dosage is needed to reverse the process.

Ampoules are available in pairs of 5 c.c. for intravenous injection in acute conditions, and in smaller volumes for intramuscular injection. Boxes of 3 pairs.

First step to recovery

General practitioners can *depend* on Aureomycin Capsules to secure prompt and effective concentrations of the antibiotic in the tissues. That is why this convenient and oral therapy is so often the only step needed to control many of the infections met with in everyday practice. This form of therapy with Aureomycin is particularly economical as the Capsules are effective in remarkably low dosage... a typical *therapeutic* dose for adults being only four 250 mg. capsules daily.

AUREOMYCIN Capsules

Far removed from the hustle and bustle of modern life, canal traffic moves slowly but surely towards its destination. Similarly, in the intestinal canal lubricated with Agarol — the smooth bulk moves forward regularly and without strain; the faecal mass is easily evacuated at the end of the journey.

The constituents of Agarol establish it as a mild and well-tolerated laxative.

ACTIVE CONSTITUENTS
Agarol Compound is composed of thoroughly emulsified mineral oil in an aqueous agar-agar. Each tablespoonful contains three grains of phenolphthalein.
PACKING: 6 & 14 oz. bottles.
For dispensing purposes Agarol is also available in an 80 oz. size at 19/6d. not subject to Purchase Tax on prescription.

Gentle reminder

In the ritual of antisepsis there can be no relaxation. In the operating theatre, in the labour ward, in the first-aid post, 'DETTOL' is a constant reminder that the greatest triumph over infection still lies in its prevention.

Over four years' usage in general medical practice throughout the world has established Chloromycetin as today's foremost broad spectrum antibiotic. Among the significant advantages that have placed Chloromycetin in this unrivalled position are its rapidity and effectiveness of absorption, swift consistent response, outstanding tissue diffusibility plus a remarkable flexibility of treatment to meet varying clinical conditions. Development of resistance to Chloromycetin by the common pathogens is extremely rare and the facility with which it is absorbed accounts for the low incidence of gastro-intestinal upset.

way ahead

- *more rapidly absorbed*
- *quicker diffusion in body tissues*
- *greater stability*
- *more prolonged blood levels*
- *fewer side effects*

The medical profession has been quick to recognise that ACHROMYCIN represents a striking advance in antibiotic therapy. Not only is it a highly efficient drug, but it is also remarkably safe in use and simple to administer. In most cases, *oral* administration of ACHROMYCIN will secure high and prolonged levels in the blood and tissues that are all-important for therapeutic success.

ACHROMYCIN is effective against Gram-positive and Gram-negative cocci, Gram-negative bacilli, certain protozoa, viruses and rickettsia. In terms of hospital economics, ACHROMYCIN helps to shorten hospital stay, simplifying nursing care and making beds available more quickly.

Codis and the Physician

THE ADVANTAGE OF "CODIS" to the physician is this.

Like Tab. Codein. Co. B.P., Codis offers the valuable and tried combination of aspirin, phenacetin and codeine phosphate. But the aspirin in Codis, unlike that in Tab. Codein. Co. B.P., is in the form of soluble calcium aspirin—which is formed immediately the

tablet is dissolved in water. This calcium aspirin is of course far less likely to cause the gastric irritation sometimes produced by acid particles of ordinary aspirin.

Because it is readily soluble, Codis will be found easier to administer—and the aspirin it contains will be rapidly absorbed by the patient.

COMPOSITION

Each Codis tablet contains:—Acid. Acetylsalicyl. B.P. 4 gr.; Phenacet. B.P. 4 gr.; Codein. Phosph. B.P. 0.125 gr.; Calc. Carb. B.P. 1.2 gr.; Acid. Cit. B.P. (Exsic.) 0.4 gr.

Codis (Regd.) is not advertised to the public

FOR PRESCRIPTION. Codis is available in distinctive gold foils of 6 tablets each.

PUBLIC SIZES. 20 tablets (in bottles or foil) 2/7 each, inc. P.T.

What can you do for my Rheumatism Doctor ?

What a problem faces you when such a patient asks this question! You can, however, alleviate the painful symptoms by prescribing succinate-salicylate therapy in the form of Berex.

In rheumatic fever and rheumatoid disease the value of salicylates—in high dosage—is established beyond question.* But until recently the efficacy was offset by the toxic effects.

Now, by providing a combination of salicylate and succinate, Berex enables a massive dosage of salicylate to be administered without lowering the prothrombin level, with less gastric disturbance and with the encouragement of tissue respiration. **British Medical Journal*, 1952, 1, 1152.

EAR WAX

Removed

THE EASIER WAY

The removal of wax from the external auditory meatus can now be greatly simplified—by the use of Cerumol Ear Drops. Cerumol dissolves soft cerumen, disimpacts the hard wax plug, and a simple wiping or washing out is sufficient to remove debris. Cerumol is not injurious to the lining of the external auditory meatus or to the tympanic membrane.

Anti-bacterial, safe and efficient, Cerumol is an accepted product for use in a large number of hospitals and general practices throughout the country. It is included in Category No. 4 of the Classified List of Proprietary Preparations issued by the Ministry of Health, and may therefore be prescribed on N.H.S. form E.C.10.

PACKS:—For Surgery Use: 10 c.c. vial, separate dropper included (Basic N.H.S. price 2s. 8d.)
For Hospital Use: 2 oz. and 10 oz. bottles.

Nutrition in Convalescence

It has been suggested that special attention should be paid to pre- and post-operative nutrition. During convalescence there may be an increased need for the essential nutrients and particular care should be taken to ensure that the patient receives an adequate supply of these.

In planning meals for the convalescent the protective foods are therefore important. Marmite yeast extract supplies essential B₂ vitamins and is especially useful in the convalescent diet, as it adds an appetising flavour to many dishes and can also be served as a drink.

MARMITE

yeast extract

The manifestations of a functionally disordered gastro-intestinal tract, agonising at their worst, are at their least a source of social embarrassment which can be distressing in the extreme. Busy people, who must often go long hours without time for food, have good reason to hail the advent of an effective anti-spasmodic which will, in more senses than one, quieten their yearning bowels.

MERBENTYL

"I'm going to prescribe a Lastonet bandage"

This elastic net bandage may be prescribed under the National Health Scheme. Because of its two-way stretch it gives firm, even support to sprained or weak joints. Its open net lets air circulate freely. In 5-yard lengths (fully stretched) and 2½, 3, 3½ or 4 inch widths.

Lastonet
ELASTIC BANDAGE

CAMP-VARCO PELVIC TRACTION

Pelvic Traction in Low Back Injuries

This pelvic traction system is designed to avoid the complications of thrombophlebitis, swollen ankles and knees, and the risk of dermatitis which may result from ordinary skin traction.

The apparatus is easy to apply, the fitting being similar to that of any sacro-iliac or back support. It is constructed on the principle of a body belt to which are attached two adjustable traction straps; these are attached to a spreader board from which is suspended the appropriate weight.

The traction operates through the sacro-iliac region and along the spine and avoids the hips, knees and ankle joints; one of the advantages of the pelvic traction system is that the patient has freedom of movement of the lower limbs.

**CAMP-VARCO
TREATMENT
SET**

Complete to
carry the case.
Weight 7 lb 10 oz.
Size overall
52 x 14 x 4 1/2

The method is extremely simple and can if required be used at home under medical direction. It is well-tolerated by the patient and makes for greater comfort and easier nursing attention.

Full information on request.

For irritating or unproductive cough . . . **Syrup Pholcodine** (DUNCAN)

Syrup Pholcodine (Duncan)—a palatable syrup containing 8 mg. pholcodine per teaspoonful—is particularly effective against coughs due to irritation of the upper respiratory tract, pleuro-pulmonary reflex coughs and nervous coughs. Syrup Pholcodine (Duncan) is advantageous in being pleasantly palatable, of greater depressant action than codeine with much less toxicity, and especially in causing no gastric disturbance and in giving no constipation or intestinal constriction.

Available in bottles of 4, 16 and 90 fl. oz. Further details gladly on request.

A New Approach to the Treatment of Coughs:

How CETAMIUM in New Vick Cough Syrup increases the effectiveness of known and tried medicaments

Nature and Action of Cetamium

Cetamium is a quaternary ammonium salt known chemically as cetylpyridinium chloride. It is best known as a compound with high bactericidal activity, but its other important property of lowering surface tension is of special interest in a cough syrup.

Reduced Surface Tension Aids Penetration of Oral Mucosa

The surface tension of Vick Cough Syrup is approximately 43 dynes per square centimetre as compared with that of distilled water, which is 72. This enables the syrup to penetrate into the crypts and crevices of the oral mucosa which water alone, or a normal syrup, will simply bridge over.

More Effective Action of Accepted Medicaments

The inclusion of Cetamium with time-tested, clinically proven expectorants—ammonium chloride, sodium citrate and glycerine—produces a syrup which brings these medicaments into contact with a more extensive area of the throat membranes than they normally reach, thus bringing more relief to irritated tissues where inflammation or infection may exist.

Active Ingredients

Cetamium	0.025%
Ammon. Chlorid.	1.00%
Sod. Cit.	4.00%
Acid Cit.	0.25%
Glycer.	3.75%

Suitable for Children: No Narcotic

Vick Cetamium Cough Syrup contains no narcotics or habit-forming drugs. This fact, plus its delicious flavour, makes it particularly suitable for children.

No Nausea

There is evidence to suggest that Cetamium slightly accelerates stomach emptying action. It will be found that the tendency of syrupy expectorant mixtures to induce nausea, particularly in children, is virtually absent. Nor are there any other side effects.

Free Samples will be sent on request to:

Vick International Ltd., Dept. B, 215 Blackfriars Road London S.E.1

The Medical
Management
of Gastro-
Duodenal
Ulceration

TABNET
Tablets may
be prescribed
on Form
E.C.10

... all duodenal ulcer patients experienced symptomatic relief and of these ten claimed relief after 1 day; four after 2 days; and two after 3 days.

... two patients with a gastric ulcer experienced relief of symptoms 2 to 3 days after starting therapy whilst the patients who did not improve had large eroding ulcers and were later operated upon.

... x-rays were taken 10 and 20 days after the patients' admission. Those receiving TABNET showed evidence of healing 10 days after commencing treatment. After 20 days the radiological appearances showed that the ulcers had healed in all cases except the two referred to above.

... in addition to these control cases twenty ambulatory patients received TABNET therapy and became symptom free within a short period.

FORMULA: Each tablet contains: Aluminium Glycinate 250 mgm. Glycine 30 mgm. Available in bottles of: 100 tablets 7s. plus P.T. and 1,000 tablets 62s. plus P.T.

Put their feet in *Clarks*

Guesswork isn't good enough when one wrong guess means two wronged feet. In Clarks Shoes, firmness and freedom are where the young foot needs them. Ankles find support, toes feel free as air; fit doesn't stop at fit-for-length—Clarks fit for girth as well. And young feet flourish.

CLARKS FOOTGAUGE

measures the growing foot for width and girth as well as length.

CLARKS WIDTH-FITTINGS

Several widths to every size and half-size.

'Junior'

Brown leather in FOUR WIDTH-FITTINGS. Child's size 7 to 5½. 28/9 to 43/9

Triple-wearing Solite Soles, with smooth leather inner soles. Also Black in C and D fittings.

JAEGER

Jaeger body-belts are made of pure wool, for these reasons. Wool keeps its wearer cool in summer, warm in winter. Wool disposes quickly of perspiration, retaining body warmth. Wool, being porous, allows both the escape of exhalations from the skin, and the access of pure air to the skin. Jaeger body-belts sit well, stay in position, and give support without pressure. They are available in all sizes.

JAEGER HOUSE, 204-206 REGENT STREET, W.1

AMPHETONE

REGISTERED

A GENERAL STIMULANT FOR THE CENTRAL NERVOUS SYSTEM

For cases requiring a quick-acting general stimulant without increasing the patient's appetite, we consider Amphetamine unique. It combines for the first time Dexamphetamine Sulphate and Strychnine with Glycerophosphates and members of the Vitamin B Group. The Dexamphetamine provides the convalescent with an immediate feeling of well-being, this being followed by the well-known tonic effects of the other medicaments. Clinical reports have been excellent.

FORMULA

Dexamphetamine Sulphate B.P.C., 1/12 grain: Strychnine Hydrochloride B.P., 1/60 grain: Calcium Glycerophosphate B.P.C., 2 grains: Sodium Glycerophosphate B.P.C., 2 grains: Aneurine Hydrochloride B.P., 1/30 grain: Nicotinamide B.P., 1/4 grain: Riboflavin B.P., 1/60 grain: Syrup of Blackcurrant B.P.C., 2 fluid drms.: Water, to 1/2 fluid ounce.

POISON SI

Available in bottles containing 10, 20 and 80 fluid ounces. Professional prices 4/6, 9/3 and 26/6 each. Samples available on request.

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment. The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Who'e-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners:* £425 per annum for the first post held; £475 per annum for the second and any subsequent post held.

(ii) *Fully registered practitioners:* £425 per annum for the first post held; £475 per annum for the second post held; £525 per annum for the third and any subsequent post held.

provided that a medical practitioner who has held house posts under (i) above whilst provisionally registered shall be remunerated at the rate of £525 per annum for each post held after obtaining full registration; and provided that in exceptional circumstances, subject to the consent of the Minister (in Scotland of the Secretary of State), the rates under (ii) may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

A deduction at the rate of £125 per annum shall be made from the remuneration of House Officers in respect of board and lodging and other services provided. Each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

MEMBERS ABROAD. Copies of vacancies advertised in the *Journal* can be sent by AIR MAIL. The minimum cost is 3s. per week, which covers up to three separate headings: additional headings 1s. each.

Please state type of vacancy and remit to the Advertisement Manager, B.M.J.

PRACTICES (Executive Council's)

For vacancies (except those in Scotland) apply on Form E.C.16A, obtainable from the Executive Council. Mark envelope "Vacancy."

BERMONDSEY

Retiring practitioner (male). List at present approximately 2,300. Surgery, accommodation and other rooms available. "Intermediate" area. Form of application (E.C.16A) obtainable from C. S. Bangay, Clerk, London Executive Council, Insurance Street, W.C.1. Completed forms to be received by the Council not later than 12 noon on Tuesday, January 18, 1955.

BRADFORD, Yorkshire

Applications invited for vacancy. Urban district. List at present approximately 2,450. Residence and surgery available. Appy. on E.C.16A, before January 22, 1955, to undersigned.—S. G. Hemms, A.C.I.I., Clerk, Bradford Executive Council, Bank House, 30A, Manor Row, Bradford, Yorks

DUMFRIESSHIRE EXECUTIVE COUNCIL

Applications are invited for succession as from April 1, 1955, to a rural medical practice at Thornhill (resignation of Dr. J. Watson). Approximately 2,000 persons on list. House and surgery may be available. Further particulars may be obtained from the undersigned, with whom applications, by letter, stating age, qualifications and experience, together with the names of three referees, should be lodged by January 22, 1955.—William Dodds, Clerk, 35, Castle Street, Dumfries.

CREWE, Cheshire

Applications from experienced general practitioners are invited for a vacancy in this urban area caused by the resignation of two practitioners practising as husband and wife partnership. Combined lists approximately 5,000. Maternity medical service acceptances approximately 28 cases per quarter. Residence and surgery accommodation understood available for purchase. Two or more practitioners able and willing to practise in partnership may make joint application but each must complete official application form giving required personal information. Single-handed applicants will be expected to give an undertaking to employ an assistant, preferably with a view to partnership within such a period as the Council may determine. The successful applicant(s) must be in the position to take over the practice on April 1, 1955. Applications, on Form E.C.16A, obtainable from the Executive Council, must be received at the Council's Office not later than January 27, 1955.—Clerk, Cheshire Executive Council, 28, Nicholas Street, Chester.

WEYBRIDGE, Surrey

Applications invited for death vacancy in above Urban area. List about 2,300. Residence, including surgery, may be available. "Intermediate" area. Applications, on form E.C.16A, to reach the undersigned on or before January 26, 1955.—S. H. Bennett, Clerk, Surrey Executive Council, 187, Ewell Road, Surbiton, Surrey.

PUBLIC HEALTH**NORFOLK COUNTY OF**

The Norfolk County Council and the County District Councils concerned invite applications from registered medical practitioners holding the Diploma in Public Health for the whole-time appointment of **ASSISTANT COUNTY MEDICAL OFFICER and DISTRICT MEDICAL OFFICER OF HEALTH** for the undermentioned area: Area No. 7—Downham Urban District, Downham Rural District, Marshland Rural District. Apportionment of duties: Assistant County Medical Officer, 7/11ths. District Medical Officer of Health, 4/11ths. Combined salary scale £1,363 to £1,618. Travelling and subsistence expenses will be paid in accordance with the County Council's scales. The person appointed will act as Assistant County Medical Officer under the direction of the County Medical Officer, and as District Medical Officer of Health he will be subject to the instructions of the District Councils concerned. Application forms, together with further particulars of the appointment, can be obtained from the County Medical Officer, 29, Thorpe Road, Norwich, to whom completed forms should be returned not later than January 19, 1955. (5822)

Public Health—contd.**ANTRIM COUNTY HEALTH COMMITTEE**
Northern Ireland

Applications are invited for the whole-time post of

ASSISTANT MEDICAL OFFICER

Applicants must be registered medical practitioners holding a Diploma in Sanitary Science, Public Health or State Medicine, and must be qualified in accordance with the qualifications and duties of Medical Officers' Regulations, S.R.&O. (N.I.), 1948, No. 26. Duties will be mainly in the South of the County in connexion with the maternity and child welfare service, schools medical service, and other general health functions under the direction of the County Medical Officer. Salary on the scale £950 by £50 to £1,300 per annum. The post is subject to the Local Government Superannuation Act (N.I.), 1950. Regulations have provided for credit to be given within the Northern Ireland scheme for service reckonable under approved superannuation schemes in Great Britain. The person appointed will be expected to provide a car for official duty, and will be granted a travelling allowance in accordance with the scale in force for the time being. It is the Committee's policy to give special consideration to applicants who have served in Her Majesty's Forces. Application forms and full particulars may be obtained from the Secretary at Rosstulla, Jordanstown, Whiteabbey, Belfast. Applications must be lodged with the Secretary before noon on Monday, January 24, 1955. (6245)

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. scale of remuneration for Industrial Medical Officers, which is available on request from the Secretary.

APPLICATIONS ARE INVITED FROM REGISTERED medical practitioners for the post of Part-time Medical Officer to the Avonmouth Mill of the British Oil and Cake Mills Ltd. Amount of time to be spent in the mill will be six hours per week. Salary £450 per annum. The successful candidate will be required to undertake all the duties of an industrial medical officer at the mill. Candidates, who should preferably be within the age-group 29 to 42, should have attained a high standard of ability in clinical medicine and this should be combined with interest in and experience of preventive and/or industrial medicine. Applications, giving full details of age, qualifications, training and experience, accompanied by the names of three people from whom references can be obtained, should be submitted not later than January 29 to the Principal Medical Officer, Unilever Limited, Unilever House, Blackfriars, London, E.C.4. (5949)

GOVERNMENTAL**TREASURY MEDICAL SERVICE**

Applications are invited from medical practitioners, practising in the districts detailed below, for appointment, in a part-time and mainly advisory capacity, as

LOCAL TREASURY MEDICAL OFFICER

for each of the places or groups of places shown. The town shown in brackets after the place-names indicates the Head Post Office area in which the place, or group of places, is situated. Successful applicants will be required to examine and report on the condition of certain Government officers, teachers, candidates for appointment, etc., who may be referred to them from time to time; and to attend when summoned to an emergency case of accident or sudden illness occurring in a Government office in the neighbourhood. Fees for this work, and mileage allowance where necessary, will be paid on a scale agreed with the British Medical Association. Intending applicants should write, within fourteen days, to Treasury Medical Adviser, Treasury Chambers, Whitehall, S.W.1, for a form on which application may be made. Applicants should be not more than 60 years of age. The places for which applications are invited are as follows:

England and Wales:

Askern, Campsall, Norton and Womersley (Doncaster).

Harrogate (Harrogate).

Surbiton (Kingston-on-Thames).

Leeds S.E. (Leeds).

Ventnor (Ventnor Isle of Wight).

Scotland:

Barrhill and Pinwherry (Girvan). (6313)

PSYCHOLOGISTS IN THE CIVIL SERVICE

The Civil Service Commissioners invite applications for nine permanent posts for Psychologists at Industrial Rehabilitation Units under the Ministry of Labour and National Service; and for one temporary post for a Senior Psychologist (with permanent appointment as Psychologist). Age for the Psychologist posts: at least 21 and under 31 on June 1, 1954, with extension for Regular Forces' service; for the Senior Psychologist post, at least 27 on June 1, 1954. All candidates must possess one of the following qualifications: (a) A first- or second-class honours degree of a recognized University in which psychology was taken as a main subject. (b) A higher degree in psychology. (c) A Bachelor of Education degree of a Scottish University or of the University of Belfast. (d) A post-graduate Diploma in Psychology following at least two years' systematic study. (e) Fellowship of the British Psychological Society. (f) Associateship of the British Psychological Society (subject to certain conditions). Candidates who expect to obtain one of these qualifications shortly after the date for the submission of applications may be considered. Exceptionally a candidate may be accepted if he has at least three years' responsible professional experience. London remuneration (including extra duty allowance, where payable): Senior Psychologist £993 to £1,328 (men), £880 to £1,161 (women). Psychologist, £510 (at age 21) to £1,117 (men), £999 (women). Starting pay up to £874 (men), £847 (women) at age 30 or over on entry. Promotion prospects. Particulars and application forms from Secretary, Civil Service Commission, Burlington Gardens, London, W.1, quoting No. 118/55. Application forms to be returned by February 3, 1955. (6339)

REPUBLIC OF IRELAND**TIPPERARY (SOUTH RIDING) COUNTY COUNCIL**

A country house Nursing Home for treatment of Neurosis and Addiction. Brochure from Resident Physician. Tel.: 53.

ST. ANDREW'S HOSPITAL, NORTHAMPTON

For Nervous and Mental Disorders

President: The Earl Spencer. Medical Supt.: Thomas Tennent, M.D., F.R.C.P., D.P.H., D.P.M. This Registered Hospital is situated in 130 acres of park and pleasure grounds. Voluntary patients who are suffering from incipient mental disorders or who wish to prevent recurrent attacks of mental trouble, temporary patients and certified patients of both sexes are received for treatment. Careful clinical, biochemical, bacteriological and pathological examinations. Private rooms with special nurses, male or female, in Hospital or in one of the numerous villas in grounds of the various branches can be provided.

MOULTON PARK.—Two miles from the main Hospital there are several branch establishments and villas situated in a park and farm of 650 acres. Milk, meat, fruit, and vegetables are supplied to the Hospital from the farm, gardens, and orchards of Moulton Park. Occupational therapy is a feature of this branch and patients are given every facility for occupying themselves in farming, gardening and fruit-growing.

WANTAGE HOUSE.—This is a Reception Hospital in detached grounds with a separate entrance to which patients can be admitted. It is equipped with all the apparatus for the complete investigation and treatment of Mental and Nervous Disorders by the most modern methods; insulin treatment is available for suitable cases. It contains special departments for hydrotherapy by various methods, including Turkish and Russian baths, the prolonged immersion bath, Plombière's treatment, etc. There is an Operating Theatre, a Dental Surgery, an X-ray Room, an Ultra-Violet Apparatus, and a Department for Diathermy and High-frequency Treatment. It also contains Laboratories for biochemical, bacteriological and pathological research. Psychotherapeutic treatment is employed when indicated.

BRYN-Y-NEUADD HALL.—The seaside house of St. Andrew's Hospital is beautifully situated in a Park of 330 acres at Llanfairfechan amidst the finest scenery in North Wales. On the North-West side of the Estate, a mile of sea-coast forms the boundary. Patients may visit this branch for a short seaside change or for longer periods. The hospital has its own private bathing house on the seashore. There is trout-fishing in the park.

At all the branches of the Hospital there are cricket grounds, football and hockey grounds, lawn tennis courts (grass and hard courts), croquet grounds, golf courses, and bowling green. Ladies and gentlemen have their own gardens, and facilities are provided for handicrafts such as carpentry, etc.

For terms and further particulars apply to the Medical Superintendent (Telephone No.: Northampton 4354 (3 lines)), who can be seen in London by appointment.

CHEADLE ROYAL, CHEADLE, CHESHIRE

Registered Mental Hospital

President:

The Right Hon. The Earl of Derby, M.C.

Medical Superintendent:

W. V. Wadsworth, B.Sc., M.B., M.R.C.P., D.P.M.

This hospital receives all types of patients who are suffering from psychological and senile illnesses. It has recently been extensively redecorated and central heating has been installed throughout, making it one of the most luxuriously appointed hospitals in the country. Private rooms, with special nurses, can be provided.

All patients receive very careful and thorough clinical and pathological investigation; the most modern psychiatric treatment is available, including deep insulin therapy. Psychotherapeutic treatment is employed in suitable cases.

OCCUPATIONAL THERAPY is a special feature of the hospital, and there are excellent facilities for indoor and outdoor recreation—tennis, cricket, croquet, badminton, billiards, cinema, television, etc.

GERIATRIC UNITS for mild cases of senility are provided where patients can pursue as normal a life as possible.

The hospital is situated in 300 acres of pleasant Cheshire parkland, and yet is only 9 miles from Manchester.

GLAN-Y-DON is the hospital's convalescent home, overlooking the sea at Colwyn Bay. It is extremely comfortable and well appointed, and has its own farm and market garden.

For terms and further particulars, apply to the Medical Superintendent. Telephone: GATLEY 2231.

SPRINGFIELD HOUSE, near BEDFORD

Phone: Bedford 3417

For Mental Cases (including the aged). Fees from eight guineas per week. For forms of admission, etc., apply to the Resident Physician, Cedric W. Bower. Interviews in London by appointment.
