Why MIXOGEN is prescribed for menopausal symptoms

Because it is now established that :—

- combined male and female hormone treatment is the most effective in this condition.
- the correct balance of the two hormones is essential both for efficacy and economy—determined by extensive clinical trial in the U.K. and unique to Mixogen.
- both the hormones in Mixogen are completely effective when swallowed—thus maximum, immediate relief is given in the simplest and most convenient way.

Dosage: Initially 1-2 tablets daily, reducing when possible.

Packs: Perspex tubes of 25 tablets and bottles of 100, 250 and 500.

for milk-alkali drip therapy

without inconvenience

Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

HORLICKS LIMITED

PHARMACEUTICAL DIVISION • SLOUGH • BUCKS

The use of milk-alkali drip therapy in establishing and maintaining a state of gastric anacidity has for many years been accepted as a standard practice in the treatment of peptic ulcers.

Such a continuous antacid effect could only be achieved by administering the drip through a tube, with its attendant inconvenience and discomfort to the patient. NULACIN tablets, held in the buccal cavity, give continuous neutralization without inconvenience or discomfort.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. May be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrans and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

NULACIN

is available throughout the British Commonwealth, in the U.S.A., and many other countries. It is known as Nulactin in Canada and Sweden.

A new Haemostatic for the Control of Capillary Bleeding in Medical and Surgical Conditions

Clinically proven to reduce bleeding-time without effect on coagulation or blood pressure, and to have no undesirable side effects

This graph gives dramatic evidence of the effect of Adrenoxyl on capillary resistance and bleeding-time

During recent years, research has been carried out on a new chemical substance that reduces the mean bleeding-time by decreasing capillary permeability and increasing contractility and capillary resistance. The product of this original research is called Adrenoxyl (adrenochrome monosemicarbazone) and has been clinically proven to be of value in controlling capillary haemorrhage.

ADRENOXYL has no effect on coagulation. It neither increases nor decreases blood pressure.

ADRENOXYL is non-toxic, and there are no contra-indications to its use.

ADRENOXYL is indicated in the preventive and curative treatment of all types of capillary bleeding.

ADRENOXYL has been successfully used for the control of capillary bleeding in a wide range of surgical operations, and has proved particularly useful in ear, nose, and throat surgery, ophthalmic surgery, thoracic surgery, gastro-intestinal surgery, plastic surgery, and urogenital surgery.

It has also been used successfully in many medical conditions associated with capillary haemorrhage or where capillary fragility is a feature.

ADRENOXYL may be administered by mouth or by subcutaneous or intramuscular injection. The oral form is for routine treatment, though when rapid action is desired the intramuscular route is recommended.

ADRENOXYL is now available in boxes of 6 or 50 ampoules: tubes of 25 tablets or bottles of 500 tablets.

Transvasin

brings the esters of **NICOTINIC ACID**
SALICYLIC ACID
p-AMINO BENZOIC ACID

to the focal point of
soft-tissue rheumatism

The esters in Transvasin, a new preparation developed by Hamol S.A., our Swiss associates, readily pass the skin barrier in therapeutic quantities and enable an effective concentration of the drugs to be built up where they are needed. Transvasin

not only induces vasodilation of the skin with a superficial erythema, but also brings about a deep hyperaemia of the underlying tissues. It is non-irritant, and can be safely used on delicate skins. It is now being widely prescribed, with successful clinical results. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low.

<i>Salicylic acid tetrahydrofurfuryl-ester</i>	14%
<i>Nicotinic acid ethyl-ester</i>	2%
<i>Nicotinic acid n-hexyl-ester</i>	2%
<i>p-Aminobenzoic acid ethyl-ester</i>	2%
<i>Water-miscible cream base ad</i>	100%

Transvasin is available in 1 oz. tubes, basic price 2/6 plus 7½d. P.T., and is not advertised to the public. Samples and literature will be gladly sent on application.

LLOYD-HAMOL LTD., 11 WATERLOO PLACE, LONDON, S.W.1. WHITEHALL 8654/5/6
Transvasin is the registered trade mark of Lloyd-Hamol Ltd.

The case of *Agriotes obscurus*...

Wherever potatoes are grown, wireworms are pretty certain to be encountered and to damage the tubers. In the U.K., for example, this destructive pest populates the soil in some areas to the extent of over a million per acre. In heavy local infestations this figure is probably doubled. Damage fluctuates, but it is nothing unusual to find over half a crop unfit for the table.

With wireworms on the increase, British farmers have welcomed the arrival of aldrin. This year in the United Kingdom alone over 90,000 acres of potatoes will be protected, mostly with aldrinised fertilizer. This Shell insecticide is the most impressive destroyer yet discovered for pests in the soil—non-tainting and exceptionally suitable for compounding with fertilizer.

Just 2½ lbs. of aldrin per acre guards potatoes from wireworm and other soil pests right through the growing season.

Aldrin is fast becoming recognised as being the best of all soil insecticides. A little goes a long way and lasts a long time. Now in world wide use, aldrin gives full control of many pests previously difficult to 'get at' economically.

Another recently developed Shell insecticide is dieldrin possessing exceptional persistence. On foliage, dieldrin controls a very wide range of weevils, beetles, flies and other crop-eating insects. It is also extensively used as a residual spray against disease-carrying insects.

Have you a stubborn pest problem to be solved?

aldrin

aldrin and dieldrin are  insecticides for world wide use

The introduction of DIAMOX* Acetazoleamide has brought a truly radical advance in the control of cardiac oedema. This remarkably non-toxic diuretic is given by mouth and, in about eighty per cent of cases, *entirely* eliminates the need for parenteral measures. DIAMOX is not a mercurial or xanthine derivative; it produces diuresis by inhibiting the enzyme carbonic anhydrase. It is well suited for long-term therapy because—if used in the dosage suggested—it can be taken for an indefinite period without cumulative toxic effect. Following a single morning dose of DIAMOX, a copious diuresis of 6 to 12 hours' duration results. It allows the patient to enjoy an undisturbed night. Moreover, DIAMOX permits of *steady* control of the oedema—patients do not show the fluctuations in fluid and weight which characterise intermittent treatment with mercurials.

The right choice....

Bassanio's choice of the leaden casket was a nice blend of luck and judgment; but there need be no doubt in the mind of the physician who wishes to select the most potent antibiotic against staphylococci, streptococci and pneumococci.

'ILOTYCIN' brand erythromycin exerts a prompt bactericidal effect against these and other Gram-positive organisms. Adequate two-hour blood levels are readily attained after oral administration. 'Ilotycin' causes minimal disturbance of the intestinal flora, and no toxic diarrhoeas have been reported from its use. 'Ilotycin' is safe and well tolerated.

'ILOTYCIN' tablets

100 mg. & 200 mg. in bottles of 24 & 100.

Average Dose:

1.2Gm. daily in divided doses at 4-6 hour intervals.

'ILOTYCIN' Pædiatric

Flavoured oral suspension for children in bottles to make 60 cc. (5cc.=100mg. 'Ilotycin').

Average Dose:

$\frac{1}{2}$ teaspoonful per stone bodyweight every six hours.

Nervous Exhaustion

Practitioners often encounter patients whose ill-health is due mainly to emotional or neurotic disturbance. Frequently there appears to be no physical basis and their principal symptoms are usually undue nervousness, fatigue and poor appetite.

For these mildly neurasthenic and exhausted cases 'BELETE' Wyeth is uniquely appropriate. It contains Phenobarbitone and Vitamin B-complex as an appetising Elixir, and so provides a quieting relaxation, while at the same time supplying nutritional factors known to be essential for the energy requirements of nervous metabolism.

'BELETE' Tablets:—

Each tablet contains: Phenobarbitone B.P. 0.25 gr., Aneurine Hydrochloride B.P. 1.5 mg., Riboflavine B.P. 1.0 mg., Pyridoxine Hydrochloride B.P.C. 0.17 mg., Nicotinamide B.P. 5.0 mg.

THE ENTIRELY NEW CONCEPT IN ORAL PENICILLIN THERAPY

Sharp & Dohme Ltd., Hoddesdon, Herts.

Over four years' usage in general medical practice throughout the world has established Chloromycetin* as today's foremost broad spectrum antibiotic. Among the significant advantages that have placed Chloromycetin in this unrivalled position are its rapidity and effectiveness of absorption, swift consistent response, outstanding tissue diffusibility plus a remarkable flexibility of treatment to meet varying clinical conditions. Development of resistance to Chloromycetin by the common pathogens is extremely rare and the facility with which it is absorbed accounts for the low incidence of gastro-intestinal upset.

It is becoming customary to recognize nervous dyspepsia as a syndrome in its own right, and one which benefits from administration of the antispasmodic 'Merbentyl'.

'Merbentyl' has both neurotropic and musculotropic effect upon smooth muscle of the gastro-intestinal and genito-urinary tracts. It gives excellent results in the treatment of functional gastro-intestinal disorders and in the relief of painful spasm due to organic gastro-intestinal disease. Compared with other antispasmodics, both natural and synthetic, 'Merbentyl' is strikingly free from side-effects.

MERBENTYL Tablets each containing 10 mg.

You've only got one pair of hands

USE A LITTLE NIVEA AFTER EVERY WASH
Frequent washing and scrubbing of the hands and immersing them in anti-septics tends to impoverish the skin. Nivea counteracts the drying effects and keeps the skin smooth and supple. Nivea is a water-in-oil emulsion containing Eucerite, which, due to its high cholesterol content, is closely related to the fatty substances of the skin. It is rapidly absorbed and does not leave the skin greasy. Use a little after every wash and keep your hands in perfect working condition.

*When Constipation and
Hyperacidity are concurrent —*

— as they usually are ...

In the treatment of chronic constipation, particularly where it is associated with gastric hyperacidity, 'Mil-Par' provides a reliable antacid laxative of unvarying efficacy.

A balanced combination of 'Milk of Magnesia'*, with a selected grade of medicinal paraffin, 'Mil-Par' neutralizes excess gastric acidity and checks the development of acid conditions

in the lower alimentary tract. In the intestine, where it readily permeates the faecal mass, 'Mil-Par' softens the bowel content and provides both lubrication and gentle stimulation.

'Mil-Par' is specially to be recommended during convalescence after operation or protracted illness; for infants and children, expectant and nursing mothers.

(MARTINDALE)

Volume 1, 23rd Edition

In this new edition will be found information on the composition and character of practically every substance used in medicine, together with a concise summary of its use, its method of administration and its contraindications, with abstracts of the world literature. The book gives details, with references, of the most recent innovations in medical practice.

Information is provided on the toxicity of chemicals and drugs, on reports of cases of poisoning, and on treatment of overdosage. It is unlikely that any medicinal agent of established value has been omitted from the Therapeutic and Pharmacological Index, which is about half as long again as that of the last edition and contains approximately 750 headings.

FOR GERIATRIC PATIENTS safe, comfortable, effective HERNIAL SUPPORT

Because each Spencer Support is designed in order to meet the patient's individual needs, results are demonstrably superior.

The patient shown on left, aged 74, developed a left ventral hernia following surgery fourteen years previously. A left inguinal hernia resulted from the long wearing of a cast following a hip injury 3 years ago. "Stock" supports proved ineffective. A Spencer Support as shown was prescribed with excellent results. Her Spencer gives safe, comfortable and effective control of the hernias—improves and maintains posture—protects and supports the weak muscles of old age. With the aid of her Spencer, the patient runs her household, does all her own work, and—as she says—still has time "to enjoy life."

Prescribe Spencer with confidence for men, women, children—for abdomen, back, breasts. No case is too difficult for Spencer Designers!

The common factor

No three diseases could be more widely different in aetiology or symptoms than systemic fungal infections, leishmaniasis, and myelomatosis. Yet these conditions do have one factor in common—they may all be treated with the recently introduced hydroxystilbamidine isethionate.

This compound possesses most of the useful properties of stilbamidine without the more unpleasant side effects of the older drug. It has similar antifungal and antiprotozoal activity and may therefore be used in the control of systemic fungal infections, which are becoming increasingly common as a result of the use of wide spectrum antibiotics, and for the treatment of leishmaniasis, without the risk of delayed neuropathy associated with the parent substance.

Hydroxystilbamidine may also be used in myelomatosis in which it suppresses pain and may temporarily retard the malignant process, although the final outcome of the disease will remain unchanged.

Supplied in ampoules of 250 mgm.

PARENTROVITE

*... the culmination of investigations
which have been carried on for
over 15 years in many countries.*

From initial clinical trials less than a year ago, the use of PARENTROVITE has increased rapidly. It is now being employed with outstanding success in teaching hospitals in London, many provincial hospitals and some of the bigger mental hospitals.

PARENTROVITE consists of highly concentrated injectable solutions of the vitamin B-complex and vitamin C, and the rationale of its use depends on the known interactions between these vitamins and the enzyme systems concerned in intracellular glucose oxidation in the brain. When these are disturbed or inhibited, as for example in toxic states resulting from severe infection, alcoholism or overdosage with drugs (especially of the barbiturate class), massive dosage is needed to reverse the process.

Ampoules are available in pairs of 5 c.c. for intravenous injection in acute conditions, and in smaller volumes for intramuscular injection. Boxes of 3 pairs.

a product of **VITAMINS LIMITED**

Further information and special literature on request.
(DEPT. A.2) 23 UPPER MALL, LONDON, W.6.

FORMULA

FOR INTRAVENOUS INJECTION

Aneurine hydrochloride	250 mg.	—
Nicotinamide	160 mg.	—
Riboflavine	4 mg.	—
Pyridoxine	50 mg.	—
Ca Pantothenate	5 mg.	—
Dextrose	—	1 g.
Ascorbic Acid	—	500 mg.
(as sodium ascorbate)	5 ml.	5 ml.
	10 ml.	

The contents of each pair of ampoules to be mixed before injection.

Also available for intramuscular injection.

Preparations for oral administration following Parentrovite therapy

OMNIVITE FORTE—a poly-vitamin tablet

BEFORTISS & BECOVITE—tablets and

elixirs containing, in various strengths, aneurine hydrochloride, nicotinamide, riboflavine and pyridoxine.

BETAVEL—tablets, aneurine hydrochloride.

ASCORVEL—tablets, ascorbic acid.

3-FOLD THERAPY

We know that the application of heat, massage and infra-red rays can bring relief in rheumatic and similar conditions. The Thermasseur combines all three. Regular use helps to eliminate waste matter, soothes the pain and relaxes muscles and joints. The Thermasseur can be manipulated all over the body and can safely be advised to patients for self use.

Also recommended for:—

SPRAINS, ATHLETES' INJURIES, POST-FRACTURE TREATMENT, STIFF NECK AND LUMBAGO.

Obtainable from John Bell & Croyden Ltd.

Write for information folder G to:—

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment.

The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR:** Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR:** Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years; £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) **Provisionally registered medical practitioners:** £425 per annum for the first post held; £475 per annum for the second and any subsequent post held.

(ii) **Fully registered practitioners:** £425 per annum for the first post held; £475 per annum for the second post held; £525 per annum for the third and any subsequent post held.

provided that a medical practitioner who has held house posts under (i) above whilst provisionally registered shall be remunerated at the rate of £525 per annum for each post held after obtaining full registration; and provided that in exceptional circumstances, subject to the consent of the Minister (in Scotland of the Secretary of State), the rates under (ii) may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

A deduction at the rate of £125 per annum shall be made from the remuneration of House Officers in respect of board and lodging and other services provided. Each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER:** Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER:** Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

The appointment will be superannuable and the successful candidate must pass a medical examination. Candidates must be able to drive and possess a motor car. Travelling and subsistence allowances payable on Council's scale. Forms of application with particulars of duties and conditions of appointment may be obtained from the County Medical Officer of Health, Berkeley House, Berkeley Street, Gloucester, to whom completed applications should be sent not later than February 4, 1955.—Guy H. Davis, Clerk of the County Council, Shire Hall, Gloucester. (6448)

LANCASHIRE COUNTY COUNCIL

Registered medical practitioners required for appointment of

ASSISTANT DIVISIONAL MEDICAL OFFICERS in areas adjacent to Blackburn, Bolton/Bury, Lancaster, Leigh and Oldham

Possession of D.P.H. desirable. Salary £950 to £1,300 per annum. Travelling and subsistence allowances where applicable. Application forms and further particulars from County Medical Officer of Health, East Cliff County Offices, Preston. (6863)

MANCHESTER, CITY OF, HEALTH DEPARTMENT**MEDICAL OFFICER Maternity and Child Welfare**

Applications are invited from registered medical practitioners, male or female, for the above position on the permanent staff. Applicants should have obstetric and/or paediatric experience and will be required to undertake duties principally in maternity and child welfare clinics. Possession of the D.R.C.O.G., D.P.H. or D.C.H. qualification will be an advantage. Salary scale £950, rising to £1,300 per annum. The appointment is subject to a medical examination and the City Council's conditions of service. Application forms, obtainable on request, must be returned to the Town Clerk, Town Hall, Manchester, 2, and not to any member of the Council, within 21 days of the appearance of this advertisement. Envelopes must be endorsed "Medical Officer, M. and C.W.". Canvassing is prohibited. (6888)

MIDDLESEX COUNTY COUNCIL**Who's-time ASSISTANT MEDICAL OFFICER**

Required in County Health Department, initially in Area No. 3 (Hornsey and Tottenham). Duties mainly for supervision of health of young children attending infant welfare clinics, toddlers clinics and day nurseries, also routine medical inspections at schools and attendance at clinics for school children. D.P.H. or equivalent qualification required. Salary £950 by £50 to £1,300 per annum. Established. Subject to medical assessment and prescribed conditions. Apply, stating age, qualifications, experience, two referees, to Area Medical Officer, Local County Offices, Somerset Road, Tottenham, N.17, by January 29 (quote P.775, B.M.J.). Canvassing disqualifies.—A. G. Graves, Deputy Clerk of the County Council, Guildhall, Westminster, S.W.1. (6811)

NEWCASTLE-UNDER-LYME, BOROUGH OF (Excepted District: Staffordshire County Council)**SCHOOL MEDICAL OFFICER**

Applications are invited from qualified medical practitioners for the above whole-time appointment. Salary scale in accordance with the latest award £950 by annual increments of £50 to £1,300 per annum. The appointment will be subject to three months' notice on either side and is superannuable. The successful candidate will be required to pass a medical examination. Applications, stating age, and giving full particulars of qualifications and experience, accompanied by names and addresses of three referees, should reach the Borough School Medical Officer, 6, Queen Street, Newcastle, Staffordshire, not later than fourteen days after the appearance of this advertisement. Communications should be endorsed "School Medical Officer." Canvassing will disqualify.—J. G. Hall, Borough Education Officer, Education Offices, 77, High Street, Newcastle, Staffs. (6463)

COMMERCIAL APPOINTMENTS

A PROGRESSIVE COMPANY, ENGAGED IN developing and marketing scientific equipment, has a vacancy for a **Manager** of the department concerned with general medical equipment. The post will involve discussions and negotiations with medical and ancillary professions in relation to evolution of equipment, and the direction of the marketing of resulting products. Proven success in similar work, preferably including experience of medical equipment, is essential. Technical qualifications will be an advantage. The successful candidate will be expected to plan and control an expansion programme with great scope for personal initiative and drive. Applications, detailing age, education, qualifications and experience, should be addressed to Box 1602, B.M.J.

WELL KNOWN PHARMACEUTICAL COMPANY wishes to appoint a medical man for the pharmacological study and clinical testing of new products. The appointment is full-time. Experience of clinical research and/or pharmacological investigations is desirable. The commencing salary will be from £1,250 to £1,750 per annum, according to experience, although in exceptional circumstances a higher salary might be paid.—Apply Box 1648, B.M.J.

INDUSTRIAL APPOINTMENTS

Attention is drawn to the B.M.A. scale of remuneration for Industrial Medical Officers, which is available on request from the Secretary.

FACTORY DOCTORS**FACTORIES ACTS, 1937 and 1948**

The following appointments as Appointed Factory Doctor are vacant: Penshurst, in the County of Kent; Bradford West, in the County of York; Shelf, in the County of York; Vennor, in the County of Southampton. Applications, which should be received not later than February 5, 1955, should be sent to Chief Inspector of Factories, 8, St. James's Square, London, S.W.1.

REPUBLIC OF IRELAND

REQUIRED FOR CASTLECOMER COLLIERIES, Ltd., Co. Kilkenny, a permanent medical man to take charge of all accidents to their men. Minimum salary £850, with free house, offered to a competent man. Please state age, qualifications, with dates, and send copies of testimonials to the Chairman, Castlecomer Collieries, Ltd., Castlecomer House, Castlecomer, Co. Kilkenny. (6609)

DONEGAL COUNTY COUNCIL

Applications are invited for the post of **TEMPORARY MEDICAL OFFICER for Lifford District Hospital**

The successful applicant will be required to attend at the hospital four hours on two days per week and for two hours on the remaining days and in emergencies. Remuneration £850 (inclusive) per annum, with no rights to private beds or fees of any kind. Qualifications: Intending applicants should possess the M.Ch. degree from a recognized university or the F.R.C.S.I. or equivalent, or have at least five years' satisfactory experience in the practice of the medical profession, at least three of which were devoted to surgical work, including the performance of major surgical operations. The appointment will be for a period of at least six months and will be terminable by two weeks' notice on either side. Application forms and full particulars of the post may be obtained from the undersigned, with whom completed application forms must be lodged on or before January 26, 1955.—T. J. McManus, County Secretary, County House, Lifford. (6912)

KERRY COUNTY COUNCIL

Vacancies on Medical Staff, County Hospital, Tralee

Applications are invited from suitably qualified persons for appointment to the following posts:

REGISTRAR

Whole-time, temporary non-pensionable post of Resident Registrar. Remuneration £800 per annum, less deduction of £150 in respect of emoluments provided in kind. Candidates must be between the ages of twenty-four and forty years on February 1, 1955, and must have had at least three years' experience since qualification, including at least two years' satisfactory surgical experience. The appointment, which is subject to the approval of the Minister of Health, will be for a period of twelve months, renewable for a further period.

RESIDENT MEDICAL OFFICERS

Two whole-time temporary non-pensionable posts, one being mainly concerned with orthopaedic work. Remuneration £310 per annum inclusive of temporary bonus. The Resident Medical Officer will be provided with full residential emoluments. The Resident Orthopaedic Medical Officer will receive a cash allowance of £150 per annum in lieu of emoluments. The appointments will, in the first instance, be for a period of six months.

Applications for the above posts on the prescribed application form, which may be obtained on request, should reach the undersigned not later than Monday, February 14, 1955.—J. K. O'Hare, County Secretary, Killarney. (6913)

ST. MICHAEL'S HOSPITAL, Dun Laoghaire

The Medical Board invite applications for the post of

HONORARY ASSISTANT PHYSICIAN

Candidates must possess a higher qualification in medicine. Applications should be submitted before March 17, 1955, to the Honorary Secretary, Medical Board, St. Michael's. (6910)

TIPPERARY (SOUTH RIDING) COUNTY COUNCIL**RESIDENT MEDICAL OFFICER**

Wanted for Our Lady's Hospital, Cashel. Remuneration £312 per annum, plus emoluments. Application forms may be obtained from the Secretary, County Council Offices, Clonmel, Co. Tipperary. Latest time and date for receipt of completed forms is 12 noon on Monday, January 31, 1955. (6911)

OVERSEAS (Vacant)

APPLICATIONS ARE INVITED FOR THE appointment of a **Medical Officer** with a leading British company in British West Africa. Applicants should not be more than 32 years of age, should have held a resident surgical post and been employed in general practice. Tropical experience is desirable but not essential. Salary will be in accordance with age, experience and qualifications, but will not be less than £1,500 per annum. In addition, there are family allowances, free passages to and from West Africa and free furnished quarters. Membership of the pension fund is compulsory. Tours of duty will be up to 21 months each, followed by leave on full pay. Applications should be made to Box 1649, B.M.J.

ASSISTANT WITH VIEW. CITY OF SINGAPORE. Group practice requires Assistant Physician/Paediatrician (M.R.C.P. and/or D.C.H. preferred). Age 29-35. Private hospital and modern diagnostic facilities available. Salary £3,000 per annum. Partnership offered to suitable man after one year. When writing send full particulars, recent photograph, and names of two referees.—Apply P.O. Box 640, Singapore.

FOR IMMEDIATE SALE. GENERAL PRACTICE, Nelson, New Zealand. Furnished house (4 B.R.) and surgery, ½ acre grounds, desirable beach locality, proceeding overseas. Income £3,200, low expenses. £5,500 or first offer, about £3,000 capital required.—Cable L. Harding, P.B. Te Awamutu.

CHILDREN'S HOSPITAL
250, West 59th Avenue, Vancouver 15, British Columbia

TWO PAEDIATRIC RESIDENTS
Required for a period of one year, commencing July 1, 1955, for 83-bed children's general hospital. University teaching programme. Accommodation available. Remuneration \$175 per month, less \$15 per month accommodation. Meals available if required. Applications, stating age, qualifications, nationality, accompanied by recent references and photograph, should be forwarded by airmail to the Administrator. (6889)

GOVERNMENT OF SINGAPORE**MEDICAL REGISTRAR**

Required to undertake duties in one of two Medical Units in the Singapore General Hospital, which is a teaching hospital. Candidates should be members of one of the Royal Colleges of Physicians and have had four years' postgraduate experience. Appointment will be on contract for three years' resident service. On satisfactory completion of the contract, a gratuity (taxable) is payable in respect of each year of service at the rate of £300 per annum, rising by annual increments of £10 per annum to £450. Incremental credit in this gratuity scale corresponds with incremental credit in the salary scale. Alternatively, a doctor in the National Health Service may, by foregoing the gratuity, continue to participate in the National Health Service superannuation scheme and receive a gratuity (taxable) of 20 per cent of the aggregate of his Singapore salary. The emoluments of the post comprise a basic salary; a variable cost-of-living allowance and expatriation pay and expatriation allowances. Basic salary is on an incremental scale of £890 to £1,680 per annum, but candidates would be granted increments in that scale in respect of the required qualifications and experience and would enter the scale at an initial salary of approximately £1,272. The initial salary would be less if any of the required experience were gained below the age of 25 and slightly more if the candidate had more than the required four years' experience. The other emoluments vary according to salary and the family circumstances of the officer, but on a basic salary of £1,272, the total inclusive emoluments are approximately £1,686 a year for an unmarried officer, £2,050 for a married officer and £2,254 for a married officer with dependent children. The emoluments referred to above apply only to doctors eligible for expatriate terms under Malayan Regulations (i.e., those whose permanent homes are in the United Kingdom, Irish Republic, Australia, Canada, etc.). The climate is, for the tropics, healthy. European children do well up to the age of about six and schools are available locally. Income tax is payable at Singapore rates. Government quarters with heavy furniture are provided if available at low rental, or an allowance is paid in lieu of quarters. Free passages are provided for the doctor, his wife and up to three children under the age of ten. Generous home leave is granted and local leave is permissible. Application forms can be obtained from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street London, S.W.1 (quoting reference BCD 117/25/06). (6785)

INTERNSHIPS**BALTIMORE, MARYLAND, U.S.A.**

Rotating Internships available. Fully approved. Council on Medical Education, American Medical Association. Salary, Interns \$150 per month; Residents \$200 per month. \$50 added if wife in U.S.A.—Franklin Square Hospital, Baltimore, 23, Maryland, U.S.A. (4927)

**MAKERERE COLLEGE
UNIVERSITY COLLEGE OF EAST AFRICA**

Applications are invited for the post of
FIRST ASSISTANT in Medicine
Salary £1,254 to £1,950 per annum, depending upon qualifications and experience. Temporary cost-of-living allowance ten per cent of salary (maximum £162 per annum), child allowance £50 per annum (maximum £150 per annum). F.S.S.U. Rent, according to quarters provided, £45 to £85 per annum, including basic furniture. Paid passages for member of staff and family (up to four adult passages) on appointment and termination. Leave with full pay (three months on completion of 21 months' service). Duration of appointment normally two years; exceptionally a shorter period might be considered. A secondment arrangement would be welcomed. Applications (six copies), giving full details of qualifications and experience and the names of three referees, to be received by February 10, 1955, by Secretary, Inter-University Council for Higher Education in the Colonies, 1, Gordon Square, London, W.C.1, from whom further information can be obtained. (6892)
