UNBREAKABLE
'ATLAS' NYLON
SYRINGE

(Made in England)

Produced after 5 years' development

Here, at last, is a syringe that is proof against almost any accident! The "Atlas" syringe, precision-made of tough, translucent nylon, cuts replacement costs and, because barrels and pistons are interchangeable, saves time, too!

Other special features:

- ★ All-in-one barrel and nozzle: no leaks—quick, easy cleaning, complete hygiene.
- ★ Leak-proof, smooth-working pistons never stick.
- ★ Convertible immediately from Record to Luer fitting without adapter.

- ★ Can be sterilized by boiling or autoclaving at 18 lb. steam pressure (120° C.).
- ★ Does not affect the pH of solutions.

Available in sizes:
3 ml., 5 ml., 10 ml., 20 ml.

Please write for descriptive folder with prices.

Intervertebral Disc

The surgeon frequently advises effective back support as treatment for this condition.

The "Strodex" Support is individually designed after a full set of measurements and an accurate figure diagnosis have been made by the trained Strodex fitter. Complete and efficient support to the back is provided as a result.

When required, 'rigid steels' in the back provide immobility of the spine in the lumbar region.

The support can also be designed with an adjustable band encircling the Pelvic Girdle and providing additional control and support in that region.

Supports are designed for both Male and Female patients.

Manufacturing Chemists since 1879

As you can imagine, the accident pictured here resulted in severe haemorrhage, shock, and multiple fractures. It was a clear case for *immediate* blood volume restoration . . . just one more occasion when INTRADEX saved the day.

This blood volume restorer can be given *at once* without awaiting cross-matching—no risk of incompatibility. INTRADEX is retained in the circulation long enough to counter the shock crisis, being ultimately fully eliminated.

As a blood volume restorer INTRADEX is a complete replacement for plasma. It is also given in emergency cases ultimately needing whole blood. It is sterile, non-pyrogenic, and non-toxic.

FERROMYN

(Ferrous Succinate)

**THE NEW ORGANIC IRON—A COMPLETE RANGE AT
REDUCED PRICES**

50% reduced dosage

50% higher utilisation

30% reduction in price

This new iron preparation presents Ferrous Succinate, the bivalent iron salt of succinic acid. Succinic acid, together with glycine is essential for the synthesis in the red bone marrow of a porphyrin (hæm) containing iron.

The controlled clinical trials with FERROMYN show a mean utilisation factor of 42% as compared with the mean utilisation factor of 28% with Ferrous Gluconate and 14% with Ferrous Sulphate.

A notable feature of this preparation is that the very favourable response is obtained with the minimum overall dosage of ferrous salt thus ensuring minimum risk of toxic reaction.

The range of FERROMYN preparations has been extended to include ELIXIR FERROMYN and ELIXIR FERROMYN 'B'.

TABLETS

EACH TABLET
CONTAINS:—

A NEW ADJUVANT IN THE TREATMENT OF RESPIRATORY DISORDERS

Lloyd-Hamol Ltd., of London and Zurich, presents to the medical profession a new decongestive salve, **Thoracin**, for the symptomatic relief of coughs, colds and respiratory disorders.

This diagram shows how Thoracin components penetrate the skin, are carried by the bloodstream to the alveoli and excreted there to exert their effect.

FORMULA

Phenyl Ethyl Nicotinate	2.0% w/w
Guaiacol Furoate	5.0% w/w
Tetrahydrofurfuryl Salicylate	10.0% w/w
Camphor	3.0% w/w
Eucalyptol	2.0% w/w
Water-Miscible Base to	100.0%

► The Thoracin formula is based on the same principles that have made Transvasin so successful in the treatment of rheumatic conditions.

► Thoracin is composed of esters of substituted hydroxy aromatic derivatives.

► Thoracin achieves the effect of the classic counter-irritant remedies — poultices, plasters and cupping — without irritation of the skin.

► Thoracin contains a new ester of Guaiacol that is entirely free from the evil smell and irritant effect associated with this phenol derivative in its pure form. This ester easily penetrates the skin, and is excreted in the alveoli, where it exerts its well-known action.

► Thoracin ensures vasodilation of the superficial skin vessels by the use of esters of nicotinic acid.

► Thoracin relieves reflex spasm of the pectoral muscles by the use of the tetrahydrofurfuryl-ester of salicylic acid.

► Thoracin brings to the alveoli via the blood stream the sedative, antispasmodic, and expectorant properties of camphor and eucalyptus.

THORACIN is available in 1 oz. tubes — basic price 2/6 plus 7½d. P.T. It is an ethical product, and is not advertised to the public. Since a very small quantity is sufficient for each application, the cost of treatment is extremely low. *Samples and literature will be gladly sent on application.*

Achromycin*

TETRACYCLINE

today's true broad-spectrum antibiotic

greater striking power with fewer side effects

**More rapidly
absorbed.**

**Quicker diffusion
in body tissues.**

**Fewer side
effects.**

Greater stability.

On all counts—effectiveness, range of activity, freedom from side-effects—ACHROMYCIN tetracycline has set new standards in broad-spectrum antibiotics. No other broad-spectrum antibiotic is so stable, so soluble . . . none can match the high blood concentrations and prolonged antibacterial levels achieved with ACHROMYCIN. The antibacterial range of ACHROMYCIN is equally outstanding—indeed, every organism sensitive to broad-spectrum antibiotics responds equally well to ACHROMYCIN. Yet, extensive clinical trials have shown this drug to be almost completely free from undesirable side-effects.

Tablets 50 mg. Vials of 25 and 100; 250 mg. Vials of 16, and bottles of 100.

Capsules 50 mg.—Vials of 25 and 100. 250 mg.—Vials of 16, bottles of 100.

FOR SUPPRESSION OF

severe cough

'PHYSEPTONE' LINCTUS has many advantages as a suppressant of unproductive cough. Though comparable in effectiveness to diamorphine linctus, it is free from the drawbacks of the latter—it carries negligible risk of addiction, does not constipate and seldom causes other side-reactions.

'PHYSEPTONE' LINCTUS has a direct suppressive action on the cough reflex. It is especially valuable in such conditions as bronchiectasis, pertussis, post-influenzal tracheitis, chronic passive pulmonary congestion and pulmonary tuberculosis.

'PHYSEPTONE' LINCTUS contains 2 mgm. of methadone hydrochloride in each fluid drachm (the recommended adult dose). For children it should be diluted with simple syrup in the proportion of one part linctus and seven parts syrup—one to two teaspoonfuls (0.25—0.5 mgm.) of this *diluted* linctus to be given according to the age of the child.

'PHYSEPTONE' LINCTUS

Treatment of the young patient calls emphatically for *acceptable* medication if the child's confidence and co-operation are to be won. In this respect—
as in so many senses—AUREOMYCIN is unsurpassed among
antibiotics. It is available, for instance, in a delightful Syrup form . . . in highly concentrated Oral Drops . . . in Spersoids,* chocolate-flavoured dispersible powder . . . and in Soluble Tablets that mix unobtrusively with milk or other bland drinks.

Indications for AUREOMYCIN include a great many of the infections of childhood. Moreover, the antibiotic is effective in small dosage and is of relatively low toxicity—factors of obvious advantage in paediatric practice.

It is becoming customary to recognize nervous dyspepsia as a syndrome in its own right, and one which benefits from administration of the antispasmodic 'Merbentyl'.

'Merbentyl' has both neurotropic and muscletropic effect upon smooth muscle of the gastro-intestinal and genito-urinary tracts. It gives excellent results in the treatment of functional gastro-intestinal disorders and in the relief of painful spasm due to organic gastro-intestinal disease. Compared with other antispasmodics, both natural and synthetic, 'Merbentyl' is strikingly free from side-effects.

MERBENTYL Tablets each containing 10 mg.
Diethylaminocarbethoxybicyclohexyl
hydrochloride.

MERBENTYL WITH PHENOBARBITONE
Tablets each containing 10 mg.
Diethylaminocarbethoxybicyclohexyl
hydrochloride and 15 mg. (gr. $\frac{1}{2}$)
Phenobarbitone.

Each in bottles of 50 and 250 tablets.

Merbentyl Plain and Merbentyl with Phenobarbitone (each 5 c.c. containing 15 mg. Phenobarbitone) are also available in Syrup form.

*Introducing a NEW
preparation for the
symptomatic relief of asthma*

...Tedral

Tedral offers in a single tablet, the combined effects of three drugs, each of them valuable for the symptomatic relief of asthma.

THEOPHYLLINE, to relax the spasm of the bronchial musculature.

EPHEDRINE HYDROCHLORIDE, to relieve oedema of the bronchial mucosa in addition to relaxing the bronchial muscles.

PHENOBARBITONE, to relieve the anxiety of the asthmatic patient.

DOSAGE: Adult—

Average dose is 1 tablet every four hours, taken after meals if possible.

DOSAGE: Children—

6-12 years: $\frac{1}{2}$ tablet; not more often than four hourly.

Under 6 years: as decided by the physician.

PACKING AND PRICES:

Tedral is supplied in bottles of 50 and 500 tablets. The dispensing pack of 500 Tedral tablets is supplied to chemists at 26/-, and 29/- each Enteric Coated.

Theophylline 2 gr. (120 mg.)
Ephedrine Hydrochloride $\frac{1}{4}$ gr. (25 mg.)
Phenobarbitone $\frac{1}{4}$ gr. (8 mg.)

TEDRAL ENTERIC COATED is also available to give symptomatic relief of asthma four hours after administration.

TEDRAL ENTERIC COATED is therefore indicated for administration to the patient with nocturnal asthma.

DOSAGE: 1 tablet of Tedral and 1 tablet of Tedral Enteric Coated on retiring, give eight hours symptomatic relief of asthma.

No Warner preparation has ever been advertised to the public.

Complete Protection

Each baby is an individual, with its own characteristics and peculiarities of digestion.

For this reason, Cow & Gate, in over 50 years of research, have built up a range of foods to deal with practically every-feeding problem.

If one of your youngest patients is failing to thrive, chances are that one of our products will solve your difficulty.

Full details of all our products with analyses and indications for use are given in our Medical Handbook obtainable from the Medical & Research Dept., Cow & Gate, Guildford, on request.

What can you do for my Rheumatism Doctor ?

What a problem faces you when such a patient asks this question! You can, however, alleviate the painful symptoms by prescribing succinate-salicylate therapy in the form of Berex.

In rheumatic fever and rheumatoid disease the value of salicylates — in high dosage — is established beyond question.* But until recently the efficacy was offset by the toxic effects.

Now, by providing a combination of salicylate and succinate, Berex enables a massive dosage of salicylate to be administered without lowering the prothrombin level, with less gastric disturbance and with the encouragement of tissue respiration. **British Medical Journal*, 1952, 1, 1152.

MILK-ALKALI DRIP THERAPY WITHOUT DISCOMFORT

GASTRIC ACIDITY can now be controlled effectively, and without the inconvenience of intragastric milk-alkali drip therapy. This is made possible with the help of NULACIN.

Before NULACIN was evolved, a continuous antacid effect could only be achieved under hospital conditions, and with discomfort to the patient.

INDICATIONS

NULACIN tablets are indicated whenever neutralization of the gastric contents is required: in active and quiescent peptic ulcer, gastritis, gastric hyperacidity.

Beginning half-an-hour after food, a NULACIN tablet should be placed in the mouth and allowed to dissolve slowly. During the stage of ulcer activity, up to three tablets an hour may be required. For follow-up treatment, the suggested dosage is one or two tablets between meals.

NULACIN tablets are not advertised to the public and have no B.P. equivalent. May be prescribed on E.C.10. The dispensing pack of 25 tablets is free of Purchase Tax. (Price to pharmacists is 2/-.) Also available in tubes of 12.

NULACIN tablets are prepared from whole milk combined with dextrins and maltose, and incorporate Magnesium Trisilicate 3.5 grs.; Magnesium Oxide 2.0 grs.; Calcium Carbonate 2.0 grs.; Magnesium Carbonate 0.5 grs.; Ol. Menth. Pip. q.s.

Superimposed gruel fractional test-meal curves of five cases of duodenal ulcer.

Same patients as in Fig. 1, two days later, showing the striking neutralizing effect of sucking Nulacin tablets (3 an hour). Note the return of acidity when Nulacin is discontinued.

4 Good reasons why it's wiser to smoke Pall Mall...

★ For the absorption and adsorption of nicotine and tars, pure cotton-wool is specially laid in the mouthpiece. Watch the colour change as you smoke.

★ Recessed deep in the mouthpiece, the built-in filter prevents contact between lips and trapped tars.

★ Only the purest of cigarette paper is used—crimp-sealed and not gummed, therefore no resinous adhesive is smoked.

★ Matured Virginia tobaccos, from the cream of the crop, are used in Pall Mall—backed by Rothmans 60 years experience of fine blending. Taste again the flavour of real Virginia.

A SPENCER SUPPORT for Intervertebral Disc

In both conservative and surgical treatment of intervertebral disc, application of a back support is usually indicated.* We invite the surgeons' investigation of Spencer as an adjunct to treatment. Each Spencer is *individually designed, cut and made for each patient*—after a description of the patient's body and posture has been recorded and detailed measurements taken. Thus, individual support requirements are accurately met. The Spencer Spinal Supports shown incorporating rigid Spinal Brace were individually designed for both man and woman patients. Note exterior pelvic binder for added pelvic stability.

For further information and Brochure on Spencer Supports write to :

**There is no
varied diet problem
with Canned Strained Foods**

YOU can almost read a mother's thoughts when you recommend early mixed feeding for her baby! Can I get foods—and prepare them properly? Will it take much time...?

Fortunately, you can tell her about the range of Heinz Strained Foods. It includes chicken and meat broths, soups, vegetables, fruits and cereal—foods often difficult to prepare at home because of time, cost or season.

And these foods actually are even more nutritious than similar foods prepared at home. This is a thing mothers often query, as you know. Foods come fresh to the Heinz factory where they are cleaned, cooked, strained, canned and sterilised immediately, by scientific methods, and inspected at every stage.

Heinz Strained Foods are a balanced team providing vital nourishment. Nutritious, hygienic, ready to use, they solve varied diet problems completely and economically.

For a FREE booklet giving the exact nutrient values of these foods, please write to Dept. 8 N., H. J. Heinz Company Ltd., Harlesden, London, N.W.10.

Tavistock House South, Tavistock Square, London, W.C.1

APPOINTMENTS

Applicants should state name, address, age, nationality, qualifications, and enclose (unless otherwise specified) one copy each of 3 recent ★ testimonials with short statement of experience and appointments held.

Applications should be sent at once if no closing date is given.

Canvassing in any form will disqualify.

★SERVICE MEMBERS may have difficulty in supplying recent testimonials, but this should not deter them from applying.

A fully registered medical practitioner who is liable for National Service must obtain deferment of recruitment in writing from the Central Medical Recruitment Committee or (in Scotland) the Scottish Central Medical Recruitment Committee before accepting any civilian appointment. The position of provisionally registered medical practitioners who are liable for National Service has been made clear in a notice sent to them by the Ministry of Labour and National Service.

SALARY SCALES OF JUNIOR GRADES OF HOSPITAL MEDICAL STAFF

Registrar Grades, Whole-time

(a) **REGISTRAR**: Posts obtained normally not less than two years after registration as a medical practitioner and held normally for two years: £850 per annum in the first year; £965 per annum in the second and any subsequent years.

(b) **SENIOR REGISTRAR**: Posts obtained normally not less than four years after registration as a medical practitioner and held normally for four years: £1,100 per annum in the first year; £1,200 per annum in the second year; £1,300 per annum in the third year; £1,400 per annum in any subsequent years.

Other Grades, Whole-time

(a) HOUSE OFFICERS:

(i) *Provisionally registered medical practitioners*: £425 per annum for the first post held; £475 per annum for the second and all subsequent posts held;

provided that the employing authority (subject in the case of a Hospital Management Committee to the consent of the Regional Hospital Board) shall have discretion to determine that the remuneration of any officer holding his first post in the National Health Service as a House Officer shall be £475 per annum if they are satisfied that the officer has held at least one hospital post outside, of not less than six months' duration, involving clinical responsibilities equivalent to those of house posts in the National Health Service and supervised by appropriate specialist staff.

(ii) *Fully registered medical practitioners*: £525 per annum for any post held; provided that in exceptional circumstances, subject to the consent of the Minister, this rate may be exceeded by up to £50 per annum where a post cannot be filled otherwise.

In each case under sub-sections (i) and (ii) above, a deduction of £125 per annum in respect of board and lodging and other services provided shall be made and each post shall be tenable for six months.

(b) **SENIOR HOUSE OFFICER**: Posts obtained normally not less than one year (in Scotland, two years) after registration as a medical practitioner and normally held for one year only: £745 per annum.

(c) **JUNIOR HOSPITAL MEDICAL OFFICER**: Officers who have held house appointments but who are not Registrars and who have less responsibility than other hospital officers of non-consultant status: £775 (for an officer appointed not less than one year after full registration as a medical practitioner) by £50 to £1,075 per annum.

ALL NATIONAL HEALTH SERVICE HOSPITAL APPOINTMENTS ARE IN ACCORDANCE WITH THE TERMS AND CONDITIONS OF SERVICE OF HOSPITAL MEDICAL STAFF

Those intending to apply for resident appointments in the Registrar grades are recommended to make inquiries with regard to the deductions proposed for board and lodging at the time of submitting their applications, where this is not stated in the advertisement.

(8173)

CITY COUNCIL OF NAIROBI

The City Council of Nairobi invites applications from persons possessing suitable qualifications for the appointment of

ASSISTANT MEDICAL OFFICER**African Maternity and Child Welfare Section**

Two Medical Officers run this department. The post attaches to ante- and post-natal clinics and child welfare involving the African population of the City. There are eight clinics in all and each clinic is supervised by a European Health Visitor. Trained African staff does much of the routine work. A home visiting service is also conducted for each clinic. A knowledge of Swahili is desirable but not essential. The successful applicant will, however, be required to attain a good knowledge of this language within a short time. The consolidated salary attached to the post is £865 by £35 to £970 by £40 to £1,250 per annum plus special temporary allowance, which is at present £249 10s. per annum at the commencement of the scale. The appointment is an established post, but will be subject to a probationary period of six months' service. The successful applicant will be entitled to four weeks' paid local leave per annum. She will be allowed to accumulate such local leave up to a maximum of thirteen weeks for the purpose of overseas leave and will be permitted to proceed overseas for such leave at her own expense. Membership of the Staff Superannuation Scheme is compulsory, the officer's rate of contribution being 7½ per cent of consolidated salary. The successful applicant will be required to pass a medical examination before she is appointed. Applications, giving previous experience, age, marital status and any qualifications which would be of value in carrying out the duties of this post, should be addressed to the Establishments Officer, P.O. Box 651, Nairobi, so as to reach him not later than March 28, 1955. Canvassing, either directly or indirectly, will be a disqualification.—John Riseborough, Town Clerk, Town Hall, Nairobi. (8215)

For further information apply to Miss Libby Cohn, Registrar, Medical Education, Jewish Hospital Association, Cincinnati, 29, Ohio, U.S.A. (6488)

Overseas (Vacant)—contd.**HER MAJESTY'S OVERSEA CIVIL SERVICE
Research Branch
East Africa Tsetse and Trypanosomiasis Research
and Reclamation Organization**

An opportunity is offered for a **MEDICAL MAN** to carry out research on sleeping sickness (trypanosomiasis) and its epidemiology in Tanganyika (near Shinyanga), East Africa. There will be scope for both clinical and laboratory work. Total initial emoluments are in the scale £1,150 to £1,870 a year, according to experience and qualifications; that is, salary £840 to £1,520 a year, plus cost-of-living allowance (which is at present at the rate of 35 per cent of salary). (These rates are under revision and will be increased.) Outfit allowance of £60 is also payable on first appointment. Quarters are provided at low rental and accommodation for officers and family is available. Free passages for officer, wife and children under the age of 13. Superannuation is provided under the Colonial Superannuation scheme. Candidates must possess a medical degree or diploma registrable in the United Kingdom and preferably have post-graduate experience in epidemiology and/or pathology. Further information may be obtained from Dr. F. Hawking, National Institute for Medical Research, The Ridgeway, Mill Hill, London, N.W.7, and application forms from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 195/198/02). (8177)

**HER MAJESTY'S OVERSEA CIVIL SERVICE
Medical Branch—Mauritius****MEDICAL OFFICER OF HEALTH**

Required in the Medical Department in Mauritius to deal with all matters affecting the health of the district assigned to him, co-ordinating the activities of the social and health services, directing the work of all sanitary staff in the district and assisting in the training of local health staff. Candidates must have medical qualifications registrable by the General Medical Council in the United Kingdom, and possess the Diploma in Public Health. Appointment can be made on a permanent basis with pension (non-contributory) at the age of 55, or on contract (with gratuity) for three years. Salary scale is Rs.11,700 to Rs.19,020 (£877 10s. to £1,426 10s.) a year. In addition a temporary non-pensionable cost-of-living allowance is payable which amounts to 11 per cent on salary not exceeding Rs.12,000 (£900) a year and 8 per cent on salary over Rs.12,000 (£900) per annum. Gratuity is payable after satisfactory completion of contract and is assessed at the rate of £37 10s. for each completed period of three months while salary is below £1,000 a year and £50 for each similar period when salary is over £1,000 a year. Government of Mauritius would pay employer's share of pension contributions (if applicable). Quarters are not provided but officers who have not been allocated Government houses will be reimbursed any difference between approved rent paid for a private house (subject to a maximum of Rs.250 (£18 15s.) a month) and the 10 per cent salary they would normally pay for a Government house. For this purpose, officers residing in hotels or boarding houses will be regarded as paying half the board and lodging charge for themselves and their wives in respect of rent. Income tax at local rates. Free passages in both directions are provided for officer, wife and children, not exceeding five persons in all. Generous home leave is granted after each tour of three or four years. Application forms from the Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/52/02). (8178)

**RICHMOND, VIRGINIA, U.S.A.,
HOSPITAL DIVISION, MEDICAL COLLEGE
OF VIRGINIA****Positions open for****ASSISTANT RESIDENT and JUNIOR
ASSISTANT RESIDENT**

training beginning July 1, 1955. Three year training programme approved by the American Medical Association and the American Board of Psychiatry and Neurology. Salary \$50 to \$100 a month, possibly higher, depending on qualifications. Send application to Dr. R. Finley Gayle, Jr., Professor of Psychiatry, Medical College of Virginia, Richmond, 19, Virginia, for details concerning formal training programme and salary. (8033)

**ST. PAUL'S HOSPITAL
Burrard Street, Vancouver B.C., Canada****RESIDENT-FELLOWSHIP in Paediatrics**

Available at \$3,600 per year in the Department of Paediatrics at St. Paul's Hospital. The approved residency is in an active paediatric department of 85 beds located in a general teaching hospital of 600 beds. The department is associated with the Department of Paediatrics at the University of British Columbia. Applicants should have at least two years' previous paediatric training. Apply, Dr. Peter Spohn, Department of Paediatrics. (8317)

**PROVINCIAL ADMINISTRATION OF THE
CAPE OF GOOD HOPE****University of Cape Town
Joint Medical Staff for Groote Schuur and other
Teaching Hospitals**

Applications are invited from registered medical practitioners (Registered Specialists) for appointment to the following vacant posts at the Groote Schuur Hospital, Observatory, Cape Town:

- Department of Radiodiagnosis**
MEDICAL PRACTITIONER (Grade G)
with salary at the rate of £2,000 per annum.
MEDICAL PRACTITIONER (Grade F)
with salary at the rate of £1,800 per annum.
MEDICAL PRACTITIONER (Grade E)
with salary at the rate of £1,600 per annum.
MEDICAL PRACTITIONER (Grade D)
with salary on the scale £1,200 by £50 to £1,500 per annum.

In addition to the salary indicated, a cost-of-living allowance at rates prescribed from time to time by the Administrator is payable. The leave and pension privileges attached to the posts and other conditions of service are governed by the relevant Ordinances and Regulations. Candidates for the above posts must have the following qualifications: Medical Practitioner, Grades G, F, and E: Not less than three years' experience after registration as a specialist in the specialty in which the vacancies exist. Medical Practitioner, Grade D: Registration in the specialty in which the vacancy exists. Successful candidates will be appointed to the joint Medical Staff and will be required to serve jointly the Provincial Administration of the Cape of Good Hope and the University of Cape Town. The successful applicants will be required to submit satisfactory birth and health certificates and their appointment will be subject to the following conditions: (1) Appointment will be on contract for five years in the case of a citizen of a Commonwealth country or the Republic of Ireland and six years in the case of a citizen of European countries other than the United Kingdom and the Republic of Ireland. (2) Transport expenses (third class by rail overseas and second or cabin class steamship fare and first class by rail in the Union) necessarily incurred by the successful applicants from place of residence to the place of assumption of duty in South Africa will be defrayed by the Administration provided that, if the contract is broken within one year of the date of assumption of duty the persons appointed must refund to the Administration the full amount paid in respect of transport expenses and if the contract is broken within five years of the date of assumption of duty in the case of a Commonwealth citizen and six years in the case of a citizen of another European country, the persons appointed shall refund to the Administration the pro rata share of the full amount above referred to in respect of the unexpired period. (3) The persons so appointed will be offered permanent appointment during the terms of contract but not earlier than three years from the date of assumption of duty or with effect from the conclusion of the contract, provided they have passed an examination in Afrikaans as second language, which examination shall not be lower than the standard required for the Junior Certificate Examination of the Department of Education of this Province and provided further that their services and conduct during the period of contract are satisfactory and their state of health is such as will enable them to continue to discharge efficiently all the duties of the post in which they will be employed. Application must be made on the prescribed form, Staff 23, which is obtained from the Staff Clerk, Room 102, South Africa House, Trafalgar Square, London, W.C.2. The completed application forms must be addressed to the Director of Hospital Services, P.O. Box 2060, Cape Town, South Africa, and must reach him not later than March 31, 1955. Candidates must state the earliest date on which they can assume duty. (8142)

**HER MAJESTY'S OVERSEA CIVIL SERVICE
Medical Branch—Uganda****MEDICAL OFFICERS**

Required for general medical duties and to assist with training subordinate African medical staff. Appointment can be made (subject to two years' probation) on a permanent basis with pension (non-contributory) at the age of 45 to 55, or on short-term contract with gratuity. Salary scale ranges from £1,116 to £1,836 a year, plus a temporary (non-pensionable) cost-of-living allowance of ten per cent of salary, subject to a maximum of £162 a year. Commencing salary is determined according to qualifications and experience. Pension is earned at the rate of 1/600th of final pensionable emoluments for each completed month of service. The gratuity (taxable) in respect of contract service is 131 per cent of total salary drawn, not including allowances. Candidates in the National Health Service may resign from the N.H.S. but retain their superannuation rights up to six years and receive a gratuity (taxable) of 20 per cent of the aggregate of their salary after the end of their engagements. Permanent Medical Officers are eligible to be considered at any time for promotion to super-scale posts in Uganda and other territories in medical administration or, if they possess appropriate qualifications and suitable experience, in specialist posts. Quarters are provided at rental between £21 and £60 a year; items of hard furniture supplied at rental of £12 to £24 a year. Free passages provided in both directions. For officers serving tour of 30 to 36 months, four tourist class air passages provided for officer, wife and dependent children or sea passage (first class) up to cost of three adult fares. For officers serving short tours of 12 to 18 months, tourist passages provided for officer, wife and all dependent children. Educational subsidies are payable to officers, which vary from £90 a year (or half the school fees, whichever is less), for the primary education for the first child, to £190 a year (or three-fifths of school fees, whichever is less) for secondary education for each of second and subsequent children. Education facilities are available in East Africa, though many parents send their children home to United Kingdom for secondary education. Income tax at local rates. Local leave is permissible and generous home leave is granted after each tour. Candidates must possess medical qualifications registrable in the U.K. Application forms from Director of Recruitment, Colonial Office, Sanctuary Buildings, Great Smith Street, London, S.W.1 (quoting reference BCD 117/9/02). (8261)

ROYAL COLLEGE OF SURGEONS IN IRELAND**CARMICHAEL PRIZE ESSAY**

The late Richard Carmichael, Esq., having bequeathed to the College a sum of money for the purpose of founding Prizes for Essays upon certain subjects specified by him, the President and Council hereby give notice that, on the second Thursday in June in the year 1956, they will proceed to adjudge Prizes of One Hundred and Fifty Pounds and One Hundred Pounds for the best Essays that may be presented to them in accordance with the following instructions prescribed by Mr. Carmichael.

1st. "The state of the Medical Profession in its different departments of Physic, Surgery, and Pharmacy, in Great Britain and Ireland, at the time of the writing of these Prize Essays."

2nd. "The state of the Hospitals and Schools of Medicine, Surgery, and Pharmacy."

3rd. "The state and mode of examination, or of testing the qualifications of candidates of the different licensing Colleges or Corporations of Medicine, Surgery, and Pharmacy."

"Under these heads the authors will be pleased to make such suggestions as may occur to them respecting the improvement of the profession, with the view of rendering it more useful to the public, and a more respectable body than it is at present. In these suggestions the authors will be pleased to consider the preliminary and moral education of Medical and Surgical Students, as well as the mode of conducting their professional studies."

"In considering the third head, or mode of testing the qualifications of Candidates by the licensing bodies, the authors will please to consider the most practical mode of rendering the examination as demonstrative as possible—i.e., in Anatomy, by having the dead subject placed before the candidate; in Chemistry, Botany, and Pharmacy, specimens of minerals, plants, and pharmaceutical preparations placed before him; and in the practice of Physic and Surgery, the Candidate to be placed before the patients in the wards of an hospital, as the testator is certain that this will afford the most certain and only true mode of ascertaining the qualifications of candidates."

Each Essay is to be distinguished by a device or motto, and accompanied by a sealed packet, containing the name and address of the author, also distinguished by the same device or motto. The Essays are to be lodged at the College on or before the first day of January, 1956.

No Essay shall exceed 65,000 words in length, and all quotations and extracts from any published work, pamphlet, or paper shall be by reference merely to the volume and page on which the passage desired to be quoted is to be found.

The President and Council will not consider themselves bound to award the Prizes should the Essays not appear to them to possess sufficient merit.—By Order of the Council, Norman Rae, Registrar, Dublin.

ROYAL INSTITUTE OF PUBLIC HEALTH AND HYGIENE**THE CERTIFICATE AND THE DIPLOMA, IN PUBLIC HEALTH, AND THE DIPLOMA IN INDUSTRIAL HEALTH**

The next bi-annual course of Instruction for the Certificate in Public Health (C.P.H.) will commence on March 18, 1955. UNIVERSITY OF GLASGOW
Postgraduate Medical Education Committee**REFRESHER COURSE FOR GENERAL PRACTITIONERS**

A Refresher Course of one fortnight's duration designed for general practitioners will be held from May 16 to May 28, 1955. The greater part of the Course will comprise clinical demonstrations, ward visits, and lectures in general medicine, general surgery, and obstetrics, but sessions on infectious diseases, child health, ophthalmology, dermatology, and rehabilitation of the aged will also be included. The fee for practitioners not claiming expenses from Government sources is 10 guineas. Since the number admitted to the Course is limited, early application should be made to the Director of Postgraduate Medical Education, The University, Glasgow, W.2, from whom the syllabus and further information may be obtained.

UNIVERSITY OF LONDON

A course of two lectures on "Mechano-Chemistry of Muscle," will be given by Academician W. A. Engelhardt (Moscow) at 5.30 p.m. on March 8 and 16, at Westminster Medical School (Meyerstein Lecture Theatre), Horseferry Road, S.W.1.
